All students must meet GEP requirements if they have not transferred with an AA recognized by UCF

Undergraduate Degree Requirements

Proficiency requirements. When the transfer course work is entered into the University’s General Education Program and Foreign Language Requirement is coordinated by the Office of Academic Services. The student degree audit system is coordinated by the Office of Academic Services (MH 210). Substitution requests for college or major requirements are processed within those administrative offices.

### General Education Program (GEP) Courses (36 credit hours required)

Some majors require a specific course or a higher level course in some areas. Consult your major requirements and advisor.

- **THE 2000**

For all of the acceptable substitutions in this GEP requirement, a grade of "C" (1.75) or better satisfies three hours of the Gordon Rule requirement.

### Diversity Requirement

The University recognizes that communities are comprised of, and enriched by, people of diverse backgrounds. The study of diversity is encouraged to promote an understanding of the needs of individuals, the University, and society. Thus, all students completing their first bachelor’s degree from UCF must complete at least one course that explores the diverse backgrounds and characteristics found among humans, including: race/ethnicity, gender, social class/caste, religion, age, sexual orientation, and level of physical ability.

Students are exempt from this requirement if they have completed an Associate of Arts degree or the General Education Program at a Florida College System institution or public state university. Students who have previously completed a baccalaureate degree also are exempt.

The requirement is satisfied by the successful completion of a diversity course selected from the following list. Additional courses may be approved subsequently by the Common Program Oversight Committee, so students should consult their departmental advisor for the most current listing.
