Especially developed to provide our customers with the most reliable and efficient technology in daily operation, TCM’s counterbalanced trucks have been designed to meet the most challenging requirements even in the most demanding environments.

RELIABLE
Proven technology paired with practical features. TCM trucks for all your material handling needs. A total package at your service.

DURABLE
Hard conditions can be a challenge. But TCM trucks. It’s their natural habitat. 24 hours a day, 7 days a week.

ECONOMICAL
Balancing economy and environmentally friendly performance in TCM trucks has always been a top priority, facilitating a profitable and energy-efficient deployment of our high-end material handling solutions.

### Options

- **Available Colours**
- **(only available in the UK)**

### ECOnomics for a lifetime

- **LPG****options for maximum customisation.**
- **Clean Air Technology**
- **ECO Mode**

### Maximum uptime

- **Design with two dampers**
- **Durable and impact-resistant cab**
- **Performance silver**
- **Two locating pins designed for optimal cab alignment**
- **Comfort that adapts easily for better accessibility.**

### Peak productivity

- **Improved handling safety**
- **Stability while turning**
- **Floating Cabin**
- **Enhanced cabin comfort**
- **Power/Eco mode**

### ECO Mode

- **Adapts lots from the LPG series and the FSE LPG engine comes as standard**
- **ECO mode**
- **Optimised for lowest fuel consumption and emissions**
- **Reduces fuel consumption by up to 18%**
- **82%**

### Our Diesel/LPG truck family

- **The TCM Diesel/LPG forktruck in both FD and FGE series, offers high-quality technology and performance.**
- **Diesel and LPG family remains the undisputed market leader**
- **TCM trucks not only offer the environment friendly emissions and performance, but also the maximum uptime.**
- **TCM trucks offer features that make for low maintenance downtime.**
- **Easy troubleshooting and less self-checks and a dialogue-diagnostics system which integrates into the on-board module**
- **The on-board module is a powerful tool for the operator**

### Maximum uptime

- **Maximum uptime is critical for peak productivity and profitability.**
- **TCM trucks come as standard with two locating pins designed for optimal cab alignment.**
- **Comfort that adapts easily for better accessibility.**
