SUSTAIN III BOLUSES - Indicated for the treatment of diseases when caused by pathogenic organisms sensitive to sulfamethazine.
Activated Clay Gel
Activated Clay Gel may be used in animals during stomach discomfort and digestive disorders. Contains Attapulgite Clay and Kaolin.

- 80 mL tube, 12 tubes per case  
  UPC # 7-45801-11625-2
- 300 mL tube, 12 tubes per case  
  UPC # 7-45801-11629-0

A-Lyte Solution
An oral source of vitamins, amino acids and electrolytes for cattle, sheep, swine and horses when dietary intake is reduced; also supportive treatment of dehydration resulting from prolonged fevers, transportation shrink, pneumonia and diarrhea.

- 16 ounce bottle, 12 per case  
  UPC # 7-45801-10054-1

A-Lyte Concentrate*
An oral source of vitamins, amino acids and electrolytes for cattle, sheep, swine and horses when dietary intake is reduced; also supportive treatment of dehydration resulting from prolonged fevers, transportation shrink, pneumonia and diarrhea.

- 16 ounce bottle, 12 per case  
  UPC # 7-45801-10064-0

* Not approved for sale in New Mexico.

All Purpose Lubricant
All Purpose Lubricant is a ready-to-use lubricant that is non-spermicidal, non-greasy, and non-irritating. It is indicated for obstetrical work such as cleaning cows, delivering calves, lambs, piglets, or foals. It can also be used for vaginal and rectal examinations, and as a lubricant for catheters, enema nozzles, and stomach tubes.

- Gallon, 4 per case  
  UPC # 7-45801-11406-7

AmproMed™ 9.6% for Calves
An aid in the treatment and prevention of coccidiosis caused by Eimeria bovis and E. zuernii in calves.

- 16 ounce, 12 per case  
  Gallon, 4 per case

Aspirin Bolus 240 grains
To be used orally as an aid in reducing fever and in relief of minor muscular aches and joint pains in cattle, calves, horses and foals.

- 50 boluses per jar, 12 jars per case  
  UPC # 7-45801-10075-6
**Aspirin Bolus 480 grains**
To be used orally as an aid in reducing fever and in relief of minor muscular aches and joint pains in mature cattle and horses.
50 boluses per jar, 6 jars per case

**Colostrum PLUS**
*Bovine IgG Escherichia coli Antibody*
A bovine IgG prepared from colostrum! Made with true bovine origin colostrum! A natural, antibiotic free (ABF) full colostrum replacer for neonatal beef and dairy calves. Contains 100 grams bovine IgG + one dose of E.coli K99 antibody.
1-dose, 500g packet, 12 per case
UPC# 8-38421-00040-4

**First Colostrum**
*Bovine IgG Escherichia coli Antibody*
Colostrum Supplement for Newborn Calves
A natural, antibiotic free (ABF) colostrum supplement for neonatal beef and dairy calves. Contains 50 grams bovine IgG + one dose of E.coli antibody.
1-dose, 350g packet, 12 per case
UPC# 8-38421-00040-4

**Bismusal**
Bismusal is a palatable oral suspension for use and aid in the control of simple diarrhea.
Gallon, 4 per case
UPC# 7-45801-10199-0

**Bloat Treatment**
For use as an aid in the treatment of Frothy Bloat in ruminants and as a fecal softener.
12 oz. bottle, 12 per case
UPC# 7-45801-10145-6

**Blood Stop Powder**
For use as an aid in controlling minor bleeding from superficial cuts and wounds and after dehorning.
16 oz. jar, 12 jars per case
UPC# 7-45801-10151-7

**Calcium Drench plus Vitamins**
Calcium Drench Plus Vitamins is indicated for use before and after freshening as a milk fever preventative. This product can also be used as an appetite stimulant after calving.
Gallon, 4 per case
UPC# 7-45801-10254-5

**Calf Scour Bolus**
Recommended for oral administration for the control and treatment of the following diseases of beef and dairy calves caused by organisms sensitive to oxytetracycline: bacterial enteritis caused by Salmonella typhimurium and Escherichia coli (coli bacillosis); bacterial pneumonia (shipping fever complex, pasteurellosis) caused by Pasteurella multocida.
25 count jar, 12 jars per case
UPC# 7-45801-14150-6
100 count jar, 12 jars per case
UPC# 7-45801-14151-3

**Cal-Mag-Co Gel**
A nutritional supplement containing calcium, magnesium and cobalt for dairy cattle during calving.
300mL tube, 48 tubes per case
UPC# 7-45801-10247-7

**Cal-Mag-Se Gel**
A nutritional supplement containing calcium, magnesium, cobalt, selenium and vitamins for dairy cattle during calving.
300mL tube, 48 tubes per case
UPC# 7-45801-10241-5

**CMPK Gel**
A nutritional supplement containing calcium, phosphorus, magnesium and potassium for dairy cattle during calving.
300mL tube, 48 tubes per case
UPC# 7-45801-10245-3

**CMPK Bolus**
A nutritional supplement for the additional intake of the minerals calcium, magnesium, phosphorus, and potassium; plus Vitamin E & D3.
50 Boluses per jar, 6 jars per case
UPC# 7-45801-10266-8

**CMPK D3 Drench**
A liquid oral supplement designed to provide calcium, magnesium, phosphorus, potassium, propylene glycol, and vitamin D3. Vitamin D3 assists in the absorption of calcium. 40% CMPK with D3 Oral Drench helps reduce the incidence of milk fever, displaced abomasums and retained placentas. Use at calving to stimulate appetite. CMPK D3 is also indicated for sheep and goats.
12 oz. bottle, 12 bottles per case
UPC# 7-45801-10267-5

*Not approved for sale in New Mexico.*

www.durvet.com / CATTLE PRODUCTS
Colostrum Bolus
Designed to assist in the replacement of colostrum where calves and sheep may be deficient. Also contains a source of live (viable) naturally occurring microorganisms.
25 count jar, 12 jars per case
UPC # 7-45801-10320-7

Colostrum Powder
A nutritional product for newborn calves, sheep, and goats which contains a source of live (viable) naturally occurring microorganisms.
18 oz. jar, 12 jars per case
UPC # 7-45801-10322-1

Controlled Iodine Spray
A topical antiseptic for use on horses, cattle, swine and sheep prior to surgical procedures such as castrating and docking. For application to the naval of newborn animals; and for use as an aid in the treatment of minor cuts, bruises and abrasions.
16 oz. bottle with trigger sprayer, 12 per case
Gallon, 4 gallons per case
UPC# 7-45801-10333-7

Dextrose 50%
An aid in treating dextrose deficiencies, including acetonemia or ketosis in cattle. 50% Dextrose raises blood sugar levels and reduces the ketone bodies in the blood. Eliminates the usage of body fat, preventing weight loss and possible death, in cases of extreme exhaustion and debility in cattle.
500 mL vial, 12 vials per case
UPC # 7-45801-10400-6

DuraFend
A multi-species medicated dewormer indicated for the control and removal of worms in a broad range of animals. Pellets may be top dressed or blended with feed.
1 lb bag, 30 per case
UPC# 7-45801-07966-3

UPC# 7-45801-07967-0
10 lb bag, 5 per bailer bag
UPC# 7-45801-07968-7
25 lb bag, 1 per case
UPC# 7-45801-07969-4

Duramycin 10 Soluble Powder
For use in drinking water for prevention and treatment of diseases susceptible to tetracycline hydrochloride.
6.4 ounce foil packet, 62 packets per pail
UPC # 7-45801-10870-6

Duramycin 100
Duramycin-100 Injection is a sterile, ready-to-use preparation containing 100mg per mL of Oxytetracycline hydrochloride.
500mL bottles, 12 bottles per case
UPC # 7-45801-10555-3

Duramycin 324
A water soluble powder containing 324 grams tetracycline hydrochloride activity per pound. For prevention and treatment of diseases susceptible to tetracycline in calves, swine, and poultry.
5 pound pail, 4 pails per case
UPC # 7-45801-10576-8

Duramycin 72-200
A sterile, ready-to-use solution containing 200 mg per mL of the broad spectrum antibiotic oxytetracycline. Duramycin 72-200 is effective against a wide range of gram-positive and gram-negative bacteria for beef cattle, dairy cattle, and calves, including pre- ruminating (veal) calves, and swine.
100mL bottles, 12 bottles per case
UPC # 7-45801-10552-2
250 mL bottles, 12 bottles per case
UPC # 7-45801-10554-6
500 mL bottles, 12 bottles per case
UPC # 7-45801-10556-0

Durazyme - Colostrum Supplement and Paste
All natural biological products that contain probiotics (micro encapsulated bacteria) to enhance gut flora. All formulations contain dried egg solids, which have been grown with strategic proteins to aid in the prevention and treatment of various intestinal infections and gut disorders. DuraZyme products are an excellent source of energy for cattle of all ages, especially newborn calves when nutrition and energy are vital to the immune system. These products also contain digestible enzymes that enhance digestion.
Dura-Pen
Indicated for the treatment of the following bacterial infections in beef cattle due to penicillin-susceptible microorganisms that are susceptible to the serum levels common to this particular dosage form, such as: Bacterial Pneumonia (Shipping Fever Complex), Upper Respiratory Infections such as Rhinitis or Pharyngitis, and Blackleg.

- 100 mL vials, 12 per case UPC # 7-45801-11610-8
- 250 mL vials, 12 per case UPC # 7-45801-11612-2
- 500 mL vials, 12 per case UPC # 7-45801-11613-9

Formula 911®
Formula 911® is a blend of ingredients as a source of electrolytes, nutrients and sugars for energy in young calves, veal, foals, lambs and goats. Contains a source of live (viable) naturally occurring microorganisms.

- 100 gm, 20 per case/display, UPC# 7-45801-11860-7
  * Not approved for sale in New Mexico.

Isopropyl Alcohol
Rubefacient - helps relieve minor muscular aches due to overexertion.

Gallon, 4 per case UPC # 7-45801-11805-8

Ivermectin Injection 1%
Ivermectin Injection - 1% sterile solution (10mg/mL) is indicated for the treatment and control of gastrointestinal roundworms, lungworms, sucking lice and mange mites in cattle and swine.

- 250 mL vials, 12 vials per case UPC# 7-45801-11017-5
- 500 mL vials, 12 vials per case UPC# 7-45801-11018-2

Ivermectin Pour-On
Ivermectin Pour-On for cattle is indicated for the treatment and control of gastrointestinal roundworms (including inhibited Ostertagia ostertagi), lung-worms, grubs, horn flies, sucking and biting lice, and sarcoptic mange mites in cattle.

- 250 mL bottles, 12 bottles per case, with 12 measuring cups

Vitamin B Complex Oral Gel
For use as a supplemental source of Complex B Vitamins in goats, sheep and calves. Fortified to support appetite, digestion and energy levels. In a “Real Gel” base, Fortified Vitamin B Complex Gel melts at body temperature for ease in administration.
30mL dial-a-dose tube, 12 tubes per case
UPC # 7-45801-10270-5

Maxi-B 1000
Durvet’s highest level of vitamin B12 available. For use on animals that are stressed or have vitamin B deficiencies. Contains 1000mcg of B12, 12.5mg of B1, 5mg of B6, and 2mg of B2.
100 mL vials, 12 vials per case
UPC # 7-45801-22279-3
250 mL vials, 12 vials per case
UPC # 7-45801-22280-9

Vitamins & Electrolytes
A water soluble premix of vitamins and electrolytes specifically formulated as a water or feed additive; for use when animals are subject to conditions of stress.
100 gram jar, 12 jars per display box
UPC # 7-45801-22503-9
8 oz. package, 30 packages per pail
UPC# 7-45801-22504-6

High-Level B Complex
A sterile aqueous solution of B vitamins to provide a supplemental nutritional supply of these vitamins and complexed cobalt to cattle, sheep, and swine.
250 mL vials, 12 vials per case
UPC # 7-45801-22302-8
500 mL vials, 12 vials per case
UPC # 7-45801-22303-5

Vitamins & Electrolytes Concentrate
A water soluble premix of vitamins and electrolytes formulated to be a nutrient supplement applicable for use when normal feed intakes are reduced.
4 oz. package, 50 packages per pail
UPC # 7-45801-22501-5

Vitamin E-300
Indicated as an aid in the prevention and treatment of vitamin E deficiencies. This product is intended as a supplemental source of natural vitamin E. Contains 300 IU’s of vitamin E per mL, and is 20% more potent than synthetic products.
250mL vials, 12 vials per case
UPC # 7-45801-22403-2

Vitamin E+AD
Aids in the prevention and treatment of Vitamin E, A and D deficiencies in beef and dairy cattle. This product is intended as a supplemental source of natural Vitamin E with A and D. Natural tocopherols in feedstuffs can be destroyed through processing, ensiling and storage. A reduced Vitamin E, A and D intake can result in marginal deficiencies that may not be visible. Intramuscular or subcutaneous injections offer an efficient and rapid method to increase Vitamin E, A and D status of animals.
250mL vials, 12 vials per case
UPC # 7-45801-22405-6
