HP Color LaserJet
Enterprise M651dn Printer

Count on reliable performance and handle high-volume color printing in the office and on the go.

Count on performance. Print professional-quality, two-sided color documents—letter and A4—with outstanding reliability. Efficient one-touch printing and mobile printing options plus simple management help you be productive wherever work takes you.

Invest in reliable printing performance
• Tackle printing tasks confidently—with a printer designed for quiet performance and minimal intervention.
• Stay on firm ground—maintain printing productivity thanks to reliable, upgradable firmware.
• Print your best—equip every department with vibrant, consistent, professional-quality printing.

Keep business moving—from virtually anywhere
• Print without wires—or a network. Get easy access to the printer through optional wireless direct printing.1
• Mobile printing at a touch—enable touch-to-print convenience from mobile devices.2
• Easily print from smartphone, tablets, and notebooks at work, home, or on the go; Mopria-certified.3

Ready for the future
• Keep up with the times. Easily update this printer as solutions advance—with HP FutureSmart Firmware.
• Depend on a printer that can expand with your business, with easy and feature upgrades.
• Take the guesswork out of management—centrally monitor and control all your printers with HP Web Jetadmin.4

High-volume productivity
• Get exceptional value from Original HP high-capacity ink cartridges.
• Easy control at your fingertips—select settings using the 4.3-inch color touchscreen.
• Meet the demands of high-volume print jobs—this printer has a paper input capacity of up to 3,100 sheets.5

1 Mobile device may require an app or driver. Wireless performance is dependent on physical environment and distance from the printer. For details, see hp.com/go/businessmobileprinting. Wireless direct printing requires purchase of optional module. 2 Mobile device must support near field communications—enabled printing. For a list of supported devices, see hp.com/go/businessmobileprinting. Touch-to-print capability requires purchase of optional module. 3 Local printing requires mobile device and printer to be on the same wireless network or have a direct wireless connection. Wireless performance is dependent on physical environment and distance from access point. Wireless operations are compatible with 2.4 GHz operations only. Remote printing requires an Internet connection to an HP web-connected printer. App or software and HP ePrint account registration may also be required. Wireless broadband use requires separately purchased service contract for mobile devices. Check with service provider for coverage and availability in your area. See hp.com/go/businessmobileprinting for more details. Mopria-certified devices adhere to a common standard that enables easy mobile printing with little or no setup. 4 HP Web Jetadmin is free and can be downloaded at hp.com/go/webjetadmin. 5 Maximum paper capacity requires purchase of additional paper trays for the HP Color LaserJet Enterprise M651dn.
