The field of accounting is dynamic, exciting, growing and currently in need of paraprofessionals. The Accounting program seeks to meet this need by preparing students for various entry-level accounting positions in governmental agencies, private and public corporations, and small business firms.

Graduates can begin their career as junior accountants, assistant auditors, bookkeepers, or accounting clerks. Recent graduates have obtained positions with the State of New Jersey, The Clark Group, The Mercadien Group, Bell Atlantic, Congoleum Corporation, the City of Trenton, Educational Testing Service, and AGFA Division of Miles.

Courses offered include income taxation, not-for-profit accounting, auditing, and cost accounting. Successful graduates of the program will be able to:
- perform all the steps of the accounting cycle for sole proprietorships, partnerships, and corporations;
- compute and record financial transactions that are unique to governmental and not-for-profit institutions such as hospitals, colleges, and universities;
- analyze financial statements, prepare managerial reports, and suggest appropriate actions to alleviate or eliminate problems;
- implement an effective system of internal control;
- utilize the computer to record accounting information and perform spreadsheet analysis;
- research printed and electronic resources, evaluate the quality of the information, and report findings orally and/or in written reports.

Students may study full-time or part-time. Most courses are offered both day and evening; advanced accounting courses may be offered only at night.

For students who already possess a qualified baccalaureate or higher degree and are considering sitting for the CPA (Certified Public Accountant) Examination, see the CPA Education Compliance certificates on the following page.

Admission to the program requires a high school diploma or its equivalent.

NOTE: All program listings are subject to periodic updates. Please consult your program advisor, academic division, or www.mccc.edu/programs_degree
