CHEMISTRY & PHYSICS

WHAT ARE TRIAL EXAM PREPARATION COURSES?
Year 12 Trial Exam Preparation Courses provide intensive revision of topics covered in the HSC Course to prepare students for their Trial Examinations.

STUDENTS LEARN
• Exam techniques & strategies to maximise their marks in their Trial Examinations
• To analyse a variety of examination-style questions including past HSC Exam questions
• Problem solving strategies
• To integrate knowledge, understanding and skills developed in the courses to solve unfamiliar problems

STUDENTS RECEIVE
• 3.5 hours x 5 days of the course delivered by an experienced HSC teacher
• A full set of resources for the duration of the course including 3 x 100 page booklets containing course summaries and more than 120 HSC exam-style questions
• Mock HSC Exam + Feedback

WHO SHOULD ENROL?
Year 12 HSC students seeking to:
• Revise their knowledge and understanding of core topics in the HSC course
• Improve their problem solving skills and ability to respond to extended response questions

• Motors and Generators
• Ideas to Implementation

Spaces are strictly limited. Enrol online now to secure your spot. www.matrix.edu.au

―

The students at Matrix are taught to write Band 6 responses covering every aspect of the syllabus, but most importantly we are given the conceptual knowledge to tackle almost any question our exams have thrown at us.
