Introduction

The National Fire Equipment System (NFES) Subcommittee, part of the National Wildfire Coordinating Group (NWCG) Equipment Technology Committee (ETC), provides standards for fire supplies and equipment and an organized method for stocking and ordering those items. The NWCG NFES Catalog lists the items that may be ordered and documents the ordering procedure.

This annual catalog contains the list of national interagency publications, training courses, and reference materials that are stocked at/ordered from the Great Basin Cache (GBK), part of the U.S. Department of the Interior (USDI), Bureau of Land Management (BLM).

All catalog items and related shipping charges are provided on a cost recovery basis by the U.S. Department of the Interior, Bureau of Land Management.

All catalog item prices are adjusted annually April 1 each year. Individual item prices may be subject to change without advance notice.

National Fire Equipment System (NFES) numbers are assigned to identify/order all catalog items. Each item has a unique NFES number.
ORDERING PROCEDURE
Questions/Supply Office 208-387-5104

PHONE ORDERS NOT ACCEPTED

Mail or Fax Orders to:
USDI-BLM Great Basin Cache Supply Office
National Interagency Fire Center
3833 South Development Avenue
Boise ID  83705
FAX: 208-387-5573 / 5548

Use the order format and credit card forms located on NWCG.gov under Publications or any other forms that contain the following required information:

Shipping Address:
- No PO Box Addresses will be accepted
- Company/agency title
- Shipping contact person and telephone number

Payment Method:
- Credit Card: Visa, MasterCard, Discover and Amex accepted
- Invoice: Company/agency title
  Invoice/accounts payable address (if different from shipping address)
  Office reference/order number (if applicable)

Shipping Method:
- Annotate: Best Means (normally takes 2 weeks after receipt) or Overnight (normally 48 hours after receipt)
- Shipping is FOB Origin (shipping charges are in addition to order cost)
- Shipping charges are “cost recovery.” The cost to ship to the destination is the exact shipping charge billed.
- GBK will NOT estimate shipping charges.

Item Information:
REQUIRED
- NFES Number (item number)
- Brief item description, course number and/or form number.
- Quantity ordered & unit of issue: The unit of issue in this catalog is each (EA) or package (PG)
  Orders will NOT be processed without the above information. No exceptions will be made.
Credit Card Procedure
Questions/Supply Office 208-387-5104

- All ordering units may use credit cards for PMS Catalog Items.
- Federal agencies, private individuals, university/college bookstore contractors, and military units must
- Use credit cards. Orders from these groups are not processed without credit card information.
- For privacy and security, credit card information must be separate from the order form. Refer to the credit card form provided.
- Orders billed to a credit card will not allow for “back-ordered” items. You will need to reorder if an item is out of stock. Please see “Comments” on the packing list within your shipment.
- GBK will not take credit card information over the phone. This information must be faxed or mailed with the order on the credit card form provided.
- If the credit card account is declined by the bank for any reason, GBK will contact the cardholder by telephone for verification and request another credit card if necessary. Failure to rectify any problems with payment can affect the ability to order from GBK in the future.

Invoice Procedure
Questions/Billing/Collection 208-387-5533

- A USDI BLM Bill for Collections will be sent within 21 days of order receipt. Payment is due within 30 days of bill date. Payment may be made by check, money order or credit card. Backup documentation is provided for reference and itemization purposes.
- The cost of items ordered and shipping charge(s) will appear on the bill.
- Orders billed to an invoice will not allow for “back-ordered” items. You will need to reorder if an item is out of stock. Please see “Comments” on the packing list within your shipment.
- GBK reserves the right to refuse orders from any agency/unit with past due balances over 90 days old until payment has been received in full. Submission of an order to GBK is an agreement to pay for all costs incurred by the USDI BLM to provide these materials. These costs include any and all shipping charges regardless of whether such costs were included on the original ordering/purchasing document. It is the responsibility of the person ordering materials to assure that all requirements have been met for their payment offices. Credit cards may become mandatory for any agency/unit that is found to be consistently difficult to collect from.
- GBK is not responsible for the validity of any order received.
**Shipment Receipt Procedure**  
Questions/Supply Office 208-387-5104

- Items are shipped with an issue/packing list. Immediately verify that all items listed on the computer issue/packing list are enclosed.

- Please see “Comments” are on the issue/packing list for information about back-orders, items not carried, discontinued items, or any other specific information about your order. If there are questions once you receive your order, please refer to the “issue number” when calling GBK Supply Office.

**Return Procedure**  
Questions/Supply Office 208-387-5104

- Please refer to the issue number on the packing list in your correspondence when returning items. Items ordered from Part 2 of the catalog may be returned for credit within 30 days of receipt ONLY if they have not been used and are still a viable item stocked by GBK. Discontinued or obsolete items will not be credited.

- Returned items on credit cards will be credited to the credit card originally charged.

- Credit for returned items on invoiced items will be applied to the subsequent order whenever possible within the current year. If no subsequent order or a specific request for credit received, a refund check will be issued by U.S. Department of Treasury. This action is avoided due to the cost that reverts back to the Federal Government.

- Due to costs incurred, future refunds may require banking information to initiate an EFT/ACH payment.

NFES 001772  S-490 Student Workbook $17.23
NFES 001773  S-490 Student CD-ROM $6.26
Instructor must have the CD-ROM Course Materials and the DVD, and will need to review the course for preparation and additional items needed. Each student will need a Student Workbook and a CD-ROM Student.
Other Courses

PMS 419 Engine Operator (2009)
NFES 001626 PMS 419 Instructor Guide $18.93
NFES 001627 PMS 419 CD-ROM Course Materials $3.70
NFES 001628 PMS 419 DVD “Point Fire Case Study” $3.20
NFES 001629 PMS 419 Student Workbook $3.96

Instructors must have the CD-ROM Course Materials and DVD, and will need to review the course for preparation and additional items needed. The Engine Operator addresses the standards, procedures, and techniques to be an engine operator on a wildland or prescribed fire. Field sessions are used throughout the course week, so it is assumed students will drive an engine to the course. Because this course was developed for the BLM organization to standardize “Engine Academies”, the course refers to BLM policy, engines, references, maintenance forms: instructors will need to modify references for the home unit organization.

X-900 Investigation of Power Line Caused Wildland Fires (2013)
NFES 002739 X-900 DVD Course Materials $4.70
Reference Materials

*Items in this section are listed alphabetically by title. The publication date is in parenthesis.*

Basic Land Navigation, PMS 475 (2007)
NFES 002865 $6.55
Basic map and orientation information posted on the [NWCG](#) website. See the update on [NWCG Training Development Program](#) website.

Department of Transportation (DOT) Hazardous Materials Chart 15 Marking, Labeling, Placarding
NFES 002147 $.23

NFES 001279 $8.30

This guide has been written for practitioners of fire use and air quality managers. Included are a four-photo series of increasingly degraded visibility to demonstrate visibility levels and respective ambient particulate concentrations, photos of different fuel and vegetative classes; maps of the conterminous United States depicting forest and vegetation types, transportation systems, human population density, and Class I visibility areas; photos of operational smoke reduction techniques being applied in the field, photos illustrating the various phases of combustion in the field; and graphics illustrating the multi-dimensional aspects of smoke management meteorology and smoke dispersion. This document is posted on the NWCG website.

NFES 002048 $.20

Wallet-sized card with 10 principles to consider with air tanker retardant drops and coverage-level chart.
NFES 001129  (100 cards/pg)  $12.28/pg
Wallet-size card. Twelve questions to consider during aircraft use that are lessons learned from past aviation accidents.

NFES 001275  $7.25
The primary objective of the guide is to provide wildland firefighting agencies a basic information document on water handling equipment. This guide contains equipment components that are (1) commercially available or economically reproducible, (2) interagency in scope or application, and (3) currently in use. Information on foam generating equipment has been placed into a separate section. Agency-developed systems or components portrayed, but not available commercially as a unit, are included to promote standardization among agencies.

NFES 001874  $2.12
Designed to assist personnel having wildfire protection responsibilities; emphasizes the importance of accurate fire investigative procedures.

NFES 002943  $4.29
The guide presents wildland fire incident management and operation standards; the guide is the standard NWCG incident management reference guide. 8 ½” x 11’, loose leaf book. PMS 210. This Guide is posted on the NWCG website.
