**PRODUCT DESCRIPTION**

**KEEP OUT OF REACH OF CHILDREN.** Finish Sealer Stripper is a fast acting, high potency stripper designed to remove wax, acrylic, grease and stains from tile, grout, marble, granite, concrete and masonry surfaces. Finish Sealer Stripper removes Miracle Sealants’ High-Gloss Finish Sealer or Matte Finish Sealer when it becomes necessary to strip these products.

Finish Sealer Stripper has a high pH and may adversely affect the polished finish on marble, limestone, travertine and other calcareous stone surfaces.

**Sample Testing**
Due to the differences of each material, several inconspicuous test patches should be completed to assure maximum performance. **User must determine suitability of the product for their intended use.**

**Protect Neighboring Surfaces**
Always protect neighboring surfaces including wood, carpet, metal, landscaping and other masonry and non masonry surfaces.

**APPLICATION INSTRUCTIONS**

Read the entire label and PDS/MSDS before starting. Use from approved container.

**Coating Removal:** Apply Finish Sealer Stripper directly out of the bottle using a mop or stripper applicator. Allow Finish Sealer Stripper to stand for 5 - 15 minutes, agitating the surface periodically with a stripping pad or brush. Do not allow to dry on the surface. Multiple applications may be necessary with difficult areas. Rinse with clean water and remove dirty remains with towels or a wet vacuum system.

**Heavy Wax Build up Removal:** Use approximately 1 part concentrate Finish Sealer Stripper to 12 parts clean water. Light wax build up & cleaning mix 1 part Finish Sealer Stripper to 16 - 20 parts water

**Special Notes**
Do not use on polished marble, limestone or other calcium-base surfaces.

Be careful to choose the appropriate stripping pad or brush.

Do not allow to dry on the surface.

**Water, Stain & Slip Protection**
To protect cleaned areas from future soiling, staining and increase static coefficient of friction, we recommend applying the appropriate Miracle Penetrating Sealer/Impregnator.

**Color and Gloss Enhancement**
For added color with “Textured and Non polished” surfaces, 511 Seal & Enhance or Mira Matte may be used. For porous type “Pavers”, 511 Seal & Enhance may be used as directed.

**Heavy Duty Cleaning:** Use Phosphoric Acid Cleaner, HDAC or Liquid Poultice as directed.

**Light Cleaning:** Use Tile & Stone Cleaner, Porcelain & Ceramic Tile Cleaner, Limestone/Travertine Soap and Counter Kleen as directed.

**Coverage**
Coverage will vary depending on density, porosity, texture, surface absorption, weather, time solution left on surface and application methods. Used as directed, **Finish Sealer Stripper** will cover approximately 200 - 300 square feet per gallon (18 - 27 square meters per 3,785 liters).

**MAINTENANCE**
For ongoing maintenance instructions please refer to Miracle Sealants Care Guide. Refer to the Miracle Sealants Product Recommendation Chart for specific product recommendations.

**Storage**
Store Finish Sealer Stripper in the original container, properly sealed to avoid contamination. Stored at 77°F (25°C), Finish Sealer Stripper will have a shelf life of 12 months. Do not allow to freeze.
