EXAM DAY INFORMATION

Admission Ticket
Approximately two to three weeks prior to the exam date, candidates will be sent an email admission ticket (eticket) from ISACA. Admission tickets are sent via email to the current email address on file. In order to receive an admission ticket, all fees must be paid. Exam candidates can also download a copy of the admission ticket at www.isaca.org > MyISACA page of the website. Tickets will indicate the date, registration time and location of the exam, as well as a schedule of events for that day and a list of materials that candidates must bring with them to take the exam. Candidates are not to write on the admission ticket. Candidates can use their admission ticket (either a printout of their e-ticket or their downloaded ticket) only at the designated test center.

Identification on Exam Day
Candidates will be admitted to the test center only if they have a valid admission ticket and an acceptable form of identification (ID). An acceptable form of ID must be a current and original government-issued ID that contains the candidate’s name, as it appears on the admission ticket, and the candidate’s photograph. The information on the ID cannot be handwritten. All of these characteristics must be demonstrated by the single piece of ID provided. Examples include, but are not limited to, a passport, driver’s license, military ID, state ID, green card and national ID. Any candidate who does not provide an acceptable form of ID will not be allowed to sit for the exam and will forfeit his/her registration fee. IDs will be checked during the exam administration.

Only candidates with an admission ticket and an acceptable government-issued ID will be admitted to take the exam, and the name on the admission ticket must match the name on the government-issued ID. If candidates’ mailing and/or email addresses change, they should update their profile on the ISACA website (www.isaca.org) or contact exam@isaca.org.

Arrival Time For Exam
It is imperative that candidates note the specific registration and exam times on their admission ticket. NO CANDIDATE WILL BE ADMITTED TO THE TEST CENTER ONCE THE CHIEF EXAMINER BEGINS READING THE ORAL INSTRUCTIONS, APPROXIMATELY 30 MINUTES BEFORE THE EXAM BEGINS. Any candidate who does not attend the exam or arrives after the oral instructions have begun will not be allowed to sit for the exam and will forfeit his/her registration fee. An admission ticket can only be used at the designated test center specified on the admission ticket. To ensure that you arrive in plenty of time for the exam, we recommend that you become familiar with the exact location and the best travel route to your exam site prior to the date of the exam. Test center telephone numbers and web site references have been provided (when available) to assist you in obtaining directions to the facility.

ISACA will not assume responsibility for stolen, lost or damaged personal property. To review the Personal Belongings Policy, please visit www.isaca.org/cisabelongings, www.isaca.org/cismbelongings, www.isaca.org/cgeitbelongings, or www.isaca.org/criscbelongings. Personal items brought to the exam site and stored in the belongings area of the testing center may not be accessed until the exam candidate has completed and submitted his/her exam. Any items stored in this area will not be guarded.

Taking the Exam/Types of Questions on the Exams

Exam questions are developed with the intent of measuring and testing practical knowledge and the application of general concepts and standards. All questions are designed with one best answer.

Every question has a stem (question) and four options (answer choices). The candidate is asked to choose the correct or best answer from the options. The stem may be in the form of a question or incomplete statement. In some instances, a scenario may also be included. These questions normally include a description of a situation and require the candidate to answer two or more questions based on the information provided. The candidate is cautioned to read each question carefully. An exam question may require the candidate to choose the appropriate answer based on a qualifier, such as MOST likely or BEST. In every case, the candidate is required to read the question carefully, eliminate known incorrect answers and then make the best choice possible. To gain a better understanding of the types of questions that might appear on the exam and how these questions are developed, refer to the Item Writing Guide available at www.isaca.org/itemwriter. Representations of CISA exam questions are available at www.isaca.org/cisaassessment. CISM exam questions are available at www.isaca.org/cismassessment.

Conduct Oneself Properly

- To protect the security of the exam and maintain the validity of the scores, candidates are asked to sign the answer sheet.
- The respective ISACA Certification Working Group reserves the right to disqualify any candidate who is discovered engaging in any kind of misconduct or violation of exam rules, including but not limited to giving or receiving help; using notes, papers or other aids; attempting to take the exam for someone else; using any type of communication, surveillance or recording device during the exam administration, removing test materials or notes from the test center or attempting to share test questions or answers or other information contained in the exam (as such are the confidential information of ISACA). The testing agency will provide the respective ISACA Certification Working Group with records regarding such irregularities for review and to render any decision necessary.

Be Careful in Completing the Answer Sheet

- Before a candidate begins the exam, the test center chief examiner will read aloud the instructions for entering identification information on the answer sheet. A candidate’s identification number as it appears on the admission ticket and all other requested information must be correctly entered or scores may be delayed or incorrectly reported.
- A proctor speaking the primary language used at each test center is available. If a candidate desires to take the exam in a language other than the primary language of the test center, the proctor may not be conversant in the language chosen. However, written instructions will be available in the language of the exam.
- A candidate is instructed to read all instructions carefully and understand them before attempting to answer the questions. Candidates who skip over the directions or read them too quickly could miss important information and possibly lose credit.
- All answers are to be marked in the appropriate circle on the answer sheet. Candidates must be careful not to mark more than one answer per question and to be sure to answer a question in the appropriate row of answers. If an answer needs to be changed, a candidate is urged to erase the wrong answer fully before marking in the new one.
- All questions should be answered. There are no penalties for incorrect answers. Grades are based solely on the number of questions answered correctly, so do not leave any questions blank.
- After completion, candidates are required to hand in their answer sheet and test booklet.

Budget One’s Time

- The exam is four hours in length. Candidates are advised to pace themselves to complete the entire exam.
- Candidates are urged to immediately record their answers on the answer sheet. No additional time will be allowed after the exam time has elapsed to transfer or record answers should a candidate mark answers in the test booklet. The exam will be scored based on the answer sheet recordings only.
Exam Day Comments
ISACA utilizes an internationally recognized professional testing agency to assist the construction, administration and scoring of the exams.

At the conclusion of the testing session, there is a test administration questionnaire at the back of the examination booklet. Data collected from this questionnaire is used by the testing agency to monitor the quality of the test administration arrangements and services.

Candidates who wish to address any comments or concerns about the examination administration, including candidate exam day issues, site conditions or the content of the exam, should contact ISACA international headquarters by letter or by email (exam@isaca.org). Please include the following information in your comments: exam ID number, testing site, date tested and any relevant details on the specific issue. Only those comments received by ISACA during the first 2 weeks after the exam administration will be considered in the final scoring of the exam. Appeals undertaken by a certification exam taker, certification applicant or by a certified individual are undertaken at the discretion and cost of the exam taker, applicant or individual.

POST EXAM INFORMATION:

Scoring the Exams
The ISACA exams consists of multiple-choice items. Candidate scores are reported as a scaled score. A scaled score is a conversion of a candidate’s raw score on an exam to a common scale. ISACA uses and reports scores on a common scale from 200 to 800. For example, the scaled score of 800 represents a perfect score with all questions answered correctly; a scaled score of 200 is the lowest score possible and signifies that only a small number of questions were answered correctly. A candidate must receive a score of 450 or higher to pass the exam. A score of 450 represents a minimum consistent standard of knowledge. A candidate receiving a passing score may then apply for certification if all other requirements are met.

The exams contain some questions which are included for research and analysis purposes only. These questions are not separately identified and not used to calculate your final score.

Approximately five weeks for CISA/CISM and eight weeks for CGEIT/CRISC after the test date, the official exam results will be mailed to candidates. Additionally, with the candidate’s consent during the registration process, an email notification containing the candidate’s pass/fail status and score will be sent to the candidate. This email notification will only be sent to the address listed in the candidate’s profile at the time of the initial release of the results. To ensure the confidentiality of scores, exam results will not be reported by telephone or fax. To prevent email notification from being sent to spam folders, candidates should add exam@isaca.org to their address book, whitelist or safe-senders list. Once released, scores will also be available in the ISACA constituent profile at the MyISACA > MyCertifications page of the ISACA website.

Candidates will receive a score report containing a subscore for each domain area. Successful candidates will receive, along with a score report, details on how to apply for certification.

The subscores can be useful in identifying those areas in which the unsuccessful candidate may need further study before retaking the exam. Unsuccessful candidates should note that the total scaled score cannot be determined by calculating either a simple or weighted average of the subscores.

Candidates receiving a failing score on the exam may request a hand score of their answer sheets. This procedure ensures that no stray marks, multiple responses or other conditions interfered with computer scoring. Candidates should understand, however, that all scores are subjected to several quality control checks before they are reported; therefore, rescores most likely will not result in a score change. Requests for hand scoring must be made in writing to the certification department within 90 days following the release of the exam results. Requests for a hand score after the deadline date will not be processed. All requests must include a candidate’s name, exam identification number and mailing address. A fee of US $75 must accompany each request.

Passing the exam does not grant the designation. Candidates have five years from the passing date to apply for certification. To become certified, each exam passer must complete requirements including submitting an application for certification. Candidates receiving a score less than 450 have not passed and can retake the exam by registering and paying the exam registration fee for the future administration. There are no limits to how many times a candidate can take the exam.

ISACA Code of Professional Ethics
ISACA sets forth a Code of Professional Ethics to guide the professional and personal conduct of members of the association and/or its certification holders. Members and certifieds are required to abide by the Code. Failure to comply with this Code of Professional Ethics can result in an investigation into a member’s and/or certification holder’s conduct and, ultimately, in disciplinary measures. The ISACA Code of Professional Ethics can be viewed online at www.isaca.org/ethics.
Confidentiality
By taking an ISACA Exam, the candidate understands and agrees that the Exam (which includes all aspects of the exam, including, without limitation, the test questions, answers, examples and other information presented or contained in the exam and exam materials) belongs to ISACA and constitutes ISACA's confidential information (collectively, “Confidential Information”). The candidate agrees to maintain the confidentiality of ISACA's Confidential Information at all times and understands that any failure to maintain the confidentiality of ISACA's Confidential Information may result in disciplinary action against the candidate by ISACA or other adverse consequences, including, without limitation, nullification of his/her exam, loss of his/her credentials, and/or litigation. Specifically, the candidate understands that he/she may not, for example, discuss, publish or share any exam question(s), his/her answers or thoughts on any questions(s) or the exam’s format in any forum or media (i.e., via e-mail, Facebook, LinkedIn).
