We encourage you to become involved in as many extra curricular programs as your time will allow and not interfere with your academic studies. We, in the Poplar Bluff School District, want you to graduate on time and with the best education you are capable of attaining. Do not allow extra curricular activities to interfere with your academics, with proper time management your academics could improve while participating. The primary goal is for students to achieve their highest possible level of academic and athletic excellence.

Interscholastic Activities and Athletics

The District provides opportunities for students to participate in interscholastic activities and athletics. The interscholastic programs should encourage participation by as many students as possible and should be carried on with the best interests of the students as the primary consideration. The programs are expected to be well organized and well conducted and to have a positive influence on the students and the community. Participation in interscholastic and extracurricular activities is a privilege and not a right. Interscholastic competition may be withheld from any student as a condition of discipline. Furthermore, all policies that apply to the regular school day apply also to interscholastic competition. Coaches and sponsors may establish policies for their groups in addition to those set out by the Missouri State High School Activities Association.

SPORTSMANSHIP: YOUR KEY TO BEING REMEMBERED AS OUTSTANDING

Sportsmanship plays a major role in your development as a student/athlete. Our program of interscholastic athletics is important and gives you the opportunity to display your interests and abilities. Athletics gives you a great opportunity to mold your personality, to control your emotions, and to direct your energy to being a positive individual and/or team member. Derogatory remarks, antagonizing your opponent intentionally, and encouraging or being involved in altercations with your opponents, is not a part of Poplar Bluff athletics. Downgrading of officials by players or coaches is not acceptable. Officials, like players and coaches, are not 100% correct, therefore, they should be treated accordingly. As a player you will err, as coaches all aspects of coaching will not work at the particular moment you would like for your decision to work. We must be able to hold our heads high in defeat and be excited when we win. We must care how victory is attained. We must exercise good judgment, by not being childish and by not using immature antics. Morals and good common sense need to be exercised, it is your responsibility.

Showing self-control at all times, accepting decisions, accepting with pride both victory and defeat, showing good conduct and cooperation with coaches, officials, and players are containments in a good winning philosophy. We, in the Poplar Bluff School District, want you to win, to excel, and to be successful in you academic and athletic endeavors. Competition is the backbone of our society, it has been there since the beginning of our great country. There will be disappointment in academics, disappointments in athletics, and disappointments in life. Your reactions to these disappointments will be a guide for you to realize what you have learned from your student/athletic endeavors.

There will always be competition. If you will always remember not to do anything that will be an embarrassment to you, your parents, your school, or your community you will always be a good citizen and will show good sportsmanship.

obligation to create a favorable image, and to gain the respect of teammates, Poplar Bluff High School student body, and your community.

Good sportsmanship is a must, this concept is far more valuable than winning an event. Every athlete will be coached to win, this is the primary objective of competition, and there will be spirited play, but it must be fair play.

FUNDRAISING

All fund-raising activities and planning for fund-raising shall be done after school hours unless prior permission is received from the building principal.

Any fund-raising activity which involves students or employees shall require the approval of the building principal and Athletic Director. Involvement is defined as: any activity which advertises the school, students or school organization.

PARENT/COACH COMMUNICATION

Both parenting and coaching are extremely difficult vocations. By establishing an understanding of each position, we are better able to accept the actions of the other and provide greater benefit to children. As parents, when your children become involved in our program, you have a right to understand what expectations are placed on your child. This begins with clear communication from the coach of your child’s program.

Communication you should expect from your child’s coach:

1. Philosophy of the coach.
2. Expectations the coach has for your child as well as all the players on the squad.
3. Locations and times of all practices and contests.
4. Team requirements, i.e. practices, special equipment, out-of-season conditioning, etc.
5. Procedure followed should your child be injured during participation.
6. Discipline that may result in the denial of your child’s participation.

Communication coaches expect from parents:

1. Concerns expressed directly to the coach.
2. Notification of any schedule conflicts well in advance.
3. Specific concerns with regard to a coach’s philosophy and/or expectations.

As your children become involved in the programs at Poplar Bluff Schools, they will experience some of the most rewarding moments of their lives. It is important to understand that there also may be times when things do not go the way you or your child wishes. As these times discussion with the coach is encouraged.

Appropriate concerns to discuss with coaches:

1. The treatment of your child, mentally and physically.
2. Ways to help your child improve.
3. Concerns about your child’s behavior.

It is very difficult to accept your child’s not playing as much as you may hope. Coaches are professionals. They make judgment decisions based on what they believe to be best for all students involved. As you have seen from the list above, certain things can be and should be discussed with your child’s coach. Other things must be left to the discretion of the coach.
PARENT/COACH COMMUNICATION (Cont’d.)

Issues not appropriate to discuss with coaches:

✔ 1. Playing time.
✔ 2. Team strategy.
✔ 3. Play calling.
✔ 4. Other student-athletes.

There are situations that may require a conference between the coach and the parent. These are to be encouraged. It is important that both parties involved have a clear understanding of the other’s position. When these conferences are necessary, the following procedure should be followed to help promote a resolution to the issue or concern.

If you have a concern to discuss with a coach, the procedure you should follow is:

✔ 1. Call to set up an appointment.
✔ 2. The Poplar Bluff High School telephone number is 785-6471 and the Junior High School telephone number is 785-5602.
✔ 3. If the coach cannot be reached, call the Athletic Director. A meeting will be set up for you. The telephone number is 785-5183.
✔ 4. Please do not attempt to confront a coach before or after a contest or practice. These can be emotional times for both the parent and the coach. Meetings of this nature do not promote resolution.

The next step:

What a parent can do if the meeting with the coach did not provide satisfactory resolution.

✔ 1. Call and set up an appointment with the Athletic Director to discuss the situation.

Since research indicates a student involved in co-curricular activities has a greater chance for success during adulthood, these programs have been established. Many of the character traits required to be a successful participant are exactly those that will promote a successful life after high school. We hope the information provided within this pamphlet makes both your child’s and your experience with the Poplar Bluff High School athletic program less stressful and more enjoyable.

However, if a student has missed a morning session, he/she may have to attend an afternoon tutoring session in order to comply with the weekly time requirements.)
- 6. Failure to attend the required number of hours in one week will result in the participant being ineligible for practice, games, or competitions until the previous tutoring time for the required grading period is completed. Eligibility to participate in extra-curricular activities is a privilege that is granted to students by the Missouri State High School Activities Association. Certain standards must be attained and maintained in order that a student may gain and retain this privilege. Students participating in extra-curricular activities are expected to be good citizens of the community. Enforcement of citizenship standards may include suspension of a student’s right to participate in any activity or all activities, depending on the severity and type of infraction.

MSHSAA STANDARDS

Regulations & Activities
The Missouri State High School Activities Association regulates all activities when different schools meet for contests, etc. Regulations are set up to insure fairness, promote sportsmanship, and friendship between students of different schools, and to protect students and school groups from being exploited by various groups for personal benefits. Inter-School Activities Eligibility
All of the schools of the MSHSAA have adopted the standards listed. Eligibility to participate in inter-scholastic activities is a privilege granted if you meet these standards; it is not an inherent right.
All students who compete inter-scholastically must meet these eligibility requirements. Schools have the authority to adopt additional rules. For details concerning eligibility, see Bylaw 200 of the MSHSAA Constitution.

Citizenship & Eligibility

✓ 2. Students who are suspended from athletics because of disciplinary reasons will be allowed to practice with their activity during their suspension.

Coaches and sponsors will inform their groups of their expectations in writing.

7. Transfer students will be eligible if they were eligible at their prior school. All citizenship requirements will be met upon transfer sponsor.

If law enforcement authorities determine that charges will not be filed, eligibility will be contingent upon local school policies. Minor moving traffic offenses shall not affect eligibility, unless they involve drugs, alcohol or injuries. After a student has completed all court appearances and penalties, and has satisfied all special conditions of probation and remains under general probation only, local school authorities shall determine eligibility.

TUTORING GUIDELINES

Purpose:
The purpose of the tutoring program is to provide ALL students with an opportunity to increase their knowledge base of the subjects in which they are deficient. Tutoring is available both in the mornings and the afternoons.

The tutoring program is mandatory for extra-curricular activities, but is available for all students in subjects that offer tutoring. It is recommended that teachers encourage all students to make use of this service when they feel there is a need for extra time-on-task.

Guidelines:
1. Any student involved in extra-curricular activities who receives a grade of “D” or below in any course during any grading period (mid-term or quarter) will be required to attend a minimum of 1.5 hours of tutoring per week to maintain eligibility in his/her program.
PARENT/COACH COMMUNICATION (Cont’d.)

Issues not appropriate to discuss with coaches:

✓ 1. Playing time.
✓ 2. Team strategy.
✓ 3. Play calling.
✓ 4. Other student-athletes.

There are situations that may require a conference between the coach and the parent. These are to be encouraged. It is important that both parties involved have a clear understanding of the other’s position. When these conferences are necessary, the following procedure should be followed to help promote a resolution to the issue or concern.

If you have a concern to discuss with a coach, the procedure you should follow is:

✓ 1. Call to set up an appointment.
✓ 2. The Poplar Bluff High School telephone number is 785-6471 and the Junior High School telephone number is 785-5602.
✓ 3. If the coach cannot be reached, call the Athletic Director. A meeting will be set up for you. The telephone number is 785-5183.
✓ 4. Please do not attempt to confront a coach before or after a contest or practice. These can be emotional times for both the parent and the coach. Meetings of this nature do not promote resolution.

The next step:
What a parent can do if the meeting with the coach did not provide satisfactory resolution.

✓ 1. Call and set up an appointment with the Athletic Director to discuss the situation.

Since research indicates a student involved in co-curricular activities has a greater chance for success during adulthood, these programs have been established. Many of the character traits required to be a successful participant are exactly those that will promote a successful life after high school. We hope the information provided within this pamphlet makes both your child’s and your experience with the Poplar Bluff High School athletic program less stressful and more enjoyable.

SPORTSMANSHIP: YOUR KEY TO BEING REMEMBERED AS OUTSTANDING

Sportsmanship plays a major role in your development as a student/athlete. Our program of interscholastic athletics is important and gives you the opportunity to display your interests and abilities. Athletics gives you a great opportunity to mold your personality, to control your emotions, and direct your energy to being a positive individual and/or team member. Derogatory remarks, antagonizing your opponent intentionally, and encouraging or being involved in altercations with your opponents, is not a part of Poplar Bluff athletics. Downgrading of officials by players or coaches is not acceptable. Officials, like players and coaches, are not 100% correct, therefore, they should be treated accordingly. As a player you will err, as coaches all aspects of coaching will not work at the particular moment you would like for your decision to work. We must be able to hold our heads high in defeat and be excited when we win. We must care how victory is attained. We must recognize that coach’s judgment decisions are placed on your child. This begins with clear communication from the coach of your child’s program.

Appropriate concerns to discuss with coaches:

✔ 1. The treatment of your child, mentally and physically.
✔ 2. Ways to help your child improve.
✔ 3. Concerns about your child’s behavior.

It is very difficult to accept your child’s not playing as much as you may hope. Coaches are professionals. They make judgment decisions based on what they believe to be best for all students involved. As you have seen from the list above, certain things can be and should be discussed with your child’s coach. Other things must be left to the discretion of the coach.

Good sportsmanship is a must, this concept is far more valuable than winning an event. Every athlete will be coached to win, this is the primary objective of competition, and there will be spirited play, but it must be fair play.

FUNDRAISING

All fund-raising activities and planning for fund-raising shall be done after school hours unless prior permission is received from the building principal.

Any fund-raising activity which involves students or employees shall require the approval of the building principal and Athletic Director. Involvement is defined as: any activity which advertises the school, students or school organization.

PARENT/COACH COMMUNICATION

Both parenting and coaching are extremely difficult vocations. By establishing an understanding of each position, we are better able to accept the actions of the other and provide greater benefit to children. As parents, when your children become involved in our program, you have a right to understand what expectations are placed on your child. This begins with clear communication from the coach of your child’s program.

Communication you should expect from your child’s coach:

✔ 1. Philosophy of the coach.
✔ 2. Expectations the coach has for your child as well as all the players on the squad.
✔ 3. Locations and times of all practices and contests.
✔ 4. Team requirements, i.e. practices, special equipment, out-of-season conditioning, etc.
✔ 5. Procedure followed should your child be injured during participation.
✔ 6. Discipline that may result in the denial of your child’s participation.

Communication coaches expect from parents:

✔ 1. Concerns expressed directly to the coach.
✔ 2. Notification of any schedule conflicts well in advance.
✔ 3. Specific concerns with regard to a coach’s philosophy and/or expectations.

As your children become involved in the programs at Poplar Bluff Schools, they will experience some of the most rewarding moments of their lives. It is important to understand that there also may be times when things do not go the way you or your child wishes. As these times discussion with the coach is encouraged.
