SAFETY AND CRIME PREVENTION TIPS

▶ TRUST YOUR INSTINCTS!
If you THINK there is something wrong, there is probably something wrong.

▶ DO NOT PROP DOORS OPEN!
This compromises the security of the entire building.

▶ LOCK YOUR DOOR, AND PROTECT YOUR KEY!
Even when leaving for only a few minutes – lock your door, and take your key. Never hide or lend keys. Always lock your door when you or your roommates are sleeping. Do not attach your ID card to your keys.

▶ DO NOT ALLOW STRANGERS INTO YOUR ROOM/APARTMENT
Find out who is at your door before you open it. UNH employees carry identification – don’t be afraid to ask for it. Beware of solicitors! They are not allowed in residence halls and should be immediately reported to the UNH Police Department at ext. 7070.

▶ AVOID RISKY BEHAVIOR!
Remember that alcohol impairs your judgment. THINK before you drink, and consider the risks BEFORE you act. The decisions you make NOW can have a significant impact on your safety and on your future.

▶ BE ALERT TO WHAT IS GOING ON AROUND YOU!
Be aware of your surroundings, and walk confidently and with determination. Avoid shortcuts in isolated areas, and walk in groups at night.

▶ BE AWARE OF YOUR RIGHTS IN SOCIAL AND SEXUAL SITUATIONS!
Be willing to say “No!” if a situation becomes uncomfortable. NO MEANS NO! Unwanted physical contact is a crime. Report it immediately to the UNH Police Department (ext. 7070) or to a member of the Residential Life staff.

▶ PROTECT YOUR PROPERTY:
✓ Be sure homeowner’s insurance covers your property while at UNH.
✓ Record serial numbers of valuable items.
✓ Put an identifying number near the binding of the same page in all of your books.
✓ Keep wallets, purses, checkbooks, jewelry out of sight and locked away, if possible.
✓ Do not keep large sums of cash – use the on-campus ATM or a checking account.
✓ Keep track of credit cards, and report their loss immediately.

MESSAGE FROM THE CHIEF

The University of New Haven Police Department is comprised of Police Officers fully certified by the State of Connecticut. We continually train and keep abreast of changes in the laws and any trends that could impact safety on this campus. This department is a professional Police force dedicated to providing the highest level of customer service to all members of the UNH community and we strive to make this campus a safe environment in which to live, learn, and work. Our biggest strength is the partnerships we maintain with all of the many groups and organizations that make up the University of New Haven Community and we are a department dedicated to the principles of community policing. We work diligently to provide the highest level of safety and security to students, faculty, staff, and all others that visit our campus and we encourage feedback and suggestions on ways to improve in those efforts.

I welcome you to stop by and visit this fine campus and to please feel free to contact me or any member of this department with any question or inquiry that you may have.

Sincerely,

Mark DeLieto, Chief of Police

BACKGROUND

The Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act (Clery Act) is a federal law that requires all colleges and universities to annually disclose information about crime on and around their campuses. The act is named in memory of Jeanne Clery, a 19-year-old Lehigh University freshman who was assaulted and murdered in her residence hall room on April 5, 1986. This report has been prepared to meet the requirements of this act. The statistics included are for the three most recent reporting periods, calendar years 2012, 2013, and 2014. Also included is the Fire Safety Report for 2012, 2013, and 2014. Safety on the university campus is a natural source of concern for parents, students, and university employees. Education—the business of the University of New Haven—can take place only in an environment in which each student and employee feels safe and secure. UNH recognizes this and employs a number of security measures to protect the members of this community.

UNH POLICE DEPARTMENT OVERVIEW

The University of New Haven Police Department provides full-service police protection 24 hours a day, seven days a week. The department is comprised of sixteen sworn positions, and all officers have been fully trained through the State of Connecticut Police Officers Standards and Training Council Academy and have full arrest powers. Police authority is granted by state statute through the Mayor of the city of West Haven. A memorandum of understanding (MOU) is in place with the city of West Haven. The University maintains membership in the South Central Criminal Justice Association (SCCJA) and department representatives attend monthly meetings and trainings with our regional law enforcement partners. Officers patrol campus in marked police cruisers, on foot, and on mountain bicycles. We encourage all officers to “reach out” to students and create opportunities for casual dialogue. Additionally, five certified dispatchers staff the office to handle radio and telephone communications and assist the many students and staff who visit the department.

Police authority is granted through the city of West Haven, however, the UNH Police Department is a law enforcement agency separate from city government. A close working relationship exists with the West Haven Police Department as well as other local police agencies and the Connecticut State Police Department.

In keeping with the University of New Haven Mission of experiential education, the University of New Haven Police Department maintains a student patrol program. Student Patrols perform escorts and such routine duties as securing buildings/classrooms, and campus patrol. This is a paid position and students involved with this program receive a stipend for their services. The Police Department also offers a limited number of student internships each semester. UNH is one of the premier institutions for the study of criminal justice, and student employment with the UNH Police Department affords students practical experi-
The community policing model balances reactive responses to calls for service with proactive problem solving centered on the causes of crime and disorder. Community policing requires police and citizens to join together as partners. The elements of this model are community partnership, problem solving, and organizational transformation.

In a Campus Public Safety setting this extends to the role of working with the community to prevent, prepare, plan, respond to, mitigate and recover from disasters, crises and other emergency situations.

REPORTING CRIMES AND EMERGENCIES

- Call 9.1.1 for emergency Police, Fire, or EMS services from the City of West Haven.
- Call 203.932.7070 for emergency service from the UNH Police Department (on campus dial 7070).
- Call 203.932.7014 for non-emergency calls to the UNH Police Department (on campus dial 7014).

Community policing is particularly attractive in a university setting as colleges are traditionally open environments where a culture of inquiry and discourse is fostered. Opportunities for partnership and problem solving are particularly valued on college campuses. This university and its police department are well suited to this environment due to the University’s mission of experiential education and our strong involvement in Criminal Justice, Public Safety/Security and Emergency Management disciplines. The opportunities for partnership and collaborative problem solving are endless.

CRIMES AND EMERGENCIES CAN BE REPORTED IN ANY ONE OF SEVERAL DIFFERENT WAYS:

- By telephone to one of the above numbers
- In person at the UNH Police Department
- In person to any officer on patrol
- By designated emergency telephones located across campus (see below)
The University of New Haven maintains a network of emergency telephones strategically located across campus. By the simple push of a button the caller is connected directly to the UNH Police Dispatch Center. Even without any voice communication, dispatchers will know the location of the activated telephone, and officers will respond. It is paramount that crimes or any suspicious person(s) or activity be immediately reported to the UNH Police Department at 203.932.7070. If you wish to remain anonymous, the UNH Police Department will take the pertinent information and investigate all reported matters to the extent possible.

Crimes and suspicious activity may be reported anonymously using the Silent Witness reporting form which is available on the UNH web site. Go to (www.newhaven.edu/student-life/18903). If you have information concerning a crime that has been committed, or will be committed, simply fill out the form with as much detail as possible and submit the form. The UNH Police Department will investigate all complaints to the extent possible with the information provided. This program is not intended for crimes in progress! If you see a crime being committed, contact the UNH Police Department immediately at 203.932.7070, or the West Haven Emergency Response Center at 9.1.1.

Individuals should report a crime to the University of New Haven Police Department for purposes of the campus making timely warning reports to the community and annual statistical disclosure.

TIMELY WARNINGS/CRIME ALERTS

In the event that a situation arises, either on or off campus, that, in the judgment of the University Police Chief or his designee, constitutes a continuing threat, a campus-wide crime alert will be issued. Crime alerts are issued by the Chief of Police or his designee, as soon as possible, once an incident is confirmed. Confirmation means that an institution’s official has verified that a legitimate emergency or dangerous situation exists. Timely Warning Notifications will be made via the use of one or more of the following methods:

- Emergency Notification System
  - Email
  - Text Message
  - Voice Message
- University Email
- University Message Boards
- University Desktop Computer Message
- University Website

Depending on the particular circumstances of the crime, especially in all situations that could pose an imminent threat to the community and/or specific individuals or locations, the UNH Police Department may also use the mass notification system and post a notice in any or all campus buildings. Anyone with information warranting a timely warning should report the circumstances to the UNH Police Department — by phone at 203.932.7070 or in person at the UNH Police Department in the lower level of the Campus Book Store building. Any emergency situation should be reported via 9.1.1.

EMERGENCY NOTIFICATION/EVACUATION PROCEDURES AND POLICIES

The University’s Department of Public Safety develop and maintain university policies and procedures, including the necessary actions individuals should take when faced with an emergency situation as well as a summary of university responses actions. The University of New Haven’s procedures for emergency events can be found online at: www.newhaven.edu/student-life/18645/.

The University has an Emergency Notification procedure in place to alert the campus community to an imminent threat to public safety. The Emergency Notification System will allow for the dissemination of emergency information to every telephone number stored in the system in the form of voice, text and email messages. Additionally, the University has an Emergency Public Address system which can broadcast live or prerecorded emergency information and instruction. The emergency warning system can also utilize the UNH email system, speaker systems located on emergency telephones, and electronic message boards to transmit emergency information.

The Department of Public Safety conducts emergency response exercises each year, such as tabletop exercises, field exercises, and tests of the emergency notification systems on campus. These tests are designed to assess and evaluate the emergency plans and capabilities of the institution.
University of New Haven police officers and supervisors have received training in incident command and responding to critical incidents on campus. When a serious incident occurs that causes an immediate threat to the campus, the first responders to the scene are usually the University of New Haven Police, West Haven Police, West Haven Fire Department, and/or American Medical Response. They typically respond and work together to manage the incident. Depending on the incident other University Departments and other local or federal agencies could also be involved in responding to the incident.

Upon confirming that an emergency or dangerous situation exists involving an immediate threat to the health or safety of students or staff on campus, an immediate notification will be disseminated to the campus community. The Department of Public Safety will, without delay and taking into account the safety of the community, determine the content of the notification and initiate the notification system, unless issuing a notification will in the judgment of the first responders compromise the efforts to assist a victim or to contain, respond to, or otherwise mitigate the emergency.

The Department of Public Safety will continue to post updates regarding the emergency by use of one or more of the following methods:

- Emergency Notification System
- Email
- Text message
- Voice Message
- University Message Boards
- University Desktop Computer Message
- University Website

Members of the larger community who are interested in receiving information about emergencies on campus can sign up (opt into) the Emergency Notification System by going to https://unh-web-01.newhaven.edu/UNHEmergency/NotificationData.aspx.

ACCESS TO CAMPUS FACILITIES AND RESIDENCE HALLS

Academic and administrative facilities are unlocked and open to members of the university community during the normal course of the business day. Special access outside of normal business hours must be prearranged through individual academic or administrative departments.

UNH residence halls are kept locked and are controlled by a proximity card system and video surveillance. Students are advised to be alert to non-residents trying to “tailgate” into the building behind them. CCTV cameras record all activity at the main residence hall entrances and are monitored at the UNH Police Department. The Office of Residential Life has a Visitor Policy that must be followed by guests entering the Resident Halls. Failure to follow all visitor policies may result in the visitor being escorted from University property.

An important security consideration is the matter of unlocked or propped doors. Residents should ALWAYS keep their residence hall room locked and ALWAYS know who is knocking before opening the door. It is the responsibility of every resident to help insure that no doors are propped open. If you see a propped door, you should unprop it or immediately report it to the Residential Life staff.

MAINTENANCE OF CAMPUS FACILITIES

To help ensure the safety of the entire university community, outdoor lighting, door locking systems and landscaping around residence halls and throughout campus
are maintained by the University of New Haven Facilities Department. Facilities and landscaping are maintained in a manner that minimizes hazardous conditions. UNHPD regularly patrols and reports malfunctioning lights, emergency phones, and other unsafe physical conditions to the Facilities Department for correction.

**CRIME PREVENTION/EDUCATION PROGRAMMING**

The University of New Haven Police department offers programming to the students for the purpose of educating them on crime prevention. Among those programs are:

- **Stay Safe at College 360** — A video and discussion on common campus safety issues such as protecting your possessions and identity, controlling behavior, everyday safety, common-sense defense, and safe travel.

- **Surviving the Active Shooter: Student Version** — An important presentation on recognizing and surviving this unlikely but dangerous event, including strategies to increase “Situational Awareness”.

- **FEMA Active shooter** — The Federal Emergency Management Agency (FEMA) and Department of Homeland Security provide a half-hour long training video on what to do if an active shooter is reported on campus. Learn how to prepare and how to stay safe during this kind of incident. Link to training can be located on the Campus Police website under Campus Safety Resources.

- **Campus Safety Walk** — UNHPD, in partnership with Lee College of Criminal Justice, ACJA, students, and staff will join together for an evening walk around campus. The campus will be divided into zones and groups will walk their zone noting possible hazardous conditions, any recommendations for safety improvements and a report will be compiled so that issues can be addressed.

- **NIFAST** — Online fire prevention program.

- **R.A.D. (Rape Aggression Defense)** — is a program of realistic self-defense tactics and techniques. It is a comprehensive 12-hour course (free of charge) that begins with awareness, prevention, risk reduction and risk avoidance and progresses to the basics of hands-on defense training. Two classes of RAD are offered per semester.

- **R.A.D. for Men. (Resisting Aggression with Defense)** — is a 12-hour self-defense course offered to men in the UNH community. The course helps teach men ways to avoid confrontation and violence as well as the consequences of being involved in a fight. The course helps prepare men to defend themselves if they are unable to walk away from a situation. Training is normally offered at least once per semester.

The R.A.D. for Women (CJ 1110) and R.A.D. for Men (CJ 1112) programs are also offered as a one credit course. Check the Course Catalog for more information.

**POLICY ON DRUGS AND ALCOHOL**

University policies and procedures provide both a guideline and system of accountability to aid in establishing and maintaining personal and community standards. In compliance with all federal, state and local laws, the University of New Haven prohibits the possession, manufacture, sale, distribution, and unlawful use/abuse of any and all controlled substances and drugs. The University also abides by and enforces Connecticut State laws regarding alcohol (sec. 30–89, 30–89a) which state that only persons 21 years of age or older may buy, deliver, consume, possess, or transport alcoholic beverages, and outlines legal obligations for persons exercising dominion over dwelling units. Additionally, there are many other provisions of university policy that pertain to alcohol.

**ALCOHOL GUIDELINES AND REGULATIONS**

Use or possession of alcoholic beverages and the sale, delivery, or service to individuals under the age of 21 is prohibited by the University and Connecticut state law.

1. Any public or private use of alcohol by students that leads to intoxication, intrusive, destructive, or violent behavior is unacceptable to the University community and will be treated as a conduct matter. Intoxication is defined as the point where the quantity of alcohol a person consumes exceeds the individual’s tolerance for alcohol and impairs behavioral or physical abilities.

2. All students are responsible for discouraging alcohol related behavior that is abusive to themselves or to others. Any effort to induce or force a student to drink against his/her expressed desire is prohibited. Students will be held accountable for their behavior at all times, to include:

   - Instances when they themselves are under the influence of alcohol.

   - Instances when they are involved with an individual who is under the influence of alcohol.

3. Students and their guests who are 21 years of age or older may have alcohol in their living unit within the residence halls/apartments provided that:

   - No minors with the exception of assigned roommates are present.
The student of legal drinking age ensures that those residents of the living unit who are not of legal drinking age do not possess, consume, or serve alcohol.

Intoxicated individuals are not served.

There is no appearance of underage consumption.

Failure to enforce the above guidelines makes the host liable under the law, not only for serving alcohol illegally, but also for actions which the individual under the influence might take after leaving a room/apartment. Additionally, students involved will be referred to the University Conduct System for substance policy violations.

4. The consumption of alcohol or possession of an open container (i.e. bottles, cans, cups, squeeze bottles, etc.) is not permitted on University grounds and in public areas such as hallways, lobbies, stairwells, elevators, common areas, etc with the exception of approved University sponsored events on campus. A closed container is defined as having the manufacturing seal intact.

5. The presence, possession, or use of common source containers of alcoholic beverages (including but not limited to kegs, beer balls, other bulk containers requiring a tapping device or spigot, punch bowls, trash cans, or other containers used as punch bowls) by individuals or groups is prohibited. This includes common source containers at tailgate events on campus.

6. Contests (drinking games) involving the consumption of alcohol and possession of any paraphernalia related to such contests are prohibited and will be confiscated if found.

7. The use or possession of funnels to consume alcohol is prohibited.

8. The use or possession of grain alcohol is prohibited.

9. Alcohol is prohibited on any athletic field and at all athletic events.

10. Receptions held in academic buildings are the responsibility of the academic departments sponsoring the event and must be in compliance with all state laws and University regulations.

11. Operation of a motor vehicle while under the influence of alcohol is prohibited and subject to University and civil action.

12. Violations of the Substance Use Policy posted on the internet (Facebook, Myspace, email, Instant Messenger, etc.) may be subject to disciplinary action.

13. Violations of the Substance Use Policy will be referred to the University Conduct System.

14. Questions that involve employees’ use or abuse of alcohol should be directed to the Human Resources Office.

**SUBSTANCE ABUSE EDUCATION**

The University of New Haven, as part of its drug and alcohol prevention program for students and employees, annually distributes in writing to each student and employee the following information:

- Standards of conduct that clearly prohibit the unlawful possession, use or distribution of illicit drugs and alcohol
- The applicable local, state and federal legal sanctions for drug and/or alcohol violations
- A description of health risks associated with drug and alcohol abuse
- A clear statement of University disciplinary sanctions for violations

In compliance with the Drug-Free Schools and Communities Act, the University distributes its Commitment to a Drug-Free Environment annually to all faculty, staff and students.

The University also conducts numerous programs during Alcohol Awareness Week each year to raise awareness, including:

- “Alternative drinking events” to demonstrate that a good time can occur in the absence of alcohol.
- Police Mock Sobriety Tests
- The “Pledge Not to Drink and Drive”
- The “Dead Man Walking” program where selected students wear black for the day and cannot speak, representing someone who has died in a drunk driving accident.
- An on-campus demonstration by the Connecticut State Police with “The Convincer,” a crash simulator used to drive home the need to wear seat belts.
CRIME STATISTICS

The University of New Haven’s annual security report includes statistics for the previous three calendar years (2012, 2013, and 2014) concerning crimes which reportedly occurred on campus or immediately adjacent to campus. Data is collected from several sources, including crimes that have been reported directly to the UNH Police Department or to the West Haven Police Department. Additionally, several persons on campus have been identified as Campus Security Authorities. These persons have a significant responsibility for student and campus activities including, but not limited to, student housing, student discipline, athletics, and campus judicial proceedings.

For all branch or separate campuses, UNHPD requests crime statistics from each local law enforcement agency in the jurisdiction of the campus and from any Campus Security Authorities associated with each location.

CERTAIN COUNSELORS EXCLUDED FROM REPORTING

Campus “Pastoral Counselors” and campus “Professional Counselors,” when acting as such, are not considered to be campus security authorities and are not required to report crimes for inclusion in the annual disclosure of crime statistics. As a matter of policy, they are encouraged, if and when they deem it appropriate, to inform persons being counseled of the procedures to report crimes on a voluntary basis for inclusion in the annual crime statistics.

Pastoral Counselor has been defined as a person who is associated with a religious order or denomination, is recognized by that religious order or denomination as someone who provides confidential counseling, and is functioning within the scope of that recognition as a pastoral counselor.

Professional Counselor has been defined as a person whose official responsibilities include providing mental health counseling to members of the institution’s com-

WEAPONS

The possession or use of firearms, fireworks, explosives, dangerous weapons, or facsimile weapons or explosives or the possession of unauthorized chemicals is strictly prohibited and in many cases also violates state or federal law. Sworn and currently active police officers are excluded from the firearms portion of this prohibition. Unless they are dressed in full uniform, police officers must keep firearms concealed so as not to cause alarm on campus.
munity, and who is functioning within the scope of his or her license or certification. This definition applies even to professional counselors who are not employees of the institution, but are under contract to provide counseling at the institution.

DIRECTOR OF SAFETY, TRAINING & UNIVERSITY FIRE MARSHAL

In October 2014, the University of New Haven hired Christopher Reed as the Director of Safety, Training & University Fire Marshal. The Director, in partnership with the campus community, sponsors programs, policies and procedures that promote an understanding of safety as it relates to the well-being of the community, both on and off campus.

The goals of this department are to reduce the risks of fire and other emergencies by proactively addressing safety issues on all University of New Haven campuses. This is accomplished through training, fire prevention, fire code inspection/compliance, liaison with community safety professionals, and enforcing policies and procedures.

ANNUAL FIRE SAFETY REPORT

All on-campus residence halls are fully sprinklered and equipped with Fire alarm Systems. Each sleeping area is equipped with smoke detectors. All smoke detection found in hallways, elevator shafts and pull stations put the building into general alarm. Residents are warned through the use of audible signals and strobe lights. The building alarm is monitored 24 hours a day, 365 days a year. The monitoring service contacts the West Haven Fire Department as well as the University of New Haven Police Department which brings all levels of response.

Doors located in the means of egress and between each unit and egress corridors are fire rated. Evacuation routes are equipped with emergency lighting and exit signs. Both systems have battery back-up designed to illuminate egress routes for 90 minutes. Portable fire extinguishers are located throughout residence halls. The UNH Police Department maintains a daily Fire Log that is open to public inspection. The log is required to list all fires in on-campus residence halls. Fire evacuation drills are conducted once each semester in each residence hall. Residents are trained in evacuation procedures and are instructed to meet at predetermined meeting places.

State law prohibits smoking in all residence halls and the University of New Haven is a smoke-free campus. Possession of fireworks, any combustible or explosive composition, or any substance or article prepared for the purpose of producing a visible or audible effect by combustion, explosion, deflagration, or detonation is prohibited on campus.

Incense burners, candles, extension cords, halogen lamps and all open flame devices are strictly prohibited in residence halls. The only permitted extension cord-type device is a UL approved power strip with a built-in circuit breaker. The only portable electric appliances permitted in residence halls are those with acceptable power requirements and that have the UL seal of approval.

† Dollar value of property damage.
* Cooking stove fires
Periodic fire safety inspections are conducted by the university and local Fire Marshal. Residential Life staff receives fire safety training each year and perform health and safety inspections each month.

Any fire should be immediately reported to 9.1.1 (West Haven Emergency Reporting System). Notification must also be made to the University of New Haven Police Department at 203.932.7070. Other notifications, as needed, will be made by the UNH Police Dispatcher. The Residence Life staff trains students in fire safety, and evacuation procedures. Additionally, all freshmen residents are strongly urged to participate in an online fire safety program (www.firesafeunh.com) that educates them on correct fire safety procedures, evacuation routes for the particular dormitory they are housed in, and awareness of fire suppression systems currently available on campus. Faculty and staff are referred to the University’s Emergency Response Plan which is available on the UNH web site. An Emergency Response Plan App is available for download at Schooldude CrisisManager. Students from the Fire Science and EMS Clubs conduct regular checks of portable fire extinguishers, AEDs and emergency blue phones on campus.

MISSING STUDENT NOTIFICATION POLICY

The Higher Education Opportunity Act of 2008 requires the establishment of a Missing Student Notification Policy and related procedures.

It shall be the policy of the University of New Haven Police Department that a report will immediately be taken from any source reporting concerns that a student might be missing, and an investigation will immediately begin. Any student, staff or faculty member who becomes aware of the possibility of a missing student should report that information, without delay, to the UNH Police Department at 203.932.7070.

The immediate investigative steps will include broadcasting identifying information regarding the missing student and interviewing appropriate people including roommates, friends, etc. Additional steps include obtaining a photograph of the student, and sharing it with appropriate persons including food service staff, library staff, faculty, etc. Efforts will be made to locate any vehicle registered to the missing student.

The Dean of Students and appropriate Residence Life Staff will be notified and will assist as needed in attempting to locate the missing student. Information Services will be employed to check email and card key access accounts. Social Networking websites will be checked for recent activity.

The assistance of outside agencies will be employed as needed. If there is reason to believe that the missing student has been the victim of foul play or is otherwise endangered, additional notification systems will be employed.

In addition to registering an emergency contact, students residing in on-campus housing have the option to identify, confidentially, an individual to be contacted by UNH in the event the student is determined to be missing for more than 24 hours. If a student has identified such an individual, UNH will notify that person after the student is determined to be missing. Students who wish to identify a confidential contact may do so by calling the Office of Residential Life.

If the missing student is under the age of 18 and is not an emancipated individual, UNH will notify the student’s parent or legal guardian immediately once the University of New Haven Police Department has determined that the student has been missing for more than 24 hours.

The family, or confidential contact person designated by the student, will be notified no later than 24 hours after the student is determined to be missing.

Once the missing person has been located, appropriate notifications will be made by the UNH Police Department.

POLICY ON SEXUAL MISCONDUCT

Police Investigation: First and foremost, sexual assault is a crime. The UNH Police Department will work vigorously with the West Haven Police Department to investigate all reported Sexual assault crimes and will work closely with victims, other law enforcement agencies, and the State’s Attorney’s Office to bring perpetrators to justice.

University Sexual Assault Protocols: These state unequivocally that sexual assault is a crime as well as a violation of the UNH conduct code.

Please refer to the UNH Student Handbook’s Sexual Misconduct Policy for further details and the complete language of the policy.

The University of New Haven’s Student Code of Conduct prohibits sexually violent acts, termed “Sexual Misconduct” by the University, which can be crimes as well. Sexual misconduct includes non-consensual sexual intercourse, non-consensual sexual contact, sexual exploitation, intimate partner violence, sex/gender-based stalking and sexual harassment. While the University of New Haven utilizes different standards and definitions than the Connecticut State Code, sexual misconduct often overlaps with crimes of rape, sexual assault, sexual harassment, stalking, dating violence, and domestic violence. Victims of these behaviors are protected by federal laws, specifically Title IX (www.newhaven.edu/titleix), and the Clery Act, which mandates the contents of this report.

It is the policy of the University of New Haven not to notify local/campus law enforcement when sexual misconduct occurs, unless a victim wishes or there is an emergency threat to health or safety. Victims have the option to notify law enforcement directly, or to be assisted in doing so by campus authorities. If requested, campus officials can facilitate reporting to campus or local law enforcement, but may also respect a victim’s request not to do so.
EDUCATIONAL PROGRAMING

In an effort to reduce the risk of sexual misconduct as well as the crimes of rape, sexual assault, sexual harassment, stalking, dating violence and domestic violence occurring among its students, the University utilizes a range of campaigns, strategies and initiatives to promote awareness, educational, risk reduction and prevention programming.

It is the policy of the University to offer programming to prevent domestic violence, dating violence, sexual assault (including stranger and known offender assaults) and stalking each year. Educational programs are offered to raise awareness for all incoming students and employees, and are often conducted during new student and new employee orientation and throughout an incoming student’s first semester. Programs and other campaigns offered throughout the year to all students and employees include strong messages regarding not just awareness, but also primary prevention (including normative messaging, bystander intervention, and the interactions between sexual assault and substance use), and discuss institutional policies on sexual misconduct as well as the Connecticut definitions of domestic violence, dating violence, sexual assault, stalking and consent in reference to sexual activity. Programs also offer information on risk reduction that strives to empower victims, how to recognize warning signals and how to avoid potential attacks, and do so without victim-blaming approaches.

Bystander engagement is encouraged through safe and positive intervention techniques and by empowering third-party intervention and prevention such as calling for help, using intervention-based apps, identifying allies and/or creating distractions. Bystander empowerment training highlights the need for those who intervene to ensure their own safety in the intervention techniques they choose, and motivates them to intervene as stakeholders in the safety of the community when others might choose to be bystanders.

The following are programs/trainings presented by the Rape Crisis Center of Milford in conjunction with the University on the UNH Campus:

- Residential Advisors and Residential Directors – UNH Sexual Misconduct Policy, Introduction and Training
- Peer Educators – Introduction to Rape Crisis Center and Overview of “What is Sexual Assault?”

In the event that sexual misconduct, gender-based violence or the crimes of sexual assault, stalking, dating violence or domestic violence do occur, the University of New Haven takes the matter very seriously. The University employs interim protection measures such as interim suspensions and/or no contact orders in any case where a student’s behavior represents a risk of violence, threat, pattern or predation. If a student is accused of sexual misconduct, other gender-based violence or the crimes of rape, sexual assault, sexual harassment, stalking, dating violence or domestic violence, s/he is subject to action in accordance with the Sexual Misconduct Policy in the student handbook. A student wishing to officially report such an incident may do so by contacting the Title IX Coordinator, Caroline Koziatek (203.932.7479 or ckoziatek@newhaven.edu) or Deputy Title IX Coordinator for Student Sexual Misconduct, Rebecca Johnson (203.932.7176 or rjohnson@newhaven.edu).

Anyone with knowledge about sexual misconduct or gender-based violence or the crimes of rape, sexual assault, sexual harassment, stalking, dating violence or domestic violence is encouraged to report it immediately. Protective measures for victims are available from the campus whether a victim pursues a formal complaint through the University of New Haven process.

If you are the victim of sexual misconduct, gender-based violence or the crimes of rape, acquaintance rape, sexual assault, sexual harassment, stalking, dating violence or domestic violence, some or all of these safety suggestions may guide you after an incident has occurred:

GUIDANCE ON TAKING IMMEDIATE ACTION AFTER A SEXUAL ASSAULT INCIDENT

1. Get to a safe place as quickly as you can. If there is any immediate danger, contact Campus Police (203.932.7070) if you are on campus or call 911 if you are off campus. If you are on campus during regular business hours, you may go to Counseling and Psychological Services as well as to Health Services for support and guidance (both services are located in the
lower level of Sheffield Hall). Both of these offices serve as confidential resources.

2. It is encouraged that you do not wash, bathe, shower, douche, or change clothing after the incident if you wish to seek immediate medical treatment. If you have already taken any of these actions, you are still encouraged to have prompt medical care, and evidence may still be recoverable.

3. In order to see a criminal case through to a successful conclusion, it is important that evidence be preserved. Ensure that the physical scene of the assault, i.e., room, car, etc., not be altered, cleaned up, or disturbed in any way. The decision on how to proceed can be made at a later date, but evidence preservation keeps options open.

   a. Typically, if police are involved or will be involved, they will obtain evidence from the scene, and it is best to leave things undisturbed until their arrival. They will gather bedding, linens or unlaunched clothing and any other pertinent articles that may be used for evidence. It is best to allow police to secure items in evidence containers, but if you are involved in transmission of items of evidence, such as to the hospital, secure them in a clean paper bag or clean sheet, to avoid contamination.

   b. If you have physical injuries, photograph or have them photographed, with a date stamp on the photo.

   c. Record the names of any witnesses, and their contact information. This information may be helpful to the proof of a crime, to obtain an order of protection or to offer proof of a campus policy violation.

   d. Try to memorize details (physical description, names, license plate number, car description,), or even better, write notes to remind you of details, if you have time and the ability to do so.

4. You may want to receive medical attention as quickly as possible. In the State of Connecticut, you may request an advocate that can accompany you during all medical exams, free of charge, from the hospital. When receiving medical attention, it is very important that you TRY NOT eat or drink anything until the forensic evidence kit is completed at the hospital. Forensic evidence kits are available without charge in the State of CT, and may only be completed within 120 hours of the incident. Hospital Emergency Departments are qualified to administer this kit.

5. If you decide not to seek medical attention in relation to a police investigation (i.e. the rape kit), still seek medical attention from University Health Services, a gynecologist or local hospital. Female victims should talk to a healthcare professional about the “morning after pill” if the sexual contact may result in unwanted pregnancy. This type of medication is most effective within 72 hours of the incident. Both females and males may also want to be screened for sexually transmitted infections.

6. If you wish to request a toxicology kit, to screen for all drugs in your system, you may do so at the Hospital Emergency Department. Toxicology kits are more effective immediately after the incident, and can be administered within 72 hours of the incident.

7. Tell someone you trust about the incident or one of the community resources listed below. Some University officials are required to report information regarding sexual violence to the Title IX Coordinator, so you may refer to the confidential resources listed in the table below as well.

**GUIDANCE ON TAKING IMMEDIATE ACTION WHILE OR AFTER EXPERIENCING INTIMATE PARTNER VIOLENCE AND/OR STALKING:**

1. Get to a safe place as quickly as you can. If someone is following you, consider going to a police station, place of worship, or public area.

2. In the event that you are experiencing intimate partner violence or stalking, you are encouraged to record all related behaviors, such as harassing telephone calls, electronic contacts (e.g., texts, e-mails, Facebook messages), letters/notes, acts of vandalism, and threats communicated through third parties. Record the following: date, time, and location of incident; description of what happened; and names of any witnesses. If possible, take pictures of evidence (e.g., bodily injuries, damaged items). Recording such information can help document behavior for protection order applications or criminal prosecution. It can also help you remember incidents about which you might later report or testify. Because this information may be introduced as evidence or inadvertently shared with the perpetrator, **do not include any information you do not want the offender to see.**

3. If you were harmed, you are encouraged to receive medical attention as quickly as possible.

4. Tell someone you trust about the incident. You may want to develop a safe word to be used in emergency situations to indicate when and how this individual can help you.

5. If you obtain external orders of protection (e.g. restraining orders, injunctions, protection from abuse), please notify Campus Police or Deputy Title IX Coordinator for Student Sexual Misconduct, Rebecca Johnson, so that those orders can be observed on campus. If you need assistance with University-related concerns, such as no-contact orders or other protective measure, contact the Deputy Title IX Coordinator for Student Sexual Misconduct, Rebecca Johnson, at 203.932.7176, or rjohnson@newhaven.edu. The University is able to offer reasonable academic supports, changes to living arrangements, transportation resources or modifications, escorts, no contact orders, counseling services access, and other supports and resources as needed by a victim.
e. Consent to one sexual activity does not imply consent to all. Consent must be obtained at each stage of sexual involvement.

f. Consent to engage in sexual activity with one person does not imply consent to engage in sexual activity with another.

g. Consent to sexual activity may be withdrawn at any time by communicating the lack of consent to the other person. Once withdrawal of consent is communicated, all sexual activity must cease. In other words, a simple “no” or its verbal or nonverbal equivalent means withdrawal of consent.

h. In order to give effective consent, one must be of legal age. In the State of Connecticut, an individual must be at least sixteen years of age to provide effective consent. Furthermore, CT law restricts the sexual involvement of an individual under the age of 18 with an individual that is twenty years of age or older and stands in a position of power, authority, or supervision over such other person by virtue of the individual’s professional, legal, occupational or volunteer status and such other person’s participation in a program or activity. (For further information on sexual consent under Connecticut Law, see Connecticut General Statues Section 53a-71.)

i. Sexual activity with someone who one should know to be—or based on the circumstances reasonably should know to be—mentally or physically incapacitated (by alcohol or other drug use, unconsciousness or blackout), constitutes a violation of this policy.

   • Incapacitation is a state where someone cannot make rational, reasonable decisions because they lack the capacity to give knowing consent (e.g., to understand the “who, what, when, where, why or how” of their sexual interaction).
   
   • Intoxication is defined as the point where the quantity of alcohol a person consumes exceeds the individual’s tolerance for alcohol and impairs behavioral or physical abilities.

   • This policy also covers a person whose incapacity results from mental disability, sleep, involuntary physical restraint, or from the administration of rape drugs. Possession, use and/or distribution of any of these substances, including Rohypnol, Ketamine, GHB, Burundanga, etc. is prohibited, and administering one of these drugs to another student is a violation of this policy. More information on these drugs can be found at www.911rape.org (ATIXA Model Policy).

j. When a person is subjected to either mental or physical coercion—be it subtle or overt—there is no effective consent. To coerce means to compel or force one to act based on pressure, harassment, threats, or intimidation.
2. **Force** is the use of physical violence and/or imposing on someone physically to gain sexual access. Force also includes threats, intimidation (implied threats) and coercion that overcome resistance or produce consent (ATIXA Model Policy).

3. **Intimidation** is defined as a course of conduct directed at a person that would cause a reasonable person to fear for injury or harm through the use of threats (direct or implied).

4. **Sexual Assault** consists of a range of behaviors from nonconsensual sexual contact to nonconsensual sexual intercourse and is a violation of the University’s code of conduct.
   a. **Non-Consensual Sexual Contact** is any intentional sexual touching, however slight, with any object, by any person(s) upon any other person(s) that is without consent and/or by force. Sexual contact includes intentional contact with the breasts, buttock, groin, or genitals, or touching another with any of these body parts, or making another touch you or themselves with or on any of these body parts; any intentional bodily contact in a sexual manner, though not involving contact with/of/by breasts, buttocks, groins, genitals, mouth or other orifice.
   b. **Non-Consensual Sexual Intercourse** is any sexual intercourse, however slight, with any object, by any person(s) upon any other person(s) that is without consent and/or by force. Non-consensual sexual intercourse includes vaginal or anal penetration, by a penis, object, tongue, or finger, and oral copulation (mouth to genital contact or genital to mouth contact), no matter how slight the penetration or contact. (For further information on sexual assault crimes under Connecticut Law, see Connecticut General Statues, Sections 53a-65 through 53a-73a.)

5. **Sexual Harassment** encompasses a wide range of conduct from sexual exploitation to sexual harassment and is a violation of the University’s code of conduct. Sexual harassment can be physical or verbal in nature, and may include psychological harassment.
   a. **Sexual Exploitation** is taking non-consensual, unjust, or abusive advantage of another in a sexual or intimate context. Sexual exploitation includes, but is not limited to, prostituting another person; engaging in permitting, reproducing, or facilitating nonconsensual viewing, videotaping, photographing, or audio taping of sexual or intimate activity (such as dressing, showering, toileting, or similar activity); knowingly infecting another person with a sexually transmitted infection.
   b. **Sexual Harassment** consists of unwelcome sexual advances, requests for sexual favors, and/or other verbal, psychological, or physical conduct of a sexual nature when:
      i. Submission to such conduct is made either explicitly or implicitly a term or condition of a person’s academic standing or employment or receiving any other benefit or privilege they are entitled to.
      ii. Submission to or rejection of such conduct is used as the basis for academic or employment decisions affecting such person; or receiving any other benefit or privilege they are entitled to. This type of sexual harassment is more commonly known as Quid Pro Quo Sexual Harassment.
      iii. Such conduct has the effect of substantially interfering with a person’s academic or work performance or creating an intimidating, hostile, or offensive academic working, educational, or living environment. This type of sexual harassment is more commonly known as a Hostile Environment due to Sexual Harassment.

Some examples of sexual harassment include, but are not limited to:
- Promising, directly or indirectly, a person a reward, if they comply with a sexually oriented request.
- Threatening, directly or indirectly, retaliation against a person if they refuse to comply with a sexually oriented request.
- Denying, directly or indirectly, a person an employment or education related opportunity, if the person refuses to comply with a sexually oriented request.
- Engaging in sexually suggestive conversation or physical contact or touching another person.
- Displaying pornographic or sexually oriented materials in areas that may be deemed public, such as shared office space, common residential living space, classrooms, outward facing windows, etc.
- Engaging in indecent exposure.
- Making sexual or romantic advances toward a person and persisting despite the person’s rejection of the advances.
- Suggestive or lewd remarks.
- Staring or leering at parts of a person’s body.
- Physical conduct such as assault, touching, or blocking normal movement.
- Retaliation for making harassment reports or threatening to report harassment.
- Sexual harassment can occur to any person regardless of someone’s gender identity, gender
expression, or biological sex. Although sexual harassment sometimes involves a person in a greater position of authority as the harasser, individuals in positions of lesser or equal authority also can be found responsible for engaging in prohibited harassment.

- An aggregation of a series of incidents can constitute sexual harassment even if one of the incidents, considered separately, would not rise to the level of harassment.
- Sexual harassment may occur in a single episode as well as in repetitive behavior.
- Acts of sexual harassment can be perpetrated by one person or by a group of individuals.

6. **Intimate Partner Violence** refers to any physical or sexual harm against an individual that is committed by a current or former spouse of or person in a dating relationship with such individual, and that results from any action of sexual misconduct including sexual assault, non-consensual sexual contact, non-consensual sexual intercourse, sexual exploitation, sexual harassment, dating violence, domestic violence, stalking, and intimidation. Intimate partner violence is a term commonly exchanged with the terms dating violence, domestic violence, and/or relationship abuse; as such, this policy applies to each of these terms. To learn more about the behaviors associated with intimate partner violence, please review the Intimate Partner Violence pamphlet, available online at [www.newhaven.edu/901101.pdf](http://www.newhaven.edu/901101.pdf).

7. **Stalking** is defined as a course of conduct directed at a specific person that would cause a reasonable person to fear for her or his safety, for the safety of a third person, or to feel extreme emotional distress due to repetitive contact or the perception of such conduct. Stalking behaviors include, for example, non-consensual communication by any means, use of surveillance (in person or via electronic means), collecting information about a person’s routine, friends, family, or coworkers, uninvited visits to a residence, workplace, classroom, worship location, or other locations where an individual is commonly found.

a. “Course of conduct” means two or more acts, including but not limited to, acts in which the stalker directly, indirectly, or through third parties, by any action, method, device, or means, follows, monitors, observes, surveys, threatens, or communicates to or about a person, or interferes with a person’s property.

b. “Emotional distress” means significant mental suffering or distress that may, but does not necessarily, require medical or other professional treatment or counseling.

c. “Reasonable person” is defined as an individual’s perspective of the reporting party’s circumstances within a given context.

### REPORTING PROCEDURES FOR COMPLAINTS OF SEXUAL MISCONDUCT

Persons wishing to report incidents of sexual misconduct (sexual assault, non-consensual sexual contact, non-consensual sexual intercourse, sexual exploitation, sexual harassment, dating violence, intimate partner violence, domestic violence, stalking, and intimidation) may choose any/all of the options below:

1. Speak with a confidential resource on- or off-campus for support, advocacy, and counseling services.
2. Disclose to a “responsible employee” or Title IX coordinator directly for support services, informal remedies, and other accommodations.
3. Initiate a formal institutional complaint through the process described below.
4. Notify law enforcement, and receive assistance from campus authorities in making such notification, if desired. This may include obtaining a protective order, applying for a temporary restraining order, or seeking enforcement of an existing protective or restraining order.

The University of New Haven complaint procedure provides for a prompt, adequate, reliable, and impartial investigation of all claims of sexual misconduct. The University encourages all those who have experienced any form of sexual misconduct to report the incident promptly, to seek out all available campus and community resources, and pursue University conduct action, and/or legal proceedings against the offender. Electing not to report an incident to law enforcement will not impact the University’s investigation or grievance process under Title IX. Likewise, if a criminal complaint is filed, the law enforcement investigation or report is not determinative of whether the incident of sexual misconduct violates the University policy and/or the rights of students and employees provided under the Title IX Education Amendment of 1972.

**NOTE:** If you choose to report the matter to the police, either directly or with assistance, they will begin their investigation immediately. This will maximize their chances of gathering the amount of evidence necessary to justify an arrest and conviction of the suspect. If you change your mind after making an initial report, the police will not compel you to proceed. Conversely, if you elect not to report the matter to the police initially but change your mind later, you may do so. However, you need to appreciate that while the police will do their best, delays in beginning the investigation may result in lost physical evidence or otherwise diminish the ability of the police to gather the level of proof necessary to either arrest or convict the perpetrator.
ANONYMOUS ONLINE REPORTING PROCEDURES

Third party or anonymous reports alleging student sexual misconduct will be accepted through the following mentioned contact venues. The information provided anonymously will only be used in compliance of The Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act for data collection. Under federal law the University is required to investigate all incidents of sexual harassment and discrimination, including sexual assaults, about which the University knows or has reason to know to protect the health and safety of the University community.

The University may undertake an investigation even in those cases in which the complainant chooses not to cooperate.

3. Behavioral Intervention Team Report It! Don’t Ignore It!
   Form: www.newhaven.edu/reportit

The University’s primary concern is student, staff, and employee safety. Other lesser violations of the University of New Haven’s Code of Conduct, such as alcohol or drug violations disclosed during the investigation will be referred for educational follow up rather than disciplinary action. Anyone reporting incidents of sexual misconduct has the opportunity to seek informal remedies or pursue a formal complaint.

Mandated Reporters

Those who have experienced sexual misconduct should know that University employees designated as Campus Security Authorities (many administrative staff, student organization advisors, resident assistants, etc.) must report known incidents to Campus Police for documentation purposes. Personally identifiable information is not released to third parties without permission or as required by law. University employees who operate with as a licensed professionals and members of the clergy are excluded from this requirement.

All employees of the University who are not professional/pastoral counselors or health center staff are considered ‘Responsible Employees’ under Title IX and are required to report all known facts to the Title IX Coordinator. Those who wish to discuss a matter in complete confidence should notify the University Chaplain, or only those licensed professionals in Heath Services, Counseling and Psychological Services.

Privacy & Confidentiality

All reports and allegations of sexual misconduct will be investigated and may be resolved through the grievance procedures outlined in the Sexual Misconduct Policy, and will be conducted with regard for the privacy of all those involved. Information acquired during Title IX and Sexual Misconduct grievance procedures will be shared only with University investigators, identified witnesses, and other relevant parties. Only those individuals who need to be informed of the report will have access to the information acquired in any related investigation or subsequent proceedings. Public disclosure of pertinent information, through a timely warning notification, may also be made if the Title IX Coordinator, or designee, determines that the disclosure is necessary to protect the safety of the larger campus community. Any public release of information to comply with the open crime logs or timely warning provisions of the Clery Act will not release the names of victims or information that could easily lead to a victim’s identification. Additionally, the University of New Haven maintains privacy in relation to any accommodations or protective measures afforded to a victim, except to the extent necessary to provide the accommodations and/or protective measures. While the Title IX Coordinator, or designee, will review all requests for confidentiality or a request to not investigate, the Title IX Coordinator, or designee, will take appropriate steps to respond to the matter consistent with Title IX regulations and concerns for the greater University community.

The reporting party and responding party are not restricted from discussing or sharing information related to the complaint with others if it may support them or assist them in presenting their case. However, the University encourages all parties involved to consider the privacy of other participating parties prior to divulging complaint related information.

CAMPUS PROCEDURES FOR RESPONDING TO SEXUAL MISCONDUCT

Procedurally, when the University receives a report of sexual misconduct, gender-based violence, or other sex or gender discrimination the campus Title IX Coordinator is notified. If the victim wishes to access local community agencies and/or law enforcement for support, the University will assist the victim in making these contacts. The Title IX Coordinator will offer assistance to victims in the form of interim or long-term measures such as opportunities for academic accommodations, changes in housing for the victim or the respond-
Both Title IX and the Clery Act provide protections for whistle-blowers who bring allegations of non-compliance with the Clery Act and/or Title IX to the attention of appropriate campus administrators. The University of New Haven does not retaliate against those who raise concerns of non-compliance. Any concerns should be brought to the immediate attention of the University Title IX Coordinator, Caroline Koziatek and/or to officials of the U.S. Department of Education.

SANCTIONS

In addition to arrest and the full process of the criminal justice system, University community offenders are also subject to the campus disciplinary system for any assaults on campus or in connection with off-campus university activities. Procedures and applicable sanctions are specified in the Student Handbook. Possible University sanctions for anyone found responsible for a sexual misconduct violation are provided below:

Sexual Assault Violations
- Any student found responsible for violating the policy on Non-Consensual or Forced Sexual Contact (where no intercourse has occurred) will likely receive a sanction ranging from probation to expulsion, depending on the severity of the incident, and taking into account any previous campus conduct code violations.
- Any student found responsible for violating the policy on Non-Consensual or Forced Sexual Intercourse will likely face a recommended sanction of suspension or expulsion.

Sexual Harassment Violations
- Any student found responsible for violating the policy on sexual exploitation or sexual harassment will likely receive a recommended sanction ranging from warning to expulsion, depending on the severity of the incident, and taking into account any previous campus conduct code violations.

Intimate Partner Violence Violations
- Any student found responsible for violating the policy on intimate partner violence will likely receive a recommended sanction ranging from warning to expulsion, depending on the severity of the incident, and taking into account any previous campus conduct code violations.

Stalking Violations
- Any student found responsible for violating the policy on stalking will likely receive a recommended sanction ranging from warning to expulsion, depending on the severity of the incident, and taking into account any previous campus conduct code violations.

*The Sexual Misconduct Investigation Team and Hearing Board reserve the right to broaden or lessen any range of recommended sanctions in the case of serious mitigating circumstances or egregiously offensive behavior. Neither the initial hearing officers nor any appeals body or officer will deviate from the range of recommended sanctions unless compelling justification exists to do so.
RETAILATION

Retaliation is defined as any intentional adverse action taken by a responding individual or allied third party, absent legitimate nondiscriminatory purposes, against a participant or supporter of a participant in a civil rights resolution proceeding or other protected activity.

Retaliation against an individual for alleging harassment, supporting a party bringing a grievance or for assisting in providing information relevant to a claim of harassment, is a serious violation of University policy and will be treated as another possible instance of harassment or discrimination.

Complainants should report any subsequent problems of harassment or retaliation to Title IX Coordinator, Caroline Koziatek. The Title IX Coordinator or a designee will follow up with complainants periodically to determine whether any retaliation or new incidents of harassment have occurred, and handle such reports accordingly.

CONNECTICUT LEGAL DEFINITIONS

In addition to being a violation of University policy, sexual misconduct is prohibited by federal and state laws, including the Connecticut General Statutes (including but not limited to the Connecticut Fair Employment Practices Act, section 46a-60 (a) (8)); Title VII of the Civil Rights Act of 1964 (42 United States Code Section 2000e et seq.); Title IX of the Higher Education Act of 1972; and the Violence Against Women Reauthorization Act, including the Campus SaVE Act.

Rape is generally defined as forced sexual intercourse. It may also include situations where the victim is incapable of giving consent due incapacitation by means of disability or alcohol or other drugs. Many rapes are committed by someone the victim knows, such as a date or friend.

Besides rape, other sexual offenses include the following: sodomy (forced anal intercourse); oral copulation (forced oral-genital contact); rape by a foreign object (forced penetration by a foreign object, including a finger); and sexual battery (the unwanted touching of an intimate part of another person for the purpose of sexual arousal).

In Connecticut, sexual consent is defined in Connecticut General Statutes, §53a-70 and §53a-71:

A child under 16 years of age is unable to consent to sexual intercourse when the other person is more than 2 years older than him or her. However, sexual contact with someone less than 15 years of age is illegal regardless of the age of the defendant.

The complete Connecticut Statutes on sexual misconduct / assault offense definitions are:

Under Connecticut State law, forcible sexual intercourse is defined as when he or she:

SEX OFFENDER REGISTRATION INFORMATION

In accordance with the Campus Sex Crimes Prevention Act of 2000, which amends the Jacob Wetterling Crimes Against Children and Sexually Violent Offender Registration Act, the Jeanne Clery Act and the Family Educational Rights and Privacy Act of 1974, the University of New Haven is providing a link to the Connecticut State Sex Offender Registry. All sex offenders are required to register in the state of Connecticut and to provide notice of each institution of higher education in CT at which the person is employed, carries out a vocation, or is a student.

Connecticut General Statutes 54-250 through 54-261 mandate that the Connecticut Department of Public Safety establish and maintain a central registry of persons who have been convicted of certain sexual offenses and are required to register under law. Persons who have been arrested or accused of a sex offense listed in C.G.S. 54-250 through 54-261 are not required to register unless the accusation results in a conviction or a finding of not guilty by reason of mental disease or defect. This list contains only offenders who have been convicted or found not guilty by reason of mental disease or defect.

The Connecticut Sex Offender Registry can be accessed at the following website:

The Campus Sex Crimes Prevention Act, effective 10/28/02, requires states to notify recognized campus law enforcement agencies concerning the enrollment or employment of registered sex offenders at an institution of higher education. In addition to the above notice to the State of CT, all sex offenders are required to deliver written notice of their status as a sex offender to the University’s Police Department no later than three (3) business days prior to their enrollment in, employment with, volunteering at or residence in the University. Such notification may be disseminated by the University to, and for the safety and well-being of, the campus community, and may be considered by the University for enrollment and discipline purposes.

POLICY ON HARASSMENT AND BIAS-MOTIVATED OFFENSES

Any person who believes that he or she is being harassed, victimized, or otherwise subjected to discrimination because of race, ethnicity, ancestry, national origin, religion, gender, sexual orientation, age, or physical or mental disabilities, including learning disabilities, mental retardation, and past/present history of a mental disorder, or other similar characteristics, is encouraged to immediately seek support from one of the following offices: Dean of Students, Campus Access Services, Intercultural Relations, International Services, Campus Police, Spiritual Life & Campus Ministry, or Residential Life. Students are encouraged to file a report online at www.newhaven.edu/674504.

The University of New Haven disciplinary bodies will investigate the motivation and intent of acts, which injure persons or property and will consider enhanced sanctions when acts involving harassment are found to be biased, or hate-driven. Additionally if the act is judged to be criminal in nature, the incident is subject to police investigation and possible prosecution pursuant to Connecticut General Statutes. Any member of the UNH community who believes that he or she has been subjected to harassment may initiate a complaint, formal or informal, through the university’s Title IX Coordinator and Diversity Officer, Caroline Koziatek, 203.932.7479.

To the extent possible, the University will treat all reports confidentially. A person who in good faith reports harassment or a bias-motivated incident shall not suffer retaliation.
