Discussion and Skill Pages
Character Map

Several characters are described in Chapter 1. Begin making a character map with drawings of each character on one side and a description on the other. Wizards

Albus Dumbledore

He was tall, thin, and very old, judging by the silver of his hair and beard, which were both long enough to tuck into his belt. He was wearing long robes, a purple cloak that swept the ground, and high-heeled, buckled boots. His blue eyes were light, bright, and sparkling behind half-moon spectacles and his nose was very long and crooked, as though it had been broken at least twice. (Page 8)

Professor McGonagall

...severe-looking woman who was wearing square glasses exactly the shape of the markings the cat had had around its eyes. She, too, was wearing a cloak, an emerald one. Her black hair was drawn into a tight bun. She looked distinctly ruffled. (Page 9)

Hagrid

If the motorcycle was huge, it was nothing to the man sitting astride it. He was almost twice as tall as a normal man and at least five times as wide. He looked simply too big to be allowed, and so wild - long tangles of bushy black hair and beard hid most of his face, he had hands the size of trash can lids, and his feet in leather boots were like baby dolphins. In his vast, muscular arms he was holding a bundle of blankets. (Page 14)
Muggles

Mr. Dursley  ...big, beefy man with hardly any neck, although he did have a very large mustache (Page 1)

Mrs. Dursely  ...thin and blonde and had nearly twice the usual amount of neck (Page 1)

Dudley  small son (Page 1)

Letter Writing

Harry received hundreds of letters in Chapter 3. Write your own letter. Harry's letters were written on parchment paper with green ink.
Probability

Another fun activity was predicting the number of beans in the bag of Bertie Bott's Beans. We also predicted the number of each flavor. After counting the actual number we wrote the fraction for each. We then discussed the probability of getting a flavor we liked as opposed to one we didn't like. This bag of beans had grass, pepper, and sardine flavors. Yuck!

Magic Tricks

Harry finds out that his parents are wizards. He remembers times when he was able to "make things happen" when he was really angry. You too can perform some simple magic tricks.

Diagon Alley

Walk Through http://harrypotter.warnerbros.co.uk/diagonalley/walkthrough.html
During our unit on Harry Potter we made wizard money.

We made galleons, sickles, and knuts. We used the money in a simulation activity. In this activity, we pretended to purchased items a wizard might need to buy before going to Hogwarts. It was a lot of fun!
Magic Wands

We also made magic wands. They were made from wooden dowels. We decorated our wands with star shaped stickers, beads, feathers, and sequins.
Chocolate Frog Cards

We made chocolate frog cards for the wizards that we would meet at Hogwarts. This was a great help in remembering the names of each professor and what the professor taught.

We held a sorting ceremony. Each student put on the sorting hat. We were divided into four houses. We held a competition to see which house would collect the most points for the rest of the Harry Potter unit. We earned points for getting our reading log signed, keeping our assignment book up-to-date, and on making good grades on the comprehension quizzes.

The Sorting Hat

Oh, you may not think I'm pretty,
But don't judge on what you see,
I'll eat myself if you can find
A smarter hat than me.

You can keep your bowlers black,
Your top hats sleek and tall,
For I'm the Hogwarts Sorting Hat
and I can cap them all.

There's nothing hidden in your head
The Sorting Hat can't see,
So try me on and I will tell you
Where you ought to be.

Quidditch Rules

Have students make a chart to better understand the rules of Quidditch.

Chaser - Chaser - Chaser - throw the Quaffle to each other and try and get it through one of the hoops to score a goal

-->  Quaffle - bright red about the size of a soccer ball

-->  Hoop  > 10 Points

Keeper - guards the goal posts and stops the other team from scoring

-->  Guards Hoop

Beater - Beater - protect their side from the Bludgers and try and knock them toward the other team

-->  Bludger - Bludger - 2 identical jet black balls and smaller than the red Quaffle that try to knock players off their brooms

Seeker - catches the Golden Snitch

-->  Golden Snitch - tiny ball about the size of a large walnut, bright gold and with little fluttering silver wings

-->  Catch  > 150 Points

7 Players  4 Balls  Goal  Points

Magical Creatures

Dragons

Learn more about these magical creatures. Draw a picture of a dragon.

Centaurs

In Chapter 15 Harry, Hermione, and Hagrid meet up with Ronan, Bane and Firenze, centaurs, in the Forbidden Forest. What are centaurs? Can you draw or make a model of a centaur?

Unicorns

Someone is killing the unicorns in the Forbidden Forest to drink their blood. Is it Voldemort?

Make Fluffy

We made a snack that looked like Fluffy's mouth. It was made with apple slices, peanut butter, and candy corn.
The Logic Puzzle

Can you solve the logic puzzle?

TB Stumpers [http://www.rain.org/~mkummel/stumpers/17mar00.html](http://www.rain.org/~mkummel/stumpers/17mar00.html)
Graduation Party

We held a first year graduation party after completing the book. Students each received a "Harry Potter" lightning-shaped tattoo. They put on wizard hats to really get into the spirit of the party. We played games with trivia from the book. Students made an eerie looking mixture in a cauldron.
