The First Thirty Days (America’s Choice, 2005) for kindergarten introduces the **Writer’s Workshop**. The First Thirty Days will most likely cover a 6 week time span in kindergarten due to screening and assessment that typically takes place during the first two weeks of kindergarten in the Holyoke Public Schools. Lessons introduced and modeled will be reviewed, revisited, and/or repeated throughout the year based on the needs of the students. This standards based unit of study addresses Massachusetts Curriculum Frameworks/ELA Standards and WIDA English Language Proficiency Standards PreKindergarten through Grade 5.

**Overview**

The First Thirty Days is designed with these concepts in mind:
- Lessons move from the simple to the complex.
- Lessons demonstrate the strategies used by good writers.
- Lessons are based on performance standards and companion content standards.
- Teachers engage in modeling and think-aloud demonstrations.
- Students observe and learn appropriate writing behaviors.
- Specific texts are mentioned but teachers have the flexibility to substitute texts with a similar theme or format as necessary.
- Anchor charts are developed and added onto to help children understand various writing processes.
Access to the Curriculum for All Students

These curriculum maps are designed based on a respect for the individuality of our students and a belief that all students can learn. Teachers are encouraged to plan instruction in a way that recognizes that students have multiple ways of taking in information and making sense of ideas. We believe that teachers should present content to students in a way that is respectful and flexible and does not expect students to change to meet the curriculum. We welcome students of varied backgrounds, learning styles, and abilities into our classrooms with the goal of maximizing each student’s growth and success.

Teachers can gain inspiration from the UDL/Universal Design for Learning Framework developed by CAST that calls for curriculum to be designed with the needs of all children in mind using:
- Flexible methods of presentation
- Flexible methods of expression
- Flexible options for engagement

Reading Standards: Foundational Skills [RF]
Kindergartners:
Print Concepts
1. Demonstrate understanding of the organization and basic features of print.
   - Follow words from left to right, top to bottom, and page by page.
   - Recognize that spoken words are represented in written language by specific sequences of letters.
   - Understand that words are separated by spaces in print.
   - Recognize and name all upper- and lowercase letters of the alphabet.
Phonological Awareness
2. Demonstrate understanding of spoken words, syllables, and sounds (phonemes).
   - Recognize and produce rhyming words.
   - Count, pronounce, blend, and segment syllables in spoken words.
   - Blend and segment onsets and rimes of single-syllable spoken words.
   - Isolate and pronounce the initial, medial vowel, and final sounds (phonemes) in three-phoneme (consonant-vowel-consonant, or CVC) words.* (This does not include CVCs ending with /l/, /r/, or /x/.)
   - Add or substitute individual sounds (phonemes) in simple, one-syllable words to make new words
Phonics
3. Know and apply grade-level phonics and word analysis skills in decoding words.
   a. Demonstrate basic knowledge of one-to-one letter-sound correspondences by producing the primary sound or many of the most frequent sounds for each consonant.
   b. Associate the long and short sounds with common spellings (graphemes) for the five major vowels.
   c. Read common high-frequency words by sight (e.g., the, of, to, you, she, my, is, are, do, does).
   d. Distinguish between similarly spelled words by identifying the sounds of the letters that differ.

Writing Standards Pre-K–5 (W)
Kindergartners:
Text Types and Purposes
1. Use a combination of drawing, dictating, and writing to compose opinion pieces in which they tell a reader the topic or the name of the book they are writing about and state an opinion or preference about the topic or book (e.g., My favorite book is . . .).
3. Use a combination of drawing, dictating, and writing to narrate a single event or several loosely linked events, tell about the events in the order in which they occurred, and provide a reaction to what happened.
5. With guidance and support from adults, respond to questions and suggestions from peers and add details to strengthen writing as needed.

Speaking and Listening Standards (SL)
Kindergartners:
Comprehension and Collaboration
1. Participate in collaborative conversations with diverse partners about kindergarten topics and texts with peers and adults in small and larger groups.
   • Follow agreed-upon rules for discussions (e.g., listening to others and taking turns speaking about the topics and texts under discussion).
   • Continue a conversation through multiple exchanges.
4. Describe familiar people, places, and things, and events and, with prompting and support, provide additional detail.
5. Add drawings or other visual displays to descriptions as desired to provide additional detail.
Presentation of Knowledge and Ideas
6. Speak audibly and express thoughts, feelings, and ideas clearly.

Language Standards Pre-K–5 (L)
Kindergartners:
Conventions of Standard English
1. Demonstrate command of the conventions of standard English grammar and usage when writing or speaking.
   • Print many upper- and lowercase letters.
   • Use frequently occurring nouns and verbs.
• Form regular plural nouns orally by adding /s/ or /es/ (e.g., dog, dogs; wish, wishes).
• Understand and use question words (interrogatives) (e.g., who, what, where, when, why, how).
• Use the most frequently occurring prepositions (e.g., to, from, in, out, on, off, for, of, by, with).
• Produce and expand complete sentences in shared language activities.

Vocabulary Acquisition and Use
4. Determine or clarify the meaning of unknown and multiple-meaning words and phrases based on kindergarten reading and content.
• Identify new meanings for familiar words and apply them accurately (e.g., knowing duck is a bird and learning the verb to duck).
• Use the most frequently occurring inflections and affixes (e.g., -ed, -s, re-, un-, pre-, -ful, -less) as a clue to the meaning of an unknown word.

5. With guidance and support from adults, explore word relationships and nuances in word meanings.
• Sort common objects into categories (e.g., shapes, foods) to gain a sense of the concepts the categories represent.
• Demonstrate understanding of frequently occurring verbs and adjectives by relating them to their opposites (antonyms).
• Identify real-life connections between words and their use (e.g., note places at school that are colorful).
• Distinguish shades of meaning among verbs describing the same general action (e.g., walk, march, strut, prance) by acting out the meanings.

6. Use words and phrases acquired through conversations, reading and being read to, and responding to texts.

America’s Choice has developed Five Essential Practices to support the literacy needs of ELL learners. These research based strategies should be the core of instructional practice in all classrooms with ELL students.

1. **Develop Oral Language through Meaningful Conversation and Context**
   Rich oral language and vocabulary is developed in context using daily readalouds, shared reading, choral verse, songs and finger plays, listening center/audio retellings of stories, think alouds, turn and talk activities.

2. **Teach Targeted Skills through Contextualized and Explicit Instruction**
   Targeted skills of phonemic awareness and phonics are supported and strengthened when explicit instruction is combined with a meaningful context using Big Books, shared reading, daily news, charts and poems, finger plays and word walls. Specific attention needs to be paid to linguistic differences in sound/symbol relationships.

3. **Build Vocabulary through Authentic and Meaningful Experiences with Words**
   Vocabulary developed in an intentional context such as curriculum based dramatic play, word splashes and word webs, and word walls has meaning and relevance for the ELL learner. Abstract terms such as positional vocabulary and transitional words need to be modeled and explicitly taught. Both Tier I and Tier II vocabulary need to be emphasized.

4. **Build and Activate Background Knowledge**
   Prior knowledge needs to be activated and utilized to develop and strengthen comprehension through discussion and oral sharing. Focus on family culture and activities, engaging hands on learning activities, and careful selection of relevant and appropriate instructional materials will encourage students to connect background knowledge to learning.

5. **Teach and Use Meaning Making Strategies**
   Students need explicit instruction and modeling early on as well as regular and sustained time to practice comprehension strategies such as visualization, making connections, and self monitoring for meaning.

Strategies for teaching ELL students have been included as part of good teaching practice in maps. They are noted by italics such as: *Students may use language frames such as “That reminds me of __________.” or “I liked __________.” to enhance discussion.* Please note that these strategies are good practice for all learners.

Self and Family
Produce illustrated “stories” about self and family using phrases or short sentences with invented spellings

Students will discover stories in their own experiences.

Opening
   - Teacher will model telling story orally. Story should have clear beginning, end and at least one event. Teacher will illustrate story on chart paper.
   - As students share ideas about possible stories, teacher will record on attribute chart, What Good Writers Do (p.11, The First Thirty Days)

Work Period
   - Children will tell stories to a partner before drawing pictures of own story ideas. Teacher will need to be attentive to pairing students in a manner that supports language development.

Closing
   - Students will share stories in small groups. Story drawings will be saved and displayed as What Writers Write About.
