The State of Louisiana Medicaid program provides members with a State of Louisiana Medicaid ID card. If you lose and need to replace your State of Louisiana Medicaid ID Card, call toll-free at 1-888-342-6207 (TTY: 1-800-220-5404). You can find providers for these services at the state website. You can start using your pharmacy benefit right away.

Your plan covers a long list of medicines, or prescription drugs. Medicines that are covered are on the plan’s Preferred Drug List. Your doctor uses this list to make sure the medicines you need are covered by your plan. You can find the Preferred Drug List online at MyUHC.com/CommunityPlan. You can also search by a medicine name on the website. It’s easy to start getting your prescriptions filled. Here’s how:

1. **Are your medicines included on the Preferred Drug List?**

   - **Yes.**
     If your medicines are included on the Preferred Drug List, you’re all set. Be sure to show your pharmacist your latest member ID card every time you get your prescriptions filled.

   - **No.**
     If your prescriptions are not on the Preferred Drug List, schedule an appointment with your doctor within the next 30 days. They may be able to help you switch to a drug that is on the Preferred Drug List. Your doctor can also help you ask for an exception if they think you need a medicine that is not on the list.

   - **Not sure.**
     View the Preferred Drug List online at UHCCommunityplan.com/la (click on Find A Drug on the left side of the screen). You can also call Member Services. We’re here to help.

2. **Do you have a prescription?**

   When you have a prescription from your doctor, or need to refill your prescription, go to a network pharmacy. Show the pharmacist your member ID card. You can find a list of network pharmacies in the Provider Directory online at MyUHC.com/CommunityPlan, or you can call Member Services.
Do you need to refill a drug that’s not on the Preferred Drug List?

If you need refills of medicines that are not on the Preferred Drug List, you can get a temporary 3-day supply. To do so, visit a network pharmacy and show your member ID card. If you don’t have your member ID card, you can show the pharmacist the information below. Talk to your doctor about your prescription options.

Attention Pharmacist

Please process this UnitedHealthcare Community Plan member’s claim using:

If you receive a message that the member’s medication needs a prior authorization or is not on our formulary, please call OptumRx® at 1-866-328-3108 for a transitional supply override.
Your Primary Care Provider (PCP)

We call the main doctor you see a Primary Care Provider, or PCP. When you see the same PCP over time, it’s easier to develop a relationship with them. Each family member can have their own PCP, or you may all choose to see the same person. You will see your PCP for:

- Routine care, including yearly checkups.
- Coordinate your care with a specialist.
- Treatment for colds and flu.
- Other health concerns.

You have options.
You can choose between many types of network providers for your PCP. Some types of PCPs include:

- Family doctor (also called a general practitioner) — cares for children and adults.
- Gynecologist (GYN) — cares for women.
- Internal medicine doctor (also called an internist) — cares for adults.
- Nurse Practitioner (NP) — cares for children and adults.
- Obstetrician (OB) — cares for pregnant women.
- Pediatrician — cares for children.

Choosing your PCP.
If you’ve been seeing a doctor before becoming a UnitedHealthcare member, check to see if your doctor is in our network. If you’re looking for a new PCP, consider choosing one who’s close to your home or work. This may make it easier to get to appointments.

What is a Network Provider?
Network Providers have contracted with UnitedHealthcare Community Plan to care for our members. You don’t need to call us before seeing one of these providers, but you will need to contact your PCP to be referred to a specialist. There may be times when you need to get services outside of our network. Call Member Services to learn if they are covered in full. You may have to pay for those services.
There are three ways to find the right PCP for you.
1. Look through our printed or electronic Provider Directory.
2. Use the Find-A-Doctor search tool at MyUHC.com/CommunityPlan.
3. Call Member Services at 1-866-675-1607, TTY: 711. We can answer your questions and help you find a PCP close to you.

Once you choose a PCP, call Member Services and let us know. We will make sure your records are updated. If you don't want to choose a PCP, UnitedHealthcare can choose one for you, based on your location and language spoken.

Changing your PCP.
It's important that you like and trust your PCP. You can change PCPs at any time. Call Member Services and we can help you make the change.

Annual Checkups

The importance of your annual checkup.
You don't have to be sick to go to the doctor. In fact, yearly checkups with your PCP can help keep you healthy. In addition to checking on your general health, your PCP will make sure you get the screenings, tests and shots you need. And if there is a health problem, they're usually much easier to treat when caught early.

Here are some important screenings. How often you get a screening is based on your age and risk factors. Talk to your doctor about what's right for you.

For women.
• Pap smear — helps detect cervical cancer.
• Breast exam/Mammography — helps detect breast cancer.

For men.
• Testes exam — helps detect testicular cancer.
• Prostate exam — helps detect prostate cancer.
Well-child visits.
Well-child visits are a time for your PCP to see how your child is growing and developing. They will also offer the needed screenings, like speech and hearing tests, and immunizations during these visits. These routine visits are also a great time for you to ask any questions you have about your child’s behavior and overall well-being, including:

- Eating.
- Sleeping.
- Behavior.
- Social interactions.
- Physical activity.

Here are the shots the doctor will likely give, and how they protect your child:

- **Hepatitis A and Hepatitis B**: prevent two common liver infections.
- **Rotavirus**: protects against a virus that causes severe diarrhea.
- **Diphtheria**: prevents a dangerous throat infection.
- **Tetanus**: prevents a dangerous nerve disease.
- **Pertussis**: prevents whooping cough.
- **HiB**: prevents a common form of childhood meningitis.
- **Meningococcal**: prevents a common type of bacterial meningitis.
- **Polio**: prevents a virus that causes paralysis.
- **MMR**: prevents measles, mumps and German measles.
- **Varicella**: prevents chickenpox.
- **Influenza**: protects against the flu virus.
- **Pneumococcal**: prevents ear infections, blood infections, pneumonia and bacterial meningitis.
- **HPV**: protects against a sexually spread virus that can lead to cervical cancer in women and genital warts in men.

### Checkup schedule.

It's important to schedule your well-child visits for these ages:

- 3 to 5 days
- 1 month
- 2 months
- 4 months
- 6 months
- 9 months
- 12 months
- 15 months
- 18 months
- 24 months
- 30 months
- 3 years
- 4 years
- Once a year after age 5

3. Make a list of any drugs or vitamins you take on a regular basis. For your appointment, bring your prescription bottles with you so your PCP can review.

During the visit.
When you are with the doctor, feel free to:

- Ask questions.
- Take notes if it helps you remember.
- Ask the doctor to speak slowly or explain anything you don't understand.
- Ask for more information about any medicines, treatments or conditions.

Once You Have Made the Appointment

- Please be on time for your appointment.

If You Need Care and Your Provider’s Office Is Closed

Call your PCP if you need care that is not an emergency. Your provider’s phone is answered 24 hours a day, 7 days a week. Your provider will leave instructions on his/her office phone on how to receive after hours care.

You may be told to:

- Go to an after-hours clinic or urgent care center.
- Go to the office in the morning.
- Go to the emergency room (ER).
- Get medicine from your pharmacy.

Referrals and Specialists

UnitedHealthcare Community Plan does not require a formal management of referrals to specialists at this time.

While referrals are not required for UnitedHealthcare Community Plan of Louisiana, we do encourage members to coordinate care with their PCP and specialist.

We will evaluate the need for a formal referral process at a later time.

Out-of-Network Providers

You or your PCP might decide that you need to see a doctor or provider that is not in our network. Your PCP will need to call us to get an okay from us for these services before they will be covered. This is called a Prior Authorization.
Member’s Right to Refuse Treatment
As a member of our health plan, you have the right to refuse to undergo any medical service, diagnoses, or treatment or to refuse to accept any health service provided by UnitedHealthcare Community Plan. A parent or guardian may refuse medical treatment for a minor.

Getting a Second Opinion
A second opinion is when you want to see a second doctor for the same health concern. You can get a second opinion from a network provider for any of your covered benefits. This is your choice. You are not required to get a second opinion.

Prior Authorizations
In some cases your provider must get permission from the health plan before giving you a certain service. This is called prior authorization. If your provider does not get prior authorization, you will not be able to get those services. A member may submit, either verbally or in writing, a service authorization request for services. Please call Member Services at 1-866-675-1607, TTY: 711 for more information.

You do not need prior authorization for advanced imaging services that take place in an emergency room, observation unit, urgent care facility or during an inpatient stay. You do not need a prior authorization for emergencies. You also do not need prior authorization to see a women's health care provider for women’s health services or if you are pregnant.

A prior authorization may be needed.
Some services that require prior authorization include:
• Hospital admissions.
• Home health care services.
• Certain outpatient imaging procedures, including MRIs, MRAs, and CT scans.
• Sleep studies performed in a facility.
Continued Care if Your PCP Leaves the Network

Sometimes PCPs leave the network. If this happens to your PCP, you will receive a letter from us letting you know. Sometimes UnitedHealthcare Community Plan will pay for you to get covered services from doctors for a short time after they leave the network. You may be able to get continued care and treatment when your doctor leaves the network if you are being actively treated for a serious medical problem. For example, you may qualify if you are getting chemotherapy for cancer or are at least six months pregnant when your doctor leaves the network. To ask for this, please call your doctor. Ask them to request an authorization for continued care and treatment from UnitedHealthcare.

If You Need Care When Out of Town

UnitedHealthcare Community Plan will pay for routine care out-of-area only if:
- You call your PCP first and he or she says that it is important that you get care before you return home.

Transportation Services

Non-Emergency Medical Transportation (NEMT) services are provided by UnitedHealthcare Community Plan.

The NEMT program includes Friends and Family providers, municipal transit providers, and non-profit NEMT providers.

The Non-Emergency, Non-Ambulance Medical Transportation program consists of vehicles capable of transporting both ambulatory and non-ambulatory patients (wheelchair vans) who do not require an ambulance.

Members should call LogistiCare at 1-866-726-1472, 8 a.m. to 5 p.m., 2 business days prior to appointment. Reservations are accepted 2 business days prior to appointment, Monday through Friday 8:00 a.m. to 5:00 p.m. Routine trip requests are not allowed during non-business hours; Urgent/same day and/or hospital discharges are accepted 24/7/365; Calls for routine reservations are not accepted on national holidays: New Year’s Day, Memorial Day, 4th of July, Labor Day, Thanksgiving and Christmas.
Hospitals and Emergencies

Emergency Care
Hospital emergency rooms are there to offer emergency treatment for trauma, serious injury and life-threatening symptoms. Reasons to go to the ER include:

- Serious illness.
- Broken bones.
- Heart attack.
- Poisoning.
- Severe cuts or burns.

UnitedHealthcare Community Plan covers any emergency care you need throughout the United States and its territories. Within 24 hours after your visit, call Member Services at 1-866-675-1607, TTY: 711. You should also call your PCP and let them know about your visit so they can provide follow-up care if needed.

Urgent Care
Urgent care clinics are there for you when you need to see a doctor for a non-life-threatening condition but your PCP isn't available or it's after clinic hours. Common health issues ideal for urgent care include:

- Sore throat.
- Ear infection.
- Minor cuts or burns.
- Flu.
- Abdominal Pains and Wheezing.
- Low-grade fever.
- Sprains.

If you or your children have an urgent problem, call your PCP first. Your doctor can help you get the right kind of care. Your doctor may tell you to go to urgent care or the emergency room.

Don’t wait.
If you need emergency care, call 911 or go to the nearest hospital. Prior authorization is not required for emergency services.

Planning ahead.
It's good to know what urgent care clinic is nearest to you. You can find a list of urgent care clinics in your Provider Directory, or you can call Member Services at 1-866-675-1607, TTY: 711.
Hospitals and Emergencies

Hospital Services

There are times when your health may require you to go to the hospital. There are both inpatient and outpatient hospital services.

Outpatient services include X-rays, lab tests and minor surgeries. Your PCP will tell you if you need outpatient services. Your doctor’s office can help you schedule them.

Inpatient services require you to stay overnight at the hospital. These can include serious illness, surgery or having a baby.

Inpatient services require you to be admitted (called a hospital admission) to the hospital. The hospital will contact UnitedHealthcare Community Plan and ask for authorization for your care. If the doctor who admits you to the hospital is not your PCP, you should call your PCP and let them know you are being admitted to the hospital.

Post-Stabilization Services

Post-stabilization services are covered and provided without prior authorization. These are services that are medically necessary after an emergency medical condition has been stabilized.

No Medical Coverage Outside of U.S.

If you are outside of the United States and need medical care, any health care services you receive will not be covered by UnitedHealthcare Community Plan. Medicaid cannot pay for any medical services you get outside of the United States.
Prescription Drugs

Your benefits include prescription drugs. UnitedHealthcare Community Plan covers hundreds of prescription drugs from hundreds of pharmacies. The full list of covered drugs is included in the Preferred Drug List. You can fill your prescription at any in-network pharmacy. You will have to pay for the drug yourself if you do not go to a network pharmacy.

Prior authorization.
Some medications on our Preferred Drug List need prior authorization. This means they must be approved before you can get them. When a drug needs prior authorization, your doctor must contact our Pharmacy Department. They will review the doctor’s request. The decision takes up to 24 hours once all medically necessary information is provided. You and your doctor will be informed of the outcome.

Generic and brand name drugs.
UnitedHealthcare Community Plan requires all members to use generic drugs when available. Generic drugs have the same ingredients as brand name drugs — they often cost less, but they work the same.

What is the Preferred Drug List?
This is a list of drugs covered under your plan. You can find the complete list in your Preferred Drug List, or online at MyUHC.com/CommunityPlan.

Changes to the Preferred Drug List.
The list of covered drugs is reviewed by the Louisiana Department of Health and Hospitals on a regular basis and may change when new generic drugs are available. There are some members who may have to pay a small amount (called a copay) for their prescriptions.
**Over-the-Counter (OTC) Medicines**

UnitedHealthcare Community Plan also covers many over-the-counter (OTC) medications. An in-network provider must write you a prescription for the OTC medication you need. The supply is limited to 30 days. Then all you have to do is take your prescription and member ID card into any network pharmacy to fill the prescription. OTC medications include:

- Insulin syringes, test strips, lancets, urine test strips.
- Vitamin D, Vitamin E, Niacin, Calcium, Magnesium, Phosphate and iron replacements.
- Antihistamines.

For a complete list of covered OTC medicines, go to [MyUHC.com/CommunityPlan](http://MyUHC.com/CommunityPlan).

Or call Member Services at **1-866-675-1607**, TTY: **711**.

---

**Injectable Medicines**

Injectable medications are medicines given by shot, and they are a covered benefit. Your PCP can have the injectable medication delivered either to the doctor’s office or to your home. In some cases, your doctor will write you a prescription for an injectable medication (like insulin) that you can fill at a pharmacy.
**Benefits Covered by UnitedHealthcare Community Plan**

As member of UnitedHealthcare Community Plan, you are covered for the following services. (Remember to always show your current member ID card when getting services. It confirms your coverage.) Behavioral Health Services – Specialty Care

For information about specialty behavioral health services call Magellan Health Services at 1-800-424-4399 or TTY: 1-800-424-4416.

Call 911 for immediate medical emergencies, or call 211 for non-emergencies to receive the appropriate treatment referral. 211 is an easy to remember telephone number that connects you to information about critical health and human services available in your community such as: food, clothing, shelter, employment and financial assistance.

Consent Form Required Services

A consent form will need to be signed by parents/legal guardians of children under the age of 13 who are on Medicaid and take certain psychotropic medicines. This form will need to be signed with every new prescription. Your child’s doctor will send the signed consent form to the drug store. This consent form can be sent to the drug store by fax, mail, or online. Call Member Services at 1-866-675-1607, TTY: 711, if you have questions.

Regular Medicaid Services

There are some Medicaid services that are NOT covered by UnitedHealthcare Community Plan, but you may be able to get from Medicaid. Call Louisiana Medicaid Customer Service Unit toll free at 1-888-342-6207 for information on these services and any cost sharing required.

New Technology

Requests to cover new medical procedures, devices, or drugs are reviewed by the UnitedHealthcare Community Plan Technology Assessment Committee. This group includes doctors and other health care experts. The team uses national guidelines and scientific evidence from medical studies to help decide whether UnitedHealthcare Community Plan should approve such equipment, procedures, or drugs.
Disease and Care Management

If you have a chronic health condition like asthma or diabetes, UnitedHealthcare Community Plan has a program to help you live with your condition and improve the quality of your life. These programs are voluntary and available at no cost to you. The programs give you important information about your health condition, medications, treatments and the importance of follow-up visits with your physician.

A team of registered nurses and social workers will work with you, your family, your PCP, other health care providers and community resources to design a plan of care to meet your needs in the most appropriate setting. They can also help you with other things like weight loss, stopping smoking, making appointments with your doctor and reminding you about special tests that you might need.

You or your doctor can call us to ask if our care management or disease management programs could help you. If you or your doctor thinks a Care Manager could help you, or if you want more information about our care management or disease management programs, call Member Services at 1-866-675-1607, TTY: 711.

Wellness Programs

UnitedHealthcare Community Plan has many programs and tools to help keep you and your family healthy, including:

- Classes to help you quit smoking.
- Pregnancy care and parenting classes.
- Nutrition classes.
- Well-care reminders.

Your PCP may suggest one of these programs for you. If you want to know more, or to find a program near you, talk to your PCP or call Member Services at 1-866-675-1607, TTY: 711.

Interpreter Services and Language Assistance

Many of our Member Services employees speak more than one language. If you can’t connect with one who speaks your language, you can use an interpreter to help you speak with Member Services.

Many of our network providers also speak more than one language. If you see one who doesn’t speak your language, you can use our interpreter or sign language services to help you during your appointment. Arrange for your translation services at least 72 hours before your appointment subject to availability and language needed in specific area. Sign language services require two week’s notice.

You can also have any printed materials we send you either sent in a different language or translated for you. To arrange for interpreter, translation services or audio format, call Member Services at 1-866-675-1607, TTY: 711.

What Should I Do if I Get a Medical Bill?

Sometimes you will get a bill that should have been sent to us. If you get a bill, call Member Services at 1-866-675-1607, TTY: 711. We will work with you to find out if you need to pay the bill or if you should send it to us. You may have to pay the bill if you receive treatment from doctors who are not part of our network.

Other Health Insurance
(Coordination of Benefits – COB)

If you or anyone in your family has health insurance with another company, it is very important that you call Member Services and tell us about the insurance. For example, if you work and have health insurance or if your children have health insurance through their other parent, you need to call Member Services to give us the information.

If you have other insurance, UnitedHealthcare Community Plan and your other health plan will share the cost of your health care needs. When both share the cost, it is called a Coordination of Benefits. Together, both plans will pay no more than 100% of the bill.

If we pay the entire bill and another party should pay part, we will contact the other health plan. For example, if you are hurt in an automobile accident, auto insurance might pay some of your medical bills. You will not get a bill for covered services. We get the bill. If you get the bill by mistake, call the Member Services Center at 1-866-675-1607, TTY: 711.

Advance Directives

An advance directive is a set of written steps you want to be taken when you can no longer make health care choices for yourself. It tells what health care you want or do not want. You should talk about your wishes with your doctor, family and friends. These steps will not change your health care benefits. Some examples of advanced directives include:

Living wills.
A living will tells your doctor the kinds of life support you want or do not want.

Power of attorney for health care.
In this form, you name another person who can make health choices for you. It would be used only if you cannot make choices yourself.

For information on Advance Directives, ask your doctor for more information. You may also call Member Services at 1-866-675-1607, TTY: 711.

If you are not happy with service UnitedHealthcare Community Plan has provided, you can file a grievance. Possible subjects for a grievance include, but are not limited to, the quality of care or services provided, and aspects of interpersonal relationships such as rudeness of a provider or employee, or failure to respect your rights.

You can file a grievance by calling Member Services at 1-866-675-1607, TTY: 711, or at the telephone number listed on the back of your ID card. You can find a copy of the Grievance and Appeals form on page 61 of this handbook. You can send us the form or a written letter to the address below:

UnitedHealthcare Community Plan
Appeals and Grievance Unit
P.O. Box 31364
Salt Lake City, UT 84131

Your letter must have the following information: your name, your member ID number, your contact information (telephone number and address), and the reason for your grievance.

You have 30 days to file your grievance from the date of the event that caused you to be unhappy. We will tell you that we have your grievance. We will finish reviewing your case within 90 days. We will let you know if we need an extra 14 (calendar) days to look at your case. We will only take more time if it could help you or if you ask us.

How to appeal an action.
If we deny, reduce, limit or terminate a request for a service you or your doctor makes, that is considered a “plan action” and you may appeal our decision.

You or someone acting on your behalf (provider, family member, etc.) can file an appeal by calling or writing to UnitedHealthcare Community Plan.
Other Plan Details

Call 1-866-675-1607, TTY: 711 or write to:

UnitedHealthcare Community Plan
Appeals and Grievance Unit
P.O. Box 31364
Salt Lake City, UT 84131

If you file your appeal by calling us, we will put your appeal in writing and send it to you for your signature.

You must file your appeal within 30 calendar days of receiving UnitedHealthcare’s Notice of Action. If you need help writing or filing an appeal, call Member Services at 1-866-675-1607, TTY: 711.

You may request to continue to receive benefits during your appeal. If you wish to have your benefits continue at their current level, you must request the appeal before your benefits end. If you receive our decision letter less than 15 days before your services end, you can have 15 days from the date on our decision letter to make your request.

If you request an appeal during the period between the date of the Notice of Adverse Action and the date the action will be taken, your services must be continued or reinstated unless:

1. You indicate in writing that you do not want your benefits continued; or
2. A determination is made that the sole issue is one of an existing or change in State or Federal law; or
3. A change unrelated to the appeal issue affecting your eligibility for Medicaid occurs while the decision is pending and you do not request a State Fair Hearing after receiving the notice of change; or
4. Benefits are reduced or terminated as a result of a mass change.

Your benefits or services will continue at their prior level until your Medicaid eligibility ends or until the resolution of the appeal, whichever occurs first. If we determine our initial decision we made in your case is correct, that is, we rule against your appeal, you may be required to repay the amount of any benefits you received during the process.

If someone else is going to file an appeal for you, we must have your written permission for that person to file your appeal. Parties to the appeal may include a legal representative of a deceased member’s estate.

We will send you a letter telling you we received your appeal. We will review your appeal and send you our decision within 30 calendar days of receiving your appeal.

This timeframe may be extended up to 14 days if you ask for the extension or we show that there is need for additional information and the delay is in your interest. If we ask for an extension, we will give you written notice of the reason for the delay.

You will receive a letter telling the reason for our decision and what to do if you don’t like the decision.
UnitedHealthcare will resolve an appeal and provide written notice of the resolution within 30 calendar days. UnitedHealthcare may extend this time frame by up to 14 calendar days upon a member’s request or if UnitedHealthcare demonstrates the need for more information and that a delay in rendering the decision is in the member’s best interest.

For any extension not requested by the member, UnitedHealthcare will give the member written notice of the reason for delay.

**What can I do if I need immediate care?**

If you or your doctor wants a fast decision because your health is at risk, call Member Services at **1-866-675-1607, TTY: 711** for an expedited review of an Action. UnitedHealthcare Community Plan will call you with our decision within 72 hours of getting your request for an expedited review. This timeframe may be extended up to 14 days if you ask for the extension or we show that there is need for additional information and the delay is in your interest. If we ask for an extension, we will give you written notice of the reason for the delay. You will receive a letter telling the reason for our decision and what to do if you don’t like the decision.

If you are not happy with our appeal decision, you can request a State Fair Hearing. This can be done by telephone, fax, in writing or on the website for the Division of Administrative law, [http://www.adminlaw.state.la.us/HH.htm](http://www.adminlaw.state.la.us/HH.htm). You will find a copy of the form to request a State Fair Hearing on page 63 of this handbook. You or a representative of your choice, or a provider, acting on your behalf with your written consent may file a State Fair Hearing request within 30 days from the date shown on our decision letter. If you wish to have your benefits continue at their current level, you must request the State Fair Hearing before your benefits end. For any benefits that were previously authorized and are now being reduced, our decision letter must be issued at least 10 days prior to the date of the action.

If someone else is going to file a State Fair Hearing for you, we must have your written permission for that person to file your request. Parties to the State Fair Hearing may include a legal representative of a deceased member’s estate.

A Bayou Health member who exercises the right to a State Fair Hearing is called a claimant/appellant. The claimant/appellant may represent himself at the State Fair Hearing or be represented by any authorized representative such as a friend, relative, provider, legal counsel or other spokesperson.

An Authorized Representative refers to any authorized person acting on behalf of a claimant/appellant. This can be the claimant/appellant’s friend, relative, attorney, paralegal, legal guardian, provider or any person the claimant/appellant chooses. The authorized representative must be acting with the permission of the claimant/appellant unless the claimant/appellant is under an order of interdiction.
You have the right to ask someone to represent you at the hearing. If you request a State Fair Hearing during the period between the date of the Notice of Adverse Action and the date the action will be taken, your services must be continued or reinstated unless:

1. You indicate in writing that you do not want your benefits continued; or
2. A determination is made that the sole issue is one of an existing or change in State or Federal law; or
3. A change unrelated to the appeal issue affecting your eligibility for Medicaid occurs while the State Fair Hearing decision is pending and you do not request a State Fair Hearing after receiving the notice of change; or
4. Benefits are reduced or terminated as a result of a mass change.

Your benefits or services will continue at their prior level until your Medicaid eligibility ends or until the resolution of the State Fair Hearing, whichever occurs first. If the State Fair Hearing judge finds the decision we made in your case is correct, that is, rules against your appeal, you may be required to repay the amount of any benefits you received during the State Fair Hearing process.

You may file the request for a State Fair Hearing either orally or in writing to:

In a State Fair Hearing, the Division of Administrative Law shall make the recommendation to the Secretary of the DHH who has final authority to determine whether services must be provided.

**What if I want to choose a different plan?**

You may change your plan for any reason during the first 90 calendar days after the date of your first enrollment; or when we receive notice of your enrollment, whichever is later. After the 90 calendar days you will be locked into your health plan until open enrollment.
