Provision in Hampshire 2015/2016 for children and young people with Education, Health and Care Plans

Children and young people with special educational needs and disabilities (SEND)

Hampshire County Council

www.hants.gov.uk
Introduction

This booklet summarises the wide range of services, advice and provision available for children and young people with Education, Health and Care (EHC) plans.

Hampshire maintains a continuum of provision for children and young people with special educational needs (SEN). One of the key principles of Hampshire County Council’s SEN policy is that children and young people should receive an appropriate education in mainstream schools and colleges. In Hampshire the majority of children and young people with SEN attend local mainstream schools and colleges where they receive the support they need. The County Council as the local authority must ensure that a child or young person with an EHC plan is educated in a mainstream school or college except where that is incompatible with the efficient education of other children and young people at the school/college.

We also recognise, however, that special schools and specialist resourced provisions in mainstream schools play important roles in the overall spectrum of provision for children and young people with SEN and if a parent/carer indicates that they do not want their child or young person educated in a mainstream school then we will consider options for placement in local maintained specialist provision. Details of the specialist provision maintained in Hampshire are given in this booklet.

Within Hampshire County Council the Children’s Services Department offers support to individual children and young people, including those with SEN, and to their parents/carers. We aim to work closely with families, schools, colleges and other agencies to give all children and young people access to high quality learning opportunities by providing a range of services including the SEN Service, Hampshire Educational Psychology, Services for Young Children and the Specialist Teacher Advisory Service.

School/college staff will be able to discuss any queries you may have about the school/college and your child’s education. There is also a number of professionals to help you and your child including:

- educational psychologists, who offer practical help and guidance to children and young people with physical, emotional, behavioural or learning difficulties, their parents/carers and the staff who work with them
- specialist teacher advisers, who provide a range of services including advice and support to children and young people, parents/carers and schools/colleges to help children and young people with physical disabilities and visual and hearing impairments.
Provision

Mainstream schools

Mainstream schools have a statutory responsibility to meet the needs of children with SEN. Every mainstream school has a designated SEN Governor and a SEN Co-ordinator (SENCo) to help them fulfil these responsibilities. The key responsibilities of the SENCo include:

- overseeing the day to day operation of the school's SEN policy
- liaising with and advising other teachers
- managing other SEN staff and learning support assistants
- co-ordinating provision for pupils with SEN
- liaising with the parents/carers of pupils with SEN
- contributing to the in-service training of staff
- liaising with external agencies such as the County Council’s support services, health and social care services and voluntary bodies.

The majority of children with SEN will have their needs met in mainstream schools, without the need for an EHC plan. They will be provided with a personal plan which sets out short-term targets for the child and describes the support which will be provided, by both the school and home, to help achieve them. The personal plan will be updated on a regular basis.

Children with more complex needs may be subject to an assessment possibly leading to an EHC plan. Mainstream schools must put in place the provision detailed in the EHC plan and must, at least once a year, make arrangements for an annual review of the EHC plan. This provides an opportunity for parents/carers, the child, the school and other professionals involved to consider the progress the child has made over the previous 12 months and whether any changes or amendments need to be made to the EHC plan.

There are 497 mainstream schools in Hampshire (427 primary, infant and junior schools, 69 secondary schools and 1 all through school). Details of these schools are on pages 3 to 17. Further details and information on all mainstream schools in Hampshire can be found at www.hants.gov.uk/schooldetails or www.hantslocaloffer.info.

Children living near to the Hampshire boundary might attend a school in a neighbouring authority, eg Dorset, Wiltshire, Portsmouth, Southampton, Surrey, Berkshire, West Sussex, etc. Full details of Hampshire’s admission arrangements and further information and guidance relating to admissions can be found at www.hants.gov.uk/admissions.

Mainstream colleges

Further education and sixth form colleges

The majority of young people with SEN leaving school after year 11 with either SEN Support or an Education, Health and Care (EHC) plan will access a local further education or sixth form college.

- **Statutory duties** - further education and sixth form colleges have a statutory responsibility to meet the needs of young people with SEN. The governing body should ensure a named person has oversight of SEN provision to co-ordinate support, similar to the role of the school SENCo. Colleges must use their best endeavours to secure the special educational provision a student needs and to make reasonable adjustments to prevent them being placed at a substantial disadvantage. Colleges should offer an inclusive approach to learning and teaching, with high quality teaching, differentiated for individuals.

- **Post-16 colleges in Hampshire** offer a wide variety of courses, from pre-entry to at least level 3; academic, vocational, work preparation and independent living; all colleges support young people with SEN and many are equipped to support learners with complex and multiple learning difficulties and disabilities.

- **SEN Support** - the majority of young people with SEN will have their needs met in local further education and sixth form colleges without the need for an EHC plan. To ensure young people receive the support they need, colleges should:
  - gather information about the support received in school/required in college; from schools, students and those working with them closely
  - meet with young people to discuss their aspirations, the courses and support young people think will help them best
  - agree plans with young people that prepare them for work and independence and detail the support they will put in place
  - ensure the agreed support is put in place and that it is provided by appropriately qualified staff

regularly review the support to consider its effectiveness, taking into account progress and changing aspirations; agreeing changes required.

There are 17 further education and sixth form colleges and 6 schools with sixth forms in Hampshire. All offer support for learners with SEN. Details of these are on pages 19-21. Young people living near to the Hampshire boundary might attend a further education college or sixth form in a neighbouring authority, eg Dorset, Wiltshire, Portsmouth, Southampton, Surrey, Berkshire, West Sussex etc. Further details and information on all colleges can be found through the individual college website or the Local Offer website [www.hantslocaloffer.info](http://www.hantslocaloffer.info).
List of further education and sixth form colleges in Hampshire

Further details and information on all of the further education and sixth form colleges listed below can be found at www.hants.gov.uk/collegesandsixthforms or www.hantslocaloffer.info.

Mainstream specialist resourced provision

Some mainstream schools have attached specialist resourced provisions which make inclusive provision for children whose level of need is more severe. Hampshire currently has 57 resourced provisions (5 in nurseries, 32 in primary, and 20 in secondary schools). Details of these schools and a web link to further information for each school are given on pages 23 to 29.

Specialist resourced provisions cater for children with a specific category of SEN, eg hearing impairment; physical disabilities; specific learning difficulties, etc and allow children to access a mainstream curriculum in a supportive environment where there are staff who have relevant specialist expertise and knowledge.

The child will normally spend most of his or her time in mainstream classes with friends and peers but will also spend some time in the resourced provision in order to access the additional specialist help and support available there.
List of mainstream schools with specialist resourced provision in Hampshire

Further details and information on all of the schools listed below can be found at [www.hants.gov.uk/schooldetails](http://www.hants.gov.uk/schooldetails) or [www.hantslocaloffer.info](http://www.hantslocaloffer.info).

Special schools are “schools specially organised to make special educational provision for pupils with special educational needs” (Department for Education). In Hampshire there are 26 special schools to provide places for children with EHC plans whose level of special educational need is more severe and complex. Some of these schools also provide for pre-school children with very significant needs. Hampshire special schools provide for a wide range of special educational need, with 8 catering for the primary age range, 11 the secondary age range and 7 the 2-19 year age range. Details of these schools and a web link to further information for each school are given on pages 31 to 34.

Some special schools focus provision on specific categories of SEN, eg severe learning difficulties (SLD) or behavioural, emotional and social difficulties (BESD), whilst others work with a broader range of need. For example, all moderate learning difficulty (MLD) schools include provision for children on the autistic spectrum. Some of those schools making provision for children aged between 2-19 are designated as learning difficulty (LD) schools, reflecting both the wide range of needs of pupils attending these schools and the breadth of provision available to meet them.

Class sizes in special schools are generally smaller than those in mainstream schools, resulting in higher staff/pupil ratios. The special schools have a high level of specialist resources, including staff with specialist expertise, and provide a focus for multi-agency involvement.

Special schools offer a highly structured, modified curriculum delivered at a pace and level matched to pupils’ individual needs. Each child will have a personal plan which sets out short-term targets and the support provided to achieve them and which is designed to facilitate their individual access to the curriculum. Depending on their level of need, at secondary level children have the opportunity to gain accreditation at either Entry level or Foundation level at GCSE. Some schools also offer ASDAN and Vocational Studies courses.

At least once a year special schools must make arrangements for an annual review of each child’s EHC plan. This is a way of monitoring and evaluating the effectiveness of their provision and placement and ensuring that once a year parents/carers, the child, the school and other professionals meet to discuss the child’s progress and whether any changes or adjustments need to be made to the EHC plan.
List of special schools in Hampshire

Further details and information on all of the schools listed below can be found at www.hants.gov.uk/schooldetails or www.hantslocaloffer.info.

Services in Hampshire

In Hampshire there are services and professionals to help parents/carers, children and young people. Details of some of these services are listed below. Please refer to Hampshire County Council’s website for more information on other services.

Special Educational Needs Service

The SEN Service co-ordinates support for children and young people with SEN across the whole of the county.

The education officers for SEN lead the assessment and placement teams for each of the areas of the county for which they have responsibility.

The service:

• co-ordinates the assessment and placement of children and young people with SEN
• deals with matters covered by the SEN and Disability (SEND) Code of Practice, including appeals to the First-tier Tribunal (SEND)
• manages the budget for children and young people with EHC plans
• helps plan for future provision for children and young people with SEN.

For more information

Please contact the person named on the letter you received with this booklet and your child’s draft EHC plan or the SEN Service on the contact details below. If you have any difficulty finding someone to help you, please contact Support4SEND (formerly Parent Partnership Service) (see page 38).

SEND Speech and Language Therapy Service

The SEND Speech and Language Therapy Service is available for all children and young people aged 3-19 years within a special school in Hampshire, where they do not already receive therapy from the NHS Speech and Language Therapy Service and where there is a clear speech, language or communication need. We work collaboratively with our NHS colleagues and with staff in schools. We provide a range of direct or indirect therapy individually or in a group, or train school staff to deliver these with our support.

**Aims of our service**

- A service that ensures the speech, language or communication needs of all pupils are met.
- Access to advice, support and effective therapy interventions for all pupils when needed.
- A high quality service based on best practice, using evidence based approaches with clear outcomes.
- A service that supports the school to achieve a high standard of speech, language and communication support.

**What do we do? - Levels of support we provide:**

**Level 1** - The Speech and Language Therapist will work with your child’s school to use tools, strategies and approaches that will support your child’s communication and language for learning. Advice is available at any time for your child.

**Level 2** - All Level 1 support plus - The Speech and Language Therapist will work with the Class Teacher and Teaching Assistant to set communication targets and a programme of intervention for your child. This may be for one to one work, group work or work to be done in the classroom. The work will be monitored regularly by the Therapist.

**Level 3** - All Levels 1 and 2 support plus - The Speech and Language Therapist will work with your child on specific communication targets that require more intensive work.

We will complete an assessment to determine what level of support your child needs at Levels 2 and 3. We will share this information with you and tell you when it changes. Children are likely to move between levels of input throughout their school life depending on their need at specific times.

**Area contacts**

**Winchester Office 01962 813893**
Alison Davies, SEND Speech and Language Manager
Speech and Language Therapists - Cleo Barron, Clare McKee, Charlotte Proctor-Warden and Hannah Trotter.

**Basingstoke Office 01252 814776**
Speech and Language Therapists - Lisa Crane, Sarah Dodd, Clare McKee and Donna Ravening

**Havant Office 02392 441405**
Speech and Language Therapist - Cleo Barron and Joanna Thompson.

**Email: send.salt@hants.gov.uk**
Specialist Teacher Advisory Service

Their services include assessing and supporting children and young people with special educational needs in the areas of visual, hearing, physical needs from 0-25 years as appropriate and supporting their parents/carers and teachers with educational advice. The Communication and Language team specialises in supporting children and young people with speech, language and communication needs and/or autism from age 7-25 years.

The service aims to help these children and young people to gain greater access to the curriculum. There are a number of other professionals working within the service to help it meet its aim, such as, Speech and Language Therapists, Paediatric Rehabilitation Officers for Visual Impairment, Deaf Instructors and Inclusion Support Officers who assist schools with risk assessments and manual handling.

As well as time spent in school, the specialist teacher advisory service staff visit the homes of pre-school children, parent and toddler groups, playgroups, opportunity groups, nursery groups, resource provisions and post-16 further education colleges.

The service

- assesses children’s and young people’s needs
- gives information, advice, support, coaching and training to educational settings, parents/carers
- provides advice and guidance regarding specialist equipment, aids, materials and resources for educational purposes
- works with parents/carers, support staff and teachers to plan intervention programmes for curriculum and building access
- monitors, evaluates and supports children’s and young people’s progress
- liaises with health services, social care services, voluntary groups and other education services
- provides advice on accessible educational settings.

Impartial information, advice and support (IIAS)

IIAS is delivered in Hampshire by:

- **Support4SEND**, who has expertise and experience in special educational needs and disability relating to education, and
- **Parent Voice**, who has expertise and experience in leisure, social care and health.

**Support4SEND (formerly Parent Partnership Service)**

Support4SEND provides free impartial information, advice and support to parent carers of children and young people with special educational needs and disabilities (SEND) and to children and young people with SEND throughout Hampshire. We cover the ages of 0 to 25, and offer support for any level of SEND.

We aim to empower parent carers to make decisions in the best interests of their child. We do this by offering guidance regarding the different options available so that informed choices can be made. We never make decisions for people but support them in exploring their options, and where necessary, assisting them to get their views across on an equal basis with the professionals who are making provision for their child. We also offer the same support to children and young people themselves.

**What can we do?**

Parent carers, children and young people who contact the service can access:

- a confidential telephone helpline service
- a website where you can view information about our service and a range of resources relating to educational issues
- one to one support by telephone or email, or by visiting you
- someone to listen to your views and concerns, and help you to explore your options
- help to understand your, or your child’s, rights around education
- help with discussions with your, or your child’s, school/college, the local authority and other agencies so that your concerns are heard
- help to express your views in writing and at meetings
- someone to explain jargon and help you to understand complicated forms and documents
- support through the statutory assessment process towards an EHC plan
- trained volunteer Independent Parental Supporters (IPS)
- information about other agencies and organisations who may be able to support you
- support and advice around fixed term and permanent exclusion
- information about the independent mediation services offered by the local authority
- annual Special Needs Information Days.

Tel: 01962 845870
Email: enquiries.support4send@hants.gov.uk
www.hants.gov.uk/support4send
Parent Voice

Parent Voice is a free information and advice service for parents and carers of disabled children aged 0-25 in Hampshire. They provide a single point of contact for the information and advice you need for your child or young person. They use the word “disabled” to encompass all children and young people with a condition or impairment, whether mild, moderate or severe, diagnosed or undiagnosed.

Members of Parent Voice benefit from:

- a regular update with information about events, activities, training and news across Hampshire

- access to an informative website packed full of useful organisations, factsheets and latest news articles

- workers who are local to you, developing networks and links to provide solutions to your individual queries.

- Provide a link between families and activity providers to ensure your child has a positive experience when accessing recreation and leisure.

- It is free to join Parent Voice. Please visit www.parentvoice.info or call 0300 303 8603.

Hampshire Parent Carer Network

Hampshire Parent Carer Network (HPCN) is an independent, parent led volunteer Parent Carer Forum which aims to make sure that families and carers of children/young people with additional needs/disabilities can influence the development of services within Hampshire to improve outcomes.

Parent/carers are invited to provide regular feedback and evidence to HPCN about the services and support they are receiving (through surveys, workshops and focus groups), which parent reps from HPCN can then take forward and use when representing the parent carer voice at key planning and decision making meetings within health, education, social care and Adult services.

HPCN runs monthly parent participation meetings with guest speakers on current topics, including where changes to services are proposed. HPCN also keeps members informed about key consultations and campaigns which are taking place locally and at a National level.

If you would like to be informed of their work, or be actively involved in HPCN’s work to represent parents across Hampshire, please email participation@hpcn.org.uk, visit www.hpcn.org.uk or simply drop in to one of their monthly meetings.
Hampshire Educational Psychology

Teams of educational psychologists are based in local offices and so cover every community in Hampshire. The educational psychologists are all registered with the Health and Care Professions Council and hold post-graduate qualifications in educational psychology. Psychology helps us understand how people think, learn, feel and develop. The work of Hampshire Educational Psychology is often concerned with developmental difficulties involving learning, social, emotional, behavioural, physical or sensory needs. Most children’s and young people’s learning needs can be met by staff in their educational setting. For a small group of children and young people with complex needs, educational psychologists are directly involved with the child or young person and family to help identify and overcome barriers to learning.

The service:

- has a responsibility for working with children and young people from birth to 25 years of age
- expects those who ask for their involvement to have first obtained the agreement of parents/carers, or from the young person themselves (according to age and capacity)
- is always keen to work closely with parents/carers, voluntary groups and professionals from other services
- can be contacted directly by parents/carers or young people. Each local office has a telephone contact line that parents/carers can use. However, if a child or young person attends a pre-school, school or college then it is usually helpful if a parent has first discussed their concerns with staff
- assesses children and young people with SEN, helps set targets for learning and monitor progress
- undertakes some direct therapeutic work, such as counselling children and young people
- offers consultancy services and training to mainstream and special school staff, colleges, governors and others in the community
- helps educational settings to provide individual educational programmes for children and young people with learning and behavioural difficulties, physical and sensory impairments and language disorders
- works with educational settings to develop policies in areas such as the effective management of difficult behaviour and inclusion.

General Inspectors/Advisers (SEN)

- Monitor, evaluate and report on the quality of provision for children and young people with SEN and disabilities in mainstream and special schools and settings including specialist independent schools where Hampshire children and young people have been placed by Hampshire County Council.

- Advise and support schools and settings in the self evaluation of their own provision, including methods of identification, assessment and interventions to remove barriers to learning, and raise standards for children and young people with SEN and disabilities.

- Provide training and consultancy for both special and mainstream schools and settings on all aspects of inclusion, eg curriculum access issues, quality of teaching and learning, assessment and interventions and the use of specialist programmes.

- Provide training and consultancy for governing bodies and senior leadership teams in special and mainstream schools and settings.

- Support schools, settings and parents/carers to meet the needs of children and young people with sensory, physical and learning difficulties and to support their curriculum progress.

- Advise on the development of policy and practice.

**Primary Behaviour Service**

The Primary Behaviour Service is a team of dedicated practitioners with extensive experience working in Hampshire primary schools to promote children’s positive behaviour and emotional wellbeing.

This is a referral based service offering outreach and inreach support for primary children with behavioural, emotional and social development needs.

The approach is to provide targeted support early in a child’s life, helping to meet their additional needs in order to get the most out of their education.

Core services that are on offer include:

- consultation and advice to leadership teams
- assessment and identification of need, deepening knowledge and shaping early intervention
- hands-on support and guidance for schools for a wide range of behavioural, emotional and social development needs at multiple levels
- rapid and flexible response to individual child referrals
- bespoke behaviour management training for a range of staff, from individual settings to countywide training programmes
- access to inreach provision in partnership with schools
- working preventatively to reduce exclusions through a blend of operational and strategic support.

[www.hants.gov.uk/pbs](http://www.hants.gov.uk/pbs)
Hampshire Portage Service

Hampshire Portage is a home visiting educational service for pre-school children with additional support needs and their families. The Portage model supports parents to build on their child’s successes and to use small steps to help their child achieve new skills.

Portage home visitors are experienced early years practitioners who have experience in understanding, recognising and developing the individual needs of the child. The service supports children with significant developmental delay and behavioural difficulties, supporting the development of play, communication, relationships and learning for young children within the family.

Hampshire Portage Service works in partnership with parents, carers and other professionals such as therapists, health visitors, paediatric consultants, educational psychologists and early years settings. Working collaboratively with parents encourages them to take a lead role in their child’s learning and helping them to identify what is important to them and their child to ensure that everyone works towards shared common goals.

The family receive regular home visits during which activities are planned to enable the child to learn through play and having fun. Support often extends to the early years setting the child attends. Outreach support is also available for those children who meet the Portage criteria.

Portage can also be involved to ensure a successful transition to pre-school or school depending on their age.

More detailed information is available at www.hants.gov.uk/portage.

Tel: 0300 555 1384

Email: childcare@hants.gov.uk
County Admissions Team

Admissions for children with a final EHC plan are handled by the SEN Team. All other applications are dealt with through the usual admissions processes detailed below.

Main admissions round

For Hampshire parents applying for September places in Year R, Year 3 in a junior school and Year 7, the County Admissions Team coordinates applications for all mainstream school regardless of the status or local authority of the publicly funded school for which they wish to apply. Residents of other local authorities should apply to their home local authority.

The deadline for applications for transfer to secondary school in September 2016 is 31 October 2015. The outcome of these applications will be notified to parents either by email (if they applied online) or by first class post on 01 March 2016.

The deadline for applications to start school (in Year R) in September 2016, or to transfer to Year 3 in a junior school in September 2016, is 15 January 2016. The outcome of these applications will be notified to parents on 18 April 2016.

In-year admissions

For admissions at all other times or to other year groups, applications will be handled by the school. For any assistance or information about the availability of places, please contact the Admissions Team, details below. For applications to schools in other local authorities, the parent should contact the local authority or school directly.

Making an application

Applications for the main admissions round or for in-year admission can be made online at www.hants.gov.uk/admissions, or alternatively, a paper application form is available from schools or by telephoning the number below.

The brochure A Parent’s Guide to Applying for a School Place, is available in full on the website for download or reference. Hard copies can also be requested by telephoning the number below.

The County Council’s admission arrangements, including its admission policy, are consulted on and determined each year in accordance with statutory requirements, well in advance of the school year to which they relate. Each school has an admission policy: community and controlled schools follow the County Council’s policy; voluntary aided, foundation and academy schools determine their own admission policies. Where a school is oversubscribed, the school’s admission policy is used to prioritise applications.

Full details of Hampshire’s admission arrangements and further information and guidance relating to admissions can be found at www.hants.gov.uk/admissions.

Contact

County Admissions Team, Children’s Services Department, Hampshire County Council, The Castle, Winchester, SO23 8UG.

Tel: 0300 555 1377

Email: admissions.team@hants.gov.uk

Hampshire County Council’s website contains details of schools, contact names and addresses and other useful information at www.hants.gov.uk/learning.
Further information

We have a wide range of information on special educational needs covering:

general information on special educational needs and where to get help

- information on the EHC needs assessment
- what happens at an annual review and after a review
- transition planning
- funding for SEN in mainstream schools and colleges.

There is also information on specific special educational needs including:

- autistic spectrum disorders
- physical disabilities
- specific learning difficulties
- speech, language and communication needs
- visual impairment.

For further information please visit www.hants.gov.uk/sen-home call 0300 555 1384 or email childrens.services@hants.gov.uk.

Hampshire Local Offer

For information about education, health and care services, leisure activities and support groups available in Hampshire for children and young people from birth to 25 who have special educational needs and/or disabilities; and also services outside of the area, please visit www.hampshirelocaloffer.info.
Key to abbreviations

ARP  Assessment Resourced Provision
ASD  Autistic spectrum disorder

CAL  Communication and Language
EHC  Education, Health and Care
EY  Early years SEN provision
FE  Further education
FTE  Full-time equivalent
HI  Hearing impairment
HIC  House in the community
LA  Local authority
LD  Learning difficulty
MLD  Moderate learning difficulty
PD  Physical disability
RES  Residential facilities
SCD  Social communication disorders
SEN  Special educational needs
SEND  Special educational needs and disability
SLCN  Speech, language and communication needs
SLD  Severe learning difficulty
SpLD  Specific learning difficulty
VI  Visual impairment
VLE  Virtual Learning Environment

Note: All agreed place numbers are based on full-time equivalent places (FTE).
Key to school status

**Academy mainstream schools (primary and secondary)** - independently managed, all ability schools set up by sponsors from business, faith or voluntary groups in partnership with the Department for Education and the local authority. Admissions are co-ordinated by Hampshire County Council.

**Academy special schools** - independently managed special schools set up by sponsors from business, faith or voluntary groups in partnership with the Department for Education and the local authority. Admissions are co-ordinated by Hampshire County Council.

**Community schools** - maintained by Hampshire County Council as the local authority.

**Community special schools** - for children with special educational needs, maintained by Hampshire County Council.

**Federations** - this term describes when two or more schools have a formal agreement to share governance arrangements and work together to raise standards.

**Foundation schools** - maintained by Hampshire County Council but the governors are responsible for admissions. Trust schools are included in this category.

**Free schools** - a new type of all ability state funded independent school, free from local authority control.

**Voluntary schools** - originally set up by voluntary bodies, such as the Church of England or Roman Catholic Church, but with most of their running costs now funded by Hampshire County Council. (Voluntary aided schools are responsible for their own admissions. Voluntary controlled schools follow Hampshire County Council’s admission policy.)
