Elon Head Coach Patti Raduenz is a firm believer that fundamentals wins games. All campers will be exposed to the building blocks of softball and build on those fundamentals through drills, game situations, chalk talks, and competitions. Campers will learn how to be a successful hitter, and be exposed to the art of slap hitting and the art of bunting. Baserunning is not just running around from base to base, but finding ways to score. Defensively, we’ll take each camper to the next level and develop a no fear approach to understanding and executing. **All campers must have the desire to learn, the heart to hustle and the attitude to achieve!!**

**Pitcher/Catcher Camp**

All campers will be exposed to the fundamentals of pitching and catching through various drills and instruction. In pitching, there are various styles and techniques to throwing different pitches. Each camper will be exposed to the different grips, and spins associated with the each pitch. Campers will learn how to have good mechanics and keep them throughout the entire game. Catchers will perform various drills to help increase arm strength and accuracy. Catchers will also learn how to set up hitters and how to call a game. Each camper will spend time in physical drills as well as many chalk-talk stations learning how to be a smarter, stronger, quicker player.
