To qualify for Specialized Admissions, applicants must satisfy all of the following: General Requirements, meet minimum TSI scores, Mandatory courses, and Pre-Program Specifics. Once all requirements are completed, ranking points are derived from the most recent TSI scores and most recent G.P.A of ranking courses. Applicants who complete all ranking courses may be more competitive for admission into their program of choice.

GENERAL REQUIREMENTS

Applicants for Specialized Admissions must satisfy minimum criteria in order to be eligible for ranking. The following is required of all applicants:

- Submit all previous college/university official transcripts (transliteration of all foreign coursework required) prior to ranking
- Must have a High School Diploma or GED. Submit official transcripts to El Paso Community College Admissions Office P.O. Box 20500, El Paso, Texas 79998
- Applicants must be fully accepted by EPCC as an academic credit student
- Must have successfully completed the TSI Assessment Test.
- Attend Health Careers Orientation Session or complete it online at http://www.epcc.edu/HCO/pages/default.aspx
- Submit Specialized Admissions Application form and pay $ 10.00 fee
- All academic and specialized courses listed on the degree plan must be completed with a “C” or better
- EPCC Cumulative GPA of 2.5 is required
- “Effective Fall 2011, and based on new federal regulations, students are not allowed to repeat previously passed courses more than once.” Students should meet with a counselor to determine how a repeat course (s) may impact his/her academic, prerequisite, specialized admissions or transferability of courses. It is the student’s responsibility to check with the Office of Student Financial Services to inquire how a repeat course (s) may impact their financial aid or veteran’s assistance.

TEXAS SUCCESS INITIATIVE (TSI) ASSESSMENT REQUIREMENTS

The Texas State Legislature mandates that institutions assess all entering undergraduate students for readiness to enroll into college-level course work in the academic areas of Essay, Reading, Math, and Writing Assessment Tests, and to provide individualized developmental education programs to those students not demonstrating this readiness. The Texas Higher Education Coordinating Board (THECB) requires the reporting of developmental progression and outcome of all students engaged in developmental education. Refer to EPCC Catalog or see your counselor for more information.
Minimum required TSI Assessment scores for Medical Coding and Billing Certificate of Completion

Math (PTSM), 350  Reading (PTSR), 351  Writing (PTSW), 363  Essay (PTSE), 6

- Official TSI Assessment scores are valid for five (5) years and only the most recent test score will be the one used for qualifying and ranking.
- Official TSI Assessment scores must contain all four (4) subject areas (Essay, Reading, Math, and Writing).
- Posting of TSI Assessment scores will take between 24 to 48 hours. TSI Assessment Tests must be completed at least 48 hours prior to ranking date.

NOTE: Minimum required testing scores for TSI Assessment and/or Program Specific Criteria may be adjusted if a secondary ranking is necessary to fulfill enrollment requirements.

MANDATORY COURSES: (3) COURSES

Mandatory courses are those courses that a student must have successfully completed prior to ranking. Applicants who do not satisfactorily complete mandatory course work will not qualify for eligibility to be ranked for a program.

*** NOTE: BIOL 1306 and BIOL 1106 is a pre-requisite for BIOL 2401 and BIOL 2402; prerequisites can be met through course completion or Biology placement exam

▲ BIOL 2401 Anatomy and Physiology I  
▲ BIOL 2402 Anatomy and Physiology II  
▲ HPRS 1206 Essentials of Medical Terminology

Minimum grade C

For qualification, ▲ BIOL 2401, BIOL 2402, HPRS 1206 must have been successfully completed.

NOTE: BIOL 2401 and BIOL 2402 must have been successfully completed within a 5 year of placement into the program.

All mandatory courses must be successfully completed with a minimum grade of “C” or better.

AAS RANKING COURSES: (3) COURSES

Ranking courses are courses within the degree plan in which performance most reliably predicts future ability to perform successfully in the program. It is highly recommended that all ranking courses be completed prior to ranking to be competitive. Ranking courses cannot be substituted.

*** NOTE: BIOL 1306 and BIOL 1106 is a pre-requisite for BIOL 2401 and BIOL 2402; prerequisites can be met through course completion or Biology placement exam

▲ BIOL 2401 Anatomy and Physiology I  
▲ BIOL 2402 Anatomy and Physiology II  
▲ HPRS 1206 Essentials of Medical Terminology

Ranking courses should be completed no later than Spring Semester to be eligible for Summer June 3, 2016 ranking.

PROCESSING OF PRE-PROGRAM SPECIFIC REQUIREMENTS

It is highly recommended that the applicant complete the Pre-Program Specific Requirements at least three (3) weeks prior to the ranking date. The applicant must complete “Specialized Admissions” requirements for qualifying and ranking. There is a scheduled ranking date for this program. Normal processing may take a few days or a few weeks depending on document type and individual circumstances. If documents have been received, but not processed, then the student will be coded as ineligible for that ranking, because sufficient time was not given for validating and processing the information.

PRE-PROGRAM SPECIFIC REQUIREMENTS

Applicants for Specialized Programs must also meet Pre-Program Specific Criteria prior to qualifying for ranking. The following is required of all applicants:

- Background Check must be completed by each student prior to enrollment in clinical courses. The student will not be able to go to the clinical areas/health care facilities until cleared. For further information, please ask a Health Counselor or call the Program Coordinator.

This program is accredited by the Commission on Accreditation for Health Informatics and Information Management Education (CAHIIM). See current EPCC catalog for contact information.
