Frank G. Zarb School of Business
The Helene Fortunoff Theater, Monroe Lecture Center, South Campus
The Frank G. Zarb School of Business provides students with practical knowledge of their chosen field and a broader perspective of the global business environment. Our distinguished faculty include both academic experts and business leaders who have dedicated themselves to helping prepare tomorrow’s business professionals. They can help you connect with future employers, find real-world mentors and explore the myriad internship opportunities that abound in the Long Island/New York City metropolitan area. Whether you focus on management, marketing, accounting, finance, entrepreneurship, information systems and business analytics, or any other business field, the Zarb School is committed to fostering an environment that values diversity, encourages personal and professional growth, and cultivates greater awareness of ethics and social responsibility. For more information, visit hofstra.edu/business.

Hofstra College of Liberal Arts and Sciences
John Cranford Adams Playhouse, South Campus
Hofstra College of Liberal Arts and Sciences (HCLAS) is the academic heart of Hofstra University and the oldest school at Hofstra. We believe that the liberal arts — the humanities, natural sciences and social sciences — are the foundation for all higher education. Our main objective is to help students gain an understanding of how people have attempted throughout history to render the breadth of human experience intelligible. Working with our highly respected faculty and with one another in an atmosphere of freedom and tolerance, you will develop critical thinking skills and learn to access and analyze information and ideas in a technologically sophisticated world. For more information, visit hofstra.edu/HCLAS.

The Lawrence Herbert School of Communication
Multipurpose Room, Sondra and David S. Mack Student Center, North Campus
At The Lawrence Herbert School of Communication, you will receive a broad-based liberal arts education with real-world applications, close to the heart of the media world – New York City. Our students study in all areas of communication, with undergraduate programs in the Department of Radio, Television, Film and Department of Journalism, Media Studies, and Public Relations. With the guidance of our accomplished faculty, access to better technology than many professional broadcast facilities, and the entire world of New York City and international media internship opportunities within reach, you will graduate with a real edge in a highly competitive industry. For more information, visit hofstra.edu/communication.

School of Education
Room 005 Hagedorn Hall, South Campus
Bus service is available from the Sondra and David S. Mack Student Center, North Campus.
Hofstra’s School of Education is the perfect place to begin your professional training if you are passionate about helping others learn and grow. If you see yourself as an educator, we offer the ideal combination of relevant course work, forward-thinking and inspirational professors, and the latest in educational technology to prepare you for teaching and leadership in these fields. For more information, visit hofstra.edu/education.

School of Engineering and Applied Science
Student Center Theater, Sondra and David S. Mack Student Center, North Campus
Hofstra University’s School of Engineering and Applied Science (SEAS) educates future engineers and computer scientists who are creative and design-oriented, and possess the skills technical firms seek in graduates. Students have access to new facilities, including the Big Data Lab, Mechatronics Lab, and Cell and Tissue Engineering Lab. SEAS also boasts a new co-op program, making available to students a six- to eight-month work experience in major firms prior to graduation. For more information, visit hofstra.edu/SEAS.

School of Health Professions and Human Services
Room 117 Berliner Hall, South Campus
Hofstra University’s School of Health Professions and Human Services (HPHS) is fast becoming a national leader in preparing students to meet the growing demand for health care professionals. Our students learn about promoting health and wellness across the lifespan and gain an understanding of the diverse communities they will encounter in their work. Our graduates go on to rewarding careers in schools, clinics, government and community agencies, hospitals and other health care facilities – not only as experts in the science of their discipline, but also as compassionate advocates who make a difference in their patients’ lives. For more information, visit hofstra.edu/HPHS.

Please note: The HPHS Dean’s Welcome will be followed by a student panel at 10 a.m.

Political Science and Economics – Who Made Your iPhone?
Room 100 Breslin Hall, South Campus
Globalization, specifically the global supply chain, has made the way people create products
completely different from the processes that were common two decades ago. Do you know
who makes your iPhone? Of course, it is Apple, right? Well, that response is both correct and
incorrect. Apple does not have a factory. So, who made your iPhone? The labyrinthine journey
to find out where your iPhone was made will take you more than 7,000 miles away to many
different countries. Join us and let’s solve the mystery of where your iPhone came from!
