A Word from the President of the Council on Senior Services

BY KATHY LEWIS

The Council on Senior Services (COSS) is a community council of professionals who work for and volunteer for agencies and businesses that serve senior citizens. The goal of COSS is to improve access to services for seniors in Allen County. This directory has been developed to educate senior citizens and professionals about the numerous services that exist.

Proceeds from the advertising sales in this directory pay for printing of the book and for grants to organizations that submit projects created for the health, education and/or welfare of seniors in our community. Grants awarded in 2013 included Community Transportation Network, Allen County Council on Aging, Allen County TRIAD, Aging & In-Home Services, The Volunteer Center @ RSVP, Turnstone Center for Children and Adults with Disabilities, Northeast Indiana Radio Reading Service, Long Term Care Ombudsman, Hope Alive, Health Visions, A Day Away Adult Daycare, Canterbury Nursing & Rehab Center, League for the Blind and Disabled, Villa of the Woods Senior Residential Living, Visiting Nurse and Parkview Senior Services.

The information in this book has been compiled through the efforts of volunteers. The Council on Senior Services (COSS) makes every attempt to ensure that the information is complete and accurate. COSS does not take responsibility for omissions or errors. Listings in this book do not imply endorsement.

How to Obtain a Copy

Organizations interested in placing an ad in the 2015 directory may contact Jill Headrick via e-mail at jheadrick@kingstonhealthcare.com.

Directories will be available for pickup at the Community Center, 233 W. Main St., Volunteer Center @ RSVP, 3401 Lake Ave., Suite 4, Aging and In-Home Services, 2927 Lake Ave, Kingston at Dupont, 1716 E. Dupont Rd., League for the Blind & Disabled, 5821 S. Anthony Blvd., Kingston Residence, 7515 Winchester Rd and branches of the Allen County Public Library. To request a copy to be mailed to you, call Aging & In-Home Services of Northeast Indiana at 745-1200. The directory is also available on the COSS website at www.councilonseniorservices.org.

FOOD BANK SYSTEMS

Associated Churches Neighborhood Food Network provides food assistance to needy Allen County residents. Families are eligible once a month to receive a 3-5 day supply of food. Each family is assigned to a pantry based on their address. There are 28 locations throughout Allen County. To discover which food pantry to visit, call Associated Churches at 422-3528. When visiting a pantry, individuals will need to show a photo I.D. If current residency is different than the address on the photo I.D., then a utility bill, phone bill or rental lease needs to be presented for current proof of residency.

Family is forever.
Life-changing behavioral health support for aging parents.

Your parents were always there for you. Now it’s your turn to provide them with the support they need to improve their minds, bodies and spirits. Dealing with depression, confusion or a decline in memory can be challenging. We understand. When you call St. Joseph Hospital, we’ll ask questions so you can find the resources, treatment and support your family needs. From medical work-ups and specialty services to group sessions and recreational activities, you’ll find a compassionate team of professionals delivering life-changing care to those who matter most.

“I’ve regained control of my life.”

For patients like Rita Hanke, extreme joint pain can dictate every facet of life. Innovative care—including the anterior approach to total hip replacement, a less invasive procedure performed at The Orthopedic Hospital—can restore a less painful way of living. “The surgeons were so reassuring,” Rita says. “I’ve never had an experience this positive in my life.”

To learn more about advanced orthopedic care, visit LutheranHealth.net/ortho.

**SPECIALTIES:**
- Anterior-approach hip replacement
- Unicompartmental knee replacement
- Sports Medicine with IMPACT concussion
- Hand and foot surgery
- Pain management
- Total joint revisions

Individual results may vary. Please consult your physician.

**WHEN THE DOCTOR TOLD ME** my father needed memory care twenty-four hours a day, I was worried about finding a place where Dad would be well taken care of and feel comfortable in his surroundings. After visiting several communities, we walked into Harbour of Fort Wayne and immediately felt at home. It is wonderful to know the staff has become family and Harbour is a perfect fit for Dad.

SAFENET Identification Program

THE PROBLEM
It is common for a person with memory impairment (Such as: Dementia or Alzheimer’s Disease) to wander and roam. This can happen without prior warning and be dangerous to the patient and worrisome for caregivers.

THE SOLUTION
In cooperation with local healthcare and law enforcement agencies, the SAFENET Program, can assist in the return of an individual who has wandered. This FREE service will help family members and the community to keep your loved one safe.

HOW TO PARTICIPATE
1. Please detach the application, fill out the form, seal and mail to:
   Allen County TRIAD
c/o Aging & In-Home Services
2927 Lake Avenue
Fort Wayne, IN 46805

2. You will receive confirmation and a coupon for a FREE identification bracelet to be redeemed at your local Walgreens.

3. A TRIAD representative will contact you to complete the enrollment process which includes an optional picture identification.

4. For more information call: 260-469-3036 or visit www.fwpd.org/prevention or www.allencountyhealth.com/

COSS Grant Criteria

The program request must follow the Mission Statement of the Council on Senior Services...To promote the service and benefits of seniors in Northeast Indiana through a network of individuals and organizations providing some type of service to our maturing population.

A maximum total amount will be awarded annually via the COSS grant process. The amount requested and the annual maximum award per organization is not guaranteed. The awarded amount will be determined by the COSS Board of Directors.

The focus of each request should mirror the purposes of the Council on Senior Services. These purposes include providing education, information and advocating for seniors. These purposes are to be accomplished using a grassroots approach. Grant recipients are notified and checks are awarded at the November membership meeting.

In order to continue to qualify for subsequent grant awards, a written report evaluating the project will be required by the COSS Board of Directors by May 1st. There will also be an opportunity to provide an oral report to the general COSS membership at the May meeting.

**Deadline for grant requests is October 1st. Grant Applications are also available on the website at www.councilonseniorservices.org**

Veterans’ Benefits for Long Term Care

The VA provides home and community-based services to veterans. These medically necessary services include home care, hospice, respite care, assisted living, domiciliary care, geriatric assessments and nursing home care. The veteran must be enrolled in VA’s health care system. Some of these services may be offered to veterans who do not have service-connected disabilities but who may qualify because of low income or because they are receiving pension income from VA. Call the VA Northern Indiana Health Care System at 426-5431.

Aid and Attendance is an under used benefit. It is a special pension benefit for wartime veterans and their wives. Some who are not eligible for VA benefits because of income, may still be eligible for this benefit if they have large medical expenses. The benefit is for those receiving in-home care, inability to take care of bodily needs, or bedridden. They may also qualify because of mental injury or illness that requires regular assistance to protect them from the hazards in their daily environment. They may be living at home, in an assisted living facility, or a nursing facility. For additional information, call Allen County Veterans’ Services at 449-7861 or access the internet at www.va.gov.
Long Term Care

Long term care is a variety of services that include medical and non-medical care to people who have a chronic illness or disability. It helps the individuals meet their health or personal needs. It often assists people with support services such as activities of daily living like dressing, bathing, and using the bathroom. These services can be provided in the home, in the community, in assisted living, or in nursing facilities. Generally, Medicare does not pay for these long term care services, referred to as “custodial care.” Medicare pays only for medically necessary skilled nursing and therapies in the home and for skilled care in nursing facilities.

Medicaid and Long Term Care

Medicaid is a combined State and Federal Government program that pays for certain health services and nursing home care for older people with low incomes and limited assets. It is an entitlement program which means that all who qualify for it will receive it. For information and to apply, call 1-800-403-0864 or access the internet at www.in.gov/fssa or www.ifcem.com. Medicaid Waiver is the Medicaid program that pays for in-home long term care services. Income allowed in order to be eligible for this program is three times the amount allowed for the regular Medicaid program. This is not an entitlement program so there may be a wait.

Care Transitions

“Care Transitions” originally described a joint initiative of the Administration on Aging (AOA) and Centers for Medicare and Medicaid (CMS) to fund programs related to improving the coordination of the transitions through the network of Aging & Disability Resource Centers (ADRC) they had created within Area Agencies on Aging. ADRCs have been working to assist individuals in “critical pathways,” which is defined as the times or places when people make important decisions about long-term care. This work included several innovative interventions to facilitate the hospital discharge process and to help nursing facility residents return to the community. Since that time, models have expanded around the country, most notably, CMS’ Community-based Care Transitions Program (CCTP). The term is now applied to CMS’ CCTP partners as well as those created under other auspices. The hallmarks of any “Care Transition” program should be an evidence-based intervention, a person-centered approach to support patients and their caregivers, support across care settings, and outcome measures to improve quality and safety. Care Transitions is an evidence-based support for transitions from hospital to home.
For more than 46 years, the U.S. Administration on Aging (AoA) has provided home and community-based services to millions of older persons through the programs funded under the Older Americans Act. President Lyndon Johnson on August 14, 1965, signed into law the Older Americans Act (OAA). The OAA set out specific objectives for maintaining the dignity and welfare of older individuals and created the primary vehicle for organizing, coordinating and providing community-based services and opportunities for older Americans and their families.

The original legislation established authority for grants to states for community planning and social services, research and development projects, and personnel training in the field of aging. The law also established the Administration on Aging (AoA) to administer the newly created grant programs and to serve as the Federal focal point on matters concerning older persons. The mission was later expanded to include those individuals with disabilities.

Although older individuals and individuals with disabilities may receive services under many other Federal programs, today the OAA is considered to be the major vehicle for the organization and delivery of social and nutrition services to this group and their caregivers. It authorizes a wide array of service programs through a nation network of 50 states agencies, 629 Area Agencies on Aging, nearby a national network of providers and a number of Tribal and Native Hawaiian organizations.

As the Area III Area Agency on Aging as designated by the U.S. Administration on Aging and Indiana Family and Social Services Administration, Division of Aging, Aging & In-Home Services of Northeast Indiana (AIHS) is the primary resource for aging and disabled populations and the largest funder of services including support for the Council on Aging in the following nine counties: Allen, Adams, DeKalb, Huntington, LaGrange, Noble, Steuben, Wells, and Whitley.

Each year, AIHS completes an Area Plan with information on the needs and preferences of older individuals and persons with disabilities and their family caregivers in relation to a comprehensive, coordinated system for providing long-term care in home and community-based settings in AIHS’ nine county region. The AIHS Area Plan is part of the overall State Plan on Aging which is submitted to the Administration on Aging in accordance with provisions of the Older Americans Act.

Services under that plan include Meals on Wheels home-delivered meals programs, Senior Dining in congregate settings, transportation, adult day care, legal assistance, health promotion or chronic disease self-management programs, among others.
Nationally, information on services is available from the Eldercare Locator, a public service of the U.S. Administration on Aging, at 1-800-677-1116, or from the National Department of Health and Human Services - www.longtermcare.org. Clearinghouse for Long-Term Care Information website developed by the U.S.

Locally, access to information and resources on services you need now or in the future, and how to pay for services, is available through Aging & In-Home Services of Northeast Indiana’s Aging and Disability Resource Center. Aging and Disability Resource Centers (ADRCs) were created by AoA, in partnership with Centers for Medicare & Medicaid (CMS), to provide consumers and caregivers information on home and community-based long-term care services. ADRCs provide consumers information, options counseling, referral, assessment, educational and assistance in planning for the future needs. AoA is emphasizing the importance of integration of proven evidence-based health promotion interventions, which can lessen disability related to chronic illnesses, prevent falls, and reduce the burden experienced by family caregivers of individuals who are older and/or disabled.

The ADRC operated by AIHS receives a wide range of calls. The most requested services are: Case Management; Personal Attendant Care/Home Health Aide; Homemaker/Chore; Meals on Wheels; Respite Care; Adult Day Services; Emergency Response Systems; Assistive Technology; Assisted Living; Home & Vehicle Modification; Adult Foster Care.

The challenge to the individual and family is often in funding those services. ADRC staff are able to assist in informing about and applying for a variety of federal, state, local programs that assist with paying for in-home services, such as Medicaid Aged & Disabled Waiver, CHOICE (Community Home Options to Institutionalized Care for the Elderly and Disabled), SSBG (Senior Service Block Grant, OAA (Older Americans Act), as well as outlining private-pay options. For a greater understanding of payment sources and assistance with application, please call AIHS at 260-745-1200, or direct line to AIHS’ ADRC 260-469-3036.

THE PROBLEM
Every year emergency personnel respond to hundreds of telephone calls to homes where there is a possible emergency situation, but are unable to gain immediate access. It may be a concerned neighbor or a family member who has a fear for their safety or a 9-1-1 call that is answered, or the caller is unable to speak.

THE SOLUTION
Registering in the Safe at Home Emergency Registration System will provide important contact information to emergency personnel before an emergency occurs. The information you give is strictly voluntary, confidential and could save your life. Safe at Home information is entered into the computer system shared by police, fire and EMS services throughout Allen County.

HOW TO ENROLL
Seniors or family members may complete the FREE enrollment form and mail it to the address on the form. You or your family member will receive a postcard confirming enrollment and will receive bi-annual calls to update information. For more information call 260-469-3036 or visit www.fwpd.org/prevention/ or www.allencountyhealth.com/
