**Description:**
Three Map Books regarding Trauma Centers in California including Level I and Level II Trauma Center Map Book, Level I and II Pediatric Trauma Center Map Book, and Level III and IV Trauma Center Map Book. Level I and II Trauma Centers are similar in their “personnel, services, and resource requirements with the greatest difference being that Level Is are research and teaching facilities” (EMS). Level I and II Pediatric Trauma Centers are geared “specifically to pediatric trauma patients” (EMS). It is required that Level I have increased “pediatric specialties and are research and teaching facilities” (EMS). Level III and IV Trauma Centers usually provide “initial stabilization of trauma patients with the greatest difference being surgical capabilities at the Level III facilities” (EMS).

**Date:**
June 13, 2014
