I do not have a computer. Where can I find a computer to complete my application? 

I am interested in applying for a job on-line and have not previously. How do I create an on-line application and apply for a job?

I tried to log into my account on www.governmentjobs.com and got a message that my password must be reset. I’m certain I typed in the correct password. What happened?

When I open my browser to GovernmentJobs.com I get a message that says “Warning! Your browser doesn’t meet technical requirements of Online Application. You may experience some functional or performance issues.” Will I still be able to complete an on-line application?

I applied on-line, how do I submit additional information?

May I fill out one application and leave the “Job Title Applying For” section blank and have you put me in all the jobs I qualify for?

If I want to apply for more than one position do I have to file more than one application?

I applied for a position that indicates level (e.g. Office Assistant Level I/II), do I have to submit a separate application for each level?

How is applying for a levels position different from a position like Administrative Services Officer I (ASO I), Administrative Services Officer II (ASO II), or Administrative Services Officer III (ASO III)?

I filled out an application for a position with the County a couple of months ago. Can I get a copy of that one from you and change the job title for the new recruitment?

My resume includes all the information you should need. Can I just submit my resume and a cover letter to apply for a job?

What is the purpose of the Supplemental Questionnaire?

Do I have to sign the County application?

If I don’t want to submit an application on-line, what do I do with my hard copy application?

How does the Employment Services Division determine if I qualify for the position?

Are my responses to supplemental questions enough to qualify me?

I received a notice stating that I wasn’t qualified. Who should I contact?

What are the most common reasons why an applicant may get a ‘Not Qualified’ notice?
I submitted an on-line application for a job, how do I change my notification preference to receive either paper or email job application status notices? .................................................. 11
I qualified for a position in the past, but now I don’t qualify. How can that be? .............. 11
How often can I apply for the same position? .................................................................... 11
What is the policy for rescheduling exams? ........................................................................ 11
I believe I qualify for an exam accommodation (Written and Performance Exams only), what should I do? ........................................................................................................ 11
What kind of examination will I have to take? .................................................................. 12
Can you explain the different types of exams? .................................................................. 12
How do I prepare for the test? What do I study? ................................................................. 12
What happens after I take the examination? ..................................................................... 13
I received my ranking, when will the Department contact me for an interview? ............. 13
The job announcement refers to an “eligibility list”; what is that? .................................. 13
If I am not in the top three ranks, will I ever be considered for employment for that position? ......................................................................................................................... 13
Do I get extra points if I am a veteran? ................................................................................ 13
How long is the eligibility list in effect? ............................................................................. 14
I received a notice stating I have been removed from a list. What can I do? ............... 14
Once a list is established for continuous exams, why are you still recruiting? ............. 14
I have been on an eligible list for a continuous file position for almost a year and have not been contacted; however, I still see that you are recruiting for the position........ 14
What should I do if I am in the top three ranks and am called for a departmental selection interview? ......................................................................................................................... 14
What happens if I am selected? ........................................................................................ 14
What if I am not selected or interviewed? ........................................................................ 15
I went through the recruitment process and had my interview with the department. Can you tell me if the position is still available/if they filled the position/when they will notify me? ............................................................................................................................................ 15
**Where is the Employment Services Division office located?**
The Sacramento County Employment Services Division is located in the County Administration Building at 700 H Street, Room 4667 (4th Floor), Sacramento, CA 95814.

**What are your office hours?**
Employment Services is open from 8:00 AM to 5:00 PM, Monday through Friday, excluding observed holidays. Our phone number is 916/874-5593.

**Is there parking at the Employment Services Division?**
Metered parking or parking in the County garage (entrance located on G Street before 7th street) are your best options for parking. Some meters only take quarters and there is a fee to park in the County garage.

**What kinds of jobs are available with the County of Sacramento?**
The County has over 10,000 employees working in over 700 job classes. Employees work in locations all over the County. There are jobs in every major occupational group and in all trades. Therefore, the Minimum Qualifications for positions vary from "not requiring any education and experience" to "requiring a Master’s degree with State licensure."

**What are Class Specs and how do they relate to job applications and Civil Service exams?**
A formal Class Spec describes a job, including title, definition, a description of principal duties and responsibilities, and a statement of Minimum Qualifications to be required of applicants for employment in each class. Civil Service exams are based on the knowledge, skills, and abilities described in the Class Spec. The County of Sacramento has over 700 Class Specs, which all must be approved by the Civil Service Commission and the Board of Supervisors.

**What is the Civil Service Commission?**
By authority of the Sacramento County Charter, the Civil Service Commission is a nonpartisan public body responsible for policy direction and oversight of a merit system for the selection, promotion, and retention of civil service employees in Sacramento County service. It is the policy of the Sacramento County Civil Service Commission to assure that employment is based upon merit principles; that appointment to a position in the Civil Service shall be a person qualified and available to perform that particular position; and that determination of qualifications shall be based upon competitive examination.

**I applied for a job or am on a current eligible list and my contact information changed. How do I update it?**
If you applied on-line you may update your contact information by logging into your account at www.governmentjobs.com. If you submitted a hard copy paper application and do not have an on-line account please contact our office for assistance at 916/874-5593.

All communications sent from County of Sacramento departments will be to the address, phone number, or email we have on file. It is important that you keep your information current so that you do not miss important information regarding your application, exam, or potential employment opportunities.

**What does it mean when an exam is “continuous file”, “open”, or “Promotional”?**
- Open examination -- Any persons qualified for the position may apply for the examination. Applications are typically accepted during a 2 to 4 week filing period.
- Promotional examination -- Only qualified County employees with permanent status (has successfully passed the probationary period) may apply for these exams.
- Continuous file -- Any persons qualified for the position may apply. Applications are accepted on a continuous basis and processed on a predetermined schedule and on an as-needed basis.
I’ve been looking for the County to recruit for the position I want, and it never seems to be posted, while other jobs seem to be posted over and over. What determines how often a recruitment is held?

Recruitment schedules are based on a number of things including:

- availability of a current eligible list;
- number of individuals on the list who are still interested in the position;
- number of anticipated openings.

For some jobs with limited turnover and a small number of positions, recruitments will open on an as needed basis which could be from six months to three years.

Is there a way to know when a job opens so I don’t have to keep checking back?

To be automatically emailed when a position opens, click on the link “Class Specs” on the left hand side of the Employment Services Division Job Opportunities web page www.saccountyjobs.net. Once you find the class you are interested in, click on the class title. There will be a link on the right hand side of the page that reads “Email me when jobs like this become available.” You can provide your personal information and our system will automatically generate an email when the position you are interested in opens for applications. Interest cards are good for one year and then will need to be renewed. In order to use this function, you will need to have or obtain a personal email account. You can sign up for free email at services like Hotmail, Yahoo! Mail, or Excite. It only takes a few minutes to register.

How do I get information about job openings?

All current job openings are listed on the Employment Services Division Job Opportunities web page www.saccountyjobs.net. Click on any job title to view the job announcement for that particular job. The job announcement will include in-depth information about the position, including essential functions, knowledge and skills used in the position, and required education and experience. From this page you may either print the job announcement or apply on-line for that position.

You may also call our 24-hour job line at 916/874-5627. The job line lists all jobs currently accepting applications, including final filing dates. Detailed information about the position is NOT included on the job line. All job announcements are posted in the Employment Services Division office at 700 H Street, Room 4667, Sacramento, CA 95814. If you would like a job announcement for a particular position, you may download it from our web site or stop by the Employment Services Division.

Why is it important for me to read the entire Job Announcement?

Valuable information on the announcement includes:

- Salary
- Position description
- Examples of necessary knowledge and abilities
- Minimum qualifications
- Special requirements
- Information about the testing process including
  - Type of recruitment (open, promotional, or continuous)
  - Type of exam (written, oral, etc.)
- Tentative test date
- Resume information
- How to apply
- How to submit required documents when applying on-line
- Tentative final filing or cut-off dates
- Supplemental instructions and questions
Appeal rights: When viewing the job announcement on-line, appeal rights are listed under the “benefits” tab. When applying offline, applicants are directed to the County brochure titled “Sacramento County Employment Benefits You” for their appeal rights.

I saw a job announcement and think I’m qualified, but I’m not sure. What should I do?

Each job announcement lists the Minimum Qualifications and special requirements of the position. Evaluate your experience, education, and training to determine if you meet the requirements and possess the knowledge and abilities outlined for that position. If applicable, review the supplemental questions. If in doubt, submit your completed application packet and the Employment Services Division will determine whether or not you meet the requirements.

What does it mean when a job announcement states that upper division coursework is required?

Upper division coursework is defined as coursework that is taken at a four-year university towards a Bachelor’s degree (or higher). They are usually your “major” courses defined as “upper division” by the awarding institution.

Will I have to submit my college transcripts or copies of my degrees/licenses?

Each job announcement lists the Minimum Qualifications and special requirements of the position. If the Minimum Qualifications and/or special requirements list a specific type of college coursework, degree, license, certificate, etc, then applicable documentation must be submitted. In order to be qualifying, education must be from a U.S. accredited (or equivalent) institution. Acceptable forms of educational documentation are transcripts (official or unofficial), and/or a copy of your diploma/degree. Unofficial transcripts are acceptable and must list the student name, institution name, field of study and date the degree was awarded. Copies of diplomas should indicate your name, the name of the school, a specific field of study and date of graduation. If applicable, required documentation should be submitted with each application. If you previously submitted documents please call our offices to confirm we have them on file. Please do not send originals; copies of the required documents are acceptable. No submitted documents will be returned.

For recent graduates who have not received proof of their degree yet, a letter from the registrar’s office stating that all requirements for graduation have been met and listing the field of study will be sufficient proof of graduation.

I submitted an application for a job and/or I’m a current employee, and I previously submitted documentation, do I need to resubmit them?

If you have previously submitted electronic copies of your documents to the Employment Services Division you may call our office and ask to have them attached to your current application. If we do not have your electronic documents in our system you will be required to resubmit them.

We do not have access to any personnel files of County Employees. County Employees must submit required documents with their applications.

I received my degree from a foreign college or university, what are the requirements for submitting my transcripts and/or proof of degree?

All foreign transcripts or diplomas must be in English. If the institution does not provide these documents in English, the applicant will need to provide a translation which has been done by a professional agency.

County of Sacramento will accept education as equivalent to U.S. accreditation from Institutions that are listed as members of the International Association of Universities. You may check for your school by visiting the IAU web site http://www.iau-aiu.net/content/institutions.
Applicants who possess a degree or completed coursework that is not from an accredited college or university, must submit one of the following:

1. A written statement from a U.S accredited university or college that states that the applicant is qualified for entrance to a program of graduate studies for which a degree in a related field is required.

2. An evaluation of the applicant's degree and coursework equivalency by a private organization that provides foreign credential evaluation services. The evaluation must include a comparison of comparable U.S. courses for content, credit and grade.

**Note:** Foreign language documents must include a precise word-for-word English translation of all foreign language documents. It is the responsibility of each applicant to prove to the satisfaction of the County that the applicant meets the specific requirements listed on the job announcement for each specific examination. The following is a list of private organizations that provide foreign credential evaluation services. Fees range from $50 to $400 per document; processing times vary from 5-20 business days. For further information, please contact the organization(s). The County of Sacramento does not endorse these business entities; this list has been developed for informational purposes only.

(310) 258-9451
www.i erf.org

**How does the Employment Services Division verify the accreditation of colleges and universities?**
The Employment Services Division utilizes the U.S. Department of Education’s database, which can be accessed at [http://ope.ed.gov/accreditation/](http://ope.ed.gov/accreditation/), to verify that accreditation is through one of the accrediting agencies recognized by the U.S. Department of Education.
County of Sacramento will also accept education from Institutions that are listed as members of the International Association of Universities. You may check for your school by visiting the IAU web site http://www.iau-aiu.net/content/institutions.

**Is volunteer or part time experience qualifying?**

Experience required in the Minimum Qualifications means full time paid experience unless the announcement states otherwise. Part time paid experience will be prorated accordingly.

**What if I do not have an email?**

**I do not have a computer. Where can I find a computer to complete my application?**

You are welcome to use any of the public access computers at your local library.

**I am interested in applying for a job on-line and have not previously. How do I create an on-line application and apply for a job?**

Once you locate a job that is currently accepting applications, click on the ‘apply now’ link in the upper right hand corner, log onto www.governmentjobs.com and follow the on-line instructions.

Detailed instructions are available on the Employment Services Job Opportunities web page www.saccountyjobs.net

**I tried to log into my account on www.governmentjobs.com and got a message that my password must be reset. I’m certain I typed in the correct password. What happened?**

If it has been quite a while since you last logged in, your password may not meet current password requirements. In order to help keep your account information secure, only passwords that are of proper construct and length are accepted. The message you get will explain that a Password Reset Email has been sent to the email address on your account. If you can still access that email address, the email will contain a link for resetting your password. If you cannot access that email, you will need to create a new account on www.governmentjobs.com.

**When I open my browser to GovernmentJobs.com I get a message that says “Warning! Your browser doesn’t meet technical requirements of Online Application. You may experience some functional or performance issues.” Will I still be able to complete an on-line application?**

According to Neogov/GovernmentJobs.com, the minimum level of Internet Explorer they support for the on-line application is IE8. However, the drag and drop feature to attach documents to the application is not supported in IE8. You have to browse to locate and upload the attachment. If you are using IE8 you will still be able to log in and complete an application.

**I applied on-line, how do I submit additional information?**

You can upload electronic copies of required documents during the on-line application process. You can also submit any additional and/or required documentation by fax (916-854-9117), mail, or in person at the Employment Services Division, 700 H Street, Room 4667 (4th floor), Sacramento, CA 95814. These documents should be submitted by the final filing or cut-off date. The title of the position you are applying for, your name, the last 4 digits of your social security number or applicant ID#, and your phone number should be indicated on each page. Please make sure all copies are legible (especially faxes).
Please note that any documents added to your on-line profile after you have already submitted your application electronically will not be attached to your recent applications and should be submitted directly to Employment Services by fax, email, or US Mail by the final filing or cut-off date.

**May I fill out one application and leave the “Job Title Applying For” section blank and have you put me in all the jobs I qualify for?**

No. While there is no limit to the number of positions for which you may apply, you must identify the exact job title on the application. Sacramento County does accept photocopied applications; however, different job titles, original signatures and current dates are required.

**If I want to apply for more than one position do I have to file more than one application?**

Yes. You must submit a separate job application for each position. Once application materials are received, they become the property of the County of Sacramento and are not returned. You should keep a copy of any application you have submitted. Remember, an original signature is required on each application.

However, if you apply on-line, you can create an account which allows you to create and save your application, eliminating the need to complete a hard copy paper application for each recruitment. An on-line application allows you to simply log into your account, type in the new job title you are interested in and update your application (e.g., experience, education, etc.) if applicable and submit. You may also upload additional required documents electronically to your application.

**I applied for a position that indicates level (e.g. Office Assistant Level I/II), do I have to submit a separate application for each level?**

No. With positions that indicate levels, there is only one exam associated with that position, so only one application needs to be submitted. Your application is reviewed at Level I for Minimum Qualifications. Once you get on the eligible list for hire, the appointing authority may bring you in at Level II provided you meet the Minimum Qualifications for that level.

**How is applying for a levels position different from a position like Administrative Services Officer I (ASO I), Administrative Services Officer II (ASO II), or Administrative Services Officer III (ASO III)?**

The Administrative Services Officer positions will be announced separately as they are separate classes and there will be a different exam given for each. If you only applied for ASO I, your application will not be considered for ASO II and III if they are all open for recruitment. You must submit a separate application for each position. There are separate eligible lists for hire that will be established for each position.

**I filled out an application for a position with the County a couple of months ago. Can I get a copy of that one from you and change the job title for the new recruitment?**

No. The Employment Services Division does not provide copies of previously submitted applications or attached materials. We recommend that you keep a copy of the material you submit for future reference. Applications and attached materials are not available for photocopying.

**My resume includes all the information you should need. Can I just submit my resume and a cover letter to apply for a job?**

No. You must submit a completed County of Sacramento Employment Application for each position you are interested in. You may attach a resume and cover letter; however, the information on the resume cannot substitute for the completed application. You must also complete and submit any additional information listed on the job announcement. This may include a Supplemental Questionnaire, work samples, or copies of licenses/degrees/transcripts. Resumes will not be considered when determining Minimum Qualifications or test scores.
What is the purpose of the Supplemental Questionnaire?

A Supplemental Questionnaire consists of questions related to the experience, education, training, knowledge, skills and abilities needed to perform the job. For Formula Rate exams, this is your Civil Service examination. Please answer each question completely and concisely. References to a resume' or answers to other questions will result in the question not being scored. Supplemental Questionnaire instructions are outlined in the job announcement.

Do I have to sign the County application?

Your signature verifies that the materials submitted are true/accurate to the best of your knowledge. Once signed and submitted, your application packet becomes a legal document. Falsified information on an application may be cause for dismissal at any time.

Once a completed application is submitted on-line, then that is considered your electronic signature.

If you do not want us to contact your present or previous employers, then you should still sign the bottom of the application but indicate not to contact them in each work experience box you complete.

If I don’t want to submit an application on-line, what do I do with my hard copy application?

While we encourage you to apply on-line, we also accept hard copy applications. Applications are only accepted for positions that are open for recruitment. Completed applications, along with any other required documents and a current valid e-mail address, must be turned in to the Employment Services Division by 5:00 PM on the final filing or cut-off date (postmarks are not accepted.) The final filing or cut-off date is listed on all job announcements. You should keep a copy of the application materials you submitted and job announcement to assist you in preparing for any test and/or interview process that may be required.

How does the Employment Services Division determine if I qualify for the position?

The Employment Services Division will review the information in the Education and Work Experience sections on your Application, but not the Supplemental Questionnaire, against the current Minimum Qualifications outlined in the job announcement. Please list all paid work experience, licenses, professional affiliations, classes you have taken, training you have received, applicable volunteer work and any other special qualifications you possess which relate to the position for which you are applying. Without accurate and complete information, we will not be able to determine whether or not you meet the Minimum Qualifications for the job. It is very important to include all requested information and specific job duties. Failure to include requested information will result in rejection of your application. Responses of ‘see resume’ will not be considered and may cause you to be disqualified from the exam process.

Are my responses to supplemental questions enough to qualify me?

No. The Application and Supplemental Questionnaire are administered as two separate documents. The Application is used only to determine if the Minimum Qualifications are met; and the Supplemental Questionnaire will be used only to determine your exam score.

In order to receive every consideration in the selection process, you must complete all questions with concise but detailed answers and provide all requested information. Each answer on your Supplemental Questionnaire will be scored separately. Reference such as ‘See Resume’ as a response will not be scored.

I received a notice stating that I wasn’t qualified. Who should I contact?

Please contact the person listed on your notice. It should provide their name, e-mail and contact phone number. Please understand that for the larger examinations, we may be trying to respond to hundreds of phone calls. Please e-mail or leave a message for the person listed on your notice, and he/she will get back to you as soon as possible.
What are the most common reasons why an applicant may get a ‘Not Qualified’ notice?

1. The applicant does not provide enough detail about their work experience and duties in the Work Experience section on their application. For example, if you are applying for Automotive Mechanic, just writing “10 years as mechanic at XYZ Ford” doesn’t provide enough detail about your duties. Writing “As a mechanic at XYZ Ford dealership, I performed computerized diagnostics, repaired and replaced all components of the drive train, specialized in repairing hybrid vehicles, and did trouble-shooting of difficult electrical problems.” provides enough information to assess your experience to see if it meets the Minimum Qualifications.

2. Required documents are not attached to the application, such as a transcript, diploma, or typing certificate. If the Job Announcement states you must attach documents to substantiate your education or certifications, your application will be rejected if you don’t. If you have previously applied on-line, you may be able to choose previously submitted documents to attach to your new application.

I submitted an on-line application for a job, how do I change my notification preference to receive either paper or email job application status notices?

A candidate may log onto www.governmentjobs.com, using their username and password, to update their notification preference.

Effective September 1, 2015, all exam correspondence/notifications will be sent by email only. Please make sure your email address is current on your GovernmentJobs.com profile.

I qualified for a position in the past, but now I don’t qualify. How can that be?

Minimum Qualifications can change over time as the job duties and needs change over time. Therefore, it is possible that you could have qualified in the past for a particular exam and not for the current exam administration. In addition, your application is reviewed for these Minimum Qualifications based on what you submit in your current application packet, as we do not refer back to previous applications and exam files.

How often can I apply for the same position?

You may reapply for most exams as often as the job opportunity is announced. You may apply only once per cut-off for continuous filing applications.

What is the policy for rescheduling exams?

All tentative testing dates are listed in the job announcement. Candidates may be rescheduled only for religious or disability reasons and County employees may be rescheduled for military commitments. Please contact our office before the final filing date and ask to speak to the Technician in charge of that exam to explain your situation. Documentation may be requested.

For any other questions or accommodation requests for exams please contact our office by the final filing or cut-off date for the exam you have applied for.

I believe I qualify for an exam accommodation (Written and Performance Exams only), what should I do?

Applicants with disabilities requesting an applicable ADA testing accommodation must complete and submit the Reasonable Accommodation Request Form filled out by applicant and their doctor to the Disability Compliance Office by the final filing date as listed in this job announcement. Download the Reasonable Accommodation Request Form by clicking here http://www.personnel.saccounty.net/Documents/Pre-Employment%20Exam%20Reasonable%20Accommodation%20Request%20-%20RA%20Exam%20Request%20Form.pdf
or by contacting the County of Sacramento’s Employment Services Division or Disability Compliance Office. Failure to submit this request by the final filing date may result in the County being unable to provide the requested accommodation in a timely manner for this administration of the examination.

Sacramento County Disability Compliance Office
700 H Street, Room 5720
Sacramento, CA 95814

If you are requesting an accommodation for a non-ADA reason, please contact the Employment Services Division by the final filing or cut-off date for the exam.

What kind of examination will I have to take?
Depending on the knowledge, skills, and abilities required of the position, the Civil Service examination may consist of one or more of the following:

- evaluation of training and experience on a Supplemental Questionnaire (if required)
- written examination (multiple choice)
- oral examination (before a multiple person interview panel)
- performance examination
- physical agility test (for some safety positions)

The type of exam given for a particular position is outlined under the “Application and Testing Information” section on the job announcement. Notification of each written, oral, performance, or physical agility examination will be by mail or email approximately two (2) weeks prior to the exam. If you do not receive notification two days prior to the examination, please call our office. It is the responsibility of each applicant to ensure that the County of Sacramento is notified of any address changes.

Can you explain the different types of exams?
Formula Rate (Training and Experience Evaluation) – An evaluation of a candidate’s education, training, and experience in response to the supplemental questionnaire. Responses to supplemental questions are rated according to structured guidelines prepared by the exam development analyst and Subject Matter Experts. This is the examination and how your score and rank is determined.

Written (Job Knowledge) – Tests for both basic and technical knowledge required for the position and other job-related characteristics, such as reading comprehension, spelling, punctuation, grammar, mathematical abilities. Written exams can be multiple choice, true-false and/or fill-in-the blank questions that are designed to measure knowledge and abilities related to the class. It is the most cost-effective device when dealing with a large applicant group, and there is evidence that validity is typically strong.

Structured Oral Interview Exam– A face to face examination, where panel members ask structured questions to each candidate and rate the responses according to guidelines prepared by the exam development Subject Matter Experts. These interviews typically consist of 9 to 15 structured questions, and may include an advanced written exercise, oral presentation, role play, etc. This is not a job interview; rather an examination to test a candidate’s knowledge, skills, and abilities.

Performance – The applicant is required to perform some aspect of the job. Examples of a performance exam include: a typing test, a driving test, identifying different types of plants, etc.

Each of these exams is developed in order to establish an eligible list. The standardized exam process is separate and distinct from the selection or hiring interview process. Items such as resumes and letters of reference are not factors considered during the standardized exam process.

How do I prepare for the test? What do I study?
All tests are job-related and test the knowledge, skills and abilities outlined in the class specification for that particular position. To prepare, read the job description, duties, knowledge and ability sections on the class specification, then study the material you feel would directly or indirectly relate to the necessary knowledge, skills, or abilities. For example, if two of the requirements for a position are performing
mathematical calculations and interpreting regulations, some of the exam questions will probably cover math and reading comprehension.

You may find class specifications by going to our Job Opportunities web page www.saccountyjobs.net and clicking on the ‘Class Specs’ link on the left side of the page.

**What happens after I take the examination?**

After all examinations are completed, the candidates who passed all of the steps will receive written notice of their examination results by email. Candidates passing will be placed on an eligible list for hire according to the score and rank obtained. This process can take up to six weeks to complete.

Candidates failing to achieve a passing score will receive an e-mail notice that they were not successful in the examination process. Sacramento County does not give scores for individuals who receive these notices. Examination materials are not eligible for review because they are standardized exams.

Department(s) that have vacancies will request a copy of the eligible list to start their interview process. They will contact selected applicants directly. They can interview anyone in the top three ranks and there can be more than one person in each rank. It is important that your contact information is current so that you receive communications regarding job openings. If you have a change in address, e-mail or phone number, you may update this information by logging into your account at www.governmentjobs.com. If you submitted a hard copy application and do not have an on-line account, please contact our office at 916/874-5593.

**I received my ranking, when will the Department contact me for an interview?**

Once the eligibility list is certified to the department for final interview/selection, the Employment Services Division is unaware of the scheduling. To fill a current vacancy, departments will usually contact selected candidates within a matter of days. However, there are occasionally circumstances where it may be weeks between certification and the department interviews. You may be contacted for an interview when the department sets the schedule. In some cases not all candidates on an eligible list are contacted for an interview.

Of course, if you have moved since the beginning of the recruitment process, or you have had a change of address, e-mail or phone number, you should update your account on-line or notify the Employment Services Division immediately when the change takes place. Otherwise, notifications to you may be lost.

**The job announcement refers to an “eligibility list”; what is that?**

An eligible list is comprised of all the candidates that passed the Civil Service exam process. They are placed on the list according to their score and ranking for that particular exam. The department(s) can interview anyone in the top three ranks and there can be more than one person in each rank. Individuals are encouraged to be on as many eligible lists as possible to maximize their employment opportunity with the County of Sacramento.

**If I am not in the top three ranks, will I ever be considered for employment for that position?**

As people are hired from the eligibility list, ranks are cleared. Clearing a rank means that each person is a particular rank was either hired or inactive. As ranks are cleared, the department can interview individuals farther down on the list.

**Do I get extra points if I am a veteran?**

Yes. The County of Sacramento gives veterans preference points in open recruitments. You will receive 5 points for being a veteran, and 10 points if you are a qualifying disabled veteran. Such preference shall only apply to the first appointment in any permanent County position. In order to receive these points, you must have served in the US military during war time or conflict and your discharge must be classified as “honorable.” Additionally, you must provide a copy of your DD214 and, if applicable, a copy of your disability award letter.
How long is the eligibility list in effect?

For open recruitments: The life span of the list normally varies from one year to three years, depending on the position. Lists may be cancelled earlier than one year if there are less than three candidates remaining. Lists may be extended from the initial expiration date of one year at the request of any department who may be utilizing the list. For continuous recruitments: The lists for continuous recruitments are valid for one year.

List dates are the dates indicated on your ranking notices.

I received a notice stating I have been removed from a list. What can I do?

You can request that your name be re-activated to the list by sending the request in writing to the Employment Services Division at DPSE-Certs@SacCounty.net

Once a list is established for continuous exams, why are you still recruiting?

Positions are put on continuous file for a number of reasons. The position can have high turnover, there are numerous positions utilized Countywide, hard to recruit for, etc.

I have been on an eligible list for a continuous file position for almost a year and have not been contacted; however, I still see that you are recruiting for the position.

Continuous file lists are always changing, with people being removed and added continuously. Due to the nature of some positions, there are periods of frequent hires followed by periods of inactivity. If you are still interested in pursuing the position, you are encouraged to reapply.

What should I do if I am in the top three ranks and am called for a departmental selection interview?

If you receive an interest letter, be sure to respond before the deadline indicated on the notice. Make sure a permanent position is being offered if that is what you are looking for. Be sure that you know the time and place you should appear for the interview, to whom you should report to for the interview, how long the interview is scheduled to last, and the job for which you are being considered. Eligibility lists may be used by more than one department; therefore, the Employment Services Division may not know who contacted you. It is important to get all necessary information when you are contacted for an interview.

Research the department, section and positions that are associated with your interview. Make sure to review and have copies of your application or resume as well as the job announcement. Be prepared to discuss how your training and/or work experience relate to the position for which you are interviewing. During the interview, listen carefully to the questions. Your answer should cover everything you feel your interviewer needs to know to evaluate you fairly.

What happens if I am selected?

Conditional job offers are made "pending" a physical examination/questionnaire, background check and possible urine drug screening. If you are working when you receive a conditional job offer from the County of Sacramento, DO NOT quit your job until you have been instructed to do so. The County of Sacramento complies with the Immigration Control and Reform Act of 1986. If offered a position, you will be required to present identification and/or work authorization paperwork. Only documents identified in law or regulation are acceptable.

After you have been offered and have accepted a position, be sure that you understand when you will begin, where and to whom you will report to on the first day, and whether there are any other steps the hiring department would like you to take before starting work. Be sure to get the telephone number of the person who contacted you for hire in case you have further questions.

When you are selected your name will be removed from the eligibility list for that position. Your name will remain on any other eligibility list you may be on for the specified life of the list. If you would like to be removed from the other eligibility lists, please notify the Employment Services Division.
What if I am not selected or interviewed?

If you are not immediately successful in getting a position, your name will remain on the eligibility list for consideration. You may be considered for any vacancies that occur during the life of the list. If you do not receive a job offer during the life of the list, then you must wait for that position to have another recruitment period before reapplying. It is a good idea to keep your final rank e-mail notice(s). This way you will know what eligibility lists you are on. If you are unable to attend an interview, contact the interviewing department. You may decline to interview with a particular department or for a particular position and still remain on the eligibility list for that classification.

I went through the recruitment process and had my interview with the department. Can you tell me if the position is still available/if they filled the position/when they will notify me?

Once the eligibility list is certified to a department for final interview/selection, the Employment Services Division is unaware of the scheduling of interviews, the selection, or the notification of remaining candidates until we receive the certification list back from the department with the application material from the candidates who were not chosen. Notices to candidates advising that the position has been filled will be sent directly from the department involved, not from the Employment Services Division.
