**Position:** Therapist - Multisystemic Therapy (MST)

**Company:** Community Solutions, Inc.

**Job Location:** Macon

**Position Description**
A highly successful program needs a Therapist!
Community Solutions, Inc. is a non-profit agency providing an evidenced based family therapy program. Our agency is seeking a therapist to join our MST team servicing Macon, Houston County.
Multisystemic Therapy (MST) is a highly researched, community based program with many years of successful outcomes. Community Solutions (CSI) is one of the largest national licensed provider of Multisystemic Therapy. CSI has seen success with MST for over 15 years, expanding into 5 states.
MST has been researched to effectively change the behaviors of adolescents and in turn create hope for juveniles struggling in the juvenile justice and child welfare system. This position allows therapists to work with the multiple systems of the child and create their own treatment plans on a weekly basis. This model gives the therapist the ability to work within the natural ecology of the youth and in turn create long lasting change for the family. The MST therapist has the flexibility of wearing a variety of hats, and truly allows the family to guide the direction of treatment.
MST provides intensive training and supervision to ensure the best outcomes. This program is the epitome of team work. Therapist work individually with families, but have the support of their entire team.

**GENERAL FUNCTION**
Provide community based treatment for youth and family with complex clinical, social and educational problems. Over a period of 4 - 6 months services are delivered in homes, neighborhoods, schools and communities. Emphasis is on promoting behavioral change in the youth's natural environment. Family interventions seek to promote the parent's capacity to monitor and discipline the adolescent. Initial family sessions identify the strengths and weaknesses of the youth, his family, peers, school, and other factors. Problems throughout the family are explicitly identified for change, and the strengths of each system are used to facilitate such change.

Schedule: Full Time Mon-Sun with on-call responsibilities

**DUTIES**
A. Client Services
- Mediate and resolve family problems and handle all emergency situations in a calm manner in accordance with
Agency policies and procedures as needed.
- Serve as positive role model following program guidelines for professional conduct and code of ethics
- Develop and maintain professional boundaries and relations with clients.
- Monitor client behavior and implement Agency behavior management procedures as needed.

B. Program Services/Administration
- Possess knowledge of and adherence to standards of confidentiality, and if applicable Department of Public Health and Addiction Services regulations, Title XIX, CHAMPUS, Medicare/Medicaid and Managed Care requirements that pertain to Agency programs and client. Provide directions for staff related to mental health issues as requested.
- Complete incident reports as required
- Establish and maintain positive relationships with colleagues, external agencies, community resources and funding sources.
- Conduct program specific assessment including review of referral information, identifying and engaging key participants, identifying systemic strengths and weaknesses, and developing an analysis of the fit of problem behaviors within the ecological context.
- Engage primary caregiver and other key participants in active change-oriented treatment by identifying and overcoming barriers to engagement.
- Implement a problem conceptualization, treatment planning, intervention implementation, outcome review and strategy revision procedure using the program specific Analytic Process.
- Maintain clear and concise documentation of treatment efforts that promote peer and supervisory review and feedback, and that demonstrate compliance with program specific Principles and the program specific Analytic Process.
- Collaborate with all relevant systems and key participants within each system to ensure their buy-in and cooperation throughout treatment.
- Provide direct clinical treatment using methods compatible with program specific principles and practices.
- Attend weekly clinical supervision and clinical consultation.
- Carry cell phone and participate in 24/7 on-call system.
- Complete data for program Client Management System.
- Expected to complete over 75% of cases with 75% of goals met.

C. Security & Client Supervision
- Recommend program terminations and coordinate in accordance with Agency and referral source policies.
- Ensure collection of urine samples and complete related paperwork and breathalyzer testing as required by contract.

D. Professional Growth & Development
- Complete a Therapist/Counselor Field Visit Before and After form and attend one home visit with Program Director per month.
- Provide Program Director with one audiotape of a home visit per month and a Therapist/Counselor Tape Review Drop-off form for review.
- Increase treatment responsibilities as determined necessary for program needs and as qualified to do so by the Program or Clinical Supervisor.
- Maintain a working knowledge of and abide by the Agency’s programs, policies, and procedures.
- Perform other duties as assigned by the supervisor

QUALIFICATIONS
- A Master’s degree in Social Services or related field, plus two (2) years of work experience in social work or clinical treatment. Social Work or other clinical license is preferred.
- Preferred Experience:
  - Direct use of pragmatic (i.e. structural, strategic and functional) family therapies
  - Individual therapy with children and adults using cognitive behavioral techniques
  - Marital therapy using behaviorally-based approaches
  - Behavioral therapy targeting school behavior and academic performance
  - Implementation of interventions within or between systems in the youth’s natural ecology that affect or influence the behavior of youth (i.e. family, peer, school, and neighborhood)
- Preferred Knowledge:
  - Family systems theory and application
  - Social ecological theory and application
  - Behavioral therapies theory and application
  - Cognitive-behavioral therapy theory and application
  - Pragmatic family therapies theory and application
  - Child development research and it's application in treatment

Position: Hospice Bereavement Coordinator/Per Diem
Company: Kindred Healthcare
Job Location: Douglasville
Tracking Code: 27346
Job Description
I believe that the care we give can make every moment count. Compassionate care, uncompromising service and clinical excellence - that’s how our Hospice improves quality of life in the final stages of life. By delivering palliative care by hospice professionals, our patients can spend their remaining days in comfort and peace. Kindred at Home, a division of Kindred Healthcare Inc., is the nation's leading provider of comprehensive home health, hospice, and non-medical home care services.
Kindred at Home, and its affiliates, including Gentiva, delivers compassionate, high-quality care to patients and clients in their homes or places of residence, including non-medical personal assistance, skilled nursing and rehabilitation and hospice and palliative care. Our caregivers focus on each unique patient to deliver the appropriate care and emotional support to our patients and their families.
We believe that every moment matters. We believe in compassionate care. Most of all, we believe in dignity and respect for each patient we serve.
As a Bereavement Coordinator, you will:
• Coordinate the assessment and delivery of grief counseling needs and services (one-to-one, groups and ongoing follow-up) to ensure timely and appropriate services are provided to family/caregivers.
• Plan for Bereavement Program development, expansion and refinement through annual evaluation services.
• Provide bereavement information and referral services to callers from the community. Expand and maintain community resource list as needed.
• Make contact with patient caregivers and/or family members within seven working days of the death of the patient.
• Assist as needed in evaluating and planning services to meet hospice support functions, i.e.. Bereavement Camp, Annual Memorial Services, etc.
• Make contact with patients and families in need of bereavement support prior to death, when referred by a Social Worker.
• Maintain a bereavement chart on all expired patients.
Employment Opportunity Listings

- Mail out initial letter, 2 month pack, 3 month letter, 6 month letter, 9 month letter, 1 year letter and any additional correspondence to support patient caregiver and family.
- Make follow-up telephone calls and follow-up visits to patient caregivers and families.
- Facilitate bereavement support groups by establishing location and arranging programs.
- Attend monthly meeting of Bereavement Services.
- Attend weekly staff meeting in designated branch.
- Coordinate with social worker on bereavement issues concerning existing patients and expired patients and family members.
- Assist in research of grief issues, if requested.
- Consult with Social Services Coordinator/Educator on issues involving complex circumstances.
- Assist organization in designing materials for distribution to families receiving bereavement services.

**Required Skills**

**Qualifications**

- Must possess, as a minimum, a bachelor's degree in Psychology, Social Work, Sociology, or related field, from an accredited university.
- Must have two (2) years experience in counseling and one (1) year supervisory experience preferred.
- Strong organizational and communications skills
- Ability to function with minimal supervision

**Required Experience**

All qualified applicants will receive consideration for employment without regard to race, color, religion, sex, sexual orientation, gender identity or national origin.

Emory University
Case Manager Clinician
161042:HR: FSAP: Services
64593BR

**JOB DESCRIPTION:** Serves in an Assessment/Triage/Care Coordination role within the Faculty Staff Assistance Program (FSAP). Provides culturally competent employee assistance clinical services, case management and crisis intervention support to Emory faculty, staff and their family members.

- The clinical duties include facilitation of triage appointments, intake assessments, consultations, referral management, trauma support and individual counseling.
- The case management tasks involve maintaining active relationships with Emory and community treatment providers and Enterprise partners to support a multidisciplinary approach to the clinical care.
- The Clinical Case Manager (CMC) is the liaison with off-campus referral sources and maintains a current referral list of available community providers, treatment facilities, and social service agencies.
- Serves as part of the Daytime Emergency Coverage and After Hours On-call assessment triage process at FSAP, improving immediate access to care and assessment of employees in acute distress. In addition, this CMC will coordinate care, follow-up and planning for clients referred for hospitalization, fitness-for-duty evaluation, and substance abuse treatment requiring monitoring services (as part of credentialing policy and process for impaired physicians and health care professionals) through the FSAP.
- Works with the Professional Health Program (PHP) for the Georgia Composite Medical Board and the Georgia Board of Nursing.
- The CMC will work with Human Resources, Office of General Counsel, School of Medicine Dean's Office and the Administrative Leadership for each of the EHC entities.
- Serves as a professional resource providing education, outreach and consultation to the Emory community, as well as clinical training and supervision as needed. Performs related responsibilities as required.

**ADDITIONAL JOB DUTIES:**

- Strong clinical assessment and diagnostic skills
- Experience with emergency triage and facilitation of inpatient hospitalization
- Strong communication and collaboration skills

**PREFERRED QUALIFICATIONS:** MSW or PhD/PsyD

**MINIMUM QUALIFICATIONS:** A master's degree in psychology, social work or human services field. A doctoral degree
Elks Aidmore, Inc., a 75 year old non-profit agency located in Conyers, Georgia, is one of the fastest growing therapeutic foster care programs in Georgia. To continue the recent success of the expansion program, the agency is recruiting for Intake Coordinator.

The **Intake Coordinator** must have an understanding of the concepts of community-based child welfare and residential services. The Intake Coordinator must be able to work with young people who exhibit varying emotional and behavioral problems. In addition, this individual must be able to effectively relate to clients, foster parents, and parents/custodians of all social, economic, ethnic, cultural and educational backgrounds. To manage referral inquiries using established intake protocols, develop a comprehensive assessment for each referral being considered for placement and identify possible clinical inferences.

The Intake Coordinator position will require an individual with a Master’s Degree in a human services related field and a demonstrated skill in performing the responsibilities of this position. Candidates must possess a high level of interpersonal and written communication skills; have documented training in working with children and adolescents; are skilled in maintaining highly confidential information; have experiential knowledge of management information systems such as GAScore, SHINES and Kaliedacare; and, have the ability to clearly summarize pertinent clinical information via written correspondence and medical records documentation.

West Region Positions

Company: Community Solutions, Inc.
Position: Clinical Supervisor - Multisystemic Therapy (MST), Full Time
Job Location: Albany

Position Description
A highly successful program needs a Therapist!

Community Solutions, Inc. is a non-profit agency providing an evidenced based family therapy program. Our agency is seeking a therapist to join our MST team servicing the Albany, GA area.

Multisystemic Therapy (MST) is a highly researched, community based program with many years of successful outcomes. Community Solutions (CSI) is one of the largest national licensed provider of Multisystemic Therapy. CSI has seen success with MST for over 15 years, expanding into 5 states.

MST has been researched to effectively change the behaviors of adolescents and in turn create hope for juveniles struggling in the juvenile justice and child welfare system. This position allows therapists to work with the multiple systems of the child and create their own treatment plans on a weekly basis. This model gives the therapist the ability to work within the natural ecology of the youth and in turn create long lasting change for the family. The MST therapist has the flexibility of wearing a variety of hats, and truly allows the family to guide the direction of treatment.

MST provides intensive training and supervision to ensure the best outcomes. This program is the epitome of team work. Therapist work individually with families, but have the support of their entire team.

GENERAL FUNCTION:
Provide community based treatment for youth and family with complex clinical, social and educational problems. Over a period of 4 - 6 months services are delivered in homes, neighborhoods, schools and communities. Emphasis is on promoting behavioral change in the youth's natural environment. Family interventions seek to promote the parent's capacity to monitor and discipline the adolescent. Initial family sessions identify the strengths and weaknesses of the youth, his family, peers, school, and other factors. Problems throughout the family are explicitly identified for change, and the strengths of each system are used to facilitate such change.

Full Time with on-call responsibilities

DUTIES
A. Client Services
Employment Opportunity Listings

• Mediate and resolve family problems and handle all emergency situations in a calm manner in accordance with Agency policies and procedures as needed.
• Serve as positive role model following program guidelines for professional conduct and code of ethics.
• Develop and maintain professional boundaries and relations with clients.
• Monitor client behavior and implement Agency behavior management procedures as needed.

B. Program Services/Administration
• Possess knowledge of and adherence to standards of confidentiality, and if applicable Department of Public Health and Addiction Services regulations, Title XIX, CHAMPUXS, Medicare/Medicaid and Managed Care requirements that pertain to Agency programs and client. Provide directions for staff related to mental health issues as requested.
• Complete incident reports as required.
• Establish and maintain positive relationships with colleagues, external agencies, community resources and funding sources.
• Conduct program specific assessment including review of referral information, identifying and engaging key participants, identifying systemic strengths and weaknesses, and developing an analysis of the fit of problem behaviors within the ecological context.
• Engage primary caregiver and other key participants in active change-oriented treatment by identifying and overcoming barriers to engagement.
• Implement a problem conceptualization, treatment planning, intervention implementation, outcome review and strategy revision procedure using the program specific Analytic Process.
• Maintain clear and concise documentation of treatment efforts that promote peer and supervisory review and feedback, and that demonstrate compliance with program specific Principles and the program specific Analytic Process.
• Collaborate with all relevant systems and key participants within each system to ensure their buy-in and cooperation throughout treatment.
• Provide direct clinical treatment using methods compatible with program specific principles and practices.
• Attend weekly clinical supervision and clinical consultation.
• Carry cell phone and participate in 24/7 on-call system.
• Complete data for program Client Management System.
• Expected to complete over 75% of cases with 75% of goals met.

C. Security & Client Supervision
• Recommend program terminations and coordinate in accordance with Agency and referral source policies.
• Ensure collection of urine samples and complete related paperwork and breathalyzer testing as required by contract.

D. Professional Growth & Development
• Complete a Therapist/Counselor Field Visit Before and After form and attend one home visit with Program Director per month.
• Provide Program Director with one audiotape of a home visit per month and a Therapist/Counselor Tape Review Drop-off form for review.
• Increase treatment responsibilities as determined necessary for program needs and as qualified to do so by the Program or Clinical Supervisor.
• Maintain a working knowledge of and abide by the Agency's programs, policies, and procedures.
• Perform other duties as assigned by the supervisor.

QUALIFICATIONS
• A Master's degree in Social Services or related field, plus two (2) years of work experience in social work or clinical treatment. Social Work or other clinical license is preferred.

Preferred Experience:
• Direct use of pragmatic (i.e. structural, strategic and functional) family therapies
• Individual therapy with children and adults using cognitive behavioral techniques
• Marital therapy using behaviorally-based approaches
• Behavioral therapy targeting school behavior and academic performance
• Implementation of interventions within or between systems in the youth's natural ecology that affect or influence the behavior of youth (i.e. family, peer, school, and neighborhood)

Preferred Knowledge:
• Family systems theory and application
• Social ecological theory and application
• Behavioral therapies theory and application
• Cognitive-behavioral therapy theory and application

Other Positions

The Mental Health Service at the VA Puget Sound Health Care System-American Lake Division in Tacoma, WA has an opening currently for a Social Work position (1 Social Worker; GS 9/11) with the Domiciliary Care for Homeless Veterans (DCHV) program. This posting is for current civil service employees. This is a great opportunity to work in a dynamic residential treatment setting with a dedicated interdisciplinary team serving Veterans with multiple mental health, physical, and psychosocial stressors. DCHV is an 18-bed recovery-oriented program with a focus on assisting Veterans in gaining independent housing and helping Veterans to reach vocational goals while increasing stability in mental health, physical health, and substance use recovery needs. Duration of admission is individually identified and varies from three to six months. Program recognizes that Veterans who enter this program have a variety of needs and assists Veterans in rebuilding their lives utilizing services within the residential facility and throughout the VA. Treatment programming is centered on interventions that are evidenced-based and tailored to meet the unique needs of each Veteran. The social worker in this
position will coordinate and manage Veterans care while also providing evidence-based treatment interventions in both individual and group formats. Program is continually developing and innovation is encouraged to increase the quality of care provided.
