WELCOME!

If we have not already met in class, at convention or chapter seminar, I would like to introduce myself. I have been teaching for 34 years and announced the creation of Sharon B’s Originals at the 1984 SDP Conference with 13 original design packets. Since then I have designed numerous other packets, authored 7 books and produced 2 videos. In addition I have created 19 unique Sharon B’s brushes to achieve the results I was looking for in my style of landscape painting.

I am now offering books, select brushes and several winter design packets on sale for SDP’s Holiday Catalog. You will also find 2 NEW winter design packets, inspired by Hofcraft’s wonderful wood surfaces. To order these Holiday specials, simply go to:

SharonBsOriginals.com

click on the desired products and select your items. Our site offers Pay Pay and most orders go out within 2 days. If you are ordering from outside the continental United States, please allow additional time, depending on your location.

Enjoy a wonderful Holiday Season and I look forward to hearing from you!

www.thebrushguys.com
Dynasty's Black Gold brushes are premium quality artist brushes designed to satisfy increased consumer demand for a higher level of performance. They are as distinctive looking as they are unique in their performance characteristics. They can be immediately identified by their regal black ferrules and two-toned varnished handles. The multi-diameter synthetic fibers are specially blended for great control and responsiveness. They offer impressive load capacity and point beautifully.

www.thebrushguys.com
We have the lowest prices on the internet!

La Corneille Golden Taklon brushes are the most popular, widely-used brushes in decorative painting. They are durable, versatile, have excellent spring and color holding capacity. And they come to a fine point or will hold a chiseled edge.

Because of these features, many artists consider them to be the finest golden taklon brushes in the world.

La Corneille is a true multi-media brush—great for acrylics, watercolor, and oils. It is available in 106 shapes and sizes. All brushes are short handled.

I have been teaching art classes for more than thirty years. I began learning and teaching in oils and now teach in acrylics and watercolors also. I have traveled extensively in the United States and Canada for years. I now have 15 books, hundreds of pattern packets, several DVDs, my own line of brushes and specialty canvases. My husband and I have an art studio called The Tole Bridge which has been open for 28 years. We have a complete line of supplies and have ongoing classes all year. If you are interested in having me come to your art guild, chapter or studio to teach, please contact me by phone or email.

We appreciate you!
“My wood products are smooth to the touch, delightful to the eye, and meet the highest standards.”

I look forward to working with you and providing well-crafted wood products you can use with confidence in your artistic endeavors. I offer top-notch quality, satisfaction guaranteed, and great artist-to.artist customer service – every day. I am confident that your masterpieces will be beautiful and special when you start with one of my surfaces.
