Even if you are required to file a federal income tax return, you do not have to file a Maine income tax return if you have no addition income modifications (Form 1040ME, Schedule 1, line 1i) and your Maine taxable income is less than the sum of your Maine standard deduction amount plus your personal exemption amount plus $5,200 if filing single or married filing separately, $7,850 if head-of-household or $10,450 if married filing jointly. However, you must file a return to claim any refund due to you. Generally, if you are a nonresident or a “Safe Harbor” resident who has income from Maine sources resulting in a Maine income tax liability, you must file a Maine income tax return. See below for more information on residency, including “Safe Harbors”. Nonresidents - see Schedule NR instructions for minimum taxability thresholds. Also see, 36 M.R.S.A. § 5142(8-B) and Rule 806.

What is my Residence Status?

To determine your residency status for 2013, read the following.

☐ Full-Year Resident: 1) Maine was my domicile for the entire year of 2013; or 2) I maintained a permanent place of abode in Maine for the entire year and spent a total of more than 183 days in Maine.

☐ “Safe Harbor” Resident (treated as a nonresident):
  General Safe Harbor - Maine was my domicile in 2013, I did not maintain a permanent place of abode in Maine, I maintained a permanent place of abode outside Maine and I spent no more than 30 days of 2013 in Maine.   Foreign Safe Harbor - I spent at least 450 days in a foreign country during any 548-day period that begins or ends during the tax year. The taxpayer must also meet other eligibility criteria. If you qualify for the Foreign Safe Harbor, you will be considered a “Safe Harbor” Resident and treated as a nonresident for the 548-day period even though you were domiciled in Maine.

☐ Part-Year Resident: I was domiciled in Maine for part of the year and was not a full-year resident as defined in (2) above. File Form 1040ME and Schedule NR or NRH.

☐ Nonresident: I was not a resident or part-year resident in 2013, but I do have Maine-source income. Follow the federal filing requirements for filing status, number of exemptions, federal adjusted gross income, and itemized deductions. File Form 1040ME and Schedule NR or NRH.

To calculate the amount to enter on these lines, complete a pro forma federal Form 4562 as if no bonus depreciation was claimed on the property placed in service in tax year 2013. The total addition modification is the difference between the federal depreciation claimed on Form 4562 and the depreciation calculated on the pro forma Form 4562. If any of the property placed in service in tax year 2013 is located in Maine and the Maine capital investment credit is claimed, the total addition modification must be divided between lines 1e and 1f. For example, if you purchased $400,000 of eligible property and $100,000 of that property is located in Maine and included in the credit base, the portion of the add-back to include on this line is $100,000/$400,000 or 25% of the total bonus depreciation add-back calculated above. Property that is transferred out-of-state or disposed of within 12 months after being placed in service in Maine is not eligible for the Maine capital investment credit. Amounts claimed on this line are not eligible for the recapture subtraction modification on line 2j.

Then go to Step 2, line 2 below.

B. If you do not meet all the criteria for paragraph A above –

**THEN**, to calculate federal adjusted gross income for Form 1040ME, line 14, you must complete a federal income tax return for 2013, Form 1040 (through line 37), 1040A (through line 21) or 1040EZ (through line 4), whichever applies, as if you were required to file the return. (Part-year residents - enter on line 1 the portion of your Maine adjusted gross income related to that part of the tax year you were a Maine resident plus any Maine-source income while you were a nonresident. To determine this amount, add Form 1040ME, Worksheet B, Column B, line 15 plus Worksheet B, Column E, line 15. Then, add or subtract, whichever the case may be, the Maine-source portion of income
modifications included in Form 1040ME, line 15.) If the amount on line 1 is more than $40,000, stop here. You do not qualify for a Property Tax Fairness Credit.

**Line 2. Property Tax.** If you owned your home in Maine and lived in that home during 2013, enter the amount of property tax paid during 2013 on your house and house lot up to 10 acres. If your house is on land that is more than 10 acres, call your town or city assessor to get the tax on your house and the land, up to 10 acres. Part-year residents - enter only the property tax amounts you paid for your home in Maine during the part of the tax year you were a Maine resident. **Note:** You may be asked to provide proof of the property tax paid before a refund is issued.

- Do not use the amount of property tax assessed; enter only the amount of tax actually paid on your home during 2013.
- Do not claim any property tax paid by others. If the home is jointly owned, enter only the property tax you paid. You can claim the tax you paid on your home even if you have transferred ownership to someone else under a legal agreement that allows you to continue to live in the home, but you can only claim the tax on the home for as long as you live in the home.
- Do not include taxes on any part of your home or property used exclusively for business. **For example,** you owned a two-story building. You lived upstairs and ran a store downstairs. You can claim one-half of the property tax you paid. Do not include property taxes claimed as a business expense on your federal tax return.
- Do not include taxes on any part of your home that serves as a separate dwelling. Include only the taxes paid for the part of the home you occupied as your primary residence. **For example,** your primary residence is one unit located in a three-unit dwelling. You can only claim one-third of the property tax paid.

**Note:** If you owned a home that was on rented land or vice-versa, you can include the property tax you paid during 2013 on line 2 and the rent you paid during 2013 on line 3. For example, you owned a mobile home located in a park. Enter the property tax on your mobile home on line 2 and the lot rent you paid on line 3.

**Line 3. Rent.**

- **Line 3a.** Enter the total rent you paid for your home (principal residence) in Maine during 2013. If you moved during the tax year, include the rent you paid during the tax year to live in each home or apartment. Include Workfare payments received from your town used to pay your rent. Part-year residents - enter only rent amounts you paid on your home in Maine during the part of the tax year you were a Maine resident. **Note:** You may be asked to provide copies of rent receipts or canceled checks before a refund is issued.
  - Do not include mortgage payments or room and board payments. Mortgage payments and room and board payments are not rent.
  - Do not include rent that was subsidized or paid in part by a government program unless you received social security disability benefits or supplemental security income disability benefits during 2013. If your rent was subsidized by a government program and you did receive social security disability benefits or supplemental security income disability benefits during 2013, enter only the rent you paid.
  - Do not include rent for any part of your home that was rented out to others. **For example,** you share an apartment with your sister. Each of you is equally responsible for one-half of the rent. Include only the amount of rent you paid or one-half of the total rent.
  - Do not include rent for any part of your home used exclusively for business. **For example,** you rent a two-story building. You live in a 2nd floor apartment and run a business on the 1st floor. Claim only the portion of rent you paid for the right to live in the 2nd floor apartment.
  - Do not include rent claimed as a business expense on your federal return.
  
  - **Lines 3b and 3c.** If you lived in public housing, received Section 8 vouchers or received any other rental assistance from the government, check “yes” on line 3b. If you or your spouse, if married, received social security disability benefits or supplemental security income disability benefits in 2013, check “yes” on line 3c. Government payments include certain Section 8 vouchers or public housing. **Note:** Renters who live in subsidized housing (rent paid in part by the government) cannot include subsidized rent on line 3a unless they received social security disability benefits or supplemental security income disability benefits in 2013.
  
  - **Line 3e.** If the rent you entered on line 3a includes an amount for heat, utilities, furniture, snowplowing or other similar items and you know the amount paid toward the heat, utilities, furniture, snowplowing or other similar items, enter the amount on line 3e. If your landlord cannot provide the amount you paid for heat, utilities, furniture, snowplowing or other similar items, multiply the amount on line 3a by 15% (.15) and enter the result on line 3e. If the rent entered on line 3a does not include an amount paid for heat, utilities, furniture, snowplowing or other similar items, enter 0 on line 3e.
  
  - **Line 3f.** Subtract line 3e from line 3a. The rent you paid can only include the amount paid for the right to live in your home excluding amounts paid for heat, utilities, furniture, snowplowing or other similar items.
  
  - **Line 3g.** Multiply line 3f by 25% (.25) and enter the result on line 3g

**Line 4. Benefit Base.** Add lines 2 and 3g and enter the result on line 4.

You and your spouse (if married) may each deduct up to $6,000 of eligible pension income* that is included in your federal adjusted gross income. Except for military pension benefits, the $6,000 cap must be reduced by any social security and railroad retirement benefits received, whether taxable or not.

Deductible pension income includes state, federal and military pension benefits, as well as retirement benefits received from plans established and maintained by an employer for the benefit of its employees under Internal Revenue Code (IRC) sections 401(a) (qualified pension plans, including qualified 401 SIMPLE plans), 401(k) (qualified cash or deferred arrangements) and 403 (employee annuities). Deductible pension income also includes benefits received under IRC section 457(b) (state and local government/tax exempt organizations/eligible deferred compensation plans), except that pension income from 457(b) plans received prior to age 55 that is not part of a series of equal periodic payments made over the life of the recipient and the recipient’s designated beneficiary, if applicable, may not be included in the deductible pension amount. Pension benefits that do not qualify are those received from an individual retirement account (including SIMPLE individual retirement accounts), simplified employee pension plan, benefits from an ineligible deferred compensation plan under IRC section 457(f), refunds of excess contributions, lump-sum distributions included on federal Form 4972 and distributions subject to the additional 10% federal tax on early distributions (see federal Form 5329, Part 1, or federal Form 1040, line 58). Also, disability benefits reported as wages on your federal income tax return do not qualify.

*Eligible pension income does not include benefits earned by another person, except in the case of a surviving spouse. Only the individual that earned the benefit from prior employment may claim the pension income for the deduction. However, a widowed spouse receiving survivor’s benefits under an eligible pension plan may claim that amount for purposes of this deduction, but the total pension deduction for the surviving spouse may not exceed $6,000.

Residents (excluding “Safe Harbor” residents) may claim a credit against Maine income tax for income tax paid to another jurisdiction if all the following conditions are met: (1) the other jurisdiction is another state, a political subdivision thereof, the District of Columbia, Canadian Province or any political subdivision of a foreign country that is analogous to a state of the United States; (2) the tax paid to the other jurisdiction is directly related to the income received during the tax year covered by this return (tax payments made to other taxing jurisdictions for prior year tax liabilities cannot be considered when computing this credit); and, (3) the income taxed by the other jurisdiction is derived from sources in that jurisdiction. Income sourced to another state must be determined in the same way that a Maine nonresident calculates Maine-source income for purposes of Schedule NR or Schedule NRH. For a description of Maine-source income, see 36 M.R.S.A. § 5142 and Maine Rule 806. The income considered taxed by the other jurisdiction is income, after deductions, that is analogous to Maine adjusted gross income (federal adjusted gross income plus or minus income modifications).

• Individuals who are considered to be residents of both Maine (excluding “Safe Harbor” residents) and another state for income tax purposes may qualify for a dual resident credit under 36 M.R.S.A. § 5128. For more information, see www.maine.gov/revenue/forms or call (207) 626-8475.

• A part-year resident may claim a credit for tax paid to another jurisdiction on income earned during the period of Maine residency only (excluding period of “Safe Harbor” residency). Enter on line 1 your Maine adjusted income while a Maine resident (excluding period of “Safe Harbor” residency). Enter on line 2 the portion of line 1 that was taxed by the other jurisdiction. Compute line 4a on the basis of the Maine tax relating to the Maine adjusted gross income shown on line 1. Enter on line 4b the income tax paid to the other jurisdiction relating to the income shown on line 2. Part-year residents who qualify for both the credit for tax paid to another jurisdiction and the nonresident credit - follow the special instructions included in the Instructional Pamphlet for Credit for Income Tax Paid to Other Jurisdictions available at www.maine.gov/revenue/forms.

• Line 4b is the income tax assessed by the other jurisdiction minus any tax credits (except withholding and estimated tax payments).

PART-YEAR RESIDENT, NONRESIDENT AND “SAFE HARBOR” RESIDENT INSTRUCTIONS

Nonresident individuals, including individuals who were nonresidents for only part of the year and “Safe Harbor” resident individuals, who have Maine-source income may owe a Maine income tax. See page 2 for residency information. MILITARY SERVICEMEMBER SPOUSE: The income of a military spouse for the performance of services in Maine will not be treated as Maine-source income subject to Maine income taxation if the military spouse is not a resident or domiciliary of Maine, the military spouse is located in Maine solely to be with the servicemember, the servicemember is located in Maine in compliance with military orders, and the servicemember and the spouse have the same state of residency or domicile.

The Maine tax is determined by first calculating a tax amount as if the part-year resident, nonresident or “Safe Harbor” resident were a Maine resident for the entire year and then reducing that amount by a “nonresident credit.” The Maine tax is calculated on the basis of the nonresident’s or “Safe Harbor” resident’s entire federal adjusted gross income and the Maine income modifications, itemized or standard deduction, personal exemption amount and credits. The nonresident credit is based on the amount of non-Maine source income. The nonresident credit is calculated on Schedule NR or Schedule NRH and entered on Form 1040ME, line 23. NOTE: Nonresident minimum taxability thresholds: A nonresident individual working in Maine as an employee is not required to pay a Maine tax or file a Maine return on income from personal services unless that individual works in Maine for more than 12 days and earns or derives income from all Maine sources totaling more than $3,000. Up to 24 days performing certain personal services, such as training and site inspections, are not counted against the 12-day threshold. Also, generally, a nonresident individual present in Maine for business for no more than 12 days and earning no more than $3,000 from business activity in Maine is not required to pay a Maine tax or file a Maine income tax return on that income. Compensation or income directly related to a declared state disaster or emergency is exempt from Maine tax if the taxpayer’s only presence in Maine is for the sole purpose of providing disaster relief. For more information, see Maine Revenue Services Rule 806 and 36 M.R.S.A. §§ 5142(8-B) and 5220(2) available on the MRS web site at www.maine.gov/revenue (select Laws and Rules).

INCOME SUBJECT TO MAINE INCOME TAX:
A part-year resident is subject to Maine income tax on all income received while a resident of Maine, plus any income derived from Maine sources during the period of nonresidence. A nonresident or “Safe Harbor” resident is subject to Maine income tax on taxable income derived from sources within Maine. For a description of Maine source income, see Maine Revenue Services Rule 806 available at www.maine.gov/revenue (select Laws and Rules) or the Instructional Pamphlets for Schedule NR or NRH at www.maine.gov/revenue (select forms).

SHOULD I FILE SCHEDULE NR OR SCHEDULE NRH?
You must file Schedule NR if you are a part-year resident, a nonresident or a “Safe Harbor” resident individual required to file a Maine return, have income not taxable to Maine, and are using the same filing status used on your federal return.

Instead of filing Schedule NR, you may elect to file single on the Maine return using Schedule NRH if your filing status on your federal return is married filing jointly and your residency status is different from that of your spouse or both you and your spouse are nonresidents of Maine or “Safe Harbor” residents, but only one of you has Maine-source income. The nonresident or “Safe Harbor” resident spouse with no Maine-source income does not have to file a Maine return. Do not use Schedule NRH if your filing status on your federal return is single, head-of-household, or married separate.

STEP 1 — Complete Worksheets A and B on pages 21 and 22 before completing Schedule NR.
STEP 2 — Complete Form 1040ME, lines 1 through 22.
Find the amount of Maine income tax as if you were a full-year Maine resident. To do this, complete Form 1040ME, lines 1 through 22. Use your total federal adjusted gross income on line 14.
STEP 3 — Complete Schedule NR to compute your Nonresident Credit.
Line 1. Enter your income from Worksheet B on line 1. List your total federal income in Box A. In Box B, list only your Maine-source income. List your non-Maine-source income in Box C.
Line 2. RATIO OF INCOME. Divide your total non-Maine-source income on line 1, Box C, by your total federal income on line 1, Box A. Except, if non-Maine-source income (line 1, Box C) is negative, enter 0.0000 or if line 1, Box C is positive and Maine-source income (line 1, Box B) is negative, enter 1.0000.
Line 3. FEDERAL INCOME ADJUSTMENTS — NON-MAINE-SOURCE ONLY. Complete this section only if you have federal income adjustments on federal Form 1040, line 36, or federal Form 1040A, line 20. Multiply your total federal income adjustments by the percentage listed on line 2 of Schedule NR.
Line 4. FEDERAL ADJUSTED GROSS INCOME — NON-MAINE-SOURCE ONLY. Subtract line 3 from line 1, Box C.
Line 5. MODIFICATIONS — NON-MAINE-SOURCE ONLY. Use this section only if you have income modifications entered on Form 1040ME, line 15. Enter your modifications to income from non-Maine sources. For details on these modifications, see the instructions for Schedule 1 on pages 3 and 4. Do not include taxable refunds of state and local taxes. Prorate the pension deduction (Form 1040ME, Schedule 1, line 2d) and the subtraction for premiums for Long-Term Care Insurance (Form 1040ME, Schedule 1, line 2f) based on the percentage of qualified pension income received or premiums paid as a nonresident or a “Safe Harbor” resident.
Line 6. NON-MAINE ADJUSTED GROSS INCOME. Add or subtract your total modifications, line 5c, to or from line 4.
Line 7. RATIO OF MAINE ADJUSTED GROSS INCOME. Divide the amount of your non-Maine adjusted gross income, line 6, by your total Maine adjusted gross income from Form 1040ME, line 16. Except, if line 6 is negative, enter 0.0000 or if line 6 is greater than the amount on Form 1040ME, line 16, enter 1.0000.
Line 8. TAX SUBTOTAL. Enter your tax subtotal. This is from Form 1040ME, line 20, minus Maine Schedule A, lines 5 and 7.
Line 9. NONRESIDENT CREDIT. Multiply the amount on line 8 by the percentage on line 7. This is your Nonresident Credit. Enter the result here and on Form 1040ME, line 23.

Enclose Schedule NR and Worksheets A and B (and Worksheet C, if used) with your Maine return, Form 1040ME. Include a COMPLETE copy of your federal tax return, including all schedules and worksheets. Enclose W-2 forms from other states and temporary duty (TDY) papers to support your entry in Box C.
