Enter the world of Guerlain Beauty Spa, where cutting-edge innovation unites with customisation, luxury, emotion and sensuality.

Yield to the magic of an ultimate sensoriality. Your transformation begins here...
a unique know how

In 1939, Guerlain opened its first “Institut de Beauté” at 68 Avenue des Champs Élysées and invented an exclusive facial massage technique. Guerlain facial massage technique remains just as unique and exclusive today. It has been enriched by numerous exclusive treatment protocols, all created to offer the best in aesthetic expertise and maximum efficiency.

a customised experience

Every treatment is transformed into a unique and personal occasion, a moment created especially for you – this is the essence of the Guerlain experience, the perfect union of effective know-how and aesthetic expertise.

Our Beauty Coaches begin each treatment with a systematic analysis and precise skin diagnosis to reveal your specific beauty and well-being profile. They thus gain an intrinsic understanding of your essential concerns to tailor a treatment according to your needs, your expectations.

Guerlain performs each treatment with a unique virtuosity, setting a tone of instant tranquillity with a relaxing footbath that gently envelops you in the delicate scent of your personal Guerlain fragrance. This soothing prelude creates a cocoon of total relaxation, marking the beginning of your journey of personal transformation.

the science of nature’s wonders

Since its creation, Guerlain has drawn inspiration from nature and its many wonders to formulate its excellent skincare: Orchidée Impériale, Abeille Royale, Super Aqua, Blanc de Perle. These products are the perfect combination of exceptional efficiency and unrivalled sensoriality. The prodigious longevity of rare orchids, the healing power of bee products, the whitening action of natural pearl: Guerlain Research uses its unique expertise to study, select and combine the most highly effective natural ingredients to create its products.
Orchidée Impériale, the quintessence of Guerlain facials

**Orchidée Impériale Prestige Treatment  2h30**

The remarkable power of the longevity of the orchid has inspired this exceptional facial treatment, the most complete of all. The alliance of the aesthetic know-how of Guerlain with the efficiency of the products of the Orchidée Impériale range will offer you a moment of absolute well-being and visibly transform your skin by revealing its rediscovered youth.

The exclusive Orchidée Impériale firming massage, repeated three times by alternating deep massage sequences with softer relaxing ones, will act on the muscles of the face, neck, décolleté and the upper part of the back. Under the action of precise movements, the muscles are stimulated, the facial contours redefined.

Nourished with three different masks, the skin is immediately smoothed thanks to the synergetic effect of the cream, the iconic product of the Orchidée Impériale range, and the high-technology of the new Longevity Concentrate. All the signs of ageing are corrected more quickly and more intensely. The skin recovers a perfect finish: supple and velvety, with a natural glowing effect.

**Orchidée Impériale The Interlude Treatment  1h30**

This treatment, combining the exclusive firming massage with the efficiency of the products of the Orchidée Impériale range, is the perfect complement to the Prestige treatment. It prolongs its benefits by maintaining visibly the firmness and tone of the face muscles and by protecting the skin against all the cutaneous signs of ageing.
Abeille Royale Expert Treatment  1h30
Initiate your face to the high performance of this expert "lifting" and firming treatment that distils its infinite life source within the skin for a smoother and firmer face.

The initial "microdermabrasion" is followed by a special 6-minute massage with warm plant infusions to immediately purify the skin and stimulate the firming action. After an in-depth diagnosis, each wrinkle is targeted with the technical application of Abeille Royale Youth Serum. Born from the exceptional repairing power of bee products, this unique serum with Pure Royal Concentrate promotes the key mechanisms of the healing process within the skin* to help repair wrinkles and tissue firmness.

To enhance product absorption and effectiveness, the face is massaged using the Guerlain method, then entirely steeped in a serum bath under an adapted mask.

The result is immediate and visible: wrinkles are filled. The skin is tautened and regains all of its firmness and radiance.
