Welcome to Michigan’s K-8 Grade Level Content Expectations

Purpose & Overview
In 2004, the Michigan Department of Education embraced the challenge of creating Grade Level Content Expectations in response to the federal No Child Left Behind Act of 2001. This act mandated the existence of a set of comprehensive state grade level assessments that are designed based on rigorous grade-level content.

In this global economy, it is essential that Michigan students possess personal, social, occupational, civic, and quantitative literacy. Mastery of the knowledge and essential skills defined in Michigan’s Grade Level Content Expectations will increase students’ ability to be successful academically, contribute to the future businesses that employ them and the communities in which they choose to live.

The Grade Level Content Expectations build from the Michigan Curriculum Framework and its Teaching and Assessment Standards. Reflecting best practices and current research, they provide a set of clear and rigorous expectations for all students and provide teachers with clearly defined statements of what students should know and be able to do as they progress through school.

Why Create a 12.05 Version of the Expectations?
The Office of School Improvement is committed to creating the best possible product for educators. This commitment served as the impetus for the revision of the 6.04 edition that was previously released in June of 2004. This new version, v.12.05, refines and clarifies the original expectations, while preserving their essence and original intent.

As education continues to evolve, it is important to remember that each curriculum document should be considered as a work in progress, and will continue to be refined to improve the quality.

The revision process greatly improved the continuity from one grade to the next, and better ensured coherence both in content and pedagogy. To obtain more specific details about the revisions, please refer to the addendum included in this document. The forward of the Across the Grades v.12.05 companion document also clarifies the types of changes made. Educators can access the Across the Grades companion document by visiting the Michigan Department of Education Grade Level Content Expectations web page at www.michigan.gov/glce.

Assessment
The Grade Level Content Expectations document is intended to be a state assessment tool with the expectations written to convey expected performances by students. The Office of Assessment and Accountability was involved in the development of version 12.05 and has incorporated the changes in the construction of test and item specifications for the K-8 Michigan Education Assessment Program (MEAP) and MI-Access. This updated version will assist us in the creation of companion documents, content examples, and to guide program planners in focusing resources and energy.
Curriculum
Using this document as a focal point in the school improvement process, schools and districts can generate conversations among stakeholders concerning current policies and practices to consider ways to improve and enhance student achievement. Together, stakeholders can use these expectations to guide curricular and instructional decisions, identify professional development needs, and assess student achievement.

Understanding the Organizational Structure
The expectations in this document are divided into strands with multiple domains within each, as shown below. The skills and content addressed in these expectations will in practice be woven together into a coherent, English language arts curriculum. Beyond the English language arts curriculum, students will use the skills and processes to support learning in all content areas.

To allow for ease in referencing expectations, each expectation has been coded with a strand, domain, grade-level, and expectation number. For example, R.NT.00.01 indicates:

- R - Reading Strand
- NT - Narrative Text Domain
- 00 - Kindergarten Expectation
- 01 - First Expectation in the Grade-Level Narrative Text Domain

Preparing Students for Academic Success
Within the hands of teachers, the Grade Level Content Expectations are converted into exciting and engaging learning for Michigan’s students. As we use these expectations to develop units of instruction and plan instructional delivery, it is critical to keep in mind that content knowledge alone is not sufficient for academic success. Students must be able to apply knowledge in new situations, to solve problems by generating new ideas, and to make connections between what they learn in class to the world around them. The art of teaching is what makes the content of learning become a reality.

Through the collaborative efforts of Michigan educators and creation of professional learning communities, we can enable our young people to attain the highest standards, and thereby open doors for them to have fulfilling and successful lives.
READING

Word Recognition and Word Study

Word Recognition
Students will...
R.WS.03.01 automatically recognize frequently encountered words in print whether encountered in connected text or in isolation with the number of words that can be read fluently increasing steadily across the school year.
R.WS.03.02 use structural, syntactic, and semantic cues including letter-sound, rimes, base words, and affixes to automatically read frequently encountered words, decode unknown words, and decide meanings including multiple meaning words.
R.WS.03.03 know the meanings of words encountered frequently in grade-level reading and oral language contexts.
R.WS.03.04 automatically recognize the 220 Dolch basic sight words and 95 common nouns.
R.WS.03.05 make progress to automatically read by sight the Dolch First 1000 Words for mastery in fifth grade.
R.WS.03.06 acquire and apply strategies to identify unknown words or word parts; self-monitor and construct meaning by predicting and self-correcting, applying knowledge of language, sound/symbol/structural relationships, and context.

Fluency
Students will...
R.WS.03.07 apply the following aspects of fluency: pauses and emphasis, punctuation cues, intonation, and automatic recognition of identified grade-level specific words and sight words while reading aloud familiar grade-level text.

Vocabulary
Students will...
R.WS.03.08 in context, determine the meaning of words and phrases including synonyms, homonyms, multiple meaning words, content vocabulary, and literary terms using strategies and resources including context clues, concept mapping, and the dictionary.

Narrative Text
Students will...
R.NT.03.01 explain how characters express attitudes about one another in familiar classic, multicultural, and contemporary literature recognized for quality and literary merit.
R.NT.03.02 identify and describe the basic elements and purpose of a variety of narrative genre including folktales, fables, and realistic fiction.
R.NT.03.03 identify and describe characters’ thoughts and motivations, story level themes (good vs. evil), main idea, and lesson/moral (fable).
