“Offers an extremely comprehensive overview of the main themes and issues within organizational behaviour…cover recent developments in the field and their use of recent citations to offer critiques of long accepted theory will prove very valuable in developing students’ critical acumen.” – Review from an instructor

Introducing Organizational Behaviour & Management (with CourseMate & eBook Access Card), 2e
David Knights, Bristol Centre for Leadership and Organizational Ethics (BCLOE), Bristol Business School. Hugh Willmott, Cardiff Business School, Cardiff University. 9781408064276 • Published April 2012 • 624pp
This popular textbook offers an inspiring and focused introduction to the study of organizational behaviour and management. The 2nd edition builds on the fresh and innovative approach to the study of management and organization introduced in the 1st edition. To make the subject matter more relevant and accessible, it treats organizational behaviour as a field of activity that has many parallels with everyday life, particularly in relation to participating in organizations and institutions. Uniquely, this textbook presents two distinct and highly contrasting perspectives on organizational behaviour, discussing the alternative critical perspectives alongside the more traditional approaches, to encourage critical thinking and debate.

Principles of Management
Richard L. Daft, Vanderbilt University, Dorothy Marcic, Vanderbilt University
9781285188225 • Published January 2013 • 672pp
This unique management skills text provides you with a new toolbox from which to teach students the difficult and challenging application of managerial theories and concepts. Daft and Marcic's action-first approach turns the traditional learning model on its end. Instead of starting with concepts and moving to application, this text starts with application, an introductory problem or challenge that encourages students to first empty out their ideas so they are ready to understand new ideas and acquire new skills.

Ricky Griffin, Texas A&M University, David Van Fleet, Morrison School of Management and Agribusiness, College of Technology and Innovation, Arizona State University
9781133582953 • Published January 2013 • 608pp
Management Skills: Assessment and Development, International Edition offers a comprehensive, real world approach to mastering the skills needed for a career in management. Because instructors often express the difficulty of creating an active learning environment, this text offers an active, not passive, way for students to learn management skills by challenging students to be self-reflective and asking them to complete numerous assessments, exercises, cases, and other activities.

Developing work and Study Skills 1e
Linda Lee-Davies, University of Northampton
9781844802258 • Published December 2006 • 448pp
Developing Study and Work Skills is the first text to unite the fragmented study skills/work skills/personal development skills market by focusing on the key basic skills that students need in order to make them practically as well as academically prepared for the world of work. Chapters take students through the core personal, interpersonal, written, verbal, technical and numerical skills that HE courses and employers are looking for.
