Our league focus is on ministry to the total development of each child including the formation of Catholic values in all participants. CYM sports are different from secular athletic programs.

I. Purpose and Philosophy:

We believe that Catholic Youth Ministry programs can assist in bringing our youth to a Christ-centered and Christ-like lifestyle within our parishes and schools. Our league focus is on ministry to the total development of each child including the formation of Catholic values in all participants. CYM sports are different from secular athletic programs.

CYM is different than non-church related athletic programs that promote appropriate behavior and build character but primarily emphasize winning or losing. CYM Athletics provides an atmosphere of care, growth and enjoyment for each child with the emphasis on a Christ-centered life.

CYM Basketball programs must provide not only for the development of particular physical skills but also for social interaction, emotional stability, affirmation and spiritual growth. Consciously, we work with our young people as whole persons. The young person, not the athletic activity, is our key focus.

We believe that all CYM programs should be well organized and maintain standards of high quality. We believe that all parishioners have the opportunity to be on a team at the level of their abilities and should also have the right to participate in each game.

We believe that all CYM programs should be viewed as a part of and in support of the life of the parish. These programs can be effective tools that will invite, welcome and involve a young person into the total life of the parish. The inter-relationship with family life, parish life and school life is essential.

II. Playing in a Catholic League:

In keeping with our Catholic mission to keep the Sabbath day holy, Bishop Bootkoski signed a letter in August 2004 prohibiting athletic practices or games from being conducted prior to 1 pm on any Sunday. This policy applies to ALL Catholic sports and parish team participation within the Diocese of Metuchen and is not limited to the Diocesan CYM Basketball League. It pertains to parish tournaments and other sports as well. Regardless of the availability of Saturday Vigil Masses, the Diocese of Metuchen is committed to maintaining Sunday mornings as a sacred time. Catholic families should not have to choose between sports or worshipping and being together. This policy is good for the players and their families and for the coaches and their families.

Committed to Catholic values, CYM Athletics shall enhance the spiritual development of CYM athletes through their participation in a pre-game prayer, choosing one specific Mass on a Sunday that team players and families will participate in and teaching our Faith through our example.

Central to CYM Athletic programs is the coach. The coach sets the tone and gives direction to any team. This position must be seen in the context of real ministry. The coach’s challenge is to take those teachable moments of victory or loss and give witness to Catholic values by the manner in which he/she mentors the young people, respects each individual player, other coaches, officials and parents for their intrinsic value as a person created in the image and likeness of God.

III. Supervision:

Every team is required to have a minimum of two certified coaches at every game. This complies with the concern for how we care for youth today in Protecting God’s Children. Coaches will be held directly responsible for their team’s conduct and general supervision, including crowd control.

We are all charged with the responsibility for providing supervision and insuring safety. It is everyone’s obligation to carry out this responsibility. All actions and behaviors of the players, coaches, and parents/guests are a reflection on the parish, school, CYM, and the Catholic Church. Consequently, inappropriate behavior will not be tolerated.
All are expected to conduct themselves in a manner true to our Catholic tradition in fair play, sportsmanship, love of God and one another.

In addition, a Site Manager is to be present at all games. This person will be responsible for all aspects of the operation of his or her facility. This will include the ejection of any person at the facility not complying with the philosophy and rules of the Diocese.

The opposing coach MUST designate this “non” – player. This choice can change each quarter, especially if the coach feels ‘awkward’ making this designation.

If a coach chooses not to designate a player in a particular quarter, he understands that he has given up his right to designate a player for the remaining quarters of that game.
