- Submission Process & Requirements
- Program Narrative Update
- Budget Requirements
- Scope Certification
- HRSA Resources and Contacts
- Question & Answer Session
Overview

• The BPR provides an update on the progress of Health Center Program grantees whose project period continues in FY 2016 (October 1, 2015 – September 30, 2016).

• The BPR is submitted only in the HRSA Electronic Handbook (EHB).

• BPR Instructions and the BPR EHB User Guide are available in EHB and on the BPR TA Web page (http://bphc.hrsa.gov/programopportunities/fundingopportunities/continuation/continuation.html).

PLEASE NOTE: A Health Center Program grantee whose project period ends in FY 2016 must complete a Service Area Competition (SAC) application instead of a BPR. See the SAC TA Web page for details: http://bphc.hrsa.gov/programopportunities/fundingopportunities/SAC/index.html

- Grantees are given approximately 8 weeks to complete the BPR.
- November 1 and December 1 Budget Period Starts have been eliminated.
Polling Question # 1

• Is this your first time completing the BPR?
  A. Yes, I am a new grantee and have never completed a BPR.
  B. Yes, although my organization has been a grantee for some time, I have never submitted a BPR.
  C. No, I have completed the BPR in previous years.
  D. I don’t know.
Submission Requirements

• SF-PPR and SF-PPR-2 (basic information forms)
• Budget Information: Budget Details
• Budget Narrative Attachment
• Program Specific Forms:
  – Program Narrative Update
  – Form 3: Income Analysis
  – Scope Certification Summary Page

See Table 2: Submission Components on Page 4 for more information
Polling Question # 2

• As part of the BPR submission, grantees are required to submit:
  A. Program Narrative Update
  B. Form 3: Income Analysis
  C. Scope Certification Form
  D. Budget Narrative, which is the only required attachment
  E. All of the above
Answer is E: All of the Above

Submission components include:

• SF-PPR and SF-PPR-2 (basic information forms)
• Budget Information: Budget Details
• Budget Narrative Attachment
• Program Specific Forms:
  - Program Narrative Update
  - Scope Certification Form
  - Form 3: Income Analysis
Program Narrative Update:

• The Patient Capacity table includes an updated calculation of the *Projected Number of Patients* column.

• The Supplemental Awards table has been updated to reflect the most current list of supplemental awards.

• The Clinical Performance Measures table includes a new Oral Health measure.

• The Financial Performance Measures table includes a new Health Center Program Grant Cost per Patient measure. Additionally, the audit related measures are no longer required.
Polling Question #3

The Period of Reporting for the BPR is:

A. From the beginning of their budget period until date of submission.

B. From their last BPR until date of submission.

C. From the beginning of the calendar year until date of submission.

D. From the beginning of the FY 2015 budget period until the date of BPR submission; expected progress for the remainder of the budget period; and projected plans for the FY 2016 budget period.
Answer: D

From the beginning of the FY 2015 budget period until the date of BPR submission; expected progress for the remainder of the budget period; and projected plans for the FY 2016 budget period.

- **January 1, 2015**
  - Budget Period Start Date
- **August 28, 2015**
  - BPR Deadline
- **End of FY 2015 Budget Period**

  - Report progress from January 1, 2015 to August 28, 2015
  - Report expected progress from August 29, 2015 to December 31, 2015
  - Report projected changes in FY 2016
The Program Narrative Update must address the following:

- *Progress* and changes from the beginning of the FY 2015 budget period until the date of BPR submission;
- *Expected progress* for the remainder of the budget period; and
- *Projected changes* for the FY 2016 budget period.
Program Narrative Update

The Program Narrative Update is a structured form in EHB that covers the following five areas:

- Environment
- Organizational Capacity
- Patient Capacity*
- Supplemental Awards*
- Clinical and Financial Performance Measures*

Each narrative field within each section is limited to 3,000 characters (approximately 2 pages).

* Updated in FY 2016 BPR
Key Area: Environment

Discuss broad changes in the region, state, and/or community over the past year that have impacted the project (e.g., changing service area demographics/shifting target population needs, changes in major health care providers in the service area, changes in key program partnerships, Affordable Care Act implementation at the state/local level).
Key Area: Organizational Capacity

Discuss changes in the organization’s capacity over the past year that have impacted or may impact the implementation of the funded project, including changes in:

- Staffing, including staff composition and/or key staff vacancies
- Operations
- Systems, including financial, clinical, and/or practice management systems
- Financial status
Key Area: Patient Capacity

Discuss the trend in unduplicated patients served and report progress in reaching the projected number of patients to be served in the identified categories. Explain key factors driving significant changes in patient numbers and any downward trends or limited progress towards the projected patient goals.

In EHB, the Patient Capacity is reported by:

- Total Unduplicated Patients
- MHC, HCH, and PHPC Populations
The data in the *Projected Number of Patients* column of the Total Unduplicated Patients section is the unduplicated patient commitment for the service area from the May 21, 2015 email.
Special Populations (MHC, HCH, PHPC)

- The *Projected Number of Patients* column of the Special Populations section is pre-populated from the patient projection in the application that initiated your current project period (SAC/NAP) plus selected supplemental funding awarded after the start of the current project period.

Key Area: Clinical and Financial Performance Measures

Discuss the trends in performance measures. Explain significant changes and discuss progress toward reaching the projected goals, including key factors impacting performance.

- **New Oral Health Measure**
  - Percentage of children, age 6-9 years, at moderate to high risk for caries who received sealant on a first permanent molar during the reporting period.

- **New Financial Measure**
  - Health Center Program grantee cost per patient

- **Low-Birth Weight Measure**
  - BPR trend data now accurately reflect progress toward the goal when data points are declining (fewer infants born with low birth weight)

- **The New HIV Cases with Timely Follow-up performance measure has been renamed HIV Linkage to Care**
• Measure goals are pre-populated from the Projected Data (by End of Project Period)/Measure Goal from your FY 2015 SAC/NAP/BPR.

• If pre-populated supplemental data or performance measures are not accurate, provide explanation in the Patient Capacity Narrative section.

• If clinical performance measures were not provided in the past, provide a projection by the end of the project period.

• Previous applications/submissions are hyperlinked and/or available for reference; see the BPR EHB User Guide for instructions on accessing these documents.
Polling Question # 4

Can a grantee make changes to the scope of project within the BPR submission?

• Yes
• No
• **NO.** Changes to the scope of project must be requested using the Change in Scope module within EHB.

• In the BPR, Forms 5A, 5B, and 5C will be pre-populated from the grantee’s official scope of project and cannot be modified.

• Narrative included in the submission related to changes in scope will not constitute a formal change in scope request.
The Budget Information: Budget Details form provides a breakdown of funding for the upcoming budget period.

The total budget value for the upcoming budget period will appear at the top of the Budget Information: Budget Details form.

The Budget Narrative should demonstrate adherence to the $183,300 salary limitation.
The Scope Certification Form requires grantees to certify that the scope of project for information pre-populated in the BPR is accurate OR that the grantee has already submitted any Change in Scope (CIS) requests necessary to correct inaccuracies.

Forms 5A and 5B can be refreshed within the BPR to ensure that they reflect any recent CIS activity.
