The Boxer 118 is available in either 24” or 36” lengths. This dedicated rubber track trencher can propel the 6” combo chain at 280 feet per minute. The 118 produces only 2.9 psi of ground pressure, thereby minimizing damage to existing lawns and landscapes. With a width of only 35 inches, the 118 is compact enough to maneuver and trench in tight areas.

Features & Benefits
- Allows for a clean-cut trench
- Consistent trenching speeds
- Superb trenching depth
- Ergonomically designed for maximum operator comfort
- 18 Horsepower, air-cooled 6” width – combo cup and shark chain
- 280 feet per minute chain speed
- Bolt-on Crumber available

The 300 Series is BOXER’s smallest entry into the mini-skid market. This small but powerful series can handle “big machine” tasks while providing ease of access as a result of the smaller footprint. The 300 Series has a tip capacity as high as 1,325 lbs. and an operating capacity as high as 663 lbs. at 50% tip load. At 34.5” wide, the compact 320 and 322D diesel have no problems getting into and out of tight areas.

Features & Benefits
• More than 50 attachments available
• Less than 35” wide
• Easy access for quick serviceability
• Rubber tracks offer low ground pressure for minimal surface damage
• Stand-on platform for safe operation and operator comfort
• Ideal unit for first-time operators or rental houses

Our Boxer 532DX is the first mini-skid offering variable-width, rubber track undercarriage, which allows the units to enter through gates as narrow as three feet wide. You will be impressed by the 32-horsepower Kubota engine, giving you more power to get the job done! Couple that power with more than 50 attachments, and there is nowhere this machine can’t go.

Features & Benefits
- More than 50 attachments available
- Best-in-class hydraulic flow
- Variable track widening capability
- Hydraulic float feature standard
- Dual hydraulic circuits for high- and low-flow attachments
- Rubber tracks offer low ground pressure for minimal surface damage
- Stand-on platform for safe operation and operator comfort

Attachments

1.

2.

3.

4.

5.
1. Hydraulic 4-in-1 Bucket
   - High dump, dozer blade, trash clamp and general purpose bucket
   - 35" (889 mm) to 42.5" (1080 mm) widths available
   - Weight – 250 lbs (113.2 kg)

2. Leveler/Carry-All
   - Used for grading, backfilling trenches and carrying materials
   - 48" (1219 mm) width
   - Weight – 135 lbs (61.1 kg)

3. General Purpose Bucket
   - 35" (889 mm) to 48" (1219 mm) widths available
   - Bolt-on tooth bar available
   - Weight – 175 lbs (79.4 kg)

4. Brush Grapple
   - Grabs limbs and rocks for removal
   - 42" (1067 mm), 48" (1219 mm) and 54" (1372 mm) width available
   - Weight – 280 lbs (127 kg)

5. Hydraulic Sod Roller
   - Adjustable to lay sod rolls from 24" (610 mm) to 36" (914 mm) widths
   - Hydraulic clamping
   - Up to 800 lb (362.9 kg) capacity
   - Optional bolt-on bracket for 42" (1067 mm) sod roller
   - Weight – 160 lbs (72.6 kg)
Attachments

6.

7.

8.

9.

10.
6. Power Box Rake
   • Prepares soil for seeding or sodding
   • 48" (1219 mm) width
   • Manual or hydraulic angling
   • Weight – 430 lbs (194.8 kg)

7. High Torque Auger Power Head (75 RPM)
   • Drive unit for augers 6" (152 mm) to 36" (914 mm) and cement bowl attachment
   • 2.5625" (65 mm) round output shaft
   • High speed auger power head also available (106 RPM)
   • Weight – 150 lbs (68 kg)

8. Auger Bits
   • 6" (152 mm) to 36" (914 mm) bits available
   • 36" (914 mm) auger length – 42" (1067 mm) overall length
   • 2.5625" (65 mm) round hub
   • 24" (610 mm) auger extension available separately

9. Scrap Grapple
   • Used for scrap handling, recycling and other tough applications
   • 36" (914 mm), 42" (1067 mm) and 48" (1219 mm) widths available
   • Weight – 400 lbs (181.4 kg)

10. Backhoe
    • Complete with seat, outriggers and mounting kit
    • Available with 8" (203 mm), 10" (254 mm) or 12" (305 mm) bucket widths
    • For use on Boxer 400 and 500 series
    • Weight – 863 lbs (391.5 kg)
11. Concrete Breaker
   • Two sizes available
   • 250 lb (113.4 kg) Impact Rate at 1200 BPM
   • 350 lb (158.8 kg) Impact Rate at 700 to 1200 BPM
   • Weight – 250 lb (485 lbs) / 350 lb (937 lbs)

12. Trencher & Crumber
   • Available in 24" (610 mm), 36" (914 mm) and 48" (1219 mm) digging depths
   • 4.5" (114 mm) to 12" (305 mm) chain widths available depending on digging depth
   • Fixed and offset mounts available
   • Weight – 450 lbs (204 kg)

13. Plate Compactor
   • Used to provide vertical compaction
   • 5500 pounds of vertical force
   • 41" (1041 mm), 52" (1321 mm) and 60" (1524 mm) plates available
   • Weight – 565 lbs (256.3 kg)

14. Multi-Purpose Tool
   • Includes rippers, tree boom and tow hitch
   • Pinned design allows easy transition between set-ups
   • Tow ball sold separately
   • Weight – 120 lbs (54.4 kg)

15. Heavy-Duty Adjustable Forks
   • Available in pallet or rail style frames
   • 32" (813 mm) to 48" (1219 mm) tine lengths available
   • Rail-style fork frame accepts bale spear
   • Weight – 160 lbs (72.6 kg)
Attachments

16.

17.

18.

19.

20.
16. Cement Bowl
- 4.8 cubic feet drum capacity / 3.2 cubic feet mix capacity
- Bi-directional rotation (22-26 RPM)
- Requires high torque auger drive to operate
- Weight – 120 lbs (54.4 kg) – cement bowl attachment only

17. Boring Unit
- Power unit for horizontal boring beneath sidewalks and driveways
- Sets down in the trench for a level bore

18. Rod & Reamer Kit
- Attachment for horizontal drilling beneath sidewalks and driveways
- Includes 4' – 5' (1219 – 1524 mm) rods, 1.75" (45 mm) mole and 2.5" (64 mm) back reamer
- Mole Rod Guides and Levels available separately

19. Eliminator
- For scarifying and debris removal
- Weight – 240 lbs (108.9 kg)

20. Rock Bucket
- Removes rocks and debris from tilled or loose soil
- 42" (1067 mm) width
- .75" (19 mm) or 1.125" (29 mm) tine diameter
- Weight – 148 lbs (67.1 kg)
Attachments

21.

22.

23.

24.

25.
21. Rototiller
   • 36" (914 mm) and 40" (1016 mm) widths available
   • Reversible and replaceable tines
   • Adjustable depth guides
   • Weight – 320 lbs (145.2 kg)

22. Hydraulic Tree Forks
   • For moving trees and shrubbery
   • 33" (838 mm) tine length
   • Hydraulically adjustable opening to 27" (686 mm) wide
   • Weight – 170 lbs (77.1 kg)

23. Turf Cutter
   • For cutting turf for removal and repair
   • 12" (305 mm) cutting width
   • Weight – 180 lbs (81.7 kg)

24. McCullough Cover-Up
   • For backfilling trenches
   • 41" (1041 mm) and 56.5" (1435 mm) widths available
   • 7.5" (191 mm) vertical movement to compensate for uneven terrain
   • Attachments float on wheels
   • Weight – 250 lbs (113.4 kg)

25. Vibratory Plow
   • Pulls pipe, cable or wire underground
   • 12' turning radius
   • Rotating coulter wheel frame mounted
   • Optional cable chute blades, reel mount, pulling accessories and hydraulic steering available separately
   • Weight – 562 lbs (255 kg)
BOXER Equipment is the source for compact power equipment up to 32 hp (24.5 kW) and 2700 pounds (1225 kg).

BOXER Equipment develops a wide range of light weight yet heavy-duty machines that generate an impressive amount of hydraulic power to lift more, move more and dig faster than any other product on the market.

The well-known and highly-regarded Boxer line is the choice of contractors and rental organizations across North America and is major player world-wide. Boxer is one of the most versatile, reliable and productive power units in the world.

For more information, please contact your local BOXER dealer or the BOXER corporate office at one of the addresses below, call us toll-free at 800.831.0042 or visit us online at BoxerEquipment.com
