Adult Proxy Access to the MyHealth Patient Portal

Requirements and Procedures

Proxy access for adult patients allows another person, of the patient’s choosing, to link the patient’s MyHealth patient portal account to their own patient portal account. Linking the patient’s portal account to their own will allow the proxy to view and manage the personal health information of the patient.

Requirements for Proxy online access to a patient’s record:
- Individual requesting access must have a signed consent from the patient
- Adult Proxy Access Authorization Form must be completed and signed
- Each delegate requesting proxy access must have their own MyHealth account

I understand that:
- I must have a MyHealth account
- I must log-in to MyHealth with my own User ID and Password
- I agree to abide by the terms and conditions of the MyHealth site.
- MyHealth is not to be used in emergency situations. If I have a medical emergency or have an urgent medical question, I will call 911 or contact my health care provider directly.

Adult proxy access to a patient’s record will be revoked upon the patient’s written request. Lawndale Christian Health Center reserves the right to revoke online access to medical information at any time.

Communications and requests on behalf of the patient must be sent from the patient’s record; responses will be posted in the patient’s MyHealth account. MyHealth email alerts will be sent to the email address entered in the patient’s record.

If you already have a MyHealth account, you will receive a letter notifying you that access to the patient’s record is available, typically within 5-7 business days. You will be granted access to the record only after the completed Parent/Guardian Access Authorization Form is received.
Adult Proxy Access to the MyHealth Patient Portal Authorization Form

Please enter the Delegate’s information below:

Delegate Name: ____________________________________________
Address: __________________________________________________
City: __________________________ State: ______________ Zip Code: __________
Phone Number: ___________________ Relationship to Patient: _______________________
Do you (delegate) have an active MyHealth account? Yes ______ No _______

I acknowledge that I have read and understand the requirements and procedures for accessing this patient’s MyHealth account and medical record online. I certify that I am a delegate of the patient listed below and that all of the information I have provided is correct. I hereby request access to this patient’s online MyHealth account and medical record. This authorization is valid until it is revoked or expires.
