APPENDIX M

Reasonable Distance, Very Low Income, Family Share, Case Closing and Openings, Recertification Period, Fraud and Abuse Control Activities, Inspections (Required)

Reasonable Distance

Define “reasonable distance” based on community standards for determining accessible child care.

The following defines “reasonable distance”: 15 miles or 30 minutes from home.
Exceptions will be made for: 1) family member providing care; 2) case by case for more rural areas of the county.

Describe any steps/consultations made to arrive at your definition: Travel between Bath and Corning is approximately 25 minutes. Corning is Steuben's Industrial Center”.

Very Low Income

Define “very low income” as it is used in determining priorities for child care benefits.

“Very Low Income” is defined as 200% of the State Income Standard.

Family Share

“Family share” is the weekly amount paid towards the costs of the child care services by the child’s parent or caretaker. In establishing family share, your district must select a percentage from 10% to 35% to use in calculating the family share and justify this percentage decision. The weekly family share of child care costs is calculated by applying the family share percentage against the amount of the family’s annual gross income that is in excess of the State Income Standard divided by 52.

Family Share Percentage selected by the county 10%.

Note: The percentage selected here must match the percentage selected in Title XX Program Matrix in WMS.

Case Closings

The district must describe below how priority is given to federally mandated priorities and describe local priorities. If all NYSCCBG funds are committed, the district will discontinue funding to those families that have lower priorities in order to serve families with higher priorities. Describe below how districts will select cases to be closed in the event that there are insufficient or no funds available.

1. Identification of local priorities in addition to the required federal priorities (select one).

- The district has identified local priorities in addition to the required federal priorities (Complete Section 2)
- The district has not identified local priorities in addition to the required federal priorities (Complete Section 3).
2. Describe how priority is given to federally mandated priorities and describe local priorities. If all NYSCCBG funds are committed, the district will discontinue funding to those families that have lower priorities in order to serve families with higher priorities. Describe in the space below how the district will select cases to be closed in the event that there are insufficient or no funds available.

   a. The district will select cases to be closed based ONLY on income.

      ☐ No.

      ☑ Yes. Check 1 or 2 below.

            1) ☐ The district will close cases from the highest income to lowest income.

            2) ☑ The district will close cases based on income bands. Describe the income bands, beginning at 200% of the State Income Standard and ending at 100% of the State Income Standard:

               Reduction in caseloads would follow this methodology, cases with income from 200%-151%, 150%-141%, 140%-131%, 130%-121%, 120%-111%, 110%-100% and then those cases with special needs children.

   b. The district will select cases to be closed based ONLY on categories of families.

      ☑ No.

      ☐ Yes. List the categories in the order that they will be closed, including the optional categories selected in Appendix L:

   d. The district will select cases to be closed on a basis other than the options listed above.

      ☑ No.

      ☐ Yes. Describe how the district will select cases to be closed in the event that there are insufficient funds to maintain the district’s current case load:

   e. The last cases to be closed will be those that fall under federal priorities. Identify how your district will prioritize federal priorities. Cases that are ranked 1 will be closed last.

      Very low income ☐ Rank 1 ☑ Rank 2

      Families that have a child with special needs ☑ Rank 1 ☐ Rank 2
3. If all NYSCCBG funds are committed, case closings for families that are not eligible under a child care guarantee and are not a federally mandated priority must be based on the length of time in receipt of services. The length of time used to close cases may be based either on the shortest or longest time the family has received child care services, but must be consistent for all families.
   a. Identify how the district will prioritize federal priorities. Cases that are ranked 1 will be closed last.
      Very low income ☐ Rank 1 ☐ Rank 2
      Families that have a child with special needs ☐ Rank 1 ☐ Rank 2
   b. The district will close cases based on the federal priorities and the amount of time the family has been receiving child care services.
      ☐ Shortest time receiving child care services
      ☐ Longest time receiving child care services

4. The district will establish a waiting list for families whose cases were closed because our county did not have sufficient funds to maintain our current caseload.
   ☐ No.
   ☒ Yes. Describe how these cases will be selected to be reopened if funds become available:
      Reopen based on those closed first (based on income category) and then the waiting list in date order (oldest first).

Case Openings

Fraud and Abuse Control Activities

Describe below the criteria the district will use to determine which child care subsidy applications suggest a higher than acceptable risk for fraudulent or erroneous child care subsidy payment in addition to procedures for referring such applications to the district’s front-end detection system.

Criteria will be defined under the approved Front End Detection (FEDS) Plan as submitted by Steuben County and approved by the OCFS Office of Audit and Quality Control.

Describe the sampling methodology used to determine which cases will require verification of an applicant’s or recipient’s continued need for child care, including, as applicable, verification of participation in employment, education, or other required activities.

All subsidy recipients go through the recertification process every 6 months. All documentation is requested, including employment and income verification.
Describe the sampling methodology used to determine which providers of subsidized child care services will be reviewed for the purpose of comparing the child care provider’s attendance forms for children receiving subsidized child care services with any Child and Adult Care Food Program inspection forms to verify that child care was actually provided on the days listed on the attendance forms.

The Director of Finance, LDSS will receive a current list of CACFP participants from sponsor quarterly. The Director will randomly select a sampling of six per month to review and compare food program monitoring sheets to the subsidy time sheets with the sponsor.

Inspections of Child Care Provider Records and Premises

The district may choose to make announced or unannounced inspections of the records and premises of a provider/program that provides child care for subsidized children for the purpose of determining whether the child care provider is in compliance with applicable laws and regulations and any additional requirements imposed on such a provider by the social services district Per 18 NYCRR 415.4(h) (3). APPENDIX Q #1  
Additional Local Standards for Child Care Providers (Optional)

The district may propose local standards in addition to the State standards for legally-exempt providers who will receive child care subsidies. This appendix must be completed for each additional standard that the district wishes to implement.

1. Check or describe in the space provided below the additional local standards that will be required of child care providers/programs.

- Verification that the provider has given the parent/caretaker complete and accurate information regarding any report of child abuse or maltreatment in which they are named as an indicated subject
- Local criminal background check
- Requirement that providers that care for subsidized children for 30 or more hours a week participate in the Child and Adult Food Care Program (CACFP)
- Site visits by the local district
- Other (please describe):

2. Check below the type of child care program to which the additional standard will apply and indicate the roles of the persons to whom it will apply in cases where the standard is person-specific.

- Legally-exempt family child care program. Check all that apply.

  - Provider’s Volunteer
  - Provider’s household member age 18 or older

- Legally-exempt in-home child care program. Check all that apply.

3. **Districts are responsible for implementation of the additional local standard unless they have a formal agreement or contract with another organization. Check the organization that will be responsible for the implementation of the additional local standard.**

- [x] Local social services staff
  - Provide the name of the unit and contact person:
    - Lisa Baker, Director of Temporary & Disability Assistance
- [ ] Contracted agency
  - Provide the name of the agency and contact person:

4. **Are there any costs associated with the additional standard?**

- [ ] Yes  
  
  - [x] No

  **Note:** Costs associated with the additional standard cannot be passed on to the provider.

5. **Describe the steps for evaluating whether the additional local standard has been met.**

The local district will include an “Authorization and Release” and a “Child Abuse and Maltreatment History Attestation Form” in the enrollment packets it distributes to parent/caregiver. A completed and signed “Authorization and Release” form will enable Steuben County Department of Social Services to conduct a search of local child welfare records. The individuals specified in question #2 above will be asked to sign and date the “Authorization and Release” form. The database records check will be required only for the types of child care specified in question #2 and will be required only to persons in the roles specified in question #2.

The signed “Authorization and Release” in question #2 is **required** for all persons in the roles, for the enrollment packet to be considered complete. If any of the individuals checked in question #2 above refuses to sign the “Authorization and Release” form, which would allow Steuben County Department of Social Services to review only the existing local child welfare records related to child care, the enrollment package will be considered **incomplete** and the enrollment process will move forward and will be **withdrawn** by the Enrollment Agency in accordance with State policy.

The local district will conduct the check of the local database to determine if an individual checked in question #2 above is an indicated subject of a child abuse or maltreatment report. If the check of local records check reveal that an individual specified in question #2 above is an indicated subject of a child abuse or maltreatment, the provider will be notified that they have 10 calendar days to complete, sign, and return the “Child Abuse and Maltreatment History Attestation Form” to Steuben County DSS.
After the local district receives the completed and signed attestation form, they will compare the information from the local database search with the attestation form. If there are discrepancies with the local database check and the attestation form, the information provided by the provider will be considered inaccurate. If the local district determines there are discrepancies between the consent form and the attestation, the local district will notify the provider of the inaccuracies. Once the provider is notified of the inaccuracies, the provider will have 5 calendar days to submit a signed, amended version of the “Child Abuse and Maltreatment Attestation Form” to show that the local district’s information is correct or inaccurate. After the amended attestation form is returned, or if it is not returned, the local district will decide if the additional standard has been met or not met.

If the information regarding the indicated child protective report submitted by the provider to the parent/caretaker and the district correlates with the information obtained from the local database check and the parent/caretaker still chooses to use the provider, the Enrollment Agency will be notified that the additional standard has been met.

The district will maintain a file, which documents how the determination was made as to whether or not the additional local standard has been met.

6. Indicate how frequently reviews of the additional standard will be conducted. Check all that apply.

   Legally-Exempt Programs:
   ☒ Initial enrollment ☐ During the 12-month enrollment period
   ☒ Re-enrollment ☐ Other

7. In the space below, described the procedures the district will use to notify the Legally-Exempt Caregiver Enrollment Agency (EA) as to whether the legally-exempt provider is in compliance with the additional local standards. Districts must notify the EA within 25 days from the date they received the referral from the EA. (Districts need to describe this procedure only if the additional local standard is applied to legally-exempt child care providers.)

   Within 25 days of the date of the referral, the local district will notify the Enrollment Agency in writing of the local district determination. The district will abide by confidentiality requirements for child protective records and will not provide to the enrollment agency copies of the “Indicated Reports of Child Abuse or Maltreatment Attestation form” or any other protected information.

8. Describe the justification for the additional standard in the space below.

   The additional standard supports 18 NYCRR 415.4(f)(7)(ii), a State requirement for enrollment which requires the provider and relevant site persons have given the parent true and accurate information regarding indicated child protective reports. The additional standard verifies the provider is telling the truth on the enrollment form. This promotes safer child care for children by verifying that true and accurate information about a caregiver’s history has been shared with the child(ren)’s parent/caretaker.
The district may propose local standards in addition to the State standards for legally-exempt providers who will receive child care subsidies. This appendix must be completed for each additional standard that the district wishes to implement.

The individuals checked in question #2 above will be required to sign a release which will allow our Department to conduct a local criminal history check. The individual will be instructed to return the enrollment package to the enrollment agency including the signed release form. If the individual checked in question #2 above refuses to sign an authorization for a local criminal background check, the enrollment package will be considered incomplete, the enrollment process cannot move forward and the enrollment package will be withdrawn by the enrollment agency. For referred providers, the district will arrange for a local database check for criminal convictions to be conducted by a Sheriff Investigator. If the search results in a conviction, the day care staff will provide the conviction information to the enrollment agency. The enrollment agency will evaluate any discrepancies in accordance with the Guide to Enrollment.

The standard is" met" when all the applicable criminal background checks are conducted. The standard is considered to be "not met" if the applicable criminal background checks cannot be completed due to the lack of cooperation of the provider or other person who is required to participate.
