Office Equipment

What to look for in a business projector

- **Portability** – If you plan to be on the road, look for a compact design and light weight.
- **Lumens** – a standard for measuring image brightness. Rooms that have bright ambient light will require 2000-2500 lumens.
- **Contrast ratio** – High ratio is critical for movies, TV and gaming.
- **Data projection for offices does not require high contrast ratio.**
- **Resolution** – SVGA (ideal for graphs, spreadsheets, text, numeric data and video), WXGA (ideal for widescreen laptops, video, photos and graphics)
- **Projector lamp** – LED bulb gives you 20 000 hours viewing. - SVGA/XGA lamps, life average 5000-7000 hours.

Purchase all 3 for R2799 and save a further R248

1) Portable LED Projector
   - **Model:** PG62G
   - **Resolution:** WXGA (1280 x 800)
