Participation in school activities teaches that it is a privilege and an honor to represent one’s school. Interscholastic activities constitute a part of the right kind of “growing up” experiences for students. Participants learn to accept success and failures, gain poise and confidence, achieve tolerance and understanding of others and gain the self-satisfaction of accomplishing goals. Under a well-administered school program, students and spectators become better citizens through participation and observation of activities conducted under established rules. Please refer to the **Sportsmanship Section of the SDHSAA Athletic Handbook** for policies and statements concerning the following items:

- General Sports Objectives and Coaching Responsibility
- Fundamentals of Sportsmanship
- Racial Harassment, Violence and Taunting (See General Section)

### 2016-17 BASKETBALL RULES CHANGES

<table>
<thead>
<tr>
<th>Rule</th>
<th>Change</th>
</tr>
</thead>
<tbody>
<tr>
<td>1-20</td>
<td>NEW Non-playing personnel, e.g., spirit participants, media, shall remain outside of the playing area during a 30-second or less time-out during the game. Non-playing personnel shall stand outside the free throw lane lines extended toward the sidelines throughout the game. <strong>Rationale:</strong> Making officials aware of the standards set for the spirit participants allows the official to manage them when they may not be in an appropriate place.</td>
</tr>
<tr>
<td>2-12-5</td>
<td>Sound a warning signal to begin the 20 15 seconds (maximum) permitted for replacing a disqualified or injured player, or for a player directed to leave the game. <strong>Rationale:</strong> The amount of time presently given is too long and allows for gamesmanship to be deployed.</td>
</tr>
<tr>
<td>3-5-6</td>
<td>Undershirts shall be a single solid color similar to the torso of the jersey and shall be hemmed and not have frayed or ragged edges. If the undershirt has sleeves, they shall be the same length. A visible manufacturer’s logo/trademark/reference is not permitted on the undershirt. See 3-6 for logo requirements. <strong>Rationale:</strong> This would now allow all extra apparel that is worn to have one logo. Last year we simplified the color requirements to be consistent on all sleeves, tights, wristbands and headwear. This would be one more step to assist our officials in simplifying the enforcement of the uniform rules.</td>
</tr>
<tr>
<td>3-5-7</td>
<td>Compression shorts shall be a single solid color similar to the predominant color of the uniform; the length shall be above the knee. Undergarments shall not extend below the pants/skirt. See 3-6 for logo requirements. <strong>Rationale:</strong> This rule is no longer needed and would simplify the enforcement of the uniform rules for our officials. Compression shorts will be added to rule 3-5-3.</td>
</tr>
<tr>
<td>9-1-3h NEW</td>
<td>Players occupying marked free-throw lane line spaces may not enter the free-throw semicircle until the ball touches the ring or until the free throw ends. <strong>Rationale:</strong> The addition of this information makes the rule complete and easy to understand.</td>
</tr>
</tbody>
</table>

### 2016-17 POINTS OF EMPHASIS

1. **Acknowledging and Granting Timeout criteria.** Granting a time-out is an aspect of the game allowed by rule where knowledge of ball position, player control and dead/live ball criteria can all be factors in awarding the requested timeout. Consideration has been given regarding continuing the opportunity for a head coach to call a time-out. The committee wanted to maintain the current time-out criteria. When a ball is live, player control is required. A player or the head coach of the team in possession may request and be granted a time-out. When the ball is dead, the crew must maintain its coverage areas on the court but also be aware of the opportunity for a head coach to request a time-out. This request can be oral or visual, but must be verified by the ruling official. If the request meets criteria, a time-out should be granted.

2. **Technical Fouls.** This area of the rules book has been restructured to better define the different types of technical fouls. Administrative technical fouls include roster changes in the scorebook, more than five (5) players on the court, and violation after a team warning for delay. This results in a team foul as well as the administration of two (2) free throws and the ball at the division line for a throw-in. The head coach does not lose the opportunity to stand in the coaching box due to an administrative technical being assessed.

A player technical foul counts as one of his/her five (5) fouls towards disqualification. This type of technical foul also counts towards the team foul total.

A bench technical foul counts towards the team total. Examples of a bench technical foul are unsporting act/conduct by a non-player, grasping the basket or dunking, and leaving the bench area during a fight. The head coach loses the opportunity to stand in the coaching box during live ball situations if a bench technical foul is assessed. The Technical-Foul Penalty Summary chart is a good reference guide for review and use in pre-game conferences.
3. Replacing a Disqualified or Injured Player. In the case of disqualification or removing a player for injury, a coach will have 15 seconds (previously 20 seconds) to insert a replacement player into the game. If it is a player’s disqualifying foul, the ruling official shall report the foul to the official scorer and then notify the coach that the player has been disqualified. This begins the 15-second replacement interval. If the replacement is for an injured player, as soon as the coach has tended to the injured player and is able to resume coaching duties, the ruling official shall request the timer to sound the horn to begin the 15-second replacement interval. If a replacement player has not been made available, the timer shall sound the horn at the conclusion of the 15 seconds.

4. Protecting the Free Thrower. This continues to be an area of emphasis. The rule change last year was implemented to protect the free thrower. On release of the ball by the player attempting the free throw, the defender “boxing out” shall not cross the free-throw line into the semicircle until the ball contacts the ring. In addition, officials should be aware that contact and displacement of the free thrower is illegal and shall be enforced.

5. Post Play. This was an area of improvement last year and continues to be an area of awareness and enforcement. A review of the criteria is as follows:
An opponent is displaced from a legally established or obtained position
An arm-bar is extended and displaces an opponent
A locked and/or extended elbow displaces an opponent
A leg or knee is used in the rear of an opponent to hold or displace
Holding, hooking, slapping, pinning or pushing the leg or body of an opponent
An offensive post player “backs-down” and displaces the defender once that defender has obtained a legal guarding position

2016-2017 SOUTH DAKOTA CHANGES/REMINDEERS

1. Class A and B Mercy Rule: When the point differential reaches 30 or more points in the second half, the clock will continue to run. The clock will only be stopped for free throws and time outs (team or official). Regular timing rules will be used if the score differential drops back to less than 20 points.

2. Class B Shot Clock: Add the shot clock for Class B with the implementation date of 2017-2018 school year.

3. Undergarment Rule: Sublimated or printed logos around the collar of the undershirt are permitted.

4. Class A will use the Sweet 16 format for qualifying for the State Tournament. Teams will play the first two rounds of the region tournament. When two teams in each region remain, the SDHSAA will reseed the remaining 16 teams to have 1 vs. 16, 2vs. 15, etc. These contests will be played at neutral sites. The winners of these contests will advance to the state tournament.

SOUTH DAKOTA MODIFICATIONS TO NFHS RULES

1. Class AA and A Boys and Girls will use a 35 second shot clock.

2. Classics may choose to play contests in 16 or 18 minute halves.

3. Pre-wrap is not allowed as a headband and/or hair control device.

4. Allow multiple manufacturers’ logo/trademark on visible undergarments with a logo maximum restriction of 2 ¼ X 2 ¼ inches.

NUMBER OF BASKETBALL GAMES ALLOWED

The maximum number of regular season basketball games that a member school may schedule is twenty (20) games regardless of the number of tournaments played.

Guidelines for interpreting the game limitation rule:
- The 20 game limitation rule applies to each squad separately.
- The game limitation rule does not apply to each player individually.

CLASSIFICATIONS AND ALIGNMENTS

NOTE: Classification for the 2016-2017 school year is according to the Average Daily Membership from the 2014-2015 school year grades 9-11.

1. The member schools of the South Dakota High School Activities Association are divided into three classes in the sport of basketball. These shall be known as Class “B”, “A”, and “AA”. The classification formula for basketball will be based upon 2014-2015 ADM’s, grades 9-11, as follows:
   - Class AA: 450,000 and above
   - Class A: 449,999-90,000
   - Class B: 89,999 and below

2. The Board of Directors will grant permission to any school to participate in a higher classification than their ADM (9-11) places them. If a school requests and is granted permission, they will remain in the higher classification for a two-year alignment period. At the end of the two years, they could exercise their option again if they so desire. If a school requests to move up in one activity they must move up one classification in all other activities that use the same classification formula. The SDHSAA must be notified by July 1.

3. When a coop is formed, or if through consolidation, a current class “B” school moves up to Class “A”, the newly created Class “A” school will be immediately aligned into the nearest Class “A” region. There will be no movement in the Class “B” district(s)/region(s) until the next alignment period.
4. The Association will use the Average Daily Membership as set forth in Article III, Section 2 of the SDHSAA Constitution and as set forth in Chapter II, Part III, Section 4 of the SDHSAA Bylaws. The classification and alignments will be for a two year period.

BASKETBALL UNIFORMS
1. Refer to NFHS Basketball Uniforms document on SDHSAA website for detailed information.
2. The home team shall wear white colored uniforms and the visiting team shall wear dark colored uniforms. Rule reference 3-4-1c.
3. On visible undergarments, the manufacturer’s logos/trade names may not exceed 2¼ square inches, with no dimensions more than 2¼” being permitted on each item of apparel. Multiple logos/trade names are permitted, however, none of the visible logos/trade names may exceed 2¼”. All other undergarment rules remain the same.
4. Pre-wrap is not allowed as a hair control device.
5. Arm sleeves, knee sleeves, lower leg sleeves and tights are permissible.
   a. Any visible arm worn on the arm and/or leg is a sleeve, except a knee brace and shall meet the color restriction.
   b. The sleeves/tights shall be black, white, beige or the predominant color of the jersey and the same color sleeves/tights shall be worn by teammates.
   c. All sleeves/tights shall be the same solid color and must be the same color as any headband or wristband worn.

BASKETBALL COACHING BOX
1. Rule 1, Section 13—By state association adoption, the head coach may be off the bench in front of his or her seat within the confines of the designated coaches’ box to give instructions to his or her players and/or substitutions.
2. The head coach may stand up during the entire ball game. If the head coach steps out of the designated coaching box, a technical foul should be called. Assistant coaches may not stand except as authorized under Rule 10, Section 5.
3. Coaching Box: A 14 foot coaching box shall be outlined 12 inches inside and 12 inches outside of the court on which the scorers/timers table and team benches are located. The coaching box shall begin 28 feet from the end line and extend 14 feet toward the end line. The 14 foot box shall be marked with two (2) inch wide lines perpendicular to the outside edge of the sideline. Tape may be used to mark this area. If the scoring table extends beyond the 28 foot line, then the 14 foot coach’s box shall begin immediately at the end of the table area and extend 14 foot toward the end line. If an aisle to the spectator seating area falls within the box, slide the box accordingly toward the end line.

GENERAL INFORMATION
A. Game Contracts
   According to Article VIII, Section 2 of the SDHSAA Constitution, all contests must be sanctioned by the Athletic Director, Principal or Superintendent of the schools involved. It is recommended that game contracts, as furnished by the SDHSAA (located under the General Sport Information tab, forms GENERAL-3 be used for all levels of competition including your regular season games and meets, as well as tournaments, invitational’s, and double-headers, etc.

B. Provisions Governing Contests
   1. In all interstate contests each school is expected to follow the rules and established policies of their respective state associations.
   2. SDHSAA member schools who are participating in an event held in another state will adhere to the host school’s rules and regulations for that activity.
      EXCEPTION: South Dakota basketball teams will always follow the 7-quarter rule when playing in states which play their contests in quarters. In those states which play their contests in halves, three halves shall equal seven quarters.

C. Varsity Starting Five Restrictions
   1. It is recommended that players who compose the starting five for the varsity game not suit up for the preliminary/lower level game held during the same session. The seven-quarter rule shall be observed at all times regardless of the level of play.
   2. Players considered below the top five by the coach may participate as members of the varsity and the next lower level team without it being a violation so long as the seven-quarter rule is observed.
   3. Definition of a Junior Varsity opponent—a JV opponent is a team composed of individuals not considered a member of the stating 5 of the varsity team at the time the contest is played.
      Situation: Player A starts the varsity contest. Player A had also started and played the “B” contest held just prior to the varsity game. What is the penalty? Ruling: NONE. While in most situations it is not appropriate for a player to start the varsity game and also play in the preliminary game, there may be cases when lack of numbers will dictate this to happen. We should always strive to have as many students as possible participate in our contests. Winning lower level contests by allowing a member of the varsity starting five to play should not be a practice used by our member schools.

D. All Games Count as Part of Schedule
   Games scheduled with non-member groups need a sanction and also must count as one of the regular games permitted. Any type of scrimmage against another school is prohibited pursuant to the restrictions set forth in Chapter II, Part III, Section 1, of the SDHSAA Bylaws. NOTE: SDHSAA jamborees are not considered scrimmages.
E. Sanction with Non-Members
The SDHSAA will not sanction any games with a college team, independent team, alumni team, or any other non-school team comprised of adults. Sanction will be approved with an unaccredited non-member high school team provided the member school submits the appropriate form published in the School Zone section of the SDHSAA website.

F. On-Line Basketball Schedules Due
Basketball schedules must be completed on the SDHSAA website form. **Member schools will be fined $50 each occurrence for not submitting their on-line schedules prior to the following deadline dates:**

- **Girls** – October 1
- **Boys**—October 1

G. Basketball Rules
1. Rules passed by the National Federation Basketball Rules Committee and published by the National Federation of State High School Associations are the official basketball rules for all schools.
2. **Brand of Ball:** The Baden Perfection Elite will be used for all district, region and state tournament games. The boys’ tournaments will use the Baden Perfection Elite BX7E and the girls’ tournaments will use the Baden Perfection Elite BX6E.
3. Information on the National Federation authenticating marks and SDHSAA official tournament balls can be found in the General Section of the Athletic Handbook.

H. Registered/Certified Officials Mandatory
1. Member schools must use registered/certified officials for all varsity regular season games.
2. It is recommended, but not required, that member schools use registered/certified officials for all sub-varsity games.
3. The SDHSAA office publishes a directory of all “registered” and “certified” officials. An officials’ directory is also available online at [www.sdhsaa.com](http://www.sdhsaa.com).
4. Only certified officials shall be eligible to officiate sub-state and state athletic meets and tournaments. Out of state certified officials, fully licensed with the SDHSAA will be sub-state and state eligible on their second year of registration provided they are fully licensed and have met all of the South Dakota requirements. Certified officials must have attended their first, initial, jamboree to be eligible to work sub-state events. Students from out-state attending a South Dakota college or university are eligible to officiate sub-state and state athletic meets and tournaments, provided they are a certified official registered with the SDHSAA. Officials registered with sister state associations, who have paid the reciprocity fee to the SDHSAA, are not eligible for sub-state and state athletic meets and tournaments.

I. Payment of Officials
It is recommended that member schools pay each official with an individual check for services rendered.

J. Disruption of Game Due To Slippery Floor
1. In the event that moisture condenses on the floor, it shall be the decision of the referee to stop the game whenever he/she deems conditions are no longer safe to continue. The referee may confer with the umpire in this regard.
2. Once a decision has been made by the officials to stop the game, based upon mutual agreement of both schools, one of the following three options must be selected:
   a. Resume play from the point of interruption at a later date.
   b. Declare a winner and loser based on the score at time of interruption.
   c. In the event the game is tied at the point of disruption and it is not possible to complete the game at a later date, the game will be considered canceled with neither team allowed to schedule a replacement game.

K. Head Coaches Must Complete Rules Meetings and Pass the Open Book Test
1. All head coaches of SDHSAA sports programs must complete an on-line rules meeting. Assistant coaches are encouraged to also complete the on-line rules meeting, but it is not mandatory.
2. In addition to completing the on-line rules meeting, each head coach must complete and pass the on-line open book test in the sport. Again, it is recommended that assistant coaches also take and pass the on-line open book test, but it is not mandatory.
3. The above is being done in an attempt to improve knowledge of the rules among the high school coaches. Notification of testing dates and procedures will be sent to Athletic Directors of each school.
4. The Board of Directors has adopted the following penalty code for non-compliance of this policy:
   - A $50.00 fine will be assessed to the member school if the head coach fails to submit and pass the on-line open book test, or view the on-line rules meeting. A fine of $75.00 will be assessed if both requirements are not met.

L. Coaches Must Meet SDHSAA Educational Requirements
All the athletic coaches in member schools must meet the education requirements set forth by the SDHSAA. **NOTE:** See Coaches Education Program section in the Athletic Handbook for SDHSAA Coaches Education Program.

M. Seven-Quarter Rule
1. Individual athletes shall not participate in more than seven quarters of basketball in a given day **against any common opponent**, regardless of site in which the contests are played. Under this provision a student will be able to participate...
in an “A” and a “B” game the same night, but is limited to a total of seven quarters. Participation in any quarter regardless of length of time, counts as one quarter of participation. NOTE: As per rule 3-3-2: “The substitute shall remain outside the boundary until an official beckons, whereupon he/she enter immediately” and 3-3-3: “A substitute becomes a player when he/she legally enters the court. If entry is not legal, the substitute becomes a player when the ball becomes live.” Overtime periods are considered part of the fourth quarter. A violation of the “Seven Quarter” rule will result in a direct technical charged to the head coach (unsporting act/conduct) and removal of the player from the game. Refusal to leave results in forfeiture.

2. For clarification purposes only, Rule 5-5-3 of the National Federation Basketball Rule Book reads as follows: “A quarter(s) may be shortened in an emergency or at any time by mutual agreement of the opposing coaches and referee. Playing time and number of quarters for non-varsity game quarters may be reduced by mutual agreement of opposing coaches.”

Note: In lower level contests: Any halves that are played longer than 8 minutes, and not to exceed 18 minutes, will count as two quarters of play toward the seven quarter rule limitation. For games played in halves, three halves shall equal seven quarters.

Situation: Team A and Team B are playing one another in a combination of varsity and sub-varsity contests in the following time frame: A jr. high contest at 4:30, a frosh game at 5:30, a JV contest at 6:45, and a varsity contest at 8:00. An athlete plays all four quarters in the jr. high contest and then because they are short of numbers at the sub-varsity level freshman game, the same athlete plays in four more quarters of the frosh game. Ruling: Illegal. Any athlete participating in any combination of these contests would be limited to a total of seven-quarters of participation. It does not matter how much time is between the games, players participating in any combination of games against the same common opponent are limited to a total of seven quarters. This regulation applies regardless of the combination of games (7th-8th, 9th, 10th, JV or varsity). The purpose of the seven quarter rule is to encourage participation by as many players as possible and not limit playing time to a few elite players.

Comment: The seven quarter rule does not apply when all contests are being played at the same level, i.e. two 9th grade games or a regular season tournament.

Note: South Dakota basketball teams will always follow the seven-quarter rule when playing in states which play their contests in quarters. In those states which play their contests in halves, three halves shall equal seven quarters. However, out of state opponents are not required to follow South Dakota’s seven-quarter rule. If member schools travel out of state for a contest, South Dakota member schools are required to abide by the seven-quarter rule.

The SDHSAA will provide a master copy of the Roster Participation Form, GB/BB #1, which needs to be completed by the scorekeepers from both schools certifying the number of quarters for each contestant who participated in the preliminary game(s). Following completion of this form by the scorekeeper, the head varsity coach from both schools will sign the form attesting to the accuracy of the data completed thereon. This form, GB/BB #1, can be located on the basketball page of the SDHSAA website under Basketball Forms. Each member school should reproduce this form in quantities that will meet each school’s individual needs.

N. Independent Team Rule
A high school student who participates as a member of a non-school athletic team at the same time (s)he is a member of a school team in that same sport loses his/her eligibility. Non-school teams would include independent, club, church and pick-up teams among others. This restriction applies throughout that particular sports season from the time it opens until it closes and includes all vacation and holiday periods during that season. For detailed information, refer to the Out of Season Section of the Athletic Handbook.

O. 7-8 Grade Participation on High School Teams and Non-School Teams

1. Once a seventh or eighth grade student becomes a member of a high school team, that student may not participate on a non-school team in that sport during the season and retain his/her high school eligibility. A seventh or eighth grade student is considered a part of the high school team once he/she has suited up for a contest (grades 9-12), regardless whether he/she actually plays or not. High school age students (9-12) are considered a part of the team once they have reported to practice.

2. Situation: An eighth grade student has been practicing with the high school team but has not dressed for/played in any high school contest (grade 9-12). During the weekend, this eighth grade student participates in a non-school contest with the local traveling team. Has this student violated a SDHSAA regulation thus jeopardizing his/her high school eligibility? Ruling: NO. The restriction does not apply until the student has actually suited up for a high school contest. However, had this student been a high school student (9-12) there would be a violation because membership on the high school team began when the high school student reported for practice.

P. Cheerleaders
Refer to the General Sport Cheer Guidelines in the Cheerleading Section of the Athletic Handbook.

**ITEMS TO NOTE:**
1. In Class “B”, Class “A”, and Class “AA”: Each team must play a minimum of fourteen (14) games in order to be seeded. Teams failing to play the minimum will receive the lowest seed for the sub-state pairings.

**Note:** If a team had at least fourteen games on their original schedule and the number of games played drops below fourteen due to a weather cancellation or other extenuating circumstances, the fourteen game minimum will be waived and the team will be seeded accordingly.

If more than one team in the same district/region plays fewer than 14 games, then the pairings will be as follows:

a. The team that played the fewer games would receive the lowest seed of the district/region.
b. If they played the same number of games, the best win-loss record will receive the second to last seed, with the other team receiving the last seed for the district/region.

2. The tie-breaking procedure applicable to Class “AA”, “A” and “B” is listed below (letter F)

3. It is recommended that schools update their out-of-state opponent(s) record on or around the 1st and 15th of each month throughout the season.

4. Classification of out-of-state schools will be based on actual enrollment, grades 9-11.

5. Other Pertinent Information:

a. Regional champions and the round of Sweet 16 champions will advance to the state tournament.
b. Wins or losses in the district/regional tournaments will have no bearing on seeding at the State Tournament.
c. A forfeit is a win for the team receiving the forfeiture and is considered a loss for the team that does the forfeiting.

**E. Seeding Process all classes for the State Tournament**

Based on the eight teams that have qualified in each class through the sub-state contests, the following process will be used to seed the State Basketball Tournament.

1. The highest seed point average is the #1 seed and so on and so forth.
2. Seed the State Tournaments in each class as follows: Seed teams 1 through 8 after all teams have qualified for the state tournament.
3. Wins or losses in district/regional tournaments will have no bearing on state tournament seeding.
4. Seed matchups will be as follows:

   - Seed 1 vs. Seed 8
   - Seed 2 vs. Seed 7
   - Seed 4 vs. Seed 5
   - Seed 3 vs. Seed 6

   For the order in which games will be played, refer to the tournament schedule listed at the beginning of the basketball section.

**F. Tie-Breaking Procedure Applicable to Class “AA”, “A” and “B”**

If teams should tie for a qualifying place because of identical seed point averages, the tie will be broken by applying the following criteria in the order listed. In the event of a multiple-team tie-break situation, teams shall be evaluated together until one is separated by the criteria in order. After one team is removed, the process shall start over with the remaining teams.

1. Head to head competition will be used to break the tie.
2. Victories (not losses) against common opponents will be used to break the tie. Multiple victories or losses will not be considered; two wins versus one win is not a factor when applying criteria.
NOTE: Situation 1: Teams A and B are tied. Team A plays Team C twice. The teams split. Team B plays Team C once and Team B wins. Team A and B remain tied. The loss is not considered. Situation 2: Teams A and B are tied. Team A plays Team C twice and Team A wins both games. Team B plays Team C twice. The teams split. Teams A and B remain tied. Two wins vs. one win is not considered and the loss against the common opponent is not considered either. Multiple victories or losses are not considered when checking results against a common opponent.

3. The best overall regular season win/loss record based on percentage. (Games that are played against a team that is considered to be a non-point producing game, will not be included when determining overall percentage)

4. If the tie cannot be broken, a drawing shall be held to determine the seeding position of the two schools involved.

NOTE: Margin of victory shall never be used as criteria for breaking a tie.

G. Committees—All Classes

1. A committee shall be formed with a meeting to be held prior to the district/region basketball tournaments for organizational purposes that include, but are not necessarily limited to, the following:
   a. Elect a chairperson.
   b. Set district and region tournament dates.
   c. Determine site for the district and region tournament.
   d. Alternate site if circumstances warrant.
   e. Selection of officials.
   f. Assign student and adult seating.
   g. Decide how much to pay the officials.
   h. Decide the number of police/security personnel that will be needed at the venue.

   A committee chairperson, superintendent, principal, athletic/activities director, is to be elected and each committee shall function following generally accepted Rules of Order. The district/region committee chairperson must be currently employed as an administrative staff member from a district/region member school. Minutes shall be kept of each meeting with a distribution made to each school represented on a timely basis. All schools participating in the tournament shall be notified as to time and place of any meetings.

3. Appointment of a new chairman, dates and site(s) for the following year. The current district and region chairman for each sport must submit to the SDHSAA the name of the individual that will be the chairman for the following year. This notification, along with an indication of the date(s) and site(s) should be made prior to May 1st. If a committee chair can not be named for the following year, the committee must designate a school and administrative position that will assume the chairmanship duties. Failure to name either an individual or a school, including the designated administrative position, for the chair will result in naming the current chairman as the chairman for the following year.

   If the above information is not supplied to the SDHSAA by May 15, a $50.00 fine will be assessed against the district or region not in compliance. Fines will be assessed for the ensuing school year. The new district/region committee is responsible for payment.

4. Input of Coaches - All committees are required to give coaches an opportunity to have input to the committee in their respective classes.

5. In Class “AA” basketball the region committee shall be comprised of one school administrator from each of the four schools that qualified for the region tournament.

H. Management of Tournaments

The committees shall make all arrangements for the tournament within the regulations of the SDHSAA. Its members should be present at the tournaments.

Any district or region committee violating or allowing to be violated, any tournament regulation, forfeits the right of its district to representation at the region tournament or its region representation at the state tournaments. However, the Board of Directors may accept in lieu thereof a fine to be set by the Board, this fine to be considered an item of district or region tournament expense. Any such fines paid shall go into the general fund of the State Association.

1. Ticket Prices for District and Region Tournaments:

   All district and region committees will charge the following ticket prices:

   Adults: $6.00
   Students: $4.00

   These ticket prices are in effect for both a single game and/or a doubleheader. Failure to charge the correct prices will result in the district/region making up the financial shortage.

Revised 7/16

Officials must work seven (7) games in the gender contracted to be eligible to work a district, region, or state tournament.
   g. Only certified officials shall be eligible to officiate sub-state and state athletic meets and tournaments.    f. It will not be necessary for a coach to verify to the chairman each day the fifteen (15) players who will be playing in the game, unless it is necessary to draw upon a player whose name was not on the original entry form.

ACADEMIC ACHIEVEMENT TEAM AWARD

In an attempt to recognize the academic excellence of the athletic teams and fine arts groups in each school, the SDHSAA created the “Academic Achievement Team Award”. The “Academic Achievement Team Award” is designed to recognize “varsity” level “teams” that achieve a combined GPA of 3.0 or higher.

For additional information about the “Academic Achievement Team Award”, refer to the “Academic Achievement Team Award” section of either the ATHLETIC or FINE ARTS HANDBOOK.
Duties of Shot-Clock Operator

The shot clock is used for the entire game, including overtime periods.

The shot-clock operator shall control a separate timing device with a horn that shall have a sound distinct and different from that of the game clock. An alternate timing device shall be available when a visible shot clock malfunctions.

The shot-clock operator shall:

A. Start the game clock and shot clock simultaneously when a player inbounds legally touches or is touched by the ball on a throw-in or when a team initially gains possession of the ball from a jump ball, a rebound or a loose ball.

B. Stop the timing device and reset it:
   1. When team control is again established after the team loses possession of the ball. [Note: The mere touching of the ball by an opponent does not start a new period if the same team remains in control of the ball.]
   2. When a foul occurs
   3. When a held ball occurs (except for C-4 below)
   4. When a try for the goal strikes the basket ring
   5. When a violation occurs
   6. When the defense intentionally kicks the ball and 14 seconds or less remain on the shot clock (Note: Reset to 15 seconds)
   7. When there is an inadvertent whistle and there was no player or team control at the time of the whistle

C. Stop the timing device and continue time without a reset when play begins under the following circumstances:
   1. The ball is deflected out of bounds by a defensive player
   2. A player is injured or loses a contact lens
   3. A charged timeout has concluded; and
   4. During team control as defined in Federation 4-12-1, a defensive player causes a held ball and the possession arrow favors the offensive team
   5. When an intentionally kicked ball occurs and more than 15 seconds remain on the shot clock

The offensive team upon regaining possession of the ball for the throw-in shall have the unexpired time to attempt a shot. After leaving the player’s hand, that attempt must strike the basket ring or enter the basket.

D. Sound the horn at the expiration of the shot-clock period. This does not stop play unless recognized by an official’s whistle. If the shot clock indicates 00 but the horn has not sounded, time has not expired. The timing device shall be turned off when the game clock shows less time than a shot-clock period.

E. Allow the timing device to continue:
   1. When touched by a defender during a loose-ball situation if the offense retains possession
   2. When a field goal try is attempted at the wrong basket
   3. When a blocked shot remains in bounds and is recovered by the team that shot

F. An alternate device shall be available when a visible shot clock malfunctions.
   1. Stopwatch – A digital stopwatch must be provided for the official timer and placed so that it can be seen by the timer and shot clock operator. This device must be a stand alone stopwatch and not any other type of device (e.g. mobile phone, wristwatch, computer, etc.) that has a stopwatch function.
   2. In the event one or both of the two shot clocks cease to operate (malfunction during play), the shot clock operator shall keep track of time and sound the horn when and if a violation occurs. In addition, the shot clock operator or public address announcer shall use the public address system to “count down” the shot clock, announcing when 10, 5, 4, 3, 2, 1 seconds remain.

If there is question as to whether a score was made within the shot-clock period or whether a try for goal strikes the basket ring, the final decision shall be made by the game officials.
SEEDING FORMULA AND GUIDELINES

Seeding Formula: (Class AA, A and B)
Seed points will be awarded based upon opponent’s win percentage as shown in the chart below.
Win percentage = number of varsity wins divided by the number of varsity contests played.

a. No points are deducted for playing teams which are classified below your classification. Exception: Class AA will deduct 2 points for each contest played against a Class A opponent, and deduct 3 points for each contest played against a Class B opponent.
b. In competitions against varsity opponents which are one classification higher, 2 bonus points will be awarded.
c. In competitions against varsity opponents which are two classifications higher, 3 bonus points will be awarded.
d. No contests against non-varsity opponents will count toward seed points.
e. A team’s seed point average will be determined by dividing the total number of seed points earned by the total number of contests played against varsity opponents, regardless of the opponent’s classification.

Class A and B Girls: No post-season basketball games will be played before Monday of Week #34.
Class A and B Boys: No post-season basketball games will be played before Monday of Week #35.
Class AA Girls and AA Boys: No post-season basketball games will be played before Friday of Week #34.

Note: Seed point averages will be calculated to include all regular season contests (both in and out-of-state opponents) in accordance with the timetable listed below:

ITEMS TO NOTE:
1. In Class “B” and Class “A”, each team must play a minimum of fourteen games as per the criteria established in the formula above in order to be seeded. Teams failing to play the minimum will be paired against the #1 seed.

NOTE: If a team had at least fourteen games on their original schedule and the number of games played drops below fourteen due to a weather cancellation or other extenuating circumstances, the fourteen game minimum will be waived and the team will be seeded accordingly.

If more than one team in the same district plays fewer than 14 games, then the pairings will be as follows:
a. The team that played the fewer games would be paired against the #1 seed.
b. If they played the same number of games, the best won-loss record would be paired against the #2 seed and the other pair against the #1 seed.

2. Member schools receive no credit for playing a non-member school. However, games played must count as one of the 20 games permitted.

Tie-Breaking Procedure Applicable to Class “AA”, “A” and “B”
If teams should tie for a qualifying place because of identical seed point averages, the tie will be broken by applying the following criteria in the order listed. In the event of a multiple-team tie-break situation, teams shall be evaluated together until one is separated by the criteria in order. After one team is removed, the process shall start over with the remaining teams.

1. Head to head competition will be used to break the tie.
   2. Victories (not losses) against common opponents will be used to break the tie. Multiple victories or losses will not be considered; two wins versus one win is not a factor when applying criteria.

NOTE: Situation 1: Teams A and B are tied. Team A plays Team C twice. The teams split. Team B plays Team C once and Team B wins. Team A and B remain tied. The loss is not considered. Situation 2: Teams A and B are tied. Team A plays Team C twice and Team A wins both games. Team B plays Team C twice. The teams split. Teams A and B remain tied. Two wins vs. one win is not considered and the loss against the common opponent is not considered either. Multiple victories or losses are not considered when checking results against a common opponent.

3. The best overall regular season win/loss record based on percentage. (Games that are played against a team that is considered to be a non-point producing game, will not be included when determining overall percentage)
4. If the tie cannot be broken, a drawing shall be held to determine the seeding position of the two schools involved.

NOTE: Margin of victory shall never be used as criteria for breaking a tie.
