- **Business Name**: Refers to the name of the business entity associated with the base station application.
- **D/B/A: Doing Business As**: A D/B/A name is a company name, also commonly called "trade name" or "assumed name". A D/B/A is a secondary name for your business, an officially sanctioned "alias". Leave the D/B/A section blank if you plan to conduct business under one name if that name is the same as the company name.
- **Address**: The proposed address of the new FHV base station location.
- **E-Mail**: Each FHV base station is required to maintain a working E-mail address on file at the TLC to receive TLC updates and other important information.
- **Website Address**: It is required to provide your business website address.
- **Telephone #**: Contact numbers for ALL individuals, officers, partners, principals or stockholders responsible for all inquiries related to this application.
- **EIN/SS#**: Please provide either Social Security number or "EIN", Employer Identification Number, which is defined as a nine digit number that the Internal Revenue Service (IRS) assigns to organizations. EIN's are used by employers, sole proprietors, corporations, and partnerships.
- **Base License Number**: This is your FHV Base License number on file with the TLC.
- **FCC License #**: Federal Communications Commission (FCC) license number, which permits the applicant to operate a radio communication system for the purpose of communication between base stations and their licensed vehicles. For more information on FCC business radio licensing see: http://wireless.fcc.gov/services/ind&bus/index.html.

**If you are not using a radio system with a FCC regulated frequency please provide the type of communication system you will be using at your base station.

*Type of Business*: There are three basic types of business.

1. **Sole Proprietorship** – The business is owned by one person, usually the individual who has day-to-day responsibility for running the business. Sole proprietors own all the assets of the business and the profits generated by it. They also assume complete responsibility for any of its liabilities or debts.
2. **Partnership** - Two or more people share ownership of a single business. The Partners should have a legal agreement that sets forth how decisions will be made, profits will be shared, disputes will be resolved, how future partners will be admitted to the partnership, how partners can be bought out, or what steps will be taken to dissolve the partnership when needed.

3. **Corporation** - It is considered by law to be a unique entity, separate and apart from those who own it. It is chartered by the state in which it is headquartered. A corporation can be taxed. It can be sued. It can enter into contractual agreements. The owners of a corporation are its shareholders. The shareholders elect a board of directors to oversee the major policies and decisions. The corporation has a life of its own and does not dissolve when ownership changes.

4. **LLC** - is a company where the owners are called members not partners or shareholders. Number of members are unlimited and may be individuals, corporations, or other LLC's.

***Please check the business type applicable to your new FHV base station application.***

**Please note** - If you are a Corporation you must disclose the number of shares authorized and the number of shares outstanding/issued: Please provide raw numbers rather than percentages. Percentages will not be accepted and your application will be deemed incomplete. The difference between authorized and issued shares is as follows: At the time of incorporation, the incorporation documents specify the total number of shares that the corporation can issue. These are called the “Authorized” shares. The Board of Directors is responsible for deciding if and when to issue the authorized shares. When shares are actually given to the shareholders, they become “Issued/Outstanding” shares.
