This announcement is issued pursuant to Rule 13.09 and 37.47B of the Rules Governing the Listing of the Securities on The Stock Exchange of Hong Kong Limited and under Part XIVA of the Securities and Futures Ordinance (Cap. 571).

Our controlling shareholder, Wynn Resorts, Limited has, on or about 6 May 2016 (1:15 p.m., Las Vegas time), released its unaudited results for the first quarter ended 31 March 2016.

This announcement is issued by Wynn Macau, Limited (“we” or our “Company”) pursuant to Rule 13.09 and 37.47B of the Rules Governing the Listing of the Securities on The Stock Exchange of Hong Kong Limited and under Part XIVA of the Securities and Futures Ordinance (Cap. 571).

Our Company’s controlling shareholder, Wynn Resorts, Limited, is a company listed on the National Association of Securities Dealers Automated Quotations (“NASDAQ”) Global Select Market in the United States. As at the date of this announcement, Wynn Resorts, Limited beneficially owns approximately 72% of the issued share capital of our Company.

Reference is made to our announcement on 6 May 2016 (the “WRL Earnings Release Announcement”) in respect of the release by our controlling shareholder, Wynn Resorts, Limited, of its unaudited financial results for the first quarter ended 31 March 2016. Unless otherwise defined in this announcement, terms defined in the WRL Earnings Release Announcement have the same meaning when used in this announcement.

* For identification purposes only.
Further to the WRL Earnings Release Announcement, Wynn Resorts, Limited has, on or about 6 May 2016, 1:15 p.m., Las Vegas time, released its quarterly report with unaudited financial results for the first quarter ended 31 March 2016. (“WRL Quarterly Report”). If you wish to review the WRL Quarterly Report prepared by Wynn Resorts, Limited and as filed with the U.S. Securities and Exchange Commission, please visit http://www.sec.gov/Archives/edgar/data/1174922/000117492216000181/0001174922-16-000181-index.htm. The WRL Quarterly Report contains segment financial information about Wynn Resorts, Limited’s Macau operations, which are owned by our Company. The WRL Quarterly Report is also available in the public domain.

The financial results of Wynn Resorts, Limited, including those contained in the WRL Quarterly Report, have been prepared in accordance with the Generally Accepted Accounting Principles of the United States (“US GAAP”), which are different from the International Financial Reporting Standards (“IFRS”) that we use to prepare and present our financial information. As such, the financial information in the WRL Quarterly Report is not directly comparable to the financial results our Company discloses. In particular, Average Daily Rate (“ADR”) and Revenue Per Available Room (“REVPAR”) as presented in the WRL Quarterly Report are based on room revenues as reported under US GAAP, which include associated promotional allowances within room revenues. Under US GAAP, promotional allowances are deducted from gross revenues in presenting net revenue. Under IFRS, room revenues exclude such promotional allowances. Consequently, we offer no indication or assurance that the financial results of our Group for the first quarter ended 31 March 2016 will be the same as that presented in the WRL Quarterly Report. In the WRL Earnings Release Announcement, we announced our unaudited financial results for the first quarter ended 31 March 2016 prepared in accordance with IFRS.

To ensure that all shareholders and potential investors of our Company have equal and timely access to the information pertaining to our Company, set forth below are the key highlights of financial information and other information published by Wynn Resorts, Limited in the WRL Quarterly Report that relate to our Company and our operations in Macau (unless otherwise provided, all dollar amounts in the WRL Quarterly Report are denominated in United States dollars), some of which may constitute material inside information of the Company:
Note 2 — Summary of Significant Accounting Policies

Restricted Cash

At March 31, 2016 and December 31, 2015, the Company’s non-current restricted cash consisted of cash held in trust in accordance with the Company’s majority owned subsidiary’s share award plan.

Note 7 — Property and Equipment, net

Construction in progress consists primarily of costs capitalized, including interest, for the construction of Wynn Palace and Wynn Boston Harbor.

Note 8 — Long-Term Debt

Long-term debt consisted of the following (in thousands):

Wynn Macau Credit Facilities

The Company’s credit facilities include a $2.27 billion equivalent fully funded senior secured term loan facility and a $750 million equivalent senior secured revolving credit facility (the “Wynn Macau Senior Revolving Credit Facility”). As of March 31, 2016, the Company had $168.5 million of available borrowing capacity under the Wynn Macau Senior Revolving Credit Facility.

Note 9 — Interest Rate Swaps

The Company seeks to manage its market risk, including interest rate risk associated with variable rate borrowings, through balancing fixed-rate and variable-rate borrowings with the use of derivative financial instruments. The Company currently has three interest rate swap agreements which convert a portion of its variable-rate borrowings under the Wynn Macau Senior Term Loan Facility to a fixed rate. Under the agreements, the Company pays a fixed interest rate on notional amounts corresponding to borrowings in exchange for receipts on the same amount at a variable interest rate based on the applicable LIBOR or HIBOR at the time of payment. The fair value of the interest rate swaps are recognized as assets or liabilities at each balance sheet date, with changes in fair value affecting net income as these agreements do not qualify for hedge accounting. Accordingly, changes in the fair value of the interest rate swaps are presented in the accompanying Consolidated Statements of Operations.

Note 12 — Noncontrolling Interest

On March 31, 2015, WML paid a dividend of HK$1.05 per share for a total of $702.6 million.

Note 14 — Commitments and Contingencies

Cotai Development and Land Concession Contract

In September 2011, Wynn Resorts (Macau) S.A. (“Wynn Macau SA”), an indirect subsidiary of WML, and Palo Real Estate Company Limited (“Palo”), a subsidiary of Wynn Macau SA, formally accepted the terms and conditions of a land concession contract from the Macau government for approximately 51 acres of land in the Cotai area of Macau. On May 2, 2012, the land concession contract was gazetted by the government of Macau evidencing the final step in the granting of the land concession. The initial term of the land concession contract is 25 years from May 2, 2012, and it may be renewed with government approval for successive periods. The total land premium payable, including interest as required by the land concession contract, is $193.4 million. An initial payment of $62.5 million was paid in December 2011, with eight additional semi-annual payments of approximately $16.4 million each (which includes interest at 5%) due beginning November 2012. As of March 31, 2016 and December 31, 2015, the remaining $16.0 million obligation was recorded as a current liability. The Company also is required to make annual lease payments of $0.8 million during the resort construction period and annual payments of approximately $1.1 million once the development is completed.
On July 29, 2013, Wynn Macau SA and Palo, executed a guaranteed maximum price construction (“GMP”) contract with Leighton Contractors (Asia) Limited, acting as the general contractor. Under the GMP contract, the general contractor is responsible for both the construction and design of the Wynn Palace project. The general contractor is obligated to substantially complete the project in the first half of 2016 for a guaranteed maximum price of HK$20.6 billion (approximately $2.7 billion). The performance of the general contractor is backed by a full completion guarantee given by CIMIC Group Limited (formerly Leighton Holdings Limited), the parent company of the general contractor, as well as a performance bond for 5% of the guaranteed maximum price. We have assessed certain liquidated damages for the general contractor’s failure to complete certain interim milestones in accordance with the time prescribed in the GMP contract. The general contractor has requested the reversal of liquidated damages, additional compensation and extensions of time. We view our assessment of liquidated damages as fully supported by the terms of the GMP contract and we view the general contractor’s requests as unfounded and intend to adhere to the terms of the GMP contract as agreed with the general contractor. The Company expects to open the property in the third quarter of 2016.

As of March 31, 2016, the Company has incurred approximately $3.7 billion of the approximately $4.2 billion total project budget costs. The total project budget includes all construction costs, capitalized interest, pre-opening expenses, land costs and financing fees.

Litigation

In addition to the actions noted below, the Company and its affiliates are involved in litigation arising in the normal course of business. In the opinion of management, such litigation is not expected to have a material effect on the Company’s financial condition, results of operations or cash flows.

Litigation Commenced by Kazuo Okada

Macau Action:

On July 3, 2015, WML announced that the Okada Parties filed a complaint in the Court of First Instance of Macau (“Macau Court”) against Wynn Macau SA and certain individuals who are or were directors of Wynn Macau SA and or WML (collectively, the “Wynn Macau Parties”). The principal allegations in the lawsuit are that the redemption of the Okada Parties’ shares in Wynn Resorts was improper and undervalued, that the previously disclosed payment by Wynn Macau SA to an unrelated third party in consideration of relinquishment by that party of certain rights in and to any future development on the land in Cotai where Wynn Resorts is building Wynn Palace was unlawful and that the previously disclosed donation by Wynn Resorts to the University of Macau Development Foundation was unlawful. The plaintiffs seek dissolution of Wynn Macau SA and compensatory damages. The Okada Parties recently released one of the defendants from the lawsuit. The Macau Court has served the complaint on all of the remaining defendants and the Wynn Macau Parties are in the process of preparing a response.
The Company believes these actions commenced by the Okada Parties discussed above are without merit and will vigorously defend the Wynn Macau Parties against them. Management has determined that based on proceedings to date, it is currently unable to determine the probability of the outcome of these actions or the range of reasonably possible loss, if any.

Note 15 — Income Taxes

Wynn Macau SA has received a 5-year exemption from Macau’s Complementary Tax on casino gaming profits through December 31, 2020. During the three months ended March 31, 2016 and 2015, the Company was exempt from the payment of $11.3 million and $13.8 million, respectively, in such taxes. The Company’s non-gaming profits remain subject to the Macau Complementary Tax and casino winnings remain subject to the Macau Special Gaming tax and other levies together totaling 39% in accordance with its concession agreement.

In 2011, Wynn Macau SA entered into an agreement with the Macau Special Administrative Region that provides for an annual payment of 15.5 million Macau patacas (approximately $1.9 million) to the Macau Special Administrative Region as complementary tax due by shareholders on dividend distributions. This agreement on dividends was effective through December 31, 2015. In June 2015, Wynn Macau SA applied for an extension of the agreement for an additional five years effective through December 31, 2020.

In April 2016, the Financial Services Bureau commenced an examination of the 2011 and 2012 Macau income tax returns of Palo. Since the examination is in its initial stages, the Company is unable to determine if it will conclude within the next 12 months. The Company believes that its liability for uncertain tax positions is adequate with respect to these years.

Note 16 — Segment Information

The Company reviews the results of operations for each of its operating segments. Wynn Macau and Encore at Wynn Macau are managed as a single integrated resort and have been aggregated as one reportable segment (“Macau Operations”).

Other Macau primarily represents cash and cash equivalents held at the Company’s Macau holding company. The following tables present the Company’s segment information (in thousands):

<table>
<thead>

</table>
(1) “Adjusted Property EBITDA” is net income before interest, taxes, depreciation and amortization, pre-opening costs, property charges and other, management and license fees, corporate expenses and other (including intercompany golf course and water rights leases), stock-based compensation, loss on extinguishment of debt, change in interest rate swap fair value, change in Redemption Note fair value and other non-operating income and expenses, and includes equity in income from unconsolidated affiliates. Adjusted Property EBITDA is presented exclusively as a supplemental disclosure because management believes that it is widely used to measure the performance, and as a basis for valuation, of gaming companies. Management uses Adjusted Property EBITDA as a measure of the operating performance of its segments and to compare the operating performance of its properties with those of its competitors. The Company also presents Adjusted Property EBITDA because it is used by some investors as a way to measure a company’s ability to incur and service debt, make capital expenditures and meet working capital requirements. Gaming companies have historically reported EBITDA as a supplement to financial measures in accordance with U.S. GAAP. In order to view the operations of their casinos on a more stand-alone basis, gaming companies, including Wynn Resorts, Limited, have historically excluded from their EBITDA calculations pre-opening expenses, property charges, corporate expenses and stock-based compensation that do not relate to the management of specific casino properties. However, Adjusted Property EBITDA should not be considered as an alternative to operating income as an indicator of the Company’s performance, as an alternative to cash flows from operating activities as a measure of liquidity, or as an alternative to any other measure determined in accordance with GAAP. Unlike measures of net income, Adjusted Property EBITDA does not include depreciation or interest expense and therefore does not reflect current or future capital expenditures or the cost of capital. The Company has significant uses of cash flows, including capital expenditures, interest payments, debt principal repayments, taxes and other non-recurring charges, which are not reflected in Adjusted Property EBITDA. Also, Wynn Resorts’ calculation of Adjusted Property EBITDA may be different from the calculation methods used by other companies and, therefore, comparability may be limited.

**Note 17 — Subsequent Events**

On April 27, 2016, WML paid a dividend of HK$0.60 per share for a total of $401.9 million. The Company’s share of this dividend was $290.1 million with a reduction of $111.8 million to noncontrolling interest in the accompanying Consolidated Balance Sheet.
Item 2. Management’s Discussion and Analysis of Financial Condition and Results of Operations

Overview

We are a developer, owner and operator of destination casino resorts (integrated resorts). In the Macau Special Administrative Region of the People’s Republic of China (“Macau”), we own 72% of Wynn Macau, Limited and operate Wynn Macau and Encore at Wynn Macau, which we refer to as Wynn Macau | Encore or as our Macau Operations.

We are developing Wynn Palace, an integrated casino resort in the Cotai area of Macau, as well as Wynn Boston Harbor, an integrated casino resort in Everett, Massachusetts.

Macau Operations

We operate Wynn Macau | Encore under a 20-year casino concession agreement granted by the Macau government in June 2002. We lease from the Macau government approximately 16 acres of land in downtown Macau’s inner harbor where Wynn Macau | Encore is located.

Wynn Macau | Encore features the following as of April 15, 2016:

- Approximately 284,000 square feet of casino space offering 24-hour gaming and a full range of games with 488 table games and 774 slot machines, private gaming salons, sky casinos and a poker pit;
- Two luxury hotel towers with a total of 1,008 guest rooms and suites;
- Casual and fine dining in eight restaurants;
- Approximately 57,000 square feet of high-end, brand-name retail shopping, including stores and boutiques by Bvlgari, Cartier, Chanel, Dior, Dunhill, Ermenegildo Zegna, Ferrari, Giorgio Armani, Graff, Gucci, Hermes, Hugo Boss, Jaeger-LeCoultre, Loro Piana, Louis Vuitton, Miu Miu, Piaget, Prada, Richard Mille, Roger Dubuis, Rolex, Tiffany, Vacheron Constantin, Van Cleef & Arpels, Versace, Vertu, and others;
- Approximately 31,000 square feet of space for lounges and meeting facilities;
- Recreation and leisure facilities, including two health clubs, spas, a salon and a pool; and
- A rotunda show featuring a Chinese zodiac-inspired ceiling along with gold “prosperity tree” and “dragon of fortune” attractions.

In response to our evaluation of our Macau Operations and our commitment to creating a unique customer experience, we have made and expect to continue to make enhancements and refinements to this resort.
Future Development

We are currently constructing Wynn Palace, an integrated resort containing a 1,700-room hotel, a performance lake, and a wide range of amenities, including meeting, retail, food and beverage, and casino spaces, in the Cotai area of Macau. We have a $2.7 billion guaranteed maximum price (“GMP”) contract for the project’s construction costs. The total project budget, including construction costs, capitalized interest, pre-opening expenses, land costs and financing fees, is approximately $4.2 billion. As of March 31, 2016, we have invested approximately $3.7 billion in the project. We expect to open Wynn Palace on Cotai in the third quarter of 2016.

Key Operating Measures

Certain key operating measures specific to the gaming industry are included in our discussion of our operational performance for the periods for which Condensed Consolidated Statements of Operations are presented. Below are definitions of these key operating measures discussed:

• **Table drop for our Macau Operations** is the amount of cash that is deposited in a gaming table’s drop box plus cash chips purchased at the casino cage.

• **Table drop for our Las Vegas Operations** is the amount of cash and net markers issued that are deposited in a gaming table’s drop box.

• **Turnover** is the sum of all losing rolling chip wagers within our Macau Operations’ VIP program.

• **Table games win** is the amount of table drop or turnover that is retained and recorded as casino revenues.

• **Rolling chips** are identifiable chips that are used to track turnover for purposes of calculating incentives.

• **Slot win** is the amount of handle (representing the total amount wagered) that is retained by us and is recorded as casino revenues.

• **Average daily rate (“ADR”)** is calculated by dividing total room revenues including the retail value of promotional allowances (less service charges, if any) by total rooms occupied including complimentary rooms.

• **Revenue per available room (“REVPAR”)** is calculated by dividing total room revenues, including the retail value of promotional allowances (less service charges, if any), by total rooms available.

• **Occupancy** is calculated by dividing total occupied rooms, including complimentary rooms, by the total rooms available.
Below is a discussion of the methodologies used to calculate win percentage at our resorts.

In our VIP casino in Macau, customers primarily purchase non-negotiable chips, commonly referred to as rolling chips, from the casino cage and there is no deposit into a gaming table drop box from chips purchased from the cage. Non-negotiable chips can only be used to make wagers. Winning wagers are paid in cash chips. The loss of the non-negotiable chips in the VIP casino is recorded as turnover and provides a base for calculating VIP casino win percentage. It is customary in Macau to measure VIP casino play using this rolling chip method. We expect our win as a percentage of turnover in this segment to be within the range of 2.7% to 3.0%.

In our mass market casino in Macau, customers may purchase cash chips at either the gaming tables or at the casino cage. Commencing in the second quarter of 2015, the sum of these purchases is the base of measurement used for calculating win percentage in our mass market casino in accordance with standard Macau industry practice. All prior period amounts have been adjusted to conform to this new measurement.

The measurements in our VIP casino and the mass market casino are not comparable as the mass market casino tracks the initial purchase of chips at the table while the measurement method in our VIP casino tracks the sum of all losing wagers. Accordingly, the base measurement in the VIP casino is much larger than the base measurement in the mass market casino. As a result, the expected win percentage with the same amount of gaming win is smaller in the VIP casino when compared to the mass market casino.

Results of Operations

Summary first quarter 2016 results

Adjusted Property EBITDA decreased year-over-year by 7.0%, from $323.0 million for the three months ended March 31, 2015 to $300.3 million for the same period of 2016. Our results reflect continued weak performance from our Macau Operations, with year-over-year decreases in VIP turnover and mass market table drop of 21.4% and 5.6%, respectively. The VIP turnover reduction is a result of the current economic and political conditions in Macau and China as well as the effect of regional economic factors on gaming promoters and our premium customers. We continue to experience a significant slowdown in activity from our premium customers with a reduction in overall visitation to our Macau Operations.
Financial results for the three months ended March 31, 2016 compared to the three months ended March 31, 2015.

Net revenues

The following table presents net revenues from our Macau and Las Vegas Operations (dollars in thousands):

<table>
<thead>
<tr>
<th>Three Months Ended March 31,</th>
<th>2016</th>
<th>2015</th>
<th>Percent Change</th>
</tr>
</thead>
<tbody>

<td></td>
<td></td>
</tr>
<tr>
<td>Macau Operations</td>
<td>$608,243</td>
<td>$705,357</td>
<td>(13.8)</td>
</tr>
</tbody>
</table>

The continued decline is primarily due to a $92.6 million decrease in casino revenues from our Macau Operations.

Casino revenues

The decline is primarily due to our Macau Operations, which experienced a year-over-year decrease in casino revenues of 13.9% from $664.3 million to $571.8 million. Our VIP gaming operations drove the Macau Operations casino revenues reduction, with $13.47 billion in VIP turnover for the three months ended March 31, 2016, compared to $17.13 billion for the same period of 2015. In addition, our mass market gaming operations contributed to the decline in casino revenues from our Macau Operations with a 5.6% decrease in table drop combined with a reduction in table games win percentage of 1.3 percentage points.
The table below sets forth our casino revenues and associated key operating measures for our Macau and Las Vegas Operations (dollars in thousands, except for win per unit per day).

Non-casino revenues

Room revenues increased 2.7%, or $3.5 million, to $135.6 million for the three months ended March 31, 2016, from $132.1 million for the same period of 2015. Our Las Vegas Operations experienced an increase of $5.5 million driven by an ADR increase of 5.3%, offset by a decrease of $2.0 million from our Macau Operations.
The table below sets forth our room revenues and associated key operating measures for our Macau and Las Vegas Operations.

(a) Except occupancy, which is presented as a percentage point change.

Food and beverage revenues decreased 4.1%, or $5.6 million, to $130.4 million for the three months ended March 31, 2016, from $136.0 million for the same period of 2015. We experienced decreases from our Las Vegas Operations and Macau Operations of $3.5 million and $2.1 million, respectively. Our Las Vegas Operations decreased primarily due to one of our nightclubs being closed for re-branding during the three months ended March 31, 2016, while the decrease from our Macau Operations was mainly from a decline in revenues at our restaurants.

Entertainment, retail and other revenues decreased 9.3%, or $8.4 million, to $82.0 million for the three months ended March 31, 2016, from $90.4 million for the same period of 2015. The decrease is primarily due to a decline in revenue from retail shops at our Macau Operations.

Operating costs and expenses

Casino expenses decreased 13.6%, or $71.5 million, to $452.5 million for the three months ended March 31, 2016, from $524.1 million for the same period of 2015, primarily due to lower gaming taxes from the 39.0% gross win tax incurred at our Macau Operations. The decline in gaming taxes was commensurate with the 13.9% decrease in casino revenues at our Macau Operations.

General and administrative expenses decreased 3.9%, or $4.8 million, to $117.4 million for the three months ended March 31, 2016, from $122.2 million in the same period of 2015. The decrease was due to a decrease of $7.4 million in corporate related expenses, offset by increases from our Las Vegas Operations and Macau Operations of $1.8 million and $0.8 million, respectively.
Provision for doubtful accounts decreased $5.4 million to $0.7 million for the three months ended March 31, 2016, compared to $6.1 million for the same period of 2015. The change in the provision was primarily due to the collection of an account in Macau that resulted in a $6.7 million reversal of the previously recorded allowance for doubtful accounts.

Pre-opening costs were $33.8 million for the three months ended March 31, 2016, compared to $16.1 million for the same period of 2015 and were associated with the design and planning for our development projects. During the three months ended March 31, 2016, we incurred pre-opening costs of $26.3 million related to Wynn Palace, $6.8 million related to Wynn Boston Harbor and $0.7 million at Wynn Las Vegas. During the three months ended March 31, 2015, we incurred pre-opening costs of $9.5 million and $6.6 million related to Wynn Palace and Wynn Boston Harbor, respectively.

Depreciation and amortization decreased 5.9%, or $4.9 million, to $78.0 million for the three months ended March 31, 2016, from $82.9 million for the same period of 2015. The decrease is primarily due to a change in estimated useful lives of buildings and improvements for Wynn Macau, which was effective September 1, 2015, to more accurately reflect the estimated periods during which these assets are expected to remain in service.

Other non-operating income and expenses

We incurred losses of $1.8 million and $4.6 million for the three months ended March 31, 2016 and 2015, respectively, from the change in the fair value of our interest rate swaps.

Net income attributable to noncontrolling interest

Net income attributable to noncontrolling interest was $30.6 million for the three months ended March 31, 2016, compared to $30.7 million for the three months ended March 31, 2015. These amounts represent the noncontrolling interest’s share of net income from Wynn Macau, Limited.

Adjusted Property EBITDA

We use Adjusted Property EBITDA to manage the operating results of our segments.

The following table summarizes Adjusted Property EBITDA (in thousands) for our Macau and Las Vegas Operations as reviewed by management and summarized in Item 1 — “Notes to Condensed Consolidated Financial Statements,” Note 16 “Segment Information.” That footnote also presents a reconciliation of Adjusted Property EBITDA to net income (loss).

</tbody>
</table>

Adjusted Property EBITDA at our Macau Operations decreased year-over-year by 9.9% for the three months ended March 31, 2016, primarily due to the decline in casino revenues.
Liquidity and Capital Resources

Operating Activities

Our operating cash flows primarily consist of our operating income generated by our Macau and Las Vegas Operations (excluding depreciation and other non-cash charges), interest paid and earned, and changes in working capital accounts such as receivables, inventories, prepaid expenses and payables. Our table games play both in Macau and Las Vegas is a mix of cash play and credit play, while our slot machine play is conducted primarily on a cash basis. A significant portion of our table games revenue is attributable to the play of a limited number of premium international customers that gamble on credit. The ability to collect these gaming receivables may impact our operating cash flow for the period. Our rooms, food and beverage, and entertainment, retail and other revenue is conducted primarily on a cash basis or as a trade receivable. Accordingly, operating cash flows will be impacted by changes in operating income and accounts receivables.

Investing Activities

Net cash used in investing activities for the three months ended March 31, 2016 was $272.7 million, compared to $521.6 million for the same period in 2015. Capital expenditures, net of construction payables and retention, were $273.2 million and $519.6 million for the three months ended March 31, 2016 and 2015, respectively, primarily associated with Wynn Palace construction.

Financing Activities

Net cash provided by financing activities for the three months ended March 31, 2016 was $184.8 million, compared to net cash used of $3.4 million for the three months ended March 31, 2015. During the three months ended March 31, 2016, our net cash provided by financing activities was mainly due to borrowings of $150.1 million under the Wynn Macau Senior Revolving Credit Facility and $100.3 million under the Wynn America Senior Term Loan Facility, primarily offset by dividends paid of $50.6 million. Net cash used in financing activities for the three months ended March 31, 2015 consisted primarily of $1.8 billion provided upon issuance of 5 1/2% Senior Notes due 2025, offset by the purchase of $1.42 billion of our 2020 Notes pursuant to a cash tender offer, dividends paid of $346.8 million, and payments of $124.8 million in financing costs.

Capital Resources

As of March 31, 2016, we had approximately $2.11 billion of cash and cash equivalents and $251.9 million of available-for-sale investments in domestic debt securities and commercial paper.

Of these amounts, Wynn Macau, Limited (of which we own 72%) and its subsidiaries held $857.5 million in cash.

The Wynn Macau credit facilities consist of a $2.27 billion equivalent fully funded senior secured term loan facility and a $750.0 million equivalent senior secured revolving credit facility (together, the “Wynn Macau Credit Facilities”). Borrowings under the Wynn Macau Credit Facilities consist of both United States dollar and Hong Kong dollar tranches and were used to refinance Wynn Macau SA’s existing indebtedness, and will be used to fund the construction and development of Wynn Palace and for general corporate purposes. As of March 31, 2016, we had $168.5 million of available borrowing capacity under the senior secured revolving credit facility.
Other Factors Affecting Liquidity

Wynn Resorts is a holding company and, as a result, our ability to pay dividends is highly dependent on our ability to obtain funds and our subsidiaries’ ability to provide funds to us. Wynn Las Vegas, LLC, Wynn America, LLC and Wynn Macau SA debt instruments contain customary negative covenants and financial covenants, including, but not limited to, covenants that restrict our ability to pay dividends or distributions to any direct or indirect subsidiaries.

Similarly, we expect that our Macau Operations will fund Wynn Macau SA and Wynn Macau, Limited’s debt service obligations with existing cash, operating cash flow and availability under the Wynn Macau Credit Facilities. However, we cannot assure you that operating cash flows will be sufficient to do so. We may refinance all or a portion of our indebtedness on or before maturity. We cannot assure you that we will be able to refinance any of the indebtedness on acceptable terms or at all.

Legal proceedings in which we are involved also may impact our liquidity. No assurance can be provided as to the outcome of such proceedings. In addition, litigation inherently involves significant costs.

New business developments or other unforeseen events may occur, resulting in the need to raise additional funds. We continue to explore opportunities to develop additional gaming or related businesses in domestic and international markets. There can be no assurances regarding the business prospects with respect to any other opportunity. Any new development would require us to obtain additional financing. We may decide to conduct any such development through Wynn Resorts or through subsidiaries separate from the Las Vegas or Macau-related entities.

Item 3. Quantitative and Qualitative Disclosures About Market Risk

Interest Rate Swap Information

We currently have three interest rate swap agreements intended to hedge a portion of the underlying interest rate risk on borrowings under our Wynn Macau Credit Facilities. Under two of the swap agreements, we pay a fixed interest rate (excluding the applicable interest margin) of 0.73% on notional amounts corresponding to borrowings of HK$3.95 billion (approximately $509.4 million) incurred under the Wynn Macau Senior Term Loan Facility in exchange for receipts on the same amount at a variable interest rate based on the applicable HIBOR at the time of payment. These interest rate swaps fix the all-in interest rate on such amounts at 2.23% to 2.98%. These interest rate swap agreements mature in July 2017.
Under the third swap agreement, we pay a fixed interest rate (excluding the applicable interest margin) of 0.68% on notional amounts corresponding to borrowings of $243.8 million incurred under the Wynn Macau Senior Term Loan Facility in exchange for receipts on the same amount at a variable-rate based on the applicable LIBOR at the time of payment. This interest rate swap fixes the all-in interest rate on such amounts at 2.18% to 2.93%. This interest rate swap agreement matures in July 2017.

As of March 31, 2016, interest rate swaps of $1.2 million were included in other long-term liabilities in the accompanying Consolidated Balance Sheet. As of December 31, 2015, interest rate swaps of $0.7 million were included in other assets and $0.1 million were included in other long-term liabilities in the accompanying Consolidated Balance Sheet.

Foreign Currency Risks

The currency delineated in Wynn Macau’s concession agreement with the government of Macau is the Macau pataca. The Macau pataca, which is not a freely convertible currency, is linked to the Hong Kong dollar, and in many cases the two are used interchangeably in Macau. The Hong Kong dollar is linked to the U.S. dollar and the exchange rate between these two currencies has remained relatively stable over the past several years. However, the exchange linkages of the Hong Kong dollar and the Macau pataca, and the Hong Kong dollar and the U.S. dollar, are subject to potential changes due to, among other things, changes in Chinese governmental policies and international economic and political developments.

If the Hong Kong dollar and the Macau pataca are not linked to the U.S. dollar in the future, severe fluctuations in the exchange rate for these currencies may result. We also cannot assure you that the current rate of exchange fixed by the applicable monetary authorities for these currencies will remain at the same level.

Because many of Wynn Macau’s payment and expenditure obligations are in Macau patacas, in the event of unfavorable Macau pataca or Hong Kong dollar rate changes, Wynn Macau’s obligations, as denominated in U.S. dollars, would increase. In addition, because we expect that most of the revenues for any casino that Wynn Macau operates in Macau will be in Hong Kong dollars, we are subject to foreign exchange risk with respect to the exchange rate between the Hong Kong dollar and the U.S. dollar. Also, if any of our Macau-related entities incur U.S. dollar-denominated debt, fluctuations in the exchange rates of the Macau pataca or the Hong Kong dollar, in relation to the U.S. dollar, could have adverse effects on Wynn Macau’s results of operations, financial condition, and ability to service its debt. To date, we have not engaged in hedging activities intended to protect against foreign currency risk. Based on our balances at March 31, 2016, an assumed 1% change in the dollar/Hong Kong dollar exchange rate would cause a foreign currency transaction gain/loss of approximately $33.0 million.
Part II. OTHER INFORMATION

Item 1. Legal Proceedings

CCAC Information Request

In July 2014, Wynn Resorts (Macau) S.A. (“Wynn Macau SA”), an indirect subsidiary of Wynn Macau, Limited, was contacted by the Commission Against Corruption of Macau (“CCAC”) requesting certain information related to its land in the Cotai area of Macau. Wynn Macau SA is cooperating with CCAC’s request.

This announcement contains forward-looking statements. Such forward-looking information involves important risks and uncertainties that could significantly affect anticipated results in the future and, accordingly, such results may differ from those expressed in any forward-looking statements made by us. The risks and uncertainties include, but are not limited to, competition in the casino/hotel and resorts industries, our Company’s dependence on existing management, levels of travel, leisure and casino spending, general economic conditions, and changes in gaming laws or regulations. Additional information concerning potential factors that could affect our Company’s financial results are included in our published interim and annual reports. We are under no obligation to (and expressly disclaim any such obligation to) update the forward-looking statements as a result of new information, future events or otherwise.

Our shareholders and potential investors are advised not to place undue reliance on the WRL Quarterly Report and to exercise caution in dealing in securities in our Company.

By order of the Board
Wynn Macau, Limited
Stephen A. Wynn
Chairman

Hong Kong, 8 May 2016

As at the date of this announcement, the Board comprises Stephen A. Wynn, Gamal Aziz, Ian Michael Coughlan and Linda Chen (as executive directors); Matthew O. Maddox (as non-executive director); and Allan Zeman, Nicholas Sallnow-Smith, Bruce Rockowitz and Jeffrey Kin-fung Lam (as independent non-executive directors).
