Benefits Employee Self Service (ESS) Enrollment

Items Needed Before Enrolling:

- Dependents information including date of birth, address, and Social Security Number.
- Name and address of your physician(s). This information is needed to complete the Primary Care Provider (PCP) section for you and your covered dependents during enrollment. The selection you make will appear on your member ID card, but does not limit you to that provider in any way.

Important: Annual enrollment coverage will begin January 1st, but deductions for the Health Plan will occur in December’s pay.

**Step 1: LOGGING INTO ESS**
Go to [https://mybeacon.nc.gov](https://mybeacon.nc.gov).
Enter your NCID and password.

- If you are experiencing problems with NCID password, please contact your Agency HR Rep for assistance.

**Step 2: ADD YOUR DEPENDENTS WITHIN ESS**
New dependents not currently in the system must be added first in order to add them to your health plan later.

To add dependents, select the My Data (ESS) tab and then go to the My Benefits page.
