HP LaserJet Pro MFP M125nw

This affordable HP LaserJet Pro MFP is easy to install and delivers crisp, clear documents. Print, copy, and scan with one, compact device that fits neatly into small office spaces.

Extend your printing reach
• Spread printing across the office. Set up anywhere with built-in wireless printing.1
• Keep up with the pace of business—print, copy, and scan at high speeds.

Print on your terms
• Print from virtually anywhere—using your smartphone, tablet, and PC—with Apple® AirPrint™.2
• Connect to your wireless printer in a snap, using wireless direct printing.1
• Print from your mobile device with built-in print capability or HP ePrint app and software.3

Handle the essentials
• Speed through document tasks. Set the pace for success with an MFP that prints, copies, and scans—fast.
• Easily copy both sides of a two-sided ID or other small document onto the front of a single-page.
• Just start printing, quick and easy—with the simple control panel.

1 An app or driver may be required to use HP wireless direct. For more information, see hpconnected.com. Wireless performance is dependent on physical environment and distance from access point.
2 Supports OS X® Lion, OS X Mountain Lion and the following devices running iOS 4.2 or later: iPad® (all models), iPhone® (3GS or later) and iPod touch® (third generation or later). Works with HP’s AirPrint-enabled printers and requires the printer be connected to the same network as your OS X or iOS device. Wireless performance is dependent on physical environment and distance from access point. OS X, iPad, iPhone, and iPod touch are trademarks of Apple® Inc., registered in the United States and other countries. AirPrint™ and the AirPrint logo are trademarks of Apple Inc.
3 Local printing requires mobile device and printer to be on the same network or have a direct wireless connection to printer. Wireless performance is dependent upon physical environment and distance from access point. Wireless operations are compatible with 2.4 GHz operations only. Remote printing requires an internet connection to a HP web-connected printer. App or software may also be required. Wireless broadband use requires separately purchased service contract for mobile devices. Check with service provider for coverage and availability in your area. See hp.com/go/mobileprinting for more details.
4 Wireless performance is dependent on physical environment and distance from the printer.

# 1 Measured using IS0/IEC 19752 and continuous print. Actual yields vary considerably depending on the system configuration, software, driver, and document complexity.
# 2 Duty cycle is defined as the maximum number of pages per month of typical output. This value provides a comparison of product robustness in relation to other HP LaserJet or HP Color LaserJet devices, and enables appropriate deployment of printers and MFPs to satisfy the demands of connected individuals or groups.
# 3 HP recommends that the number of pages per month of imaged output be within the stated range for optimum performance, based on factors such as supplies usage, replacement intervals and device life over an extended warranty period.
# 4 Driver only installs supported on: Windows Server 2008 R2; Windows Server 2008 (Standard Edition), Windows Server 2008 (Enterprise Edition)
# 5 Excellent wide-format printer with a 3-year warranty and a 150 MB memory slot on Board. For the following countries, please fax your queries to: (65) 6275 6707
