If you don’t already have an account, you will need to create one by following the instructions associated with the CREATE A NEW ACCOUNT link on the main page. With your account you will be able to access The Bulletin Board at PSTC, class updates, forms, manuals and online classes. Classes require an enrollment key at first access, which should be obtainable through your department’s training officer. (If your agency’s training officer does not have a current list of keys, they can obtain them by contacting Captain Benjamin R. Jean, at 271-8278, or by email at Benjamin.R.Jean@pstc.nh.gov). You must be a New Hampshire Law Enforcement Officer to use the site, unless special written permission has been authorized by the Director.

Each course has been assigned a time value that will count toward the 8 hour annual in-service training requirement from PSTC. After successful completion of course material, there will be a link that unlocks in the course titled “COURSE COMPLETION”. Using that link, you will be able to print out your course certificate. CEUs and Course Completions

The Council issues CEUs (Continuing Education Units) for the completion of in-service training courses sponsored by the Council. CEUs are a fairly standard way of recognizing training in the industry, and are awarded at the rate of one CEU per ten contact hours of class.

CEUs are a quantitative measure of training rather than a qualitative one. They do not take into account such factors as instructor credentials or whether a written examination was given; therefore, they do not translate into college credits in most cases. The only exception is that they might be taken into consideration by college registrars in cases where credit is given for experiential learning. The primary purpose of the awarding of CEUs is to give employers a yardstick by which to judge the quantity of training which their employees have received, and to recognize their attendance in courses to advance their professionalism.

In the case of one-day courses, since they involve less than ten contact hours of class time, no CEUs are awarded, but the Council sends a Course Completion notice to the employing agency. For all other in-service courses, a predetermined number of CEUs are awarded, according to a schedule established at the time the course is developed, and based generally on the one CEU per ten contact hours’ criteria.

In order to properly receive total credit in either case, the officer must be present for the entire course. Partial credit will not be awarded.

SPECIALIZED TRAINING GRANTS

Agencies may apply to the Training Council for training grants to help off-set the cost of attendance by their officers to police training programs not offered by PSTC. Please submit applications as outlined within the expense guidelines. As always, there are limits to the available funding so agencies are encouraged to apply early as funding will exhaust in order of approved grant awards.

EXPENSE GUIDELINES

Applications must be submitted on the approved application form, and signed by the head of the law enforcement agency, under the following guidelines:

1. The only grants, which will be considered, are for specialized training courses of a type not available in New Hampshire, with the exception of courses that were hosted this year by PSTC that were previously provided at no charge. Information describing the course should be attached to the grant application. Conferences will NOT be considered and the application will be returned.

2. The department should agree to permit the NH Police Standards & Training Council to copy any notebooks, handouts or other instructional materials upon request.

3. Unless a special exception is granted, applications should be postmarked at least 60 days prior to the start of the scheduled training course, since grants are awarded by a majority vote of the Council at a scheduled meeting.

4. Grants will not be awarded retroactively and agencies are cautioned to make sure they have received written notice from PSTC that their grant has been approved by the Council.

5. Before receiving the Council’s share (two-thirds of the total approved expenses for the grant funds up to a maximum of $1,000.00 per officer), agencies shall submit all receipts for actual expenses incurred (except in the case of meals which will be paid at a per diem rate) and the course completion document for the officer who completed the course. The agency will have 30 days from the completion date of the approved training to submit all required paperwork to receive reimbursement. If the agency does not comply with this policy and fails to return the appropriate paperwork within the 30 days, the approved monies will be returned to the Specialized Training Grant Fund.

6. Grant budgets listing expenses in excess of the following guidelines will be rejected:

Hotels:

Whenever possible, hotel arrangements shall be at the most reasonable room rate available, and if accommodations are available at a special package rate for attendees, this rate shall be utilized.
Incidentals:
Incidentals such as the cost of laundry or dry cleaning, tips, cable TV or movies, room service, repair of clothing, etc., are not allowable.

Telephone:
Neither local nor long distance telephone calls or internet connections are allowable expenses.

Length of Stay:
Transportation schedules shall be arranged as to keep to a minimum the travel days and overnight accommodations. If an individual arrives earlier, or stays beyond the conclusion of a conference or school for personal reasons, this will be at his/her own expense.

Transportation:
All air travel shall be on a coach basis, not to exceed the least expensive airfare available (super-saver, etc.) between origin and destination. Travel by private vehicle may be allowed, and shall be at the current mileage reimbursement rate as determined by the U.S. Internal Revenue Service (IRS). No reimbursement will be allowed for travel by official vehicles. Ground transportation to and from the airport is allowable.
