# Proposal Name: Supportive Housing Graduation Pilot

**Authors:** NYC DOHMH Bureau of Mental Health

**Proposal Description:** This program would focus on targeting the “move out” for individuals who have been living in NYNY housing for a minimum of 2 years and who have demonstrated stability, income, and continuity of engagement in appropriate care.

**Funding Request Amount:** $460,000/year over 2 years

**ROI:** Free up 120 units over 2 years
# Proposal Name:
Senior Citizen and Disability Rent Increase Exemption Eligibility Campaign

**Authors:** Shelly Nortz, Coalition for the Homeless

**Proposal Description:** The Senior Citizen and Disability Rent Increase Exemption programs help low-income seniors and people with disabilities to retain their housing even as rents continue to rise by freezing their rents if they exceed one-third of income in certain rent-stabilized and controlled units.

**Funding Request Amount:** $1 million

**ROI:** Housing stability pays dividends in reduced utilization. By promoting housing stability for traditionally high cost populations, the proposal would more than pay for itself in averted Medicaid costs if only a tiny fraction of the target population were instead to lose their housing, become homeless and have costly hospitalizations.
