Congratulations! You have just taken an important step towards starting your own new business and being in charge of your own destiny. Many people think about starting their own business but, unlike you they do nothing about it. In our opinion, the New Enterprise Incentive Scheme (NEIS) is the best opportunity Eligible people will ever get to start their own new business.

About Training Australia is a NEIS Panel Member (Managing Agent) for the NEIS program which is funded by the Department of Education, Department of Employment and is a Complementary Program to the Job Services Australia.

About Training Australia operates the NEIS program from as far south as Port Macquarie, as far west to Gurya and as far north as Brisbane including all places in between. Our Head Office and administration is located centrally at Tweed Heads but we provide training and mentoring across the region.

Our aim is to work with you to make your business viable. This means earning a net income at least equal to the basic rate of the Newstart Allowance (double the NEIS payment per month) by the end of 39 weeks from NEIS commencement for each participant. Our joint objective should be for you not to return to Centrelink benefits after you start on the NEIS program.

As with all government-funded programs, especially one as good as NEIS, there are certain eligibility criteria to be met. Offers to do the NEIS training are dependent on meeting eligibility guidelines and available places. This information kit explains them in more detail. You can also access additional information from the web page http://employment.gov.au/help-available-and-eligibility-neis. Our own web page www.abouttraining.edu.au will also provide links and allow you to access this free Information and Application Kit. Applications for NEIS can be made at any time so get yours in now to avoid disappointment.

Once we receive your application we will assess it within ten working days. We will advise you of the results and if you are successful and make arrangement for you to commence the NEIS training. We will also provide you with feedback, advice and referrals to helpful contacts, web sites, government departments and publications even if your application is not successful.

We look forward to receiving your application. It may be the best ever opportunity you get to start up your own viable and profitable business to give you the lifestyle, freedom and income you want.

Wishing you every success

Ray & Debbie Weblin

Managing Directors
NEW ENTERPRISE INCENTIVE SCHEME (NEIS)

Thank you for your inquiry about the New Enterprise Incentive Scheme (NEIS), a Complementary Program to Job Services Australia. About Training Australia is a privately owned local company and is a NEIS Panel Member in northern NSW and South-East Queensland. We are contracted by the Department of Education, which funds the NEIS program nationally.

All NEIS applications are assessed for eligibility against the NEIS guidelines at Tweed Heads before distribution to our locally based trainers. Numbers may be limited and selection for NEIS is competitive with applicants needing to meet eligibility criteria. There are several steps between application and acceptance onto NEIS and the process can take some time. Consequently the earlier you can submit your application the better.

Applications must be made in writing on the attached Application Forms or via our website www.abouttraining.edu.au (click the NEIS tab) or emailed to neis@abouttraining.edu.au. Our assessment panel will accept applications at any time and assess them for NEIS training. You will be notified of the outcome of your application as soon as possible.

You should make sure each applicant has signed the Application Forms and that each person’s Jobseeker Identification Number (JSID) is included. If you do not have a JSID you will need to contact your nearest Centrelink office or your Intensive Assistance provider. We must have your JSID to initially check your eligibility for NEIS.

Applications can be posted to:

About Training Australia

Reply Paid 9

Banora Point NSW 2486

Or emailed to: neis@abouttraining.edu.au

Other inquiries can be made to: 1300839055 or 0755230012

Applications for NEIS are taken and assessed continuously so get yours in early.
Benefits of participating in the NEIS program with About Training Australia

The NEIS program gives a marvellous and unique opportunity to eligible people who genuinely want to start their own new business. NEIS has many features and benefits, both practical and financial for each NEIS participant. *NEIS is the best available program to help start your new business!*

- NEIS Allowance is paid fortnightly for up to 39 weeks
- Residential rent assistance (if currently receiving) is paid for up to 26 weeks
- No limit on the earnings or profit you can make from your NEIS business
- Profit from your NEIS business does **not** decrease your NEIS Allowance
- You can earn external income (i.e. a part-time job) of up to double your NEIS allowance **per week** (averaged) per NEIS participant without decreasing your NEIS Allowance (provided you are still working full-time on your NEIS business)
  - Free six week accredited small business management course with flexible delivery including classroom and correspondence (worth $‘000’s)
- Free mentor support and advice for one year (invaluable)
- No repayment obligations provided NEIS Agreement conditions are met
- Low risk start up with free advice and support
- Participants on the training course go onto a 13 week Approved Activity which meets Centrelink job search criteria
- Once on the NEIS Allowance you are self-employed

*Compare trying to start a business without NEIS and you will see the difference!*

*Your target is to establish a viable and successful business that will provide you with an income equivalent (and higher) than your current Centrelink benefit. This means your aim is not to return to these benefits after commencing on the NEIS Allowance.*
The NEIS Selection Process

The NEIS selection process is generally outlined below.

1. Applications for NEIS are invited and Information/Application Kits are available from our website www.abouttraining.edu.au (click the NEIS tab).

2. Completed applications are forwarded to the Head Office of About Training Australia or sent in by email to neis@abouttraining.edu.au

3. About Training Australia assesses all applications, based on information provided in the application or at interview, and selects those that in their opinion best meet eligibility criteria and appear likely to be commercially viable. This process is competitive and subject to place availability.

4. The most highly ranked business applicants are offered a provisional place on the six-week small business course “Certificate IV in Small Business Management” at the closest local training venue or selectively by correspondence. The training offer is confirmed after comprehensive information about the NEIS program is provided to you and a final offer made. Recognition of Prior Learning is available.

5. Prospective NEIS participants successfully complete course requirements and a comprehensive Business Plan for their business. Participants need to continue to meet NEIS personal and business eligibility criteria until such time as they commence on the NEIS Allowance. A minimum of 50% of NEIS business partners must complete the training course (i.e. 1 of 2; 2 of 3 etc)

6. Eligibility and commercial viability are then assessed and a recommendation to The Department as to which businesses should be approved for the NEIS Allowance is made.

7. The Department has final approval authority after considering our recommendations. The Department then approves or rejects recommendations. The Department agrees to a NEIS Allowance start date for prospective NEIS participants whose plans have been approved.

8. The Department signs contracts with approved participants and arranges for payment of NEIS Allowance (or Parenting Payment Single or Disability Support Pension) as appropriate.

9. Participants commence on NEIS Allowance and start work full-time on their business.

10. About Training Australia provides mentor support and ongoing assistance for up to 12 months, collects financial information monthly and quarterly, reports on external income and assesses and monitors business performance. Participants must continue to meet NEIS Agreement conditions.

Participants must be ready to start operating their NEIS business full-time (The Department defines 35 hours per week as full-time) from the day they commence on NEIS Allowance. NEIS Allowance is paid fortnightly in arrears. NEIS Allowance is income tested and if a participant’s external income (i.e. part-time work not the NEIS business income) exceeds the threshold of twice the basic rate of NEIS Allowance for the quarter, then the NEIS Allowance is suspended for the following quarter.
Applicants who are selected to undertake the NEIS training are not automatically guaranteed the NEIS Allowance. Approval for NEIS Allowance will be subject to the commercial viability of the business plan submitted, the availability of funds, meeting eligibility criteria and final approval by The Department. Centrelink returns noting that an Approved Activity is being undertaken continue to be submitted during the training course. Approved Activity terminates on early withdrawal from the course.
Further Information about NEIS

The internet site http://employment.gov.au/help-available-and-eligibility-neis provides additional information about the NEIS program and eligibility guidelines. Particular note should be taken of the business eligibility criteria of the program. Businesses operating in any way, franchises and the takeover of an existing business do not meet the eligibility requirements for NEIS. NEIS assists eligible jobseekers that have an idea for a viable new small business to establish their self-employment venture. New places may be limited and eligibility alone does not guarantee acceptance into the program. However we look at every application positively and will discuss all options with you.

There are many different allowances paid through Centrelink that are eligible for NEIS. There is no minimum Centrelink registration period (register today, apply tomorrow) for NEIS. You must be registered as looking for work to obtain a Jobseeker Identification Number and have a valid Centrelink Customer Reference Number to be eligible.

Completion of the Nationally accredited NEIS training course “Certificate IV in Small Business Management is a prerequisite for acceptance onto the NEIS Allowance. A minimum of 50% of partners in the business must complete the training. The full time course usually runs over a six week period. It is a combination of classroom based training, one to two days a week and home study, research and preparation of the business plan for the rest of the time. A detailed business plan will be prepared during the course. The business plan will be assessed against all specific business eligibility criteria (as detailed in NEIS business eligibility) including assessment of the commercial viability of the business. The business plan needs to demonstrate that the business will be commercially viable by the end of the NEIS assistance. This means the business plan must demonstrate that by the end of the NEIS Allowance period (39 weeks) there is a strong likelihood of the business providing a net income at least equal to the basic rate of Newstart Allowance. This applies to each NEIS participant.

Topics covered in the course include business research and planning, law and tax, marketing, pricing, costing, break even, finance, performance indicators, operations planning, record keeping, profit and loss, cash flow and business plan preparation. Recognition of Prior Learning is available and if you would like this to be considered please discuss it with us prior to the commencement of training. Certificates and Statements of Attainment from Registered Training Organisations must be provided to be recognised. Although the training course and business plan is a prerequisite for the NEIS Allowance, Certificate IV Small Business Management is a standalone qualification.

The elapsed time from commencement on the course to signing on to the NEIS Allowance is usually about 10 weeks. Prospective NEIS Participants must continue to meet individual and business eligibility criteria during this period. The Job Services provider you are registered with will need to refer you to About Training Australia NEIS panel member.

Until approval to commence on the NEIS Allowance is given by The Department it is not a requirement for prospective participants to have incurred costs and for example leased premises or taken out loans. These costs however, need to be identified and all relevant business costs need to be included in the business plan. Approval may be subject to certain conditions such as providing evidence of appropriate business insurance, qualifications, licenses, Council Approval or Development Application approval.
NEIS Eligibility Criteria

Like anything of real value there are certain criteria that have to be met. There are two key areas of eligibility, Business Eligibility and Job Seeker Eligibility. The eligibility criteria for these are listed below.

Business Eligibility Criteria means those criteria relating to a business which:

A) have not operated on a commercial basis;

N.B. Proposed NEIS businesses must not have commenced operating the business in any way before approval for NEIS Assistance. Information in the NEIS Application needs to support the business idea as not operating. The business will not meet the eligibility criteria if it has been operating in any way, if it appears to be operating via internet search engines, has made any sales or you have operated the same or similar business previously e.g.

- The business has commenced commercial operation.
- The activity is undertaken in a businesslike manner.
- There is a reasonable expectation of profit.
- The business is of reasonable commercial size in comparison with other businesses in the same field.
- There is a repetition and continuity of activity;
- There is a commercial relationship with customers.

Some jobseekers have potential income producing hobbies, supplement their income by low volume sales/business activities this may be seen as already operating.

B) will be independent, capable of withstanding public scrutiny and lawful;

The NEIS policy and guidelines will not accept any businesses which are philosophical or metaphysical in any way e.g. psychic related businesses such as tarot card reading etc.

C) has been assessed as commercially viable by the NEIS Provider and is subsequently approved by The Department;

Commercially Viable means the NEIS business must be able to demonstrate the likelihood of providing a net income at least equal to the single, 21 or over, no children rate of Newstart Allowance by the end of 39 weeks from NEIS Commencement for each Participant in the business

D) is not based on the purchase or takeover of an existing business;

E) will not compete directly with an existing business unless it can be demonstrated that there is an unsatisfied demand for the product or service, or the product or service is to be provided in a new way.

F) Eligible Job Seeker means a person identified by Centrelink who:

- Is a Job Services Australia job seeker; and who;
- Will be at least 18 years of age at the time of signing a NEIS Participant Agreement;
- Is available to participate in NEIS training and work full time in the business;
• Is in receipt of an allowance specified by The Department as NEIS eligible (of which there are many so please check with Centrelink or your Job Services Australia provider about your eligibility);
• Is not an undischarged bankrupt;
• agrees to hold and maintain a controlling interest in the business during the terms of their NEIS Participant Agreement; and
• Has not received NEIS assistance in the previous 2 years and has not received NEIS Assistance previously for a similar business activity.

Call us if you are unsure about any of these eligibility criteria.

**Helpful sites**

Listed below are some helpful internet sites. You can also find their telephone numbers in the White or Yellow Pages and many have offices that you can visit for further information.

Remember, you can apply for NEIS anytime, the sooner the better.

**Applications for our next training courses are being accepted right now.**
