Sunrise Credit Union Hosts 6th Annual General Meeting

Boissevain, Manitoba – Sunrise Credit Union hosted its 6th Annual General Meeting and released its 2013 Annual Report yesterday which outlines its current financial position and community impact.

Highlights for 2013 include a Deposit Growth of 3.59%, Loan Growth of 3.4%, Income of $4,135,881, Member Equity totals of 6.33% and Total Assets of $775.8 million. Sunrise provided over $175,000 in support to community projects including $23,250 in scholarships to deserving high school graduates. In addition to monetary community support, staff volunteered well over 7,100 hours of community service.

The Nominating Committee of the Sunrise Credit Union Board of Directors presented four potential candidates for the open director positions and all were approved as presented. A warm welcome was extended to newly elected Director Fred Greig.

In 2013 Sunrise celebrated its 5th Anniversary, marking a 63% increase in assets since its inception in 2008. Today, Sunrise Credit Union is Manitoba’s eighth largest credit union, a co-operative member-owned company.

Following the reports of the Directors and President/CEO, long term service awards were presented to 24 staff to acknowledge service anniversaries from 5 to 30 years. Retiring directors Glenn Caldwell and Gary Williams received gifts of appreciation for their service and dedication on the Board of Directors. Chairman Glenn Young thanked the Board of Directors, staff and members for their enthusiasm and hard work contributing to the success of Sunrise Credit Union.

The 2013 Annual Report can be downloaded by visiting sunrisecu.mb.ca.

Well do you think spring is here... We have been busy with lots of activities down at the Cameron Lodge. Every Thursday morning we have exercises at 10:30 am, please feel free to come and join us for anything we have going on at the lodge. We have been making cards, Easter wreaths and bunnies, entertainment and also a movie and popcorn afternoon. We have been down to the HCHC personal care home for entertainment and we are going to Lauder Inn on April 28th with the handi-transit for lunch. We also went to Brandon on April 11th for a shopping day. Everyone seemed to enjoy themselves so if anyone is interested we are going again on May 16th. Please contact me at the office if you are interested in going. Tiny Tot Junction Daycare comes twice a month to entertain the Seniors, they really enjoy having them come. It puts a smile on there faces.

Remember we have a Bath Program in the community and also a Meals on Wheels Program. Don’t forget we offer Lifeline, E.R.I.K Kits, arranging drivers for appointments and errands. Do you need any housework done or yard work we can arrange this to. We only have been playing 500 once a month for now.

So feel free to call the office at 204-858-2597, Mondays. Thursdays and Fridays 9.30am - 4.30pm. So lets hope it quits raining and the sun comes out to dry everything up. Until next time, Never put off tomorrow, the hug you can give today.

Lorna Iona Mireau (nee Watson)

Lorna was born on May 21, 1920 in Roblin, Manitoba and died on April 29, 2014 in Saskatoon, SK, just a month short of 94.

Lorna was predeceased by her husband, Ovila; her sisters, Marg, Beatrice, Lyla, Edith and brother, Harold.

Left to mourn are her daughter, Marilyn (Jim) Joice and son, Lorne (Ruth) Mireau; as well as her grandchildren, Andrew, Tanya, Peter (Ashley), Greg, David (Cass), Simone (Dan) and great granddaughter, Olivia. As well, left to mourn are her brother-in-law, Ed (Sandy) and sister-in-law, Cecile.

Lorna was a loving mom, dedicated wife, and devoted grandma. She was a meticulous seamstress, a wonderful cook and a master gardener. She recycled and composted long before it was fashionable. She used a hand tiller to work her garden, dug potatoes and pushed a snow shovel until she was 88. We celebrate a life lived well!

The family would like to thank the staff of Amy McClure Place for providing a safe, structured and caring environment over the past couple of years. We would also like to thank the staff of Extendicare who provided compassionate care to our mom during her final days.

In lieu of flowers, donations can be made to Amy McClure House (c/o McClure Place Foundation, 1825 McKercher Dr, Saskatoon, SK S7H 5N5) or Hartney United Church, Hartney, Manitoba.

A Memorial Service for Lorna was held at 1:30 p.m. on Wednesday, May 7th at McClure United Church (4025 Taylor St East, Saskatoon, SK).

Southwest Weed District – A brief 50 year history

The Southwest Weed District is celebrating its 50th year of service; which serves the municipalities of Cameron, Sifton, Glenwood and Whitehead. The Cameron-Sifton Weed Control District was formed in 1964; with 2 board members representing the municipality of Sifton (Victor Logeot & Mike Mowez) 2 from Cameron municipality (Peter Bodin & Joe Agnew) and 1 each from town of Hartney (Earl Truax) and Oak Lake (Ed Beres). Jerry Logeot was hired as the first weed supervisor in 1964. He was the Cameron-Sifton weed supervisor for 24 years, with his tenure ending in 1988. Jerry was succeeded by John Johnston in 1989. During John’s tenure, the Cameron-Sifton weed district grew on two separate occasions. Firstly in 1999 with RM of Glenwood joining to form the Cameron Glenwood Sifton Weed District; and again in 2009 taking on the RM of Whitehead to form the Southwest Weed District. During John’s 25 year career as the Southwest Weed District weed supervisor; he served as the Manitoba Weed Supervisor Association president for 2 terms, was a founding member of the Leafy Spurge Stake Holders group and Invasive Species Council of Manitoba (both of which he still remains an active board member), and has been an advocate for an overall, long term management plan for noxious weed control in the Province of Manitoba. John retired as the Weed District Supervisor end of April, 2013; but stayed involved as an operator and will be returning again this season. Andrew Lewis was hired June 2012 to work alongside John to ensure continuity of programs within the Weed District, and in May 2013 was instated as the third weed supervisor of the Southwest Weed District’s 50 year existence.

Over the years; the main focus of the Weed District has been the control of leafy spurge. This invasive/noxious weed remains the main focus of the Weed Districts programs. In 2010 the Leafy Spurge Stakeholders Group (LSSG) conducted an economic assessment of the negative impact leafy has on grazing and forage lands. The conclusion of the assessment was that Manitoba has 1.2 million acres of leafy spurge growing in these areas alone. The negative economic impact to Manitoba’s livestock industry caused by leafy spurge was reported to be $40.2 million annually in the 2010 LSSG economic assessment.

With increased movement of farm equipment over greater distances along with increased travel of individuals from place to place; the introduction of invasive/noxious weeds into our agricultural and native landscapes has never been greater. Some of the invasive/noxious plants that have appeared in our area include downy brome (Bromus tectorum), bladder campion (Silene vulgaris), scentless chamomile (Matricaria perforata), ox-eye daisy (Chrysanthemum leucanthemum), red bartsia (Odontites vernus), purple loostrife (Lythrum salicaria), common tansy (Tanacetum vulgare), and spotted knapweed (Centaurea maculosa) to name several that are of significant importance. Through monitoring and proper control techniques; along with the due diligence and land management practices of local producers, the above plants have not yet become the prolific problem like leafy spurge in our area.

Weeds do not respect borders so it takes everyone’s cooperation to control these biological polluters. Once introduced to the landscape they alter ecosystems; and if left uncontrolled, the weeds will change and pollute the native ecosystem forever. Once established they will reduce plant and animal diversity in natural ecosystems and cause significant economic losses to the agricultural industry. It is everyone’s duty to be a steward of the land and accept responsibility to conduct the necessary management practices to discourage the invasive /noxious weeds from gaining footholds into new areas and to minimize the spread of the weeds which have become somewhat established.

THANK YOU

The Fundraising Committee for the Hartney Golf Club would like to thank the Legion Branch for the April 4th meat draw, the Boundary Co-op Hartney for donating the snacks and all who attended. A HUGE thank you to Lorne and Elaine Bateman of Hartney Motor Inn for donating all the meat prizes; a total of 16 meat draws were made, all fresh cuts. Thanks to the support of local businesses and you the public, this was a great success. Again, thank you all.

Federal Funding Now Available for Manitoba Communities

Ottawa- Larry Maguire, Member of Parliament for Brandon-Souris, the Honourable Shelly Glover, and the Honourable Stan Struthers, celebrated an agreement for the renewed federal Gas Tax Fund that provides predictable, stable funding for public infrastructure across Manitoba.

“This is good news for the communities of Brandon-Souris. The Gas Tax Fund will assist our local communities invest in critical infrastructure and help move projects in the right direction,” said Larry Maguire.

The federal Gas Tax Fund provides municipalities with the flexibility to choose and plan infrastructure projects based on their specific priorities. The renewed agreements will govern the flow of federal funds to each province and territory over the next 10 years, from 2014-15 until 2023-24.

In total, the New Building Canada Plan will provide $53 billion in funding to communities across the country over the next decade. For Manitoba, this represents almost $1.2 billion in dedicated federal funding, including more than $467 million under the New Building Canada Fund and an estimated $713 million under the federal Gas Tax Fund.

Manitoba also stands to benefit from the Government of Canada’s following national funding programs:

- $4 billion available across the country for projects of national significance,
- $1.25 billion in additional funding available for P3 projects,
- $10.4 billion via the GST Rebate, which provides municipalities across the country with additional resources to address their infrastructure priorities.

Since 2006, significant improvements have been made to the Gas Tax Fund; it has been extended, doubled, indexed and made permanent. By enshrining these commitments in legislation, provinces, territories and municipalities are assured of an ongoing funding stream to address their municipal infrastructure needs and priorities.

Under the renewed Gas Tax Fund, eligible categories have also been expanded, providing municipalities with more flexibility than ever before to support local infrastructure.

Eligible investment categories under this Fund include: drinking water; wastewater; solid waste; public transit; local roads and bridges; community energy systems; capacity building; disaster mitigation; broadband connectivity; highways; short-line rail; brownfield redevelopment; regional and local airports; and projects supporting culture, tourism, sport and recreation.

With this agreement, the Government of Canada is ensuring a seamless transition to the New Building Canada Plan, the largest long-term federal commitment to investing in Canada’s public infrastructure in our nation’s history.

What’s Happening at the Library?

The Arts West Travelling Gallery has arrived in Hartney and is set up in the library until May 16, when it moves to the next location. Manitoba artists are featured and the library is fortunate to have the opportunity to share the talents of the skilled artists with residents of the area. Thanks to Barbara Lee and Gwen Gibson for setting up the display.

New book bags are available for sale at the library at a cost of $2.00.

A table with a jigsaw puzzle has been set up in the library. Puzzles are available for loan. Come help yourself.

The non-fiction display features “How To” books. The books include how to make a kite, how to give the toast at a wedding, how to barbeque the perfect steak, how to build the perfect deck, how to host the perfect party - in short how to have a perfect summer.

Book Club

The next book club meeting is June 2 @ 2:00 at the library. May is Mystery Month. Book Club members chose a mystery book to read for discussion at the next meeting.

A light went out on earth for us
The day we said good-bye,
And on the night a star was born
The brightest in the sky.

June 6, 2014 marks the 70th anniversary of the allied D-Day Normandy landings. This was the largest landing in the history of warfare. Here are some numbers to show the enormity of the event:

- Over 7000 ships were involved, 171 air force squadrons attack German positions
- Over 132 000 allied men landed on D-Day
- Over 23 400 allied paratroopers landed behind German defenses
- Over 6 000 vehicles including tanks landed on D-Day

**Normandy D Day Landings:** The D Day landings were the largest ever mobilization of troops. Also known as Operation Overlord, it set out on June 6, 1944 to reclaim Europe from Nazi Germany. The supreme Commander was Ike Eisenhower along with Generals Bradley and Montgomery. Intense fighting was for most of their introduction to Europe, that’s if they made it off the beach at all. Five beaches in Normandy were chosen, the Germans had thought the invasion would take place to the North closer to Calais where the English Channel was much narrower. The Canadian 3rd division landed at Juno Beach and despite some mishaps managed to make their way inland, however they failed to reach their objective of Caen on the first day. The other beaches were Gold, Sword, Omaha and Utah. Juno was the second most heavily defended beach, the Germans were under the command of Richter, the Canadians under Crocker and Keller. The Sea Wall defense was twice the height of Omaha’s, plus the sea itself was heavily mined. By the end of D Day, the Canadian 3rd had made it further inland, some 10km than any other force, at a cost of 355 lives. The Juno Beach Centre at Courseulles-sur-Mer commemorates the Canadian liberation force’s efforts and is a memorial to the lives lost. Canadians who were killed during the battle for Juno Beach are interred at the Beny-sur-Mer Canadian War Cemetery.

*Beny sur mere cemetery where men from the 3rd division, 2049 in total are buried including 4 British and 1 French. Nine (9) sets of brothers including one family of three (3). Canadians killed later in the campaign were interred in the Bretteville-sur-Laize Canadian War Cemetery. The Commonwealth War Graves Commission, takes care of graves all over the world, from Malaysia to France, it is the world’s largest purchaser of flowers. Its duty is to keep the cemeteries well tended.*

**Legion Golf**

All members are reminded that the District Golf Tournament will be held in Deloraine on Saturday, June 28th. This is a great event and members are encouraged to form teams and enter the tournament. Please let President Morrison know if you are attending as Branch #26 needs to send the team entry fee to the Provincial Command Office by June 11th.
