How to Reduce the Pain of Recent Tax Hikes

ADVANTAGES OF CASH BALANCE RETIREMENT PLANS

Tax deductions are hard to come by, especially those that directly reduce ordinary income dollar for dollar. With many federal, state and local tax increases in place, Cash Balance Plans now have a greater impact than ever, reducing your tax burden and accelerating retirement savings.

Cash Balance contributions reduce both taxable income AND adjusted gross income (AGI), helping you avoid the new tax thresholds and minimize the impact of new tax hikes.
