Preface

The medical benefits plan described in this Booklet is a benefit plan of the Employer. These benefits are not insured with Aetna or any of its affiliates, but will be paid from the Employer's funds. Aetna and its HMO affiliates will provide certain administrative services under the Aetna medical benefits plan.

Aetna agrees with the Employer to provide administrative services in accordance with the conditions, rights, and privileges as set forth in this Booklet. The Employer selects the products and benefit levels under the Aetna medical benefits plan.

The Booklet describes your rights and obligations, what the Aetna medical benefits plan covers, and how benefits are paid for that coverage. It is your responsibility to understand the terms and conditions in this Booklet. Your Booklet includes the Schedule of Benefits and any amendments.

This Booklet replaces and supersedes all Aetna Booklets describing coverage for the medical benefits plan described in this Booklet that you may previously have received.

Coverage for You and Your Dependents

Health Expense Coverage

Benefits are payable for covered health care expenses that are incurred by you or your covered dependents while coverage is in effect. An expense is “incurred” on the day you receive a health care service or supply.

Coverage under this plan is non-occupational. Only non-occupational injuries and non-occupational illnesses are covered.

Refer to the What the Plan Covers section of the Booklet for more information about your coverage.

Treatment Outcomes of Covered Services

Aetna is not a provider of health care services and therefore is not responsible for and does not guarantee any results or outcomes of the covered health care services and supplies you receive. Except for Aetna RX Home Delivery LLC, providers of health care services, including hospitals, institutions, facilities or agencies, are independent contractors and are neither agents nor employees of Aetna or its affiliates.
Throughout this section you will find information on who can be covered under the plan, how to enroll and what to do when there is a change in your life that affects coverage. In this section, “you” means the employee.

Who Can Be Covered

Employees
See the Adobe Systems, Incorporated Group Welfare Plan Summary Plan Description for the definition of eligible employee for coverage under this plan.

Determining When You Become Eligible
See the Adobe Systems, Incorporated Group Welfare Plan Summary Plan Description to determine when you are eligible for the plan.

Dependents
Your dependents can be covered under this Plan. You may enroll the following dependents:

- Your spouse.
- Your children.
- Your domestic partner who meets the rules set by your employer.
- Children of your domestic partner.

Aetna will rely upon your employer to determine whether or not a person meets the definition of a dependent for coverage under this Plan. See the Adobe Systems, Incorporated Group Welfare Plan Summary Plan Description for dependent eligibility definitions. This determination will be conclusive and binding upon all persons for the purposes of this Plan.

How and When to Enroll

Initial Enrollment in the Plan
You will be provided with plan benefit and enrollment information when you first become eligible to enroll. You will need to enroll in the timeframe and manner determined by Aetna and your employer. To complete the enrollment process, you will need to provide all requested information for yourself and your eligible dependents. You will also need to agree to make required contributions for any contributory coverage. Your employer will determine the amount of your plan contributions, which you will need to agree to before you can enroll. Your employer will advise you of the required amount of your contributions and will deduct your contributions from your pay. Remember plan contributions are subject to change.

When Your Coverage Begins

See the Adobe Systems, Incorporated Group Welfare Plan Summary Plan Description to determine when you and your dependents' coverage will take effect.
How Your Medical Plan Works

It is important that you have the information and useful resources to help you get the most out of your Aetna medical plan. This Booklet explains:

- Definitions you need to know;
- How to access care, including procedures you need to follow;
- What expenses for services and supplies are covered and what limits may apply;
- What expenses for services and supplies are not covered by the plan;
- How you share the cost of your covered services and supplies; and
- Other important information such as eligibility, complaints and appeals, termination, continuation of coverage, and general administration of the plan.

Important Notes

- Unless otherwise indicated, “you” refers to you and your covered dependents.
- Your health plan pays benefits only for services and supplies described in this Booklet as covered expenses that are medically necessary.
- This Booklet applies to coverage only and does not restrict your ability to receive health care services that are not or might not be covered benefits under this health plan.
- Store this Booklet in a safe place for future reference.

Common Terms

Many terms throughout this Booklet are defined in the Glossary section at the back of this document. Defined terms appear in bolded print. Understanding these terms will also help you understand how your plan works and provide you with useful information regarding your coverage.

About Your Aetna Choice POS II Medical Plan

This Aetna Choice POS II medical plan provides coverage for a wide range of medical expenses for the treatment of illness or injury. It does not provide benefits for all medical care. The plan also provides coverage for certain preventive and wellness benefits. With your Aetna Choice POS II plan, you can directly access any physician, hospital or other health care provider (network or out-of-network) for covered services and supplies under the plan. The plan pays benefits differently when services and supplies are obtained through network providers or out-of-network providers.

The plan will pay for covered expenses up to the maximum benefits shown in this Booklet. Coverage is subject to all the terms, policies and procedures outlined in this Booklet. Not all medical expenses are covered under the plan. Exclusions and limitations apply to certain medical services, supplies and expenses. Refer to the What the Plan Covers, Exclusions, Limitations and Schedule of Benefits sections to determine if medical services are covered, excluded or limited.

This Aetna Choice POS II plan provides access to covered benefits through a network of health care providers and facilities. These network providers have contracted with Aetna, an affiliate or third party vendor to provide health care services and supplies to Aetna plan members at a reduced fee called the negotiated charge. This Aetna Choice POS II plan is designed to lower your out-of-pocket costs when you use network providers for covered expenses. Your deductibles, copayments, and payment percentage will generally be lower when you use participating network providers and facilities.
You also have the choice to access licensed providers, hospitals, and facilities outside the network for covered benefits. Your out-of-pocket costs will generally be higher. Deductibles, copayments, and payment percentage are usually higher when you utilize out-of-network providers. Out-of-network providers have not agreed to accept the negotiated charge and may balance bill you for charges over the amount Aetna pays under the plan.

Some services and supplies may only be covered through network providers. Refer to the Covered Benefit sections and your Schedule of Benefits to determine if any services are limited to network coverage only.

Your out-of-pocket costs may vary between network and out-of-network benefits. Read your Schedule of Benefits carefully to understand the cost sharing charges applicable to you.

**Availability of Providers**
Aetna cannot guarantee the availability or continued participation of a particular provider. Either Aetna or any network provider may terminate the provider contract or limit the number of patients accepted in a practice. If the physician initially selected cannot accept additional patients, you will be notified and given an opportunity to make another selection.

**Ongoing Reviews**
Aetna conducts ongoing reviews of those services and supplies which are recommended or provided by health professionals to determine whether such services and supplies are covered benefits under this Booklet. If Aetna determines that the recommended services or supplies are not covered benefits, you will be notified. You may appeal such determinations by contacting Aetna to seek a review of the determination. Please refer to the Reporting of Claims and the Claims and Appeals sections of this Booklet.

To better understand the choices that you have with your Aetna Choice POS II plan, please carefully review the following information.

**How Your Aetna Choice POS II Medical Plan Works**

**The Primary Care Physician:**
To access network benefits, you are encouraged, but not required, to select a Primary Care Physician (PCP) from Aetna’s network of providers at the time of enrollment. Each covered family member may select his or her own PCP. If your covered dependent is a minor, or otherwise incapable of selecting a PCP, you should select a PCP on their behalf.

You may search online for the most current list of participating providers in your area by using DocFind, Aetna’s online provider directory at www.aetna.com. You can choose a PCP based on geographic location, group practice, medical specialty, language spoken, or hospital affiliation. DocFind is updated several times a week. You may also request a printed copy of the provider directory through your employer or by contacting Member Services through e-mail or by calling the toll free number on your ID card.

A PCP may be a general practitioner, family physician, internist, or pediatrician. Your PCP provides routine preventive care and will treat you for illness or injury.

A PCP coordinates your medical care, as appropriate either by providing treatment or may direct you to other network providers for other covered services and supplies. The PCP can also order lab tests and x-rays, prescribe medicines or therapies, and arrange hospitalization.

**Changing Your PCP**
You may change your PCP at any time by calling the Member Services toll-free number on your identification card. The change will become effective upon Aetna’s receipt and approval of the request.
Specialists and Other Network Providers
You may directly access specialists and other health care professionals in the network for covered services and supplies under this Booklet. Refer to the Aetna provider directory to locate network specialists, providers and hospitals in your area. Refer to the Schedule of Benefits section for benefit limitations and out-of-pocket costs applicable to your plan.

Important Note
ID Card: You will receive an ID card. It identifies you as a member when you receive services from health care providers. If you have not received your ID card or if your card is lost or stolen, notify Aetna immediately and a new card will be issued.

Accessing Network Providers and Benefits

- You may select a PCP or other direct access network provider from the network provider directory or by logging on to Aetna's website at www.aetna.com. You can search Aetna's online directory, DocFind, for names and locations of physicians and other health care providers and facilities. You can change your PCP at anytime.
- If a service you need is covered under the plan but not available from a network provider or hospital in your area, please contact Member Services by email or at the toll-free number on your ID card for assistance.
- Certain health care services such as hospitalization, outpatient surgery and certain other outpatient services, require precertification with Aetna to verify coverage for these services. You do not need to precertify services provided by a network provider. Network providers will be responsible for obtaining necessary precertification for you. Since precertification is the provider’s responsibility, there are no additional out-of-pocket costs to you as a result of a network provider’s failure to precertify services. Refer to the Understanding Precertification section for more information on the precertification process and what to do if your request for precertification is denied.
- You will not have to submit medical claims for treatment received from network health care professionals and facilities. Your network provider will take care of claim submission. Aetna will directly pay the network provider or facility less any cost sharing required by you. You will be responsible for deductibles, payment percentage and copayments, if any.

You will receive notification of what the plan has paid toward your covered expenses. It will indicate any amounts you owe towards your deductible, copayments, or payment percentage or other non-covered expenses you have incurred. You may elect to receive this notification by e-mail, or through the mail. Call or e-mail Member Services if you have questions regarding your statement.

Cost Sharing For Network Benefits
You share in the cost of your benefits. Cost Sharing amounts and provisions are described in the Schedule of Benefits.

- You will need to satisfy any applicable deductibles before the plan will begin to pay benefits.
- For certain types of services and supplies, you will be responsible for any copayments shown in the Schedule of Benefits.
- After you satisfy any applicable deductible, you will be responsible for any applicable payment percentage for covered expenses that you incur. Your payment percentage is based on the negotiated charge. You will not have to pay any balance bills above the negotiated charge for that covered service or supply. You will be responsible for your payment percentage up to the maximum out-of-pocket limit applicable to your plan.
- Once you satisfy any applicable maximum out-of-pocket limit, the plan will pay 100% of the covered expenses that apply toward the limit for the rest of the Calendar Year. Certain designated out-of-pocket expenses may not apply to the maximum out-of-pocket limit. Refer to the Schedule of Benefits section for information on what expenses do not apply. Refer to your Schedule of Benefits for the specific maximum out-of-pocket limit amounts that apply to your plan.
- The plan will pay for covered expenses, up to the maximums shown in the What the Plan Covers or Schedule of Benefits sections. You are responsible for any expenses incurred over the maximum limits outlined in the What the Plan Covers or Schedule of Benefits sections.
- You may be billed for any deductible, copayment, or payment percentage amounts, or any non-covered expenses that you incur.

Cost Sharing for Out-of-Network Benefits
You share in the cost of your benefits. Cost Sharing amounts and provisions are described in the Schedule of Benefits.

- You will need to satisfy any applicable deductibles before the plan will begin to pay benefits.
- After you satisfy any applicable deductible, you will be responsible for any applicable payment percentage for covered expenses that you incur. You will be responsible for your payment percentage up to the maximum out-of-pocket limit applicable to your plan.
- Your payment percentage will be based on the recognized charge. If the health care provider you select charges more than the recognized charge, you will be responsible for any expenses above the recognized charge.
- Once you satisfy any applicable maximum out-of-pocket limit, the plan will pay 100% of the covered expenses that apply toward the limit for the rest of the Calendar Year. Certain designated out-of-pocket expenses may not apply to the maximum out-of-pocket limit. Refer to the Getting Started: Common Terms section for information on what expenses do not apply. Refer to your Schedule of Benefits for specific dollar amounts.
- The plan will pay for covered expenses, up to the maximums shown in the What the Plan Covers or Schedule of Benefits sections. You are responsible for any expenses incurred over the maximum limits outlined in the What the Plan Covers or Schedule of Benefits sections.

Understanding Precertification
Precertification
Certain services, such as inpatient stays, certain tests, procedures and outpatient surgery require precertification by Aetna. Precertification is a process that helps you and your physician determine whether the services being recommended are covered expenses under the plan. It also allows Aetna to help your provider coordinate your transition from an inpatient setting to an outpatient setting (called discharge planning), and to register you for specialized programs or case management when appropriate.

You do not need to precertify services provided by a network provider. Network providers will be responsible for obtaining necessary precertification for you. Since precertification is the provider’s responsibility, there is no additional out-of-pocket cost to you as a result of a network provider's failure to precertify services.

When you go to an out-of-network provider, it is your responsibility to obtain precertification from Aetna for any services or supplies on the precertification list below. If you do not precertify, your benefits may be reduced, or the plan may not pay any benefits. The list of services requiring precertification follows on the next page.

Important Note
Please read the following sections in their entirety for important information on the precertification process, and any impact it may have on your coverage.

The Precertification Process
Prior to being hospitalized or receiving certain other medical services or supplies there are certain precertification procedures that must be followed.

You or a member of your family, a hospital staff member, or the attending physician, must notify Aetna to precertify the admission or medical services and expenses prior to receiving any of the services or supplies that require precertification pursuant to this Booklet in accordance with the following timelines:
Precertification should be secured within the timeframes specified below. To obtain precertification, call Aetna at the telephone number listed on your ID card. This call must be made:

<table>
<thead>
<tr>
<th>Scenario</th>
<th>Requirement</th>
</tr>
</thead>
<tbody>
<tr>
<td>For non-emergency admissions:</td>
<td>You, your physician or the facility will need to call and request precertification at least 14 days before the date you are scheduled to be admitted.</td>
</tr>
<tr>
<td>For an emergency outpatient medical condition:</td>
<td>You or your physician should call prior to the outpatient care, treatment or procedure if possible; or as soon as reasonably possible.</td>
</tr>
<tr>
<td>For an emergency admission:</td>
<td>You, your physician or the facility must call within 48 hours or as soon as reasonably possible after you have been admitted.</td>
</tr>
<tr>
<td>For an urgent admission:</td>
<td>You, your physician or the facility will need to call before you are scheduled to be admitted. An urgent admission is a hospital admission by a physician due to the onset of or change in an illness; the diagnosis of an illness; or an injury.</td>
</tr>
<tr>
<td>For outpatient non-emergency medical services requiring precertification:</td>
<td>You or your physician must call at least 14 days before the outpatient care is provided, or the treatment or procedure is scheduled.</td>
</tr>
</tbody>
</table>

Aetna will provide a written notification to you and your physician of the precertification decision. If your precertified expenses are approved the approval is good for 60 days as long as you remain enrolled in the plan.

When you have an inpatient admission to a facility, Aetna will notify you, your physician and the facility about your precertified length of stay. If your physician recommends that your stay be extended, additional days will need to be certified. You, your physician, or the facility will need to call Aetna at the number on your ID card as soon as reasonably possible, but no later than the final authorized day. Aetna will review and process the request for an extended stay. You and your physician will receive a notification of an approval or denial.

If precertification determines that the stay or services and supplies are not covered expenses, the notification will explain why and how Aetna’s decision can be appealed. You or your provider may request a review of the precertification decision pursuant to the Claims and Appeals section included with this Booklet.

Services and Supplies Which Require Precertification

Precertification is required for the following types of medical expenses:

Inpatient and Outpatient Care

- Stays in a hospital;
- Stays in a skilled nursing facility;
- Stays in a rehabilitation facility;
- Stays in a hospice facility;
- Outpatient hospice care;
- Stays in a Residential Treatment Facility for treatment of mental disorders and substance abuse;
- Partial Hospitalization Programs for mental disorders and substance abuse;
- Home health care;
- Private duty nursing care;
- Intensive Outpatient Programs for mental disorders and substance abuse;
- Amytal interview;
- Applied Behavioral Analysis;
- Biofeedback;
- Electroconvulsive therapy;
- Neuropsychological testing;
- Outpatient detoxification;
Psychiatric home care services;
Psychological testing.

How Failure to Precertify Affects Your Benefits
A precertification benefit reduction will be applied to the benefits paid if you fail to obtain a required precertification prior to incurring medical expenses. This means Aetna will reduce the amount paid towards your coverage, or your expenses may not be covered. You will be responsible for the unpaid balance of the bills.

You are responsible for obtaining the necessary precertification from Aetna prior to receiving services from an out-of-network provider. Your provider may precertify your treatment for you; however you should verify with Aetna prior to the procedure, that the provider has obtained precertification from Aetna. If your treatment is not precertified by you or your provider, the benefit payable may be significantly reduced or your expenses may not be covered.

How Your Benefits are Affected
The chart below illustrates the effect on your benefits if necessary precertification is not obtained.

<table>
<thead>
<tr>
<th>If precertification is:</th>
<th>then the expenses are:</th>
</tr>
</thead>
<tbody>
<tr>
<td>▪ requested and approved by Aetna.</td>
<td>▪ covered.</td>

<td>▪ covered after a precertification benefit reduction is applied.*</td>
</tr>
<tr>
<td>▪ not requested, would not have been covered if requested.</td>

</tr>
</tbody>
</table>

It is important to remember that any additional out-of-pocket expenses incurred because your precertification requirement was not met will not count toward your deductible or payment percentage or maximum out-of-pocket limit.

*Refer to the Schedule of Benefits section for the amount of precertification benefit reduction that applies to your plan.

Emergency and Urgent Care
You have coverage 24 hours a day, 7 days a week, anywhere inside or outside the plan’s service area, for:

▪ An emergency medical condition; or
▪ An urgent condition.

In Case of a Medical Emergency
When emergency care is necessary, please follow the guidelines below:

▪ Seek the nearest emergency room, or dial 911 or your local emergency response service for medical and ambulatory assistance. If possible, call your physician provided a delay would not be detrimental to your health.
▪ After assessing and stabilizing your condition, the emergency room should contact your physician to obtain your medical history to assist the emergency physician in your treatment.
▪ If you are admitted to an inpatient facility, notify your physician as soon as reasonably possible.

▪ If you seek care in an emergency room for a non-emergency condition, your benefits will be reduced. Please refer to the Schedule of Benefits for specific details about the plan. No other plan benefits will pay for non-emergency care in the emergency room unless otherwise specified under the plan.

Coverage for Emergency Medical Conditions
Refer to Coverage for Emergency Medical Conditions in the What the Plan Covers section.
Important Reminder
If you visit a hospital emergency room for a non-emergency condition, the plan will pay a reduced benefit, as shown in the Schedule of Benefits. No other plan benefits will pay for non-emergency care in the emergency room unless otherwise specified under the Plan.

In Case of an Urgent Condition

Call your PCP if you think you need urgent care. Network providers are required to provide urgent care coverage 24 hours a day, including weekends and holidays. You may contact any physician or urgent care provider, in- or out-of-network, for an urgent care condition if you cannot reach your physician.

If it is not feasible to contact your physician, please do so as soon as possible after urgent care is provided. If you need help finding an urgent care provider you may call Member Services at the toll-free number on your I.D. card, or you may access Aetna’s online provider directory at www.aetna.com.

Coverage for an Urgent Condition
Refer to Coverage for Urgent Medical Conditions in the What the Plan Covers section.

Follow-Up Care After Treatment of an Emergency or Urgent Medical Condition
Follow-up care is not considered an emergency or urgent condition and is not covered as part of any emergency or urgent care visit. Once you have been treated and discharged, you should contact your physician for any necessary follow-up care.

For coverage purposes, follow-up care is treated as any other expense for illness or injury. If you access a hospital emergency room for follow-up care, your coverage will be reduced and you will be responsible for more of the cost of your treatment. Refer to your Schedule of Benefits for cost sharing information applicable to your plan.

To keep your out-of-pocket costs lower, your follow-up care should be provided by a physician.

You may use an out-of-network provider for your follow-up care. You will be subject to the deductible and payment percentage that apply to out-of-network expenses, which may result in higher out-of-pocket costs to you.

Important Notice
Follow up care, which includes (but is not limited to) suture removal, cast removal and radiological tests such as x-rays, should not be provided by an emergency room facility.

Requirements For Coverage

To be covered by the plan, services and supplies and prescription drugs must meet all of the following requirements:

1. The service or supply or prescription drug must be covered by the plan. For a service or supply or prescription drug to be covered, it must:
   - Be included as a covered expense in this Booklet;
   - Not be an excluded expense under this Booklet. Refer to the Exclusions sections of this Booklet for a list of services and supplies that are excluded;
   - Not exceed the maximums and limitations outlined in this Booklet. Refer to the What the Plan Covers section and the Schedule of Benefits for information about certain expense limits; and
   - Be obtained in accordance with all the terms, policies and procedures outlined in this Booklet.

2. The service or supply or prescription drug must be provided while coverage is in effect. See the Who Can Be Covered, How and When to Enroll, When Your Coverage Begins, When Coverage Ends and Continuation of Coverage sections for details on when coverage begins and ends.

3. The service or supply or prescription drug must be medically necessary. To meet this requirement, the medical services, supply or prescription drug must be provided by a physician, or other health care provider, exercising prudent clinical judgment, to a patient for the purpose of preventing, evaluating, diagnosing or treating an illness, injury, disease or its symptoms. The provision of the service or supply must be:
   - (a) In accordance with generally accepted standards of medical practice;
   - (b) Clinically appropriate, in terms of type, frequency, extent, site and duration, and considered effective for the patient’s illness, injury or disease; and
   - (c) Not primarily for the convenience of the patient, physician or other health care provider;
   - (d) And not more costly than an alternative service or sequence of services at least as likely to produce equivalent therapeutic or diagnostic results as to the diagnosis or treatment of that patient’s illness, injury, or disease.

For these purposes “generally accepted standards of medical practice” means standards that are based on credible scientific evidence published in peer-reviewed medical literature generally recognized by the relevant medical community, or otherwise consistent with physician specialty society recommendations and the views of physicians practicing in relevant clinical areas and any other relevant factors.

Important Note

Covered expenses include only the following:

- Skilled nursing services that require medical training of, and are provided by, a licensed nursing professional within the scope of his or her license. These services need to be provided during intermittent visits of four hours or less, with a daily maximum of three visits. Intermittent visits are considered periodic and recurring visits that skilled nurses make to ensure your proper care, which means they are not on site for more than four hours at a time. If you are discharged from a hospital or skilled nursing facility after an inpatient stay, the intermittent requirement may be waived to allow coverage for up to 12 hours (three visits) of continuous skilled nursing services. However, these services must be provided for within 10 days of discharge.
- Home health aide services, when provided in conjunction with skilled nursing care, that directly support the care. These services need to be provided during intermittent visits of four hours or less, with a daily maximum of three visits.
- Medical social services, when provided in conjunction with skilled nursing care, by a qualified social worker.

Benefits for home health care visits are payable up to the Home Health Care Maximum. Each visit by a nurse or therapist is one visit.

- Care is provided within 10 days of discharge from a hospital or skilled nursing facility as a full-time inpatient; and
- Care is needed to transition from the hospital or skilled nursing facility to home care.

When the above criteria are met, covered expenses include up to 12 hours of continuous care by an R.N. or L.P.N. per day.

Coverage for Home Health Care services is not determined by the availability of caregivers to perform them. The absence of a person to perform a non-skilled or custodial care service does not cause the service to become covered. If the covered person is a minor or an adult who is dependent upon others for non-skilled care (e.g. bathing, eating, toileting), coverage for home health services will only be provided during times when there is a family member or caregiver present in the home to meet the person’s non-skilled needs.

Your Pharmacy Benefit

How the Pharmacy Plan Works

It is important that you have the information and useful resources to help you get the most out of your Aetna prescription drug plan. This Booklet explains:

- Definitions you need to know;
- How to access network pharmacies and procedures you need to follow;
- What prescription drug expenses are covered and what limits may apply;
- What prescription drug expenses are not covered by the plan;
- How you share the cost of your covered prescription drug expenses; and
- Other important information such as eligibility, complaints and appeals, termination, and general administration of the plan.

A few important notes to consider before moving forward:

- Unless otherwise indicated, “you” refers to you and your covered dependents.
- Your prescription drug plan pays benefits only for prescription drug expenses described in this Booklet as covered expenses that are medically necessary.
- This Booklet applies to coverage only and does not restrict your ability to receive prescription drugs that are not or might not be covered benefits under this prescription drug plan.
- Store this Booklet in a safe place for future reference.

Notice

The plan does not cover all prescription drugs, medications and supplies. Refer to the Limitations section of this coverage and Exclusions section of your Booklet.

- Covered expenses are subject to cost sharing requirements as described in the Cost Sharing sections of this coverage and in your Schedule of Benefits.
- Injectable prescription drug refills will only be covered when obtained through Aetna’s specialty pharmacy network.

Getting Started: Common Terms

You will find the terms below used throughout this Booklet. They are described within the sections that follow, and you can also refer to the Glossary at the back of this document for helpful definitions. Words in bold print throughout the document are defined in the Glossary.

Brand-Named Prescription Drug is a prescription drug with a proprietary name assigned to it by the manufacturer and so indicated by Medispan or any other similar publication designated by Aetna.

Generic Prescription Drug is a prescription drug, whether identified by its chemical, proprietary, or non-proprietary name, that is accepted by the U.S. Food and Drug Administration as therapeutically equivalent and interchangeable with drugs having an identical amount of the same active ingredient and so indicated by Medispan or any other publication designated by Aetna.

Network pharmacy is a description of a retail, mail order or specialty pharmacy that has entered into a contractual agreement with Aetna, an affiliate, or a third party vendor, for the provision of covered services to you and your covered dependents. The appropriate pharmacy type may also be substituted for the word pharmacy. (E.g. network retail pharmacy, network mail order pharmacy or specialty pharmacy network).

Non-Preferred Drug (Non-Formulary) is a brand-named prescription drug or generic prescription drug that does not appear on the preferred drug guide.
Out-of-network pharmacy is a description of a pharmacy that has not contracted with Aetna, an affiliate, or a third party vendor and does not participate in the pharmacy network.

Preferred Drug (Formulary) is a brand-named prescription drug or generic prescription drug that appears on the preferred drug guide.

Preferred Drug Guide is a listing of prescription drugs established by Aetna or an affiliate, which includes both brand-named prescription drugs and generic prescription drugs. This list is subject to periodic review and modification by Aetna. A copy of the preferred drug guide will be available upon your request or may be accessed on the Aetna website at www.aetna.com/formulary.

Prescription Drug is a drug, biological, or compounded prescription which, by State or Federal Law, may be dispensed only by prescription and which is required by Federal Law to be labeled “Caution: Federal Law prohibits dispensing without prescription.” This includes an injectable drug prescribed to be self-administered or administered by any other person except one who is acting within his or her capacity as a paid healthcare professional. Covered injectable drugs include insulin.

Provider is any recognized health care professional, pharmacy or facility providing services with the scope of their license.

Self-injectable Drug(s). Prescription drugs that are intended to be self-administered by injection to a specific part of the body to treat certain chronic medical conditions.

Accessing Pharmacies and Benefits

This plan provides access to covered benefits through a network of pharmacies, vendors or suppliers. Aetna has contracted for these network pharmacies to provide prescription drugs and other supplies to you. You also have the choice to access state licensed pharmacies outside the network for covered expenses.

Obtaining your benefits through network pharmacies has many advantages. Your out-of-pocket costs may vary between network and out-of network benefits. Benefits and cost sharing may also vary by the type of network pharmacy where you obtain your prescription drug and whether or not you purchase a brand-name or generic drug. Network pharmacies include retail, mail order and specialty pharmacies.

Read your Schedule of Benefits carefully to understand the cost sharing charges applicable to you.

To better understand the choices that you have with your plan, please carefully review the following information.

Accessing Network Pharmacies and Benefits

You may select a network pharmacy from the Aetna Network Pharmacy Directory or by logging on the Aetna’s website at www.aetna.com. You can search Aetna’s online directory, DocFind, for names and locations of network pharmacies. If you cannot locate a network pharmacy in your area call Member Services.

You must present your ID card to the network pharmacy every time you get a prescription filled to be eligible for network benefits. The network pharmacy will calculate your claim online. You will pay any deductible, copayment or payment percentage directly to the network pharmacy.

You do not have to complete or submit claim forms. The network pharmacy will take care of claim submission.
Emergency Prescriptions
When you need a prescription filled in an emergency or urgent care situation, or when you are traveling, you can obtain network benefits by filling your prescription at any network retail pharmacy. The network pharmacy will fill your prescription and only charge you your plan’s cost sharing amount. If you access an out-of-network pharmacy you will pay the full cost of the prescription and will need to file a claim for reimbursement, you will be reimbursed for your covered expenses up to the cost of the prescription less any applicable cost sharing required by you.

Availability of Providers
Aetna cannot guarantee the availability or continued network participation of a particular pharmacy. Either Aetna or any network pharmacy may terminate the provider contract.

Cost Sharing for Network Benefits
You share in the cost of your benefits. Cost Sharing amounts and provisions are described in the Schedule of Benefits.

- You will be responsible for the copayment for each prescription or refill as specified in the Schedule of Benefits. The copayment is payable directly to the network pharmacy at the time the prescription is dispensed.

- After you pay the applicable copayment, you will be responsible for any applicable payment percentage for covered expenses that you incur. Your payment percentage is determined by applying the applicable payment percentage to the negotiated charge if the prescription is filled at a network pharmacy. When you obtain your prescription drugs through a network pharmacy, you will not be subject to balance billing.

When You Use an Out-of-Network Pharmacy
You can directly access an out-of-network pharmacy to obtain covered outpatient prescription drugs. You will pay the pharmacy for your prescription drugs at the time of purchase and submit a claim form to receive reimbursement from the plan. You are responsible for completing and submitting claim forms for reimbursement of covered expenses you paid directly to an out-of-network pharmacy. The Plan will reimburse you for a covered expense up to the recognized charge, less any cost sharing required by you.

Cost Sharing for Out-of-Network Benefits
You share in the cost of your benefits. Cost Sharing amounts and provisions are described in the Schedule of Benefits.

- You will be responsible for any applicable payment percentage for covered expenses that you incur. Your payment percentage share is based on the recognized charge. If the out-of-network pharmacy charges more than the recognized charge, you will be responsible for any expenses above the recognized charge.

What the Plan Covers
The Aetna medical benefits plan covers charges for outpatient prescription drugs for the treatment of an illness or injury, subject to the Limitations section of this coverage and the Exclusions section of the Booklet. Prescriptions must be written by a prescriber licensed to prescribe federal legend prescription drugs.

Your prescription drug benefit coverage is based on Aetna’s preferred drug guide. The preferred drug guide includes both brand-name prescription drugs and generic prescription drugs. Your out-of-pocket expenses may be higher if your physician prescribes a covered prescription drug not appearing on the preferred drug guide.

Generic prescription drugs may be substituted by your pharmacist for brand-name prescription drugs. You may minimize your out-of-pocket expenses by selecting a generic prescription drug when available.
Coverage of prescription drugs may, in Aetna’s sole discretion, be subject to Aetna requirements or limitations. Prescription drugs covered by this plan are subject to drug utilization review by Aetna and/or your provider and/or your network pharmacy.

Coverage for prescription drugs and supplies is limited to the supply limits as described below.

**Retail Pharmacy Benefits**

Strength and performance: Drugs or preparations, devices and supplies to enhance strength, physical condition, endurance or physical performance, including performance enhancing steroids.

Sex change: Any treatment, drug or supply related to changing sex or sexual characteristics, including hormones and hormone therapy.

Sexual dysfunction/enhancement: Any drug, or supply to treat sexual dysfunction, enhance sexual performance or increase sexual desire, including:

- Drugs, implants, devices or preparations to correct or enhance erectile function, enhance sensitivity, or alter the shape or appearance of a sex organ.

**When Coverage Ends**

Coverage under your plan can end for a variety of reasons. In the Adobe SPD, you will find details on how and why coverage may end, and how you may still be able to continue coverage.

**Disabled Children**

Health Expense Coverage for your totally disabled child may be continued past the plan’s maximum age for an eligible child. However, such coverage may not be continued if the child has been issued an individual medical conversion policy.

Your child is totally disabled if:

- he or she is not able to earn his or her own living because of mental or physical disability which started prior to the date he or she reaches the maximum age for eligible children under your plan; and
- he or she depends chiefly on you for support and maintenance.

Proof that your child is totally disabled must be submitted to Aetna no later than 31 days after the date your child reaches the maximum age under your plan.

Coverage will cease on the first to occur of:

- Cessation of the disability.
- Failure to give proof that the disability continues.
- Failure to have any required exam.
- Termination of Dependent Coverage as to your child for any reason other than reaching the maximum age under your plan.

Aetna will have the right to require proof of the continuation of the disability. Aetna also has the right to examine your child as often as needed while the disability continues at its own expense. An exam will not be required more often than once each year after 2 years from the date your child reached the maximum age under your plan.

**Continuation of Coverage**

See the Adobe SPD for information about COBRA Continuation of Coverage, conversion to individual coverage and your right to individual health coverage under HIPAA.
Coordination of Benefits - What Happens When There is More Than One Health Plan

When Coordination of Benefits Applies

This Coordination of Benefits (COB) provision applies to This Plan when you or your covered dependent has health coverage under more than one plan. “Plan” and “This Plan” are defined herein. The Order of Benefit Determination Rules below determines which plan will pay as the primary plan. The primary plan pays first without regard to the possibility that another plan may cover some expenses. A secondary plan pays after the primary plan and may reduce the benefits it pays so that payments from all group plans do not exceed 100% of the total allowable expense.

Getting Started - Important Terms

When used in this provision, the following words and phrases have the meaning explained herein.

Allowable Expense means a health care service or expense, including, coinsurance and copayments and without reduction of any applicable deductible, that is covered at least in part by any of the Plans covering the person. When a Plan provides benefits in the form of services (for example an HMO), the reasonable cash value of each service will be considered an allowable expense and a benefit paid. An expense or service that is not covered by any of the Plans is not an allowable expense. Any expense that a health care provider by law or in accordance with a contractual agreement is prohibited from charging a covered person is not an allowable expense. The following are examples of expenses and services that are not allowable expenses:

1. If a covered person is confined in a private hospital room, the difference between the cost of a semi-private room in the hospital and the private room is not an allowable expense. This does not apply if one of the Plans provides coverage for a private room.
2. If a person is covered by 2 or more Plans that compute their benefit payments on the basis of reasonable or recognized charges, any amount in excess of the highest of the reasonable or recognized charges for a specific benefit is not an allowable expense.
3. If a person is covered by 2 or more Plans that provide benefits or services on the basis of negotiated charges, an amount in excess of the highest of the negotiated charges is not an allowable expense.
4. The amount a benefit is reduced or not reimbursed by the primary Plan because a covered person does not comply with the Plan provisions is not an allowable expense. Examples of these provisions are second surgical opinions, precertification of admissions, and preferred provider arrangements.
5. If all Plans covering a person are high deductible Plans and the person intends to contribute to a health savings account established in accordance with section 223 of the Internal Revenue Code of 1986, the primary high deductible Plan's deductible is not an allowable expense, except as to any health expense that may not be subject to the deductible as described in section 223(c)(2)(C) of the Internal Revenue Code of 1986.

If a person is covered by one Plan that computes its benefit payments on the basis of reasonable or recognized charges and another Plan that provides its benefits or services on the basis of negotiated charges, the primary plan’s payment arrangements shall be the allowable expense for all the Plans. However, if the secondary plan has a
negotiated fee or payment amount different from the primary plan and if the provider contract permits, that negotiated fee will be the allowable expense used by the secondary plan to determine benefits.

When a plan provides benefits in the form of services, the reasonable cash value of each service rendered shall be deemed an allowable expense and a benefit paid.

**Closed Panel Plan(s).** A plan that provides health benefits to covered persons primarily in the form of services through a panel of providers that have contracted with or are employed by the plan, and that limits or excludes benefits for services provided by other providers, except in cases of emergency or referral by a panel member.

**Custodial Parent.** A parent awarded custody by a court decree. In the absence of a court decree, it is the parent with whom the child resides more than one half of the calendar year without regard to any temporary visitation.

**Plan.** Any Plan providing benefits or services by reason of health care or treatment, which benefits or services are provided by one of the following:

- Group or nongroup, blanket, or franchise health insurance policies issued by insurers, including health care service contractors;
- Other prepaid coverage under service Plan contracts, or under group or individual practice;
- Uninsured arrangements of group or group-type coverage;
- Labor-management trustee Plans, labor organization plans, employer organization Plans, or employee benefit organization Plans;
- Medical benefits coverage in a group, group-type, and individual automobile “no-fault” and traditional automobile “fault” type contracts;
- Medicare or other governmental benefits;
- Other group-type contracts. Group type contracts are those which are not available to the general public and can be obtained and maintained only because membership in or connection with a particular organization or group.

If the Plan includes medical, prescription drug, dental, vision and hearing coverage, those coverages will be considered separate plans. For example, Medical coverage will be coordinated with other Medical plans, and dental coverage will be coordinated with other dental plans.

This Plan is any part of the contract that provides benefits for health care expenses.

**Primary Plan/ Secondary Plan.** The order of benefit determination rules state whether This Plan is a Primary Plan or Secondary Plan as to another Plan covering the person.

When This Plan is a primary Plan, its benefits are determined before those of the other Plan and without considering the other Plan’s benefits.

When This Plan is a Secondary Plan, its benefits are determined after those of the other Plan and may be reduced because of the other Plan’s benefits.

When there are more than two Plans covering the person, this Plan may be a Primary Plan as to one or more other Plans, and may be a Secondary Plan as to a different Plan or Plans.

**Which Plan Pays First**

When two or more plans pay benefits, the rules for determining the order of payment are as follows:

- The primary plan pays or provides its benefits as if the secondary plan or plans did not exist.
- A plan that does not contain a coordination of benefits provision that is consistent with this provision is always primary. There is one exception: coverage that is obtained by virtue of membership in a group that is designed to supplement a part of a basic package of benefits may provide that the supplementary coverage shall be excess to any other parts of the plan provided by the contract holder. Examples of these types of situations are major
medical coverages that are superimposed over base plan hospital and surgical benefits, and insurance type coverages that are written in connection with a closed panel plan to provide out-of-network benefits.

- A plan may consider the benefits paid or provided by another plan in determining its benefits only when it is secondary to that other plan.
- The first of the following rules that describes which plan pays its benefits before another plan is the rule to use:

1. Non-Dependent or Dependent. The plan that covers the person other than as a dependent, for example as an employee, member, subscriber or retiree is primary and the plan that covers the person as a dependent is secondary. However, if the person is a Medicare beneficiary and, as a result of federal law, Medicare is secondary to the plan covering the person as a dependent; and primary to the plan covering the person as other than a dependent (e.g. a retired employee); then the order of benefits between the two plans is reversed so that the plan covering the person as an employee, member, subscriber or retiree is secondary and the other plan is primary.

2. Child Covered Under More than One Plan. The order of benefits when a child is covered by more than one plan is:

   A. The primary plan is the plan of the parent whose birthday is earlier in the year if:

      i. The parents are married or living together whether or not married;
      ii. A court decree awards joint custody without specifying that one party has the responsibility to provide health care coverage or if the decree states that both parents are responsible for health coverage. If both parents have the same birthday, the plan that covered either of the parents longer is primary.

   B. If the specific terms of a court decree state that one of the parents is responsible for the child’s health care expenses or health care coverage and the plan of that parent has actual knowledge of those terms, that plan is primary. If the parent with responsibility has no health coverage for the dependent child’s health care expenses, but that parent’s spouse does, the plan of the parent’s spouse is the primary plan.

   C. If the parents are separated or divorced or are not living together whether or not they have ever been married and there is no court decree allocating responsibility for health coverage, the order of benefits is:

      - The plan of the custodial parent;
      - The plan of the spouse of the custodial parent;
      - The plan of the noncustodial parent; and then
      - The plan of the spouse of the noncustodial parent.

   For a dependent child covered under more than one plan of individuals who are not the parents of the child, the order of benefits should be determined as outlined above as if the individuals were the parents.

3. Active Employee or Retired or Laid off Employee. The plan that covers a person as an employee who is neither laid off nor retired or as a dependent of an active employee, is the primary plan. The plan covering that same person as a retired or laid off employee or as a dependent of a retired or laid off employee is the secondary plan. If the other plan does not have this rule, and if, as a result, the plans do not agree on the order of benefits, this rule is ignored. This rule will not apply if the Non-Dependent or Dependent rules above determine the order of benefits.

4. Continuation Coverage. If a person whose coverage is provided under a right of continuation provided by federal or state law also is covered under another plan, the plan covering the person as an employee, member, subscriber or retiree (or as that person’s dependent) is primary, and the continuation coverage is secondary. If the other plan does not have this rule, and if, as a result, the plans do not agree on the order of benefits, this rule is ignored. This rule will not apply if the Non-Dependent or Dependent rules above determine the order of benefits.
5. Longer or Shorter Length of Coverage. The plan that covered the person as an employee, member, subscriber longer is primary.

6. If the preceding rules do not determine the primary plan, the allowable expenses shall be shared equally between the plans meeting the definition of plan under this provision. In addition, this plan will not pay more than it would have paid had it been primary.

**How Coordination of Benefits Works**

In determining the amount to be paid when this plan is secondary on a claim, the secondary plan will calculate the benefits that it would have paid on the claim in the absence of other health insurance coverage and apply that amount to any allowable expense under this plan that was unpaid by the primary plan. The amount will be reduced so that when combined with the amount paid by the primary plan, the total benefits paid or provided by all plans for the claim do not exceed 100 percent of the total allowable expense.

In addition, a secondary plan will credit to its plan deductible any amounts that would have been credited in the absence of other coverage.

Under the COB provision of this plan, the amount normally reimbursed for covered benefits or expenses under this plan is reduced to take into account payments made by other plans. The general rule is that the benefits otherwise payable under this plan for all covered benefits or expenses will be reduced by all other plan benefits payable for those expenses. When the COB rules of this plan and another plan both agree that this plan determines its benefits before such other plan, the benefits of the other plan will be ignored in applying the general rule above to the claim involved. Such reduced amount will be charged against any applicable benefit limit of this coverage.

If a covered person is enrolled in two or more closed panel plans COB generally does not occur with respect to the use of panel providers. However, COB may occur if a person receives emergency services that would have been covered by both plans.

**Right To Receive And Release Needed Information**

Certain facts about health care coverage and services are needed to apply these COB rules and to determine benefits under this plan and other plans. Aetna has the right to release or obtain any information and make or recover any payments it considers necessary in order to administer this provision.

**Facility of Payment**

Any payment made under another plan may include an amount, which should have been paid under this plan. If so, Aetna may pay that amount to the organization, which made that payment. That amount will then be treated as though it were a benefit paid under this plan. Aetna will not have to pay that amount again. The term “payment made” means reasonable cash value of the benefits provided in the form of services.

**Right of Recovery**

If the amount of the payments made by Aetna is more than it should have paid under this COB provision, it may recover the excess from one or more of the persons it has paid or for whom it has paid; or any other person or organization that may be responsible for the benefits or services provided for the covered person. The “amount of the payments made” includes the reasonable cash value of any benefits provided in the form of services.
Effect of Medicare

Health Expense Coverage will be changed for any person while eligible for Medicare.

A person is "eligible for Medicare" if he or she:

- is covered under it;
- is not covered under it because of:
  - having refused it;
  - having dropped it;
  - having failed to make proper request for it.

These are the changes:

- All health expenses covered under this Plan will be reduced by any Medicare benefits available for those expenses. This will be done before the health benefits of this Plan are figured.
- Charges used to satisfy a person’s Part B deductible under Medicare will be applied under this Plan in the order received by Aetna. Two or more charges received at the same time will be applied starting with the largest first.
- Medicare benefits will be taken into account for any person while he or she is eligible for Medicare. This will be done whether or not he or she is entitled to Medicare benefits.
- Any rule for coordinating "other plan" benefits with those under this Plan will be applied after this Plan’s benefits have been figured under the above rules. Allowable Expenses will be reduced by any Medicare benefits available for those expenses.

Coverage will not be changed at any time when your Employer’s compliance with federal law requires this Plan’s benefits for a person to be figured before benefits are figured under Medicare.
General Provisions

Type of Coverage

Coverage under the plan is non-occupational. Only non-occupational accidental injuries and non-occupational illnesses are covered. The plan covers charges made for services and supplies only while the person is covered under the plan.

Physical Examinations

Aetna will have the right and opportunity to examine and evaluate any person who is the basis of any claim at all reasonable times while a claim is pending or under review. This will be done at no cost to you.

Legal Action

No legal action can be brought to recover payment under any benefit after 3 years from the deadline for filing claims.

Additional Provisions

The following additional provisions apply to your coverage:

- This Booklet applies to coverage only, and does not restrict your ability to receive health care services that are not, or might not be, covered.
- You cannot receive multiple coverage under the plan because you are connected with more than one employer.
- In the event of a misstatement of any fact affecting your coverage under the plan, the true facts will be used to determine the coverage in force.
- This document describes the main features of the plan. If you have any questions about the terms of the Aetna medical benefits plan or about the proper payment of benefits, contact your employer or Aetna.
- The Aetna medical benefits plan may be changed or discontinued with respect to your coverage.

Assignments

Coverage and your rights under this Aetna medical benefits plan may not be assigned. A direction to pay a provider is not an assignment of any right under this plan or of any legal or equitable right to institute any court proceeding.

Misstatements

Aetna’s failure to implement or insist upon compliance with any provision of this Aetna medical benefits plan at any given time or times, shall not constitute a waiver of Aetna’s right to implement or insist upon compliance with that provision at any other time or times.

Fraudulent misstatements in connection with any claim or application for coverage may result in termination of all coverage under this Aetna medical benefits plan.

Subrogation and Right of Recovery Provision

Definitions

As used throughout this provision, the term Responsible Party means any party actually, possibly, or potentially responsible for making any payment to a Covered Person due to a Covered Person’s injury, illness or condition. The term Responsible Party includes the liability insurer of such party or any Insurance Coverage.
For purposes of this provision, the term **Insurance Coverage** refers to any coverage providing medical expense coverage or liability coverage including, but not limited to, uninsured motorist coverage, underinsured motorist coverage, personal umbrella coverage, medical payments coverage, workers compensation coverage, no-fault automobile **Insurance Coverage**, or any first party **Insurance Coverage**.

For purposes of this provision, a **Covered Person** includes anyone on whose behalf the plan pays or provides any benefit including, but not limited to, the minor child or dependent of any plan member or person entitled to receive any benefits from the plan.

**Subrogation**
Immediately upon paying or providing any benefit under the plan, the plan shall be subrogated to (stand in the place of) all rights of recovery a **Covered Person** has against any **Responsible Party** with respect to any payment made by the **Responsible Party** to a **Covered Person** due to a **Covered Person's** injury, illness or condition to the full extent of benefits provided or to be provided by the plan.

**Reimbursement**
In addition, if a **Covered Person** receives any payment from any **Responsible Party** or **Insurance Coverage** as a result of an injury, illness or condition, the plan has the right to recover from, and be reimbursed by, the **Covered Person** for all amounts the plan has paid and will pay as a result of that injury, illness or condition, from such payment, up to and including the full amount the **Covered Person** receives from any **Responsible Party**.

**Constructive Trust**
By accepting benefits (whether the payment of such benefits is made to the **Covered Person** or made on behalf of the **Covered Person** to any provider) from the plan, the **Covered Person** agrees that if he/she receives any payment from any **Responsible Party** as a result of an injury, illness or condition, he/she will serve as a constructive trustee over the funds that constitute such payment. Failure to hold such funds in trust will be deemed a breach of the **Covered Person's** fiduciary duty to the plan.

**Lien Rights**
Further, the plan will automatically have a lien to the extent of benefits paid by the plan for the treatment of the illness, injury or condition for which **Responsible Party** is liable. The lien shall be imposed upon any recovery whether by settlement, judgment, or otherwise, including from any **Insurance Coverage**, related to treatment for any illness, injury or condition for which the plan paid benefits. The lien may be enforced against any party who possesses funds or proceeds representing the amount of benefits paid by the plan including, but not limited to, the **Covered Person**, the **Covered Person's** representative or agent; **Responsible Party**; **Responsible Party’s** insurer, representative, or agent; and/or any other source possessing funds representing the amount of benefits paid by the plan.

**First-Priority Claim**
By accepting benefits (whether the payment of such benefits is made to the **Covered Person** or made on behalf of the **Covered Person** to any provider) from the plan, the **Covered Person** acknowledges that the plan’s recovery rights are a first priority claim against all **Responsible Parties** and are to be paid to the plan before any other claim for the **Covered Person's** damages. The plan shall be entitled to full reimbursement on a first-dollar basis from any **Responsible Party’s** payments, even if such payment to the plan will result in a recovery to the **Covered Person** which is insufficient to make the **Covered Person** whole or to compensate the **Covered Person** in part or in whole for the damages sustained. The plan is not required to participate in or pay court costs or attorney fees to any attorney hired by the **Covered Person** to pursue the **Covered Person's** damage claim.

**Applicability to All Settlements and Judgments**
The terms of this entire subrogation and right of recovery provision shall apply and the plan is entitled to full recovery regardless of whether any liability for payment is admitted by any **Responsible Party** and regardless of whether the settlement or judgment received by the **Covered Person** identifies the medical benefits the plan provided or purports to allocate any portion of such settlement or judgment to payment of expenses other than medical expenses. The plan is entitled to recover from any and all settlements or judgments, even those designated as pain and suffering, non-economic damages, and/or general damages only.
Cooperation
The **Covered Person** shall fully cooperate with the plan’s efforts to recover its benefits paid. It is the duty of the **Covered Person** to notify the plan within 30 days of the date when any notice is given to any party, including an insurance company or attorney, of the **Covered Person’s** intention to pursue or investigate a claim to recover damages or obtain compensation due to injury, illness or condition sustained by the **Covered Person**. The **Covered Person** and his/ her agents shall provide all information requested by the plan, the Claims Administrator or its representative including, but not limited to, completing and submitting any applications or other forms or statements as the plan may reasonably request. Failure to provide this information, failure to assist the plan in pursuit of its subrogation rights, or failure to reimburse the plan from any settlement or recovery obtained by the **Covered Person**, may result in the termination of health benefits for the **Covered Person** or the institution of court proceedings against the **Covered Person**.

The **Covered Person** shall do nothing to prejudice the plan’s subrogation or recovery interest or to prejudice the Plan’s ability to enforce the terms of the plan provision. This includes, but is not limited to, refraining from making any settlement or recovery that attempts to reduce or exclude the full cost of all benefits provided by the plan.

The **Covered Person** acknowledges that the plan has the right to conduct an investigation regarding the injury, illness or condition to identify any **Responsible Party**. The plan reserves the right to notify **Responsible Party** and his or her agents of its lien. Agents include, but are not limited to, insurance companies and attorneys.

Interpretation
In the event that any claim is made that any part of this subrogation and right of recovery provision is ambiguous or questions arise concerning the meaning or intent of any of its terms, the Claims Administrator for the plan shall have the sole authority and discretion to resolve all disputes regarding the interpretation of this provision.

Jurisdiction
By accepting benefits (whether the payment of such benefits is made to the **Covered Person** or made on behalf of the **Covered Person** to any provider) from the plan, the **Covered Person** agrees that any court proceeding with respect to this provision may be brought in any court of competent jurisdiction as the plan may elect. By accepting such benefits, the **Covered Person** hereby submits to each such jurisdiction, waiving whatever rights may correspond to him/ her by reason of his/ her present or future domicile.

Workers’ Compensation
If benefits are paid under the **Aetna** medical benefits plan and **Aetna** determines you received Workers’ Compensation benefits for the same incident, **Aetna** has the right to recover as described under the Subrogation and Right of Reimbursement provision. **Aetna**, on behalf of the Plan, will exercise its right to recover against you.

The Recovery Rights will be applied even though:

- The Workers’ Compensation benefits are in dispute or are made by means of settlement or compromise;
- No final determination is made that bodily **injury** or **illness** was sustained in the course of or resulted from your employment;
- The amount of Workers’ Compensation due to medical or health care is not agreed upon or defined by you or the Workers’ Compensation carrier; or
- The medical or health care benefits are specifically excluded from the Workers’ Compensation settlement or compromise.

You hereby agree that, in consideration for the coverage provided by this **Aetna** medical benefits plan, you will notify **Aetna** of any Workers’ Compensation claim you make, and that you agree to reimburse **Aetna**, on behalf of the Plan, as described above.

If benefits are paid under this **Aetna** medical benefits plan, and you or your covered dependent recover from a responsible party by settlement, judgment or otherwise, **Aetna**, on behalf of the Plan, has a right to recover from you or your covered dependent an amount equal to the amount the Plan paid.
Recovery of Overpayments

Health Coverage
If a benefit payment is made by the Plan, to or on your behalf, which exceeds the benefit amount that you are entitled to receive, the Plan has the right:

- To require the return of the overpayment; or
- To reduce by the amount of the overpayment, any future benefit payment made to or on behalf of that person or another person in his or her family.

Such right does not affect any other right of recovery the Plan may have with respect to such overpayment.

Reporting of Claims

A claim must be submitted to Aetna in writing. It must give proof of the nature and extent of the loss. Your employer has claim forms.

All claims should be reported promptly. The deadline for filing a claim is 90 days after the date of the loss.

If, through no fault of your own, you are not able to meet the deadline for filing claim, your claim will still be accepted if you file as soon as possible. Unless you are legally incapacitated, late claims for health benefits will not be covered if they are filed more than 2 years after the deadline.

Payment of Benefits

Benefits will be paid as soon as the necessary proof to support the claim is received. Written proof must be provided for all benefits.

All covered health benefits are payable to you. However, Aetna has the right to pay any health benefits to the service provider. This will be done unless you have told Aetna otherwise by the time you file the claim.

The Plan may pay up to $1,000 of any other benefit to any of your relatives whom it believes fairly entitled to it. This can be done if the benefit is payable to you and you are a minor or not able to give a valid release.

When a PCP provides care for you or a covered dependent, or care is provided by a network provider (network services or supplies), the network provider will take care of filing claims. However, when you seek care on your own (out-of-network services and supplies), you are responsible for filing your own claims.

Records of Expenses

Keep complete records of the expenses of each person. They will be required when a claim is made.

Very important are:

- Names of physicians, dentists and others who furnish services.
- Dates expenses are incurred.
- Copies of all bills and receipts.

You may also use Aetna’s toll free Member Services phone number on your ID card or visit Aetna’s web site at www.aetna.com.

Discount Programs

Discount Arrangements
From time to time, we may offer, provide, or arrange for discount arrangements or special rates from certain service providers such as pharmacies, optometrists, dentists, alternative medicine, wellness and healthy living providers to you under this plan. Some of these arrangements may be made available through third parties who may make payments to Aetna in exchange for making these services available.

The third party service providers are independent contractors and are solely responsible to you for the provision of any such goods and/ or services. We reserve the right to modify or discontinue such arrangements at any time. These discount arrangements are not insurance. There are no benefits payable to you nor do we compensate providers for services they may render through discount arrangements.

Incentives

In order to encourage you to access certain medical services when deemed appropriate by you in consultation with your physician or other service providers, we may, from time to time, offer to waive or reduce a member’s copayment, payment percentage, and/ or a deductible otherwise required under the plan or offer coupons or other financial incentives. We have the right to determine the amount and duration of any waiver, reduction, coupon, or financial incentive and to limit the covered persons to whom these arrangements are available.

Claims, Appeals and External Review

Filing Health Claims under the Plan
Under the Plan, you may file claims for Plan benefits and appeal adverse claim determinations. Any reference to “you” in this Claims, Appeals and External Review section includes you and your Authorized Representative. An "Authorized Representative" is a person you authorize, in writing, to act on your behalf. The Plan will also recognize a court order giving a person authority to submit claims on your behalf. In the case of an urgent care claim, a health care professional with knowledge of your condition may always act as your Authorized Representative.

If your claim is denied in whole or in part, you will receive a written notice of the denial from Aetna Life Insurance Company (Aetna). The notice will explain the reason for the denial and the appeal procedures available under the Plan.

Urgent Care Claims
An “Urgent Care Claim” is any claim for medical care or treatment for which the application of the time periods for making non-urgent care determinations could seriously jeopardize your life or health or your ability to regain maximum function, or, in the opinion of a physician with knowledge of your medical condition, would subject you to severe pain that cannot be adequately managed without the care or treatment that is the subject of the claim.

If the Plan requires advance approval of a service, supply or procedure before a benefit will be payable, and if Aetna or your physician determines that it is an Urgent Care Claim, you will be notified of the decision, whether adverse or not, as soon as possible but not later than 24 hours after the claim is received.
If there is not sufficient information to decide the claim, you will be notified of the information necessary to complete the claim as soon as possible, but not later than 24 hours after receipt of the claim. You will be given a reasonable additional amount of time, but not less than 48 hours, to provide the information, and you will be notified of the decision not later than 48 hours after the end of that additional time period (or after receipt of the information, if earlier).

**Other Claims (Pre-Service and Post-Service)**
If the Plan requires you to obtain advance approval of a non-urgent service, supply or procedure before a benefit will be payable, a request for advance approval is considered a pre-service claim. You will be notified of the decision not later than 15 days after receipt of the pre-service claim.

For other claims (post-service claims), you will be notified of the decision not later than 30 days after receipt of the claim.

For either a pre-service or a post-service claim, these time periods may be extended up to an additional 15 days due to circumstances outside Aetna’s control. In that case, you will be notified of the extension before the end of the initial 15 or 30-day period. For example, they may be extended because you have not submitted sufficient information, in which case you will be notified of the specific information necessary and given an additional period of at least 45 days after receiving the notice to furnish that information. You will be notified of Aetna’s claim decision no later than 15 days after the end of that additional period (or after receipt of the information, if earlier).

For pre-service claims which name a specific claimant, medical condition, and service or supply for which approval is requested, and which are submitted to an Aetna representative responsible for handling benefit matters, but which otherwise fail to follow the Plan’s procedures for filing pre-service claims, you will be notified of the failure within 5 days (within 24 hours in the case of an urgent care claim) and of the proper procedures to be followed. The notice may be oral unless you request written notification.

**Ongoing Course of Treatment**
If you have received pre-authorization for an ongoing course of treatment, you will be notified in advance if the previously authorized course of treatment is intended to be terminated or reduced so that you will have an opportunity to appeal any decision to Aetna and receive a decision on that appeal before the termination or reduction takes effect. If the course of treatment involves urgent care, and you request an extension of the course of treatment at least 24 hours before its expiration, you will be notified of the decision within 24 hours after receipt of the request.

**Health Claims - Standard Appeals**
As an individual enrolled in the Plan, you have the right to file an appeal from an Adverse Benefit Determination relating to service(s) you have received or could have received from your health care provider under the Plan.

An “Adverse Benefit Determination” is defined as a denial, reduction, termination of, or failure to, provide or make payment (in whole or in part) for a service, supply or benefit. Such Adverse Benefit Determination may be based on:

- Your eligibility for coverage, including a retrospective termination of coverage (whether or not there is an adverse effect on any particular benefit);
- Coverage determinations, including plan limitations or exclusions;
- The results of any Utilization Review activities;
- A decision that the service or supply is experimental or investigational; or
- A decision that the service or supply is not medically necessary.

A “Final Internal Adverse Benefit Determination” is defined as an Adverse Benefit Determination that has been upheld by the appropriate named fiduciary (Aetna) at the completion of the internal appeals process, or an Adverse Benefit Determination for which the internal appeals process has been exhausted.
Exhaustion of Internal Appeals Process
Generally, you are required to complete all appeal processes of the Plan before being able to obtain External Review or bring an action in litigation. However, if Aetna, or the Plan or its designee, does not strictly adhere to all claim determination and appeal requirements under applicable federal law, you are considered to have exhausted the Plan’s appeal requirements (“Deemed Exhaustion”) and may proceed with External Review or may pursue any available remedies under §502(a) of ERISA or under state law, as applicable.

Full and Fair Review of Claim Determinations and Appeals
Aetna will provide you, free of charge, with any new or additional evidence considered, relied upon, or generated by Aetna (or at the direction of Aetna), or any new or additional rationale as soon as possible and sufficiently in advance of the date on which the notice of Final Internal Adverse Benefit Determination is provided, to give you a reasonable opportunity to respond prior to that date.

You may file an appeal in writing to Aetna at the address provided in this booklet, or, if your appeal is of an urgent nature, you may call Aetna’s Member Services Unit at the toll-free phone number on your ID card. Your request should include the group name (that is, your employer), your name, member ID, or other identifying information shown on the front of the Explanation of Benefits form, and any other comments, documents, records and other information you would like to have considered, whether or not submitted in connection with the initial claim.

An Aetna representative may call you or your health care provider to obtain medical records and/or other pertinent information in order to respond to your appeal.

You will have 180 days following receipt of an Adverse Benefit Determination to appeal the determination to Aetna. You will be notified of the decision not later than 15 days (for pre-service claims) or 30 days (for post-service claims) after the appeal is received. You may submit written comments, documents, records and other information relating to your claim, whether or not the comments, documents, records or other information were submitted in connection with the initial claim. A copy of the specific rule, guideline or protocol relied upon in the Adverse Benefit Determination will be provided free of charge upon request by you or your Authorized Representative. You may also request that Aetna provide you, free of charge, copies of all documents, records and other information relevant to the claim.

If your claim involves urgent care, an expedited appeal may be initiated by a telephone call to the phone number included in your denial, or to Aetna's Member Services. Aetna's Member Services telephone number is on your Identification Card. You or your Authorized Representative may appeal urgent care claim denials either orally or in writing. All necessary information, including the appeal decision, will be communicated between you or your Authorized Representative and Aetna by telephone, facsimile, or other similar method. You will be notified of the decision not later than 36 hours after the appeal is received.

If you are dissatisfied with the appeal decision on an urgent care claim, you may file a second level appeal with Aetna. You will be notified of the decision not later than 36 hours after the appeal is received.

If you are dissatisfied with a pre-service or post-service appeal decision, you may file a second level appeal with Aetna within 60 days of receipt of the level one appeal decision. Aetna will notify you of the decision not later than 15 days (for pre-service claims) or 30 days (for post-service claims) after the appeal is received.

If you do not agree with the Final Internal Adverse Benefit Determination on review, you have the right to bring a civil action under Section 502(a) of ERISA, if applicable.

Health Claims - Voluntary Appeals
External Review
“External Review” is a review of an Adverse Benefit Determination or a Final Internal Adverse Benefit Determination by an Independent Review Organization/External Review Organization (ERO) or by the State Insurance Commissioner, if applicable.

A “Final External Review Decision” is a determination by an ERO at the conclusion of an External Review.
You must complete all of the levels of standard appeal described above before you can request External Review, other than in a case of Deemed Exhaustion. Subject to verification procedures that the Plan may establish, your Authorized Representative may act on your behalf in filing and pursuing this voluntary appeal.

You may file a voluntary appeal for External Review of any Adverse Benefit Determination or any Final Internal Adverse Benefit Determination that qualifies as set forth below.

The notice of Adverse Benefit Determination or Final Internal Adverse Benefit Determination that you receive from Aetna will describe the process to follow if you wish to pursue an External Review, and will include a copy of the Request for External Review Form.

You must submit the Request for External Review Form to Aetna within 123 calendar days of the date you received the Adverse Benefit Determination or Final Internal Adverse Benefit Determination notice. If the last filing date would fall on a Saturday, Sunday or Federal holiday, the last filing date is extended to the next day that is not a Saturday, Sunday or Federal holiday. You also must include a copy of the notice and all other pertinent information that supports your request.

If you file a voluntary appeal, any applicable statute of limitations will be tolled while the appeal is pending. The filing of a claim will have no effect on your rights to any other benefits under the Plan. However, the appeal is voluntary and you are not required to undertake it before pursuing legal action.

If you choose not to file for voluntary review, the Plan will not assert that you have failed to exhaust your administrative remedies because of that choice.

**Request for External Review**

The External Review process under this Plan gives you the opportunity to receive review of an Adverse Benefit Determination (including a Final Internal Adverse Benefit Determination) conducted pursuant to applicable law. Your request will be eligible for External Review if the following are satisfied:

- Aetna, or the Plan or its designee, does not strictly adhere to all claim determination and appeal requirements under federal law; or
- the standard levels of appeal have been exhausted; or
- the appeal relates to a rescission, defined as a cancellation or discontinuance of coverage which has retroactive effect.

An Adverse Benefit Determination based upon your eligibility is not eligible for External Review.

If upon the final standard level of appeal, the coverage denial is upheld and it is determined that you are eligible for External Review, you will be informed in writing of the steps necessary to request an External Review.

An independent review organization refers the case for review by a neutral, independent clinical reviewer with appropriate expertise in the area in question. The decision of the independent external expert reviewer is binding on you, Aetna and the Plan unless otherwise allowed by law.

**Preliminary Review**

Within 5 business days following the date of receipt of the request, Aetna must provide a preliminary review determining: you were covered under the Plan at the time the service was requested or provided, the determination does not relate to eligibility, you have exhausted the internal appeals process (unless Deemed Exhaustion applies), and you have provided all paperwork necessary to complete the External Review.

Within one business day after completion of the preliminary review, Aetna must issue to you a notification in writing. If the request is complete but not eligible for External Review, such notification will include the reasons for its ineligibility and contact information for the Employee Benefits Security Administration (toll-free number 866-444-EBSA (3272)). If the request is not complete, such notification will describe the information or materials needed to make the request complete and Aetna must allow you to perfect the request for External Review within the 123 calendar days filing period or within the 48 hour period following the receipt of the notification, whichever is later.
Referral to ERO
Aetna will assign an ERO accredited as required under federal law, to conduct the External Review. The assigned
ERO will timely notify you in writing of the request’s eligibility and acceptance for External Review, and will provide
an opportunity for you to submit in writing within 10 business days following the date of receipt, additional
information that the ERO must consider when conducting the External Review. Within one (1) business day after
making the decision, the ERO must notify you, Aetna and the Plan.

The ERO will review all of the information and documents timely received. In reaching a decision, the assigned ERO
will review the claim and not be bound by any decisions or conclusions reached during the Plan’s internal claims and
appeals process. In addition to the documents and information provided, the assigned ERO, to the extent the
information or documents are available and the ERO considers them appropriate, will consider the following in
reaching a decision:

(i) Your medical records;
(ii) The attending health care professional’s recommendation;
(iii) Reports from appropriate health care professionals and other documents submitted by the Plan or issuer, you, or
your treating provider;
(iv) The terms of your Plan to ensure that the ERO’s decision is not contrary to the terms of the Plan, unless the terms
are inconsistent with applicable law;
(v) Appropriate practice guidelines, which must include applicable evidence-based standards and may include any
other practice guidelines developed by the Federal government, national or professional medical societies, boards,
and associations;
(vi) Any applicable clinical review criteria developed and used by Aetna, unless the criteria are inconsistent with the
terms of the Plan or with applicable law; and
(vii) The opinion of the ERO’s clinical reviewer or reviewers after considering the information described in this notice
to the extent the information or documents are available and the clinical reviewer or reviewers consider
appropriate.

The assigned ERO must provide written notice of the Final External Review Decision within 45 days after the ERO
receives the request for the External Review. The ERO must deliver the notice of Final External Review Decision to
you, Aetna and the Plan.

After a Final External Review Decision, the ERO must maintain records of all claims and notices associated with the
External Review process for six years. An ERO must make such records available for examination by the claimant,
Plan, or State or Federal oversight agency upon request, except where such disclosure would violate State or Federal
privacy laws.

Upon receipt of a notice of a Final External Review Decision reversing the Adverse Benefit Determination or Final
Internal Adverse Benefit Determination, the Plan immediately must provide coverage or payment (including
immediately authorizing or immediately paying benefits) for the claim.

Expedited External Review
The Plan must allow you to request an expedited External Review at the time you receive:

(a) An Adverse Benefit Determination if the Adverse Benefit Determination involves a medical condition for which
the timeframe for completion of an expedited internal appeal would seriously jeopardize your life or health or
would jeopardize your ability to regain maximum function and you have filed a request for an expedited internal
appeal; or
(b) A Final Internal Adverse Benefit Determination, if you have a medical condition where the timeframe for
completion of a standard External Review would seriously jeopardize your life or health or would jeopardize your
ability to regain maximum function, or if the Final Internal Adverse Benefit Determination concerns an admission,
availability of care, continued stay, or health care item or service for which you received emergency services, but
have not been discharged from a facility.

Immediately upon receipt of the request for expedited External Review, Aetna will determine whether the request
meets the reviewability requirements set forth above for standard External Review. Aetna must immediately send you
a notice of its eligibility determination.
Referral of Expedited Review to ERO
Upon a determination that a request is eligible for External Review following preliminary review, Aetna will assign an ERO. The ERO shall render a decision as expeditiously as your medical condition or circumstances require, but in no event more than 72 hours after the ERO receives the request for an expedited External Review. If the notice is not in writing, within 48 hours after the date of providing that notice, the assigned ERO must provide written confirmation of the decision to you, Aetna and the Plan.

Recognized Charge
The covered expense is only that part of a charge which is the recognized charge.

As to medical, vision and hearing expenses, the recognized charge for each service or supply is the lesser of:

- What the provider bills or submits for that service or supply; and
- For professional services and other services or supplies not mentioned below:
  - the 90th percentile of the Prevailing Charge Rate;
  - for the Geographic Area where the service is furnished.

As to prescription drug expenses, the recognized charge for each service or supply is the lesser of:

- What the provider bills or submits for that service or supply; and
- 110% of the Average Wholesale Price (AWP) or other similar resource. Average Wholesale Price (AWP) is the current average wholesale price of a prescription drug listed in the Medi-Span weekly price updates (or any other similar publication chosen by Aetna).

If Aetna has an agreement with a provider (directly, or indirectly through a third party) which sets the rate that Aetna will pay for a service or supply, then the recognized charge is the rate established in such agreement.
Aetna may also reduce the recognized charge by applying Aetna Reimbursement Policies. Aetna Reimbursement Policies address the appropriate billing of services, taking into account factors that are relevant to the cost of the service such as:

- the duration and complexity of a service;
- whether multiple procedures are billed at the same time, but no additional overhead is required;
- whether an assistant surgeon is involved and necessary for the service;
- if follow up care is included;
- whether there are any other characteristics that may modify or make a particular service unique; and
- when a charge includes more than one claim line, whether any services described by a claim line are part of or incidental to the primary service provided.

Aetna Reimbursement Policies are based on Aetna’s review of: the policies developed for Medicare; the generally accepted standards of medical and dental practice, which are based on credible scientific evidence published in peer-reviewed literature generally recognized by the relevant medical or dental community or which is otherwise consistent with physician or dental specialty society recommendations; and the views of physicians and dentists practicing in the relevant clinical areas. Aetna uses a commercial software package to administer some of these policies.

As used above, Geographic Area and Prevailing Charge Rates are defined as follows:

- Geographic Area: This means an expense area grouping defined by the first three digits of the U.S. Postal Service zip codes. If the volume of charges in a single three digit zip code is sufficient to produce a statistically valid sample, an expense area is made up of a single three digit zip code. If the volume of charges is not sufficient to produce a statistically valid sample, two or more three digit zip codes are grouped to produce a statistically valid sample. When it is necessary to group three digit zip codes, the grouping never crosses state lines.
- Prevailing Charge Rates: These are rates reported by FAIR Health, a nonprofit company, in their database. FAIR Health reviews and, if necessary, changes these rates periodically. Aetna updates its systems with these changes within 180 days after receiving them from FAIR Health.

**Important Note**

Aetna periodically updates its systems with changes made to the Prevailing Charge Rates. What this means to you is that the recognized charge is based on the version of the rates that is in use by Aetna on the date that the service or supply was provided.

**Additional Information**

Aetna’s website aetna.com may contain additional information which may help you determine the cost of a service or supply. Log on to Aetna Navigator to access the “Estimate the Cost of Care” feature. Within this feature, view our “Cost of Care” and “Member Payment Estimator” tools, or contact our Customer Service Department for assistance.

CHOICE OF PROVIDER

If your Aetna plan generally requires or allows the designation of a primary care provider, you have the right to designate any primary care provider who participates in our network and who is available to accept you or your family members. If the plan or health insurance coverage designates a primary care provider automatically, then until you make this designation, Aetna designates one for you. For information on how to select a primary care provider, and for a list of the participating primary care providers, contact your Employer or, if you are a current member, your Aetna contact number on the back of your ID card.

If your Aetna plan allows for the designation of a primary care provider for a child, you may designate a pediatrician as the primary care provider.

If your Aetna plan provides coverage for obstetric or gynecological care and requires the designation of a primary care provider then you do not need prior authorization from Aetna or from any other person (including a primary care provider) in order to obtain access to obstetrical or gynecological care from a health care professional in our network who specializes in obstetrics or gynecology. The health care professional, however, may be required to comply with certain procedures, including obtaining prior authorization for certain services, following a pre-approved treatment plan, or procedures for making referrals. For a list of participating health care professionals who specialize in obstetrics or gynecology, contact your Employer or, if you are a current member, your Aetna contact number on the back of your ID card.

Statement of Rights under the Newborns' and Mothers' Health Protection Act

Under federal law, group health plans and health insurance issuers offering group health insurance coverage generally may not restrict benefits for any hospital length of stay in connection with childbirth for the mother or newborn child to less than 48 hours following a vaginal delivery, or less than 96 hours following a delivery by cesarean section. However, the plan or issuer may pay for a shorter stay if the attending provider (e.g., your physician, nurse midwife, or physician assistant), after consultation with the mother, discharges the mother or newborn earlier.

Also, under federal law, plans and issuers may not set the level of benefits or out-of-pocket costs so that any later portion of the 48-hour (or 96-hour) stay is treated in a manner less favorable to the mother or newborn than any earlier portion of the stay.

In addition, a plan or issuer may not, under federal law, require that you, your physician, or other health care provider obtain authorization for prescribing a length of stay of up to 48 hours (or 96 hours). However, you may be required to obtain precertification for any days of confinement that exceed 48 hours (or 96 hours). For information on precertification, contact your plan administrator.

3. prostheses; and
4. treatment of physical complications of all stages of mastectomy, including lymphedemas.

This coverage will be provided in consultation with the attending physician and the patient, and will be provided in accordance with the plan design, limitations, copays, deductibles, and referral requirements, if any, as outlined in your plan documents.

If you have any questions about our coverage of mastectomies and reconstructive surgery, please contact the Member Services number on your ID card.
Continuation of Coverage During an Approved Leave of Absence Granted to Comply With Federal Law

This continuation of coverage section applies only for the period of any approved family or medical leave (approved FMLA leave) required by the Family and Medical Leave Act of 1993 (FMLA). If your Employer grants you an approved FMLA leave for a period in excess of the period required by FMLA, any continuation of coverage during that excess period will be determined by your Employer.

If your Employer grants you an approved FMLA leave in accordance with FMLA, you may, during the continuance of such approved FMLA leave, continue Health Expense Benefits for you and your eligible dependents.

At the time you request the leave, you must agree to make any contributions required by your Employer to continue coverage.

If any coverage your Employer allows you to continue has reduction rules applicable by reason of age or retirement, the coverage will be subject to such rules while you are on FMLA leave.

Coverage will not be continued beyond the first to occur of:

- The date you are required to make any contribution and you fail to do so.
- The date your Employer determines your approved FMLA leave is terminated.
- The date the coverage involved discontinues as to your eligible class. However, coverage for health expenses may be available to you under another plan sponsored by your Employer.

Any coverage being continued for a dependent will not be continued beyond the date it would otherwise terminate.

If Health Expense Benefits terminate because your approved FMLA leave is deemed terminated by your Employer, you may, on the date of such termination, be eligible for Continuation Under Federal Law on the same terms as though your employment terminated, other than for gross misconduct, on such date. If this Plan provides any other continuation of coverage (for example, upon termination of employment, death, divorce or ceasing to be a defined dependent), you (or your eligible dependents) may be eligible for such continuation on the date your Employer determines your approved FMLA leave is terminated or the date of the event for which the continuation is available.

If you acquire a new dependent while your coverage is continued during an approved FMLA leave, the dependent will be eligible for the continued coverage on the same terms as would be applicable if you were actively at work, not on an approved FMLA leave.

If you return to work for your Employer following the date your Employer determines the approved FMLA leave is terminated, your coverage under this Plan will be in force as though you had continued in active employment rather than going on an approved FMLA leave provided you make request for such coverage within 31 days of the date your Employer determines the approved FMLA leave to be terminated. If you do not make such request within 31 days, coverage will again be effective under this Plan only if and when this Plan gives its written consent.

If any coverage being continued terminates because your Employer determines the approved FMLA leave is terminated, any Conversion Privilege will be available on the same terms as though your employment had terminated on the date your Employer determines the approved FMLA leave is terminated.
