New SonoSite Ultrasound Device to assist physicians in diagnosis and care of patients

In September 2011, Sanford Luverne applied for a grant through the LACF Healthcare Fund to purchase a SonoSite Ultrasound Device. The SonoSite device is a portable handheld ultrasound device that is easily moveable to the point of care of the patient. It is approximately the size of laptop computer and gives striking image quality with sharp contrast resolution and clear tissue delineation. This tool is designed to assist physicians to efficiently diagnose and care for patients.

Initially, the SonoSite will be used by Surgeon Norma Walks, MD, with future plans to be used by the other physicians and CRNAs at Sanford Luverne. With the SonoSite, during a routine visit a physician could discover a lesion, perform an ultrasound right in the room, and determine if further testing or a biopsy is needed without having the patient leave the room. The SonoSite will also assist emergency department physicians in timely ultrasound checks for internal injuries without having to wait for on-call staff when not in house.

Sanford’s goal is to enhance the surgery services, focusing on enhancing breast health and other surgical procedures.
TOTAL LIFETIME GIVING

LACF’s number one priority is to increase the Community General Fund. The stronger the endowment, the more time and financial resources are available to invest in programs and initiatives that strengthen all of Rock County. Gifts to the LACF Community General Fund are unrestricted, which allows the greatest flexibility to respond to the future needs and opportunities of our county. Building the endowment is central to the Foundation’s strategic, long-range plan for sustainability.

Total Lifetime Giving to the General Fund will continue to be acknowledged in the Annual Report. Gifts given to the Community General Fund since the Foundation’s conception will be cumulatively calculated and acknowledged.

The Healing Garden at Sanford Luverne is a 13,400 square-foot garden on the west side of the Sanford Luverne facility. The garden includes wide, meandering paths, a water fountain, areas for quiet reflection, tables, chairs and benches for patients and visitors, and a bounty of flowers and plants. It offers patients, family members, and visitors a beautiful outdoor, therapeutic alternative to the indoor hospital setting. The garden can be enjoyed by the entire community and used for educational and other purposes. If you would like to donate to the Healing Garden fund, donations can be sent to: LACF-Healing Garden, PO Box 623, Luverne, MN 56156.
Thank you 2011 DONORS!

With great appreciation we recognize the following individuals and businesses for their 2011 contributions. However, if we have inadvertently omitted your name, please accept our sincere apology and contact us as soon as possible so we can correct our records.

Together we are making a tremendous difference in Rock County!
