Stockton

Stockton Arch

Somerton

Wyndbridge Arch

Optional window placement:

Vertical window column

Double row of windows

Image above: Model 195 panel, Flush, double car, Gray finish, Clear Long windows

Windows may be arranged vertically or horizontally on the models found in the 190 and 490 series. Up to 50% (two rows) of the door can include windows. Windows placed in the bottom section of a door must have DSB 1/8”, or tempered, or 1/2” insulated glass.

Choose a glass type:

All decorative trim windows come standard with double strength glass. In addition, the Thermacore® Collection offers an array of choices, including:

- Insulated glass – thermal efficiency*
- Tempered glass – enhanced safety
- Clear Lexan® – shatter resistant
- High velocity impact glass – security option
- Obscure glass – light infiltration with privacy
- Solar bronze – UV protection
- 1/2” insulated obscure glass for 190/490 series

* Not available on 290 series.
Choose your hardware:

- Large Bean Handle
- Large Spear Handle
- Small Spear Handle
- Spear Hinge (16” & 18”)
- Bean Hinge (16” only)

Model 199  8’ high, V5 panel, Golden Oak finish with Clear Short windows

Choose your opener:

Be sure to ask about our complete line of Overhead Door® garage door openers. Powerful, quiet and durable, Overhead Door’s garage door openers are designed for performance, safety and convenience. Your Overhead Door Distributor will help you choose the opener that best suits your door and preferences.
The Thermacore® Collection steel garage doors feature premium insulation construction and design which provides maximum thermal efficiency and reduced air infiltration for your garage space. This durable line of garage doors gives you many years of reliable operation while providing comfort to your home, even in extreme climates.

**Built better from the inside out**

**Thermacore® construction**
Provides a continuous layer of foamed-in-place, CFC-free polyurethane insulation sandwiched between two layers of corrosion-resistant steel, for maximum thermal efficiency.

**Embossed wood-grain texture**
Adds beauty, sophistication and durability.

**In-between section thermal seals**
With an air infiltration rating of up to 0.08 cfm, seals provide superior resistance to the elements.

**Backing**
Interior-side steel backing, standard on Thermacore® products, provides strength and a finished, clean appearance.

**Our WindStorm™ wind load rated system**
Available on select products to meet regulations for a variety of wind speeds, including hurricane-force winds, and meet the most stringent local building codes.

**Delivering comfort and efficiency.** Living spaces in your home are typically located above or beside the garage. Having a door with proper insulation for extreme cold and hot climates will increase the thermal efficiency and comfort of your home.
Transform Your Home with the DoorView® visualization tool.
Go to overheaddoor.com to try our on-line interactive software tool that lets you visualize what your home would look like with a garage door from Overhead Door. Contact your local Overhead Door Distributor for more information and to receive a quote.

Limited Warranty.
Thermacore® Collection garage doors are backed by up to a limited lifetime non-transferable warranty.*

* Warranties vary by model, and are available upon request. See full text of warranty for details.

The Genuine. The Original.
Since 1921, Overhead Door Corporation has not only raised the standards of excellence for the industry—we’ve created them. Overhead Door created the first upward-acting door in 1921 and the first electric garage door opener in 1926.

Today, our network of over 400 Overhead Door Distributors are still leading the way with innovative solutions and unmatched installation, service and support. So look for the Red Ribbon. It’s your guarantee that you’re getting the genuine, the original Overhead Door.
