2015 PRODUCT GUIDE

DERMATOLOGICAL EXPERTISE... NO APPOINTMENT NECESSARY

NEW REDEFINE ACUTE CARE™

ACUTE CARE™ Skincare for Expression Lines

ACUTE CARE™ quickly and comfortably smooths targeted lines and wrinkles using Liquid Core Technology to melt line defying peptides directly into the wrinkle for a younger-looking appearance.

Developed by Stanford-trained Dermatologists, Dr. Rodan and Dr. Kathy Fields.

10 pairs
NO APPOINTMENT NECESSARY

OUR JOURNEY began during our dermatology residency at Stanford University School of Medicine. There we heard a compelling message from our mentor, the Chairman of the Dermatology Department: “Find your passion and make a difference, or be confined to a practice that’s ordinary.” We interpreted this message as an imperative: Go forth and change the rules.

OUR MISSION is to help people solve the most common skin concerns without a visit to the dermatologist. We’ve witnessed firsthand the emotional empowerment that comes from gaining control over everyday skincare issues such as wrinkles, uneven skin tone, acne and skin sensitivity. When it comes to caring for skin, many people just don’t know where to turn for the best advice.

OUR GOAL is to give everyone access to dermatology-based skincare so they can experience the personal confidence that comes with a healthy, clear, even-toned complexion. This is why we created Rodan + Fields®.

WE INVITE YOU TO DISCOVER THE DIFFERENCE THAT GREAT SKINCARE CAN MAKE IN YOUR LIFE.

CHANGING THE RULES Stanford-trained Dermatologists Dr. Katie Rodan and Dr. Kathy Fields have touched the lives of millions with their targeted skincare solutions. With Rodan + Fields®, the Doctors are changing people’s relationships with their skincare. The Doctors have partnered with Independent Consultants across the United States to ensure each Customer is supported on her or his journey to great skin. With the help of these Consultants and Company-sponsored support programs, we will connect you with the right information and solutions for your specific skin concerns.

Welcome to Rodan + Fields—where your skin is our passion.

“... a dermatological dream team”

Women’s Health, March 2010

Dr. Katie Rodan is an adjunct Clinical Associate Professor of Dermatology at Stanford University School of Medicine and is a cosmetic dermatologist in private practice in Oakland, California.

Dr. Kathy Fields is an adjunct Clinical Associate Professor of Dermatology at UC San Francisco and has been in private practice in San Francisco since 1987.

Both are authors of the bestselling book, Write Your Skin a Prescription for Change (Rodan & Fields, LLC, 2014).
YOU CONTROL 80% of your skin’s destiny

A combined 40 years in private practice has taught us that genetics are only responsible for 20% of how your skin will age. And that’s great news! The choices you make today will affect the way you look and feel tomorrow, next year and well into the future. With the right skincare, your skin can visibly improve with age so you can look even better tomorrow than you do today.

Most doctors underutilize over-the-counter medications, but they have tremendous value if used correctly.

DR. KATIE RODAN, WOMEN’S HEALTH, MARCH 2010

take control with Multi-Med® Therapy

To see real changes in your skin’s appearance, you need to use the right concentration of clinically active ingredients in the right formulations and in the right order. Our product development strategy is to combine cosmetic and active OTC (over-the-counter) ingredients to create safe and effective formulations. Our goal is to help you achieve a visible improvement in your complexion. Because both safety and efficacy are our top priorities, all of our products undergo testing.

As you explore our product line, you will see that we are not all about the “ingredient du jour.” We believe in combining tried and true ingredients with proven technologies and tools. From our decades as practicing dermatologists, we have learned what works and what doesn’t. From our patients, we have witnessed the powerful effect on self-esteem that comes from achieving great skin. We thank our patients for providing our inspiration.
AGING SKIN

AGING IS A COMPLEX PHENOMENON, but we’ve got solutions. With a little knowledge, rigorous protection from the sun and advanced skincare, we are confident you can hold your own in the face of Father Time.

YOUTHFUL-LOOKING SKIN IS YOUR BIOLOGICAL ADVERTISEMENT OF HEALTH. With healthy amounts of collagen and elastin fibers, youthful skin is firm and supple and is universally seen as attractive. As we age, our skin loses supportive fibers and with the slackening of structure, we see sagging, wrinkles and noticeably enlarged pores.

TAKE CONTROL Based on experience with patients, we created REDEFINE – a comprehensive collection of formulated products and tools that are clinically proven to combat the visible signs of aging.

THERE IS GOOD NEWS! Thankfully, the right skincare can help defend your skin’s appearance against the effects of time and the environment. The end result: a visibly firmer, more radiant and flawless-looking complexion.

REDNESS AND BUMPS TRUMP EVERYTHING
Inflammation is a leading cause of aging in skin. If you have acne or red, sensitive skin, it’s important to take control of these conditions to restore skin’s healthy appearance and help to slow the aging process. Our Multi-Med® UNBLEMISH and SOOTHE Regimens are clinically proven to clear and calm problem skin.

UNBLEMISH Regimen for Acne and Post Acne Marks p.28
SOOTHE Regimen for Sensitive, Irritated Skin and Facial Redness p.32
Preventing wrinkles is far less painful and expensive than correcting them. The best wrinkle is the one you never get.

DR. KATHY FIELDS
A steady diet of intelligent skincare is the foundation of youthful, healthy-looking skin. We created the Rodan + Fields REDEFINE Regimen as a comprehensive skincare solution that layers cosmetic ingredients and proven peptide technology to help defend against and reduce the visible signs of aging for noticeably firmer, smoother, flawless-looking skin.

**REDEFINE 4-Product Regimen $193.00 AARG001**

- **DAILY CLEANSING MASK** smoothes
- **PORE MINIMIZING TONER** minimizes
- **TRIPLE DEFENSE TREATMENT** defends
- **OVERNIGHT RESTORATIVE CREAM** visibly firms

**SHIELD™ TECHNOLOGY**

Our exclusive complex of stabilized avobenzone (a key absorber of aging UVA rays) and colorless carotenoids (free radical-fighting antioxidants) provides effective photostable broad spectrum UVA/UVB sunscreen protection to visibly decelerate the signs of photoaging that appear over time.

---

**what’s the deal with pores?**

When it comes to aging, we tend to focus on the usual suspects – lines and wrinkles. We ignore our pores until one day, seemingly out of nowhere, there they are … big, gaping holes occupying prime real estate on our faces.

While you can never change the physical size of your pores, you can minimize their appearance with skincare containing hydroxy acids to exfoliate dead surface cells, kaolin clay to tighten and advanced peptides to visibly firm skin.

Got a wrinkle? Fill it up. ACUTE CARE smooths expression lines with proprietary Liquid Cone Technology that melts line-defying peptides and hyaluronic acid directly into the wrinkle for a more youthful appearance. You can experience long-lasting results after ten applications, and you may even see results after the very first use. It’s so simple, you can do it in your sleep. Check with your Consultant for availability.

Think of it as an at-home infusion of hyaluronic acid that cosmetically fills wrinkles – allowing people to achieve impressive results without the need for clinic based procedures. — DR. KATIE RODAN

I saw the expression lines around my eyes virtually disappear.

AMP UP YOUR ACUTE CARE RESULTS
Get the most out of your skincare routine by adding our REDEFINE AMP MD™ System to ACUTE CARE and the REDEFINE Regimen. Clinical studies demonstrate a 58% greater improvement in the appearance of expression lines when ACUTE CARE, the REDEFINE Regimen and AMP MD and were used together for four weeks*, and REDEFINE Regimen and AMP MD continued to be used for another eight weeks.

*Ten applications, three times a week (Monday, Wednesday, Friday). Results may vary.
MACRO EXFOLIATOR™ FOR EXTREME SMOOTHNESS AND RADIANCE

Get professional level benefits in the comfort of your home. We developed the REDEFINE MACRO Exfoliator™ to sweep away a week’s worth of dulling dead skin cells in just five minutes, leaving behind smoother, healthier-looking luminous skin. The proof is in the filter where you can actually see the dulling, dead outermost skin cells and debris that have been covering up your best skin. Our guarantee? You will feel the difference in your skin after only one use.

MACRO Exfoliator $279.00 AAMEX01

Take a firm position on aging skin with our patent-pending REDEFINE AMP MD™ System. The noninvasive AMP MD Micro-Exfoliating Roller and REDEFINE Night Renewing Serum are clinically proven to safely and effectively amp up your daily skincare routine for a firmer, more youthful-looking appearance. Recommended for use with REDEFINE Regimen for best results.

AMP MD 4-Piece System $200.00 AAAPS01

“We developed AMP MD™ to be a powerful home-use technology that safely and easily enhances skincare results.”

DR. KATIE RODAN

AMP MD SYSTEM RESULTS After eight weeks of REDEFINE Regimen and AMP MD System use, participants in an independent clinical study achieved the following results based on microscopic analysis:*
What happened to my lips?
When it comes to lips, time and the environment take their toll in a profound way. The smooth, naturally full, defined lips that nature gives us will, over time, become thinner, flatter, less rosy and more lined. Reclaim or maintain the lips of youth with REDEFINE Lip Renewing Serum. Each peptide and antioxidant-rich capsule helps lips retain natural moisturizing factors, smoothes lip texture and reduces the appearance of lip wrinkles.

AMP MD Micro-Exfoliating Roller is clinically tested with Lip Renewing Serum for firmer-looking lips.

Tale of an aging lip

**20s**
- Full, juicy, smooth, rosebud pink
- Gorgeous cupid’s bow
- Belly of the lip is full
- Crisp vermillion border (where your skin and your lip meet)

**30s**
- Color diminishes (start using lipstick)
- Lines start developing

**40s**
- Vermillion border flattens
- Loss of color
- Lip lines and dryness
- Loss of definition
- Less strong cupid’s bow

**50s**
- Vermillion border lost
- Lipstick bleed lines
- Loss of volume, loss of color
- More dryness

OH, MY EYES!
Sleep deprivation, pollution, the sun’s rays, putting in contact lenses and taking off makeup, even smiling, frowning or just blinking – everything seems to take a toll on our fragile eye area. REDEFINE Eye Cloths gently remove makeup and deposit anti-aging peptides to help reduce the appearance of fine lines and puffiness in one easy step. REDEFINE Multi-Function Eye Cream utilizes peptides to visibly reduce the appearance of crow’s feet, dark circles and puffiness, and noticeably brightens your eye area with optical filters that reflect light.

“Trick of the trade . . . look at the hands. A person’s face can look fabulous with a little TLC, but almost without exception people will ignore their hands. So, when you want to know someone’s true age, pay attention when you shake their hand.”

Dr. Kathy Fields

Turn back the hands of time
Our hands are among the hardest working and most environmentally vulnerable parts of our bodies. That’s why the backs of people’s hands often look so much older than their faces. To defend against the telltale signs of hand aging – brown spots, thin, crepey skin, wrinkles and dryness – we created the REDEFINE Hand Treatment Regimen. It brightens skin tone, provides moisture to visibly improve elasticity and resiliency, reduces the appearance of wrinkles and crepey skin, and most important, won’t give away your age.

We estimate that sun damage impacts more than 100 million Americans.

DR. KATIE RODAN AND DR. KATHY FIELDS
REVERSE REGIMEN FOR THE APPEARANCE OF BROWN SPOTS, DULLNESS AND DISCOLORATION

Based on Multi-Med Therapy, REVERSE Regimen is an effective, full-face solution that tackles the dullness, uneven skin tone, brown spots and other cumulative, telltale signs associated with sun exposure. It combines cosmetic and active ingredients to exfoliate dulling dead skin, address the appearance of unwanted pigmentation, help even and brighten overall look of skin tone, reduce the appearance of fine lines and wrinkles, and protect against further UV damage providing a long-term solution for a radiant complexion.

REVERSE 4-Product Regimen
$179.00 RVRGG01

“Fractionation is key to AMP MD benefits; it allows daily use with the REVERSE Regimen to accelerate results without over-exfoliating the skin.”

roll with it

Amp up your REVERSE results by adding AMP MD Micro-Exfoliating Roller to your daily routine. Fractionated exfoliation helps to improve the tone and texture of the complexion as skin responds to the contact of the micro-needle tips.

Within two weeks of using the REVERSE Regimen and REDEFINE AMP MD Micro-Exfoliating Roller, more than 80% of the participants saw faster results in overall skin appearance, brightness, texture and firmness.

SHIELD® TECHNOLOGY Our exclusive complex of stabilized avobenzone (a key UVA absorber) and colorless carotenoids (free radical-fighting antioxidants) offers photostable broad spectrum protection in an aesthetically elegant formulation.

MEN’S FAVORITE
what lies beneath

When it comes to sun damage, it is often not what you see, but what you don’t see that is causing your skin to look dull and aged. In our practices we use a special ultraviolet (UV) light to assess sun damage. Often, our patients are amazed to learn that sun damage is at the root of their dissatisfaction with their skin, even though they do not see visible age spots. If you want a deeper glimpse into your skin’s condition, you can simply purchase a black light at a home improvement or party supply store and shine it on your skin in front of a mirror in a dark room. You too might be amazed at what lurks below your skin’s surface and how easy it is to attain the vibrant, luminous skin you have always wanted.

vitamin C + retinol = brighter and more even-looking skin tone

Vitamin C and retinol are highly effective brightening ingredients. However, their activity makes each ingredient tricky to work with on its own, and virtually impossible to incorporate them together into the same formulation. We created REVERSE Dual Active Brightening Complex featuring a vitamin C formula in one tube and a stable retinol formula in a separate tube. Mixing these two formulations together immediately before application ensures skin brightening activity. The results are well worth removing the extra cap.

DOCTORS’ TIP

Topically addressing uneven skin tone without protecting it from further UV exposure is like going up the down escalator. Avoid any and all sun exposure, and if you must be outside, always use a broad spectrum sunscreen and wear sunglasses and protective clothing. A single day of unprotected sun exposure can virtually undo months of REVERSE Regimen use.

You can reverse the appearance of pigmentation marks. It’s a fixable condition.

DR. KATHY FIELDS, HARPER’S BAZAAR, NOVEMBER 2009

skin lightening accelerator pack for stubborn dark marks and pigmentation

When it comes to fading dark marks and patches, including melasma, the tried and true OTC medicine, hydroquinone, may be the best solution. REVERSE Skin Lightening Accelerator Pack contains two formulations, each containing 2% hydroquinone to jumpstart the restoration of your bright, even-toned complexion. Recommended to be used for one 60-day treatment cycle, apply the REVERSE Skin Lightening Toner and Skin Lightening Treatment in place of the REVERSE Intensive Brightening Toner and Dual Active Brightening Complex.

REVERSE Skin Lightening Accelerator Pack

$ 99.00 RVSA001

for order details, see pages 42-47 // 25
“The only good thing I can say about acne is that if your face is red and bumpy, nobody will notice your wrinkles. When it comes to common skin concerns, breakouts trump everything.”

DR. KATHY FIELDS
Based on Multi-Med Therapy, we created the UNBLEMISH Regimen as a continuous solution that addresses the acne cycle — clogged pores, trapped oil, bacterial attack, inflammation and pigmentation. This daily, full-face system combines cosmetic and active OTC ingredients that penetrate pores to eliminate most acne blemishes before they are visible on the skin’s surface.

As many acne sufferers have post inflammatory hyperpigmentation (PIH), the remnant red/brown marks following a blemish, we offer UNBLEMISH Spot Fading Toner. However, if you are one of the lucky few who does not have PIH, use our UNBLEMISH Clarifying Toner as an alternative. Finally, because sun exposure can worsen acne and can also cause dark marks, we’ve included a broad spectrum SPF 20 sunscreen in this comprehensive plan of attack.

UNBLEMISH 4-Product Regimen
$171.00 UNRG001 (with Spot Fading Toner)
$171.00 UNRJ001 (with Clarifying Toner)

"Spot-treating acne makes as much sense as brushing the tooth with the cavity while ignoring the rest of your mouth."

DR. KATIE RODAN

DOCTORS’ TIP
A moving violation is not the only thing you will get if you are talking on your cell phone while driving. Constant pressure and perspiration from having your mobile phone to your face may contribute to the irritation that ultimately leads to breakouts. Go hands free. It is safer and better for your skin!

UNBLEMISH RESULTS
Participants in a six-week independent clinical study achieved the following results:

**AVERAGE DECREASE IN AMOUNT OF ACNE**

- after two weeks: 23%
- after four weeks: 43%
- after six weeks: 59%

**PERCENT OF PARTICIPANTS EXPERIENCING A DECREASE**

- overall pigmentation: 80%
- brown spots: 52%

*Clinical data is based on twice-daily use of UNBLEMISH Acne Treatment Sulfur Wash, Spot Fading Toner, Dual Intensive Acne Treatment and Oil Control Lotion.
Unretouched photos. Results may vary.
**Do not use the REDEFINE Micro Exfoliator™, the REDEFINE AMP MD™ System, or REDEFINE ACUTE CARE™ over active breakouts.
Although there is no cure, sensitive skin can be controlled through a combination of skincare and the avoidance of sensitivity triggers.

DR. KATHY FIELDS
Based on Multi-Med Therapy, we created the SOOTHE Regimen for anyone exhibiting the signs of sensitive skin. SOOTHE utilizes clinically proven cosmetic and active OTC ingredients and our exclusive, patent-pending RFP3 technology to shield against the biological and environmental aggressors associated with inflammation. So effective, the SOOTHE Regimen is clinically proven to visibly decrease redness, peeling, dryness, stinging and overall irritation within five minutes of use, allowing you to take comfort in having a healthy-looking, luminous complexion every day.

SOOTHE 4-Product Regimen $160.00 SORG001

RF COLD FISSION™ A patent-pending technology that eliminates the need for traditional emulsifying ingredients used to create elegant, creamy moisturizers. Ideal for skin that may be sensitive to traditional emulsifiers.

RFp3 PEPTIDE TECHNOLOGY Our breakthrough combination of peptides — Skin Soothing Peptide and Skin Detoxifying Peptide — works with a Protease Inhibitor at the skin’s surface to neutralize triggers and pacify irritable skin. It effectively helps reduce the visible signs of redness and inflammation commonly associated with rosacea, eczema, acne, allergies and cosmetic intolerance syndrome.

**RESULTS IN 5 MINUTES**

- Redness
- Peeling
- Dryness
- Stinging
- Overall irritation

**PERCENT OF PARTICIPANTS EXPERIENCING A DECREASE AFTER 2 WEEKS**

- Redness 67%
- Peeling 80%
- Dryness 74%
- Stinging 90%
- Overall irritation 72%

Despite all the studies, the medical and scientific communities’ ability to predict who will be sensitive to what is still not very good. The best we can do is to provide you with some tricks of the trade so that you and your skin can live harmoniously.

**WHEN YOUR FACE CAN’T TAKE IT ANYMORE**

**DOCTORS’ TIP**

When patients suffer from “cosmetic intolerance syndrome” brought on by product overload or anti-aging procedures like micro-dermabrasion or chemical peels, we recommend SOOTHE Sensitive Skin Treatment to normalize their skin.

**SOOTHE RESULTS**

In a four-week independent clinical study, participants with hyper-sensitive skin (including mild to moderate rosacea) achieved the following results:*
Because sensitive skin is often dry and irritated, the barrier function can become weakened which in turn causes the skin to become drier and more damaged. The bottom line is that vulnerability remains high unless this cycle is broken. 

DR. KATHY FIELDS

are you seeing red?
Rosacea is a common condition in which the blood vessels of the skin dilate and constrict very easily in response to a whole variety of stimuli, including spicy food, alcohol, embarrassment, heat, sunlight and menopause. Women are more than three times as likely as men to exhibit it, although the symptoms are often more pronounced and severe in men. This chronic skin condition is characterized by intense and frequent flushing or blotchy redness, the appearance of broken blood vessels on the cheeks, chin and nose and, in some cases, acne-like pimples. Although there are no over-the-counter medicines approved for treating rosacea, choosing skincare products that are formulated for irritable skin may help keep skin calm and less likely to be irritated.

DOCTORS‘ TIP
If you suffer from razor burn, use SOOTHE Sensitive Skin Treatment as an after-shave balm. This lotion will calm the inflamed, red appearance and skin discomfort that can follow shaving.

know your triggers
Here is a surprising fact — 70% of Americans report having “sensitive skin.” This designation broadly describes everything from facial redness and occasional dry, itchy, rashy patches to sensations of burning or stinging following the application of skincare products or cosmetics. A small percentage of sufferers have a history of eczema or psoriasis and are genetically predisposed to having sensitive skin throughout their lives. The majority, however, acquire it from repeated exposure to environmental or lifestyle trip wires. Living in climates that are hot and humid or dry, cold and windy can have your skin screaming for help. Also, eating spicy foods or drinking hot beverages or alcohol (especially red wine) can give you a bad case of facial flushing and blushing. Even stress can make your skin go wild. And, in the category of “if a little is good, a lot is better,” we are noticing an uptick in sensitive skin among our patients caused by overuse of anti-aging procedures and products. Determining which of these factors is causing your skin to misbehave is an important first step because avoidance of the trigger is key to overcoming prolonged bouts of skin sensitivity. But as we all know, life happens and a trip to Chicago, the “Windy City,” or sudden stress from a job loss may cause your skin to rebel. When inflammation does occur, reduce the reactive response with products that calm the skin and provide ingredients to help enhance the skin’s protective barrier. Follow this advice and you may no longer be in the “70% club” and will finally enjoy a complexion that is healthy, even-toned and soft.

sensitive skin and sunscreen — a catch-22?
People with sensitive skin are likely to experience flare-ups associated with UV radiation from the sun, yet they often find sunscreens problematic because sunscreens themselves may irritate the skin. The best solution, sun avoidance, is often impractical if not impossible. To avoid the challenge of using sunscreen without setting off alarm bells, select a product with 100% mineral sunscreens containing only zinc oxide and/or titanium dioxide. In the correct formulations, these ingredients not only protect from UV radiation, but also help keep the skin’s surface cooler, thereby minimizing the appearance of facial redness.
BEYOND THE REGIMEN

Some skincare needs are practically universal – moisturizing dry legs, relieving dry lips, protecting the body from harmful UV rays. However, selecting the right ingredients in the right formulation is essential to avoid doing more harm than good. As dermatologists, we know that what you put on your skin will determine how your skin looks and feels, and how it reacts to its environment. Our mission is to help everyone achieve the best healthy-looking skin from the tops of their heads to the tips of their toes.

ESSENTIALS Maximum D3® Vitamin D3 Supplement
An oral supplement of the most absorbable form of vitamin D and our recommendation for healthy skin and a healthy life.

ESSENTIALS Body Sunscreen
Nonsticky, nonwhitening, water-resistant broad spectrum SPF 30 protection against aging UVA and burning UVB rays. Perfect for the whole family.

ESSENTIALS Lip Shield
Goes beyond moisturization to provide broad spectrum SPF 25 protection for the lips. Use daily for soft, smooth and healthy-looking lips.

ESSENTIALS Daily Body Moisturizer
Tackles dry, flaky skin in a whole new way. It features our RF-Dcell technology to calm frenzied cells. The result: Skin is able to retain moisture and remain comfortable when challenged by climate and other environmental aggressors.

As seen in Lucky

MEN’S FAavorite

ESSENTIALS Foaming Sunless Tan
Provides even, natural-looking color. RF-Dcell technology extends the duration of your sunless tan.

RF-DCELL TECHNOLOGY is calming in the face of environmental and climate-induced stressors, promoting skin that is more resilient and less apt to feel dry, tight and generally uncomfortable.

DOCTORS’ TIP

To extend the duration of your faux tan, be sure to use ESSENTIALS Daily Body Moisturizer with cell-prolonging RF-Dcell technology every day after self tanning with ESSENTIALS Foaming Sunless Tan.

“Skincare is very specific when it comes to your face. From acne to sun damage, you need a specialized regimen to achieve results. However, there are some products that everyone needs, regardless of age, gender or ethnicity.”

DR. KATIE RODAN

faster is not always better

While exfoliation is often one of the best ways to get skin to act younger and healthier, sometimes we need to do the opposite and actually slow things down. When skin cells are stressed due to harsh climates or other environmental aggressors, cells go into overdrive and rush to the surface. The result is increased cell pileup, creating skin that is uncomfortably dry, flaky, tight and irritated.

As seen in allure

Everyday Dermatological Necessities
TO OPTIMIZE THE RESULTS OF YOUR REGIMEN

Exfoliation is one of our favorite subjects. Think of it as spring cleaning for your skin – kicking out the old cells to allow younger, more vibrant cells to surface. Of course, all skin is not created equally, so what works to exfoliate the thick skin on your heels and elbows is most likely too aggressive for your face. Furthermore, what works for your face might be too aggressive for your lips. Be particular about particle size and use the right product for the job.

**DOCTORS’ TIP**
Use ENHANCEMENTS Body Micro-Dermabrasion to shave your legs. The polyethylene polishing beads help lift hair for a close shave, while bioactive moisturizers condition and protect skin.

**ENHANCEMENTS Micro-Dermabrasion Paste**
uses sugar and salt to gently exfoliate. Skin looks brighter after just one use.

**ENHANCEMENTS Lip Micro-Dermabrasion**
exfoliates skin on and around the lip area. Gone are lipstick bleed lines and flaky lips.

**ENHANCEMENTS Body Micro-Dermabrasion**
cleanses, resurfaces and conditions in one easy step, revealing softer, smoother-looking skin.

**RFp3 PEPTIDE TECHNOLOGY**
Our breakthrough combination of peptides – Skin Soothing Peptide and Skin Detoxifying Peptide – works with a Protease Inhibitor at the skin’s surface to neutralize triggers and pacify irritable skin.

Patients tell us how difficult it is to reapply skincare products and sunscreen throughout the day. They hate applying creams that mess up makeup and leave skin feeling greasy. ENHANCEMENTS Mineral Peptides is a smart way to layer broad spectrum UV protection and soothe skin.

**PERFECTING THE PERFECTING PROCESS**
When it comes to achieving healthy-looking, clear, foundation-free skin, even the most rigorous clinical skincare routines take time to show results. That’s why we created a treat-and-protect product that offers both immediate and long-term skin-enhancing benefits that work with any Rodan + Fields Multi-Med Therapy regimen. Infused with patent-pending RFp3 technology, ENHANCEMENTS Mineral Peptides shields against biological and environmental aggressors, provides broad spectrum SPF 20 sun protection, and immediately evens skin tone and reduces the appearance of redness with light-deflecting minerals. Pre-load the retractable antibacterial Kabuki brush (sold separately) for easy sunscreen reapplication throughout the day. Available in Light, Medium and Bronze shades.

**BE CONFIDENT**

**WE GUARANTEE YOU WILL LIKE WHAT YOU SEE**

We are so confident that our products will deliver real results that we offer a 60-day satisfaction guarantee. If for any reason you are not completely satisfied, you may return the unused portion of the product within 60 days from the date of shipment for an exchange or full refund of the purchase price.

**JOIN THE CONVERSATION**

Dr. Rodan and Dr. Fields have a legacy of connecting with people in unique ways to create powerful relationships. So, it’s no surprise that we’re on the forefront of technology. We have several social media programs designed to support our growing community of skin enthusiasts:

- **Get the Scoop.** For the latest on the newest procedures the Doctors are using in their practices, their opinions on the hottest ingredients, and their lives in general, follow the Doctors at [www.twitter.com/DrRodan](http://www.twitter.com/DrRodan) and [www.twitter.com/DrKFields](http://www.twitter.com/DrKFields).

- **What’s the Skinpact?** When we see news ... we see skin. Skinpact News offers a glimpse into the Doctors’ unique perspective on current events and pop culture. Watch our webisodes on Facebook by becoming a fan of Rodan + Fields at [www.facebook.com/rodanandfields](http://www.facebook.com/rodanandfields). Skin is a beautiful thing ... wear it well.

- **Can’t Get Enough?** Subscribe to Derm RF, our Rodan + Fields skincare blog full of entertaining, straight-talking advice from two of the brightest minds in dermatology today. Featuring everything from insider product tips to fun insights like “Habits that Haunt” and “The Doctor is In,” Derm RF offers something for everyone. Get connected today at [www.dermrf.com](http://www.dermrf.com).

**CUSTOM RECOMMENDATIONS FROM DR. KATIE RODAN AND DR. KATHY FIELDS ... NO APPOINTMENT NECESSARY**

Get advice from two of the country’s leading dermatologists on the best Rodan + Fields regimen to address your skin concerns with the Rodan + Fields Solution Tool.
REDEFINE MACRO Exfoliator™ for Extreme Smoothness and Radiance
Used once a week, this handheld exfoliation tool sweeps away dead skin cells leaving behind a smoother, healthier-looking and more luminous complexion. Kit contains rechargeable MACRO Exfoliator™, two month supply of Cooling Gels, Charging Base, AC Adaptor, User Guide, Quick Start Guide, Tip Cleaning Brush, Spare Exfoliation Filter, one year’s supply of Filter Pads, and Filter Pad Tweezers.
ITEM #AAMEX01 $279.00

REDEFINE MACRO Exfoliator™ Cooling Gels
Based on exclusive RFp3 technology, each ampule instantly soothes and calms macro-exfoliated skin, speeds the reduction of visible redness and enhances skin’s resiliency.
8 Gels, 2mL each
ITEM #AACGC08 $43.00

43
**REVERSE** Regimen for the Appearance of Brown Spots, Dullness and Discoloration

**ITEM #RVRGG01 $179.00**

**REVERSE Deep Exfoliating Wash**
Cleanses and refines sun damaged, blotchy complexions. Alpha hydroxy acids loosen dead skin cells and polyethylene beads sweep them away.
ITEM #RWA125 $41.00 125 mL/4.2 fl. oz.

**REVERSE Intensive Brightening Toner**
Proprietary blend of kojic acid and antioxidants visibly brightens skin and gradually minimizes the look of discolored skin. Salicylic acid and licorice effectively exfoliate and refine skin for a more radiant complexion.
ITEM #RVGT125 $47.00 125 mL/4.2 fl. oz.

**REVERSE Power Pack**
REDEFINE MACRO Exfoliator + REVERSE Regimen + REDEFINE AMP MD Micro-Exfoliating Roller = Save 20% off
ITEM #RUGS01 $455.00

The REDEFINE Night Renewing Serum is not included with the REDEFINE AMP MD Micro-Exfoliating Roller because the REVERSE Dual Active Brightening Complex contains retinol.

**REVERSE Brightening Hand Treatment Regimen**
Our Multi-Med® Therapy solution for reducing the visible signs of aging on the hands. Minimizes appearance of age spots, visibly brightens skin, diminishes visible redness, and reduces the appearance of wrinkles and crepey skin. Contains Brightening Hand Treatment and Age Shield Hand Balm.
ITEM #MAH001 $67.00

**REVERSE Broad Spectrum SPF 50+ Sunscreen**
Photostable broad spectrum SPF 50+ sunscreen defends against pigment-stimulating UV rays. Contains SHIELD² sunscreen technology to visibly decelerate the signs of photoaging that appear over time. Licorice and mulberry help brighten dull skin.
ITEM #RVSS050 $41.00 50 mL/1.7 fl. oz.

**REVERSE Multi-Function Eye Cream**
Utilizes powerful peptides to minimize the look of crow’s-feet and reduce the appearance of dark circles and puffiness. Optical filters visibly brighten the eye area.
ITEM #AAEY015 $60.00 15 mL/0.5 fl. oz.

**REVERSE Intensive Brightening Complex**
Features the combination of vitamin C and retinol to enhance brightening of the skin while diminishing the look of fine lines and wrinkles.
ITEM #RVTTG50 $93.00 2 x 25 mL / 0.85 fl. oz.

**REVERSE  REDEFINED Special REDEFINE MACRO Exfoliator + REVERSE Regimen = Save 20% off**
ITEM #RVRRME1 $366.00

**THE DOCTORS ARE IN...**

The sun never quits, and neither should your sunscreen habits. Protect your skin from aging UV rays and turning UVB rays every day, rain or shine.

**PRODUCTS AT A GLANCE**
