County

People’s expectations toward individual mobility require more than just a convenient means of transportation. The old understanding of cars has become outdated. A car represents individual, freedom, and a sense of integral part in lives. At the same time, the automobile industry has experienced seismic change. Hyundai Motor Company has grown rapidly to become one of the largest automakers, backed by world class production capability and superior quality. We have now reached a point where we need a qualitative approach to bring bigger ideas and relevant solutions to our customers. This is an opportunity to move forward and we have developed a brand slogan that encapsulates our willingness to take a big leap, led by our new slogan and the new thinking underlying it. We will become a company that involves challenging itself to unlock new possibilities for people and the planet.

A Coach with a **Passion for Travel**

Its dimensions are small but where looks are concerned it numbers among the greats. And it offers maximum comfort for your passengers.

It’s the County. The smooth outer shell with its flush panoramic windows is practically easy to clean and maintain.

Further, practical and functional outside mirrors ensure excellent rear view vision. In short, County is impressive in every respect.
STYLING

The Bus of the Future is Now Here

Futuristic and unique, the County styling beautifully harmonizes with its practical personality. Rounded edges and flush fitting surfaces contribute to a clean, simple image.

Front Bumper and Fog Lamp
A large and sturdy front bumper adds a muscular note to the elegant body styling theme while the built-in fog lamps provide additional illumination for greater safety in rain and fog.

Rear Bumper
One piece type rear bumper is gently rounded around the edges for a soft look and matches the overall design theme.

Fixed Type Side Glass
Fixed type side glass not only enhances the overall elegance but offers improved visibility (optional).

Rear Garnish
Painted black, it lends a muscular look and provides thematic continuity between the side glass and rear section.
DRIVING

Human - Oriented Hyundai Design

Full-Formed Headliner

The County headliner imitates passenger car technology to create a full-formed, elegantly contoured surface which enhances interior elegance. (Package option with A/con)

Instrument Panel

Logically organized gauges and controls provide the ultimate in driving convenience.

DRIVING

Human - Oriented Hyundai Design

Perfection in Form and Function

Reflecting the human-oriented Hyundai design technology, the County interior combines outstanding ergonomics and aesthetics to provide a higher level of comfort for the driver and passengers. Also, a perfectly designed ventilation system, including large sized air conditioner and pre-heater, provides additional comfort.

Passenger Seat Safety Belts

Safety belts are integral to the design of each seat, in addition to the front and rear seats. These seat belts are standard equipment on all models (option on the standard model).

Dashboard Shelves

Shelves are mounted both on the driver’s and on the passenger’s side to allow passengers to stow away their belongings. (Available with A/con package option on the Deluxe model)

Air Conditioning Louvers and Reading Lamps

Louvered cloth and plastic louvered reading lamps are installed over each passenger seat. Ducts are now larger for improved air flow. Powerful reading lamps make for comfortable, relaxed travel. (Available with A/con package option in the Deluxe model)

Deluxe Wall Trim

The side panels of the County feature deluxe trim that matches the seat upholstery for greater elegance. (Package option with A/con on Deluxe model)

Bucket-Type Driver Seat

Providing excellent support and ventilation, the driver’s seat is designed to provide extra comfort and enhanced driving performance.

Lumbar Support

An option on the DLX, lumbar support greatly reduces driver fatigue on long trips.

Overhead Shelves

Neatly styled overhead shelves provide a handy place for passengers to stow away their belongings. (Available with A/con package option on the Deluxe model)

Roomy Cabin

For greater passenger comfort, the cabin is now wider and taller to provide best in-class comfort and convenience.

**Smooth, Responsive and Economical**

The County’s D4DD 4-cylinder common rail direct injection (CRDi) turbo diesel engine is ideal for the travel. 140ps at 2,800rpm ensures impressive performance, and 5-speed transmission guarantees smooth gearshifts. The County also has disc brakes with ABS for active safety.

**SAFETY**

New Technology for Advanced Protection

Hydraulic with vacuum assisted brake system and optional ABS, large 9+10" tandem booster provides safety and stability for the vehicle.

**POWER**

The County’s D4DD 4-cylinder common rail direct injection (CRDi) turbo diesel engine is ideal for the travel. 140ps at 2,800rpm ensures impressive performance, and 5-speed transmission guarantees smooth gearshifts.

**DISC BRAKES**

For safer stops, Hyundai offers disc brakes which include a pad wear indicator option.

**LOAD SENSING PROPORTIONING VALVE**

For safer stops, the Load Sensing Proportioning Valve selectively distributes hydraulic brake pressure between the front and rear wheels depending on the distribution of the passenger load.

**NEW TECHNOLOGY FOR ADVANCED PROTECTION**

The new CRDi common rail direct injection engines in the Hyundai are: 140ps and 100ps. They are capable of very fast acceleration with high torque even at low rpm.

**ECO-FRIENDLY**

The new CRDi common rail direct injection engine in the Hyundai produces 140ps at 2,800rpm.

Advanced Manufacturing and Testing Technology

As a product of Hyundai advanced testing and manufacturing facilities, the County meets the highest standards of performance, durability and safety.

Durability Test on Rough and Uneven Road Surfaces

Engine Bay

Electro static immersion system guarantees 100 percent coverage for greater resistance against rust.

Chassis Durability Test

The chassis frame represents a significant improvement over the previous rail-type and offers greater resistance against bending and torsional forces.

Super Strong Frame

The County simply radiates a sense of solidness. The sturdy body on the box-type frame provides extra stability. The County’s wide range of safety factors—both active and passive—ensures the best possible protection for all occupants. Further, the upsetting painting gives the body of the County overall protection against corrosion.
