INSPIRED BY COMFORT

NEW! CFX-95DZ2 FRIDGE & FREEZER
NEW! WAEKO CFX

NEW! WAEKO CFX95DZ2
DUAL COMPARTMENT COMPRESSOR FRIDGE & FREEZER

It’s the biggest WAEKO CFX ever released... featuring dual lids and independently controlled compartments which can run in any combination as fridges or freezers. It is also the first Wi-Fi enabled CFX with an app to monitor and control temperatures on the move.

Packed full of all the great features you have come to expect from the CFX range plus 22 mm wide multi-air pocket gaskets on the reversible lids for optimised energy efficiency and performance at high ambient temperatures.

See page 8 for more details

FIRST PORTABLE FRIDGE/FREEZER MONITORING APP

The CFX-95DZ2 app allows you to monitor and control your fridge whilst on the move.

This app is exclusive to the CFX-95DZ2 fridge and freezer and is available to download on your Android or iOS phone or tablet.

Key features include:
- Monitoring both compartment temperatures
- Setting both compartment temperatures
- Alarm function
- Review or change battery protection settings
- Displays lid open alarm
- Displays supply voltage type (AC or DC)
- Displays DC voltage level
- Displays low voltage alarm

NEW! WAEKO CFX28
THE COMPACT ALLROUNDER

The latest WAEKO CFX-28 portable compressor fridge/freezer has arrived and it is the compact all-rounder everyone’s been looking for!

Along with all the great features of the existing CFX range, the CFX-28 has a compact design to fit comfortably in the truck, 4x4, caravan or RV, without compromising on valuable space.

See page 6 for more details
WAECO CFX fringe/freezers
THE NEXT GENERATION PORTABLE FRIDGE

RUGGED FEATURES, INNOVATIVE DESIGN AND EXTREMELY POWERFUL & EFFICIENT COOLING...

The new WAECO CFX fridge/freezer range is the result of many years of research and product development. We have taken your feedback into account to develop a fridge that is tough enough to endure the harshest Australian environments. We know if it will perform there, it will perform anywhere and in any situation.

WAECO CFX provides extreme cooling performance and energy efficiency. All seven models have optimised internal capacities, combined with substantial insulation thickness all round - lid, sides and bottom. They are equipped with rugged features like strong latches, hinges, drop down handles, and innovative technology such as the new genuine WAECO compressor and upgraded VMSO (Variable Motor Speed Optimisation).

So whether you use it for 4WDing, camping, fishing, for extended holidays enjoying this vast country, or just for a day trip or for the daily chores – with WAECO CFX, you can go anywhere!

WAECO CFX range of compressor fridge/freezers for refrigeration or deep-freezing with CFX VMSO2 electronics

Class leading WAECO CFX System
- Fully hermetic WAECO compressors with integrated control electronics
- Low voltage protection adjustable for leisure and starter battery via electronic system
- Electronic fuse/automatic reverse pole protection
- Dynamically ventilated condenser
- Aluminium rollbond evaporator

Unbeatable range of quality features
- Detachable lid
- Interior light
- CFX VMSO2 electronics with soft start and turbo cooler
- USB port
- 4 point M6 nuts in base

Energy efficient genuine WAECO compressors WITH INTEGRATED AC ELECTRONICS

The genuine WAECO compressors are the result of significant R&D investment, designed with input from Dometic WAECO engineers in order to fulfil performance requirements based on the Australian climate, usage and road conditions. The WAECO electronics via VMSO2 are matched to support the extreme (-22 °C) capability and also contribute to the power efficiency of the WAECO CFX.

VMSO Mk2
VARIABLE MOTOR SPEED OPTIMISATION PROVIDES FAST AND EFFICIENT COOLING OR FREEZING

The unique VMSO Mk2 technology in the WAECO CFX range ensures optimal compressor speed according to the set temperature. Building on VMSO first deployed in the WAECO CF range, the upgraded VMSO Mk2 provides an even softer start for the compressor. It now takes the compressor turbo speed to higher RPM than before until set temperature is reached, after which the speed drops back to economy mode. For very cold freezer set temperatures, the compressor remains at turbo speed after the soft start. This technology is extremely effective in all weather conditions, especially when hot. Benefits include even faster and more energy efficient cooling with reduced wear and tear on the compressor.

Dual zone compressor fridge and freezer

- **Gross capacity**: 61 litres TOTAL - Fridge: 42 litres, Freezer: 19 litres
  - 94.5 litres (54/40.5 litre compartments)
- **DC and AC connection cables, removable wire baskets**, spring-loaded carrying handles
- **USB port, 4 point M6 nutserts in base, WiFi enabled**
- **Detachable & reversible lids, interior lights with lid open alarm, USB charging outlet**
- **Motor Speed**: Variable
- **Temperature range**: +10 °C to -22 °C (Although capable of -22 °C due to energy efficient design, minimum setting of -18 °C recommended for normal usage)
- **Insulation**: CFC-free PU foam, substantial thickness on lid, bottom & sides

**NEW! WAECO CFX-95DZ2**
Dual compartment compressor fridge & freezer

- **Gross capacity**: 94.5 litres [54/40.5 litre compartments]
- **DC and AC connection cables, removable wire baskets, USB port, 4 point M6 nutserts in base, WiFi enabled**
- **Detachable & reversible lids, interior lights with lid open alarm, USB charging outlet**
- **Motor Speed**: Variable
- **Temperature range**: +10 °C to -22 °C in both compartments (Temp below -18 °C not recommended for normal use, -18 °C achievable with both compartments simultaneously up to 32 °C ambient)
- **Insulation**: CFC-free PU foam, substantial thickness on lid, bottom & sides

**System**
Fully hermetic WAECO ACV20DC compressor with integrated control electronics, low voltage protection adjustable for leisure and starter battery via electronic system, electronic fuse/automatic reverse pole protection, dynamically ventilated wire tube condenser, aluminum/nickel evaporator

**Material**
Cabinet & lid: Polypropylene, Handle ends: Glass filled nylon, Handle rod: powder coated steel, Hinges: Die cast stainless steel, Screws are stainless steel
Lids: Polypropylene, Cabinet: ABS & painted zinc steel, Handle ends: Glass filled nylon, Handle rod: powder coated steel, Hinges: Die cast stainless steel, All screws are stainless steel

**Colour**
Body: pale grey/dark grey; lid: dark grey
Body: Dark grey sides with light grey top and bottom highlights, Lids: Dark grey
Body: Dark grey sides with light grey top and bottom highlights, Lids: Dark grey

- **Weight**: 23.2 kg
- **Dimensions (W x H x D)**: 725 x 851 x 455 mm
- 957 x 412 x 530 mm

**Power consumption (DC 12 V)**
Average current draw & running time:
- Average 3.6 A/h @12 V +3°C/-15°C large/small compartments, 32°C ambient temperature

**Power consumption (AC 230 V)**
Approx. 70 watts (@ 230 V AC, +3°C/-15°C large/small compartments, 32°C ambient)
Approx. 50 watts (@ 230 V AC, -15°C/-15°C large/small compartments, 32°C ambient)

**Optimisation**
Motor Speed: Variable
**Temperature range**: +10°C to 50°C
**Dual zone compressor fridge & freezer**

**NEW! WAECO CoolFreeze CDF/CF**
ENTRY LEVEL PORTABLE COMPRESSOR FRIDGE/FREEZERS

The WAECO CoolFreeze range is designed for Australian conditions, delivering high performance cooling or freezing even in blistering heat, whilst keeping its cool even in areas with high fluctuating temperatures.

- **Powerful & Durable**
- **Even at Extreme Temperatures**

**Compressor technology**
Compressor cooling appliances work with a CFC-free refrigerant that changes from liquid to gas as it flows through the evaporator. In the process the evaporator extracts heat from the refrigeration compartment – it’s getting cold. The compressor draws in the gaseous refrigerant, compresses it and passes it on to the condenser. Here, the absorbed heat is released to the atmosphere. The refrigerant changes to the original liquid state and flows back to the evaporator, where the cycle starts again.

- **Flush mounted evaporator plate** - Easy to clean
- **Interior LED light** - Shuts off when the lid is closed (excludes CF-18)
- **Reinforced wire basket with divider** - Easy to stack and protects the evaporator plate (excludes CDF-11 & CF-18)

**Wi-Fi**
(EVEN AT EXTREME TEMPERATURES)
- Efficiently maintains the temperature / Less wear and tear
- No flat batteries
- No dual battery required
- Lockable digital control thermostat “Set & Forget” - Smart electronics do the work for you (excludes CF-18)
- Built-in battery protection - No flat batteries
- Suitable for vehicles with a single battery (suitable wiring required)
- Built-in 240 volt - No external adapter needed (excludes CDF-11 & CF-18)
- VMSO (Variable Motor Speed Optimisation) - Faster cooling / Efficiently maintains the temperature / Less wear and tear (applicable to CF-40 & CF-50 only)

WAECO ACCESSORIES
RANGE OF GENUINE WAECO ACCESSORIES

Does the need for outdoor adventure take you over rough terrain at times? Go ahead, as the insulated protective cover allows your fridge/freezer to take on any challenge. The cover protects from moisture, dust and dirt. It also provides effective insulation, improving the cooling capacity and therefore the energy consumption even further.

WAECO CFX INSULATED PROTECTIVE COVERS

BENEFITS OF PROTECTIVE COVERS

Protects against heat
→ Extra insulation against strong sunshine or extreme outside temperatures
→ Saves battery power, improves overall efficiency

Protects against excessive movement
→ Eyelids for securing your fridge firmly in a vehicle

Practical features
→ Top-flap split to suit reversible lid opening on CFX-50, CFX-65, CFX-65DZ & CFX-95DZ2
→ Top-flap swings open with lid on CFX-28, CFX-35 & CFX-40
→ Open panels for handles and connection plugs

Materials
→ Sides and top made from high quality silver-grey Oxford nylon fabric
→ Bottom and ends made from hard-wearing rubber coated nylon
→ Interior insulation lining of aluminium coated polyester

Weight
→ 1.5 to 2 kg

WAECO CFX IN-VEHICLE INSTALLATION SOLUTIONS

If you are traveling on corrugated roads, having your fridge restrained with a fixing kit is a safe option and helps the fridge travel with the suspension of the vehicle. The accessories range also features fridge slides, for more convenient access to the fridge in your vehicle.

NEW! WAECO CFX-28 QUICK RELEASE FIXING KIT

→ Suitable for CFX-28 only
→ W260 x H86 x D423 mm (* includes handle/lever)
→ Standard fridge height – 425 mm
→ Installed height – 444 mm
→ Secure fixing for CFX-28 in trucks and other vehicles

Weight
→ 0.8 kg

Quality features
→ Quick release mechanism for easy removal of fridge – no tools required – no straps
→ Hardware included
→ Stainless steel adapter feet screw into nuts in base of fridge
→ Unobtrusive footprint – smaller than fridge

WAECO CFX fridge slides

CFX-SLD 35/40
Suits: CFX-35 & CFX-40
(Also suits CF-40 & CF-50)

CFX-SLD 50/65
Suits: CFX-50, CFX-65 & CFX-65DZ

Material / Colour
Powder coated metal / grey

Weight
16.5 kg
17 kg
19.4 kg

Dimensions Internal (W x D) 476 x 79 x 791 mm 533 x 79 x 791 mm 581 x 79 x 910 mm
Dimensions External (W x H x D) 476 x 79 x 791 mm 533 x 79 x 791 mm 581 x 79 x 910 mm

Extended Length
1430 mm (1451 incl. lever) 1430 mm (1451 incl. lever) 1680 mm

WAECO CF fridge slide

Suits: CF-80
For fastening of WAECO CoolFreeze CF-80 in vehicles and for convenient loading and unloading.

Material / Colour

Weight
16 kg
17 kg
18.4 kg

Dimensions Internal (W x D) 476 x 79 x 791 mm 533 x 79 x 791 mm 581 x 79 x 910 mm
Dimensions External (W x H x D) 476 x 79 x 791 mm 533 x 79 x 791 mm 581 x 79 x 910 mm

Extended Length
1430 mm (1451 incl. lever) 1430 mm (1451 incl. lever) 1680 mm

Quality features
→ 100 kg max. load capability, tie-down straps included

WAECO CF PROTECTIVE COVERS

Material
→ Outside: High quality silver-grey Oxford nylon, lid and base in robust, rubber coated, black nylon. Inside: Aluminium coated polyester

Colour
→ Sides: Silver grey. Lid and base: Black

Quality features
→ Detachable lid and base, outside pockets to store small items, four fixing rings to secure safety in the vehicle

WAECO CFX WIRELESS DISPLAY
FOR CFX RANGE OF FRIDGE/FREEZERS
(excluding CFX-95DZ2)
The wireless display shows the internal temperature of the fridge from a distance. It also shows the voltage power level set, and has adjustable alarm limits that enable an audible warning if the temperature rises or the battery gets low.
- Wireless operation (2.4GHz) - range up to 15 m
- Displays: fridge temperature, fridge power source, battery protection setting, alarm setting
- Temperature alarm setting - 2 levels, audible & visual alarm
- Backlit display (when 12/24 V DC connected)
- Dual power source: AAA batteries (included)
- 1.8 m lead/cigarette & plug 12/24 volt

Dimensions (W x H x D) 65.5 x 85 x 23 mm
Weight 0.1 kg
Product Ref. No WAECO CFX Wireless display CFX-WD

WAECO CoolFreeze fridge stand
Portable fridge stand
2 height positions (H x D): 450 x 330 mm & 310 x 450 mm (+/- 20 mm).
Quality features Strong aluminium frame, folds up easily and compact, one adjustable foot, supports up to 80 kg, comes with storage bag

Product Ref. No CoolFreeze Fridge Stand AC-FridgeStand

WAECO Universal fixing kit
For CDF-35/CF-40/CF-50 in vehicles
Material Powder coated metal
Colour Black
Scope of delivery Two frame sections, adjustable strap with snap lock, set of screws

Product Ref. No Universal fixing kit for CDF-35/CF-40/CF-50 AC-UFK

WAECO CoolPower RAPS12R-U2
12 volt fridge power wiring kit - heavy duty to suit all WAECO compressor fridge/freezers
Highly recommended for replacement of standard vehicle cigarette lighter sockets which are often inadequate to properly run fridges due to thin wiring and associated voltage drops. One kit does all. This truly universal unit is packed with the following features:
- Compact design for internal mounting in the rear of vehicle
- 6 metres of heavy duty 6 mm cable
- Switchable between constant power for running portable fridge and on/off with engine for battery charging
- Even in “constant power” mode, cuts out at very low vehicle battery voltage to protect the battery
- Choice of socket-heavy duty hella style and cigarette type both built in
- Fuse and installation kit with snap action mounting plate included

Product Ref. No CoolPower RAPS12R-U2 RAPS12R-U2

WAECO Battery solutions
CoolPower RAPS36
WAECO battery pack for compressor fridge/freezers
- Heavy duty 12 volt remote power.
- Dimensions: W230 x H245 x D127 mm
- Weight: 13.6 kg
- Genuine deep-cycle AGM battery cells
- Cigarette and hella output sockets
- Digital volts display
- Battery condition LED’s/test button
- Secure screw connection charging socket
- 1.5 m charging lead
- 36 amp hours
- Maximum charging current: 14.4 A
- Built-in charging posts for charging via optional 240 volts to DC charger

Product Ref. No CoolPower RAPS36 RAPS36

WAECO CoolPower RAPS72 KIT
Cradle for two battery packs
Get twice the convenience of remote battery power with the RAPS 72 KIT. Combines two CoolPower 36 batteries to provide a generous 72 amp hours of power for those longer stays. Ideal for your CF-80 or CFX-95DZ2 fridge.
- Sturdy powder coated steel cradle
- Positive location lugs
- Connection lead

Product Ref. No CoolPower RAPS72 KIT RAPS72KIT

WAECO solar power
Portable solar PS80 and PS120
Portable folding solar panel kit - 12 volt, PS80: 80 watt, PS120: 120 watt
WAECO solar panels are an alternative power source you can use to charge your batteries. They have an inbuilt 10 amp heavy duty voltage regulator and have adjustable feet so that you can direct them towards the sun throughout the day and come in 80 and 120 watt sizes.
- High performance monocrystalline silicon
- 12 volt, 10 amp heavy duty regulator
- Battery temperature sensor
- 5 m lead with alligator clips and anderson plug connector
- Adjustable feet - for optimum angle to the sun
- Folds up easily and compact
- Comes with protective carry bag

Product Ref. No Portable solar PS80 PS80
Portable solar PS120 PS120

Dimensions Folded
PS80: W344 x 544 x 70 mm
PS120: W534 x 754 x 70 mm

Weight
PS80: 11.3 kg (inc. cables and carry bag)
PS120: 14 kg (inc. cables and carry bag)

Max power output
PS80: 80 Watts
PS120: 120 Watts

PS80
PS120
WAECO Cool-Ice iceboxes will keep your ice frozen for days and are perfect for the BBQ, the picnic, around the pool or even on a camping trip. WAECO Cool-Ice iceboxes hold large amounts of ice and frozen goods for long periods and are ideal for continuous exposure to weather, especially on boats. Also for use in trucks, camping areas, BBQs, poolside, sports games and outdoor parties.

- Designed for optimal performance / weight / volume balance
- Strong, ergonomic polyethylene handles (WCI-33 and up)
- Integrated polyethylene feet & large diameter drain plug
- Thick polyurethane refrigeration grade foam insulation
- Strong nylon latches with stainless steel fixing screws
- Fully integrated hinges with stainless steel rods
- Strong, seamless, UV stabilised/food grade polyethylene CFC free construction
- Lightweight, hygienic & easy to clean
- Extremely low heat absorption
- Integrated tie-down points
- Largest service network and 5 year warranty Australia wide

Model | Capacity (litres) | Dimensions (W x H x D) | Weight (kg)
--- | --- | --- | ---
WCI-13 | 13 | 388 x 305 x 245 mm | 2.8

WCI-110 | 111 | 1050 x 440 x 510 mm | 15.7

Labyrinth seal design
Food quality gasket recessed into a channel in the lid. When the lid is closed the adjacent dike in the lid combined with the raised tongue on the box collar creates a highly efficient labyrinth seal against external ambient hot air.

Keep ice for up to 10 days*

* Ice will last from 3 to 10 days depending on usage and conditions. Visit www.waeco.com.au for further details.

WAECO BordBar TB-08G Thermoelectric cooler/warmer with carry strap.

WAECO BordBar TB-15G Thermoelectric cooler/warmer

Gross capacity | Approx. 8 litres | Approx. 15 litres
Power source | 12 volts | 12 volts
Weight | Approx. 3.2 kg | Approx. 5.2 kg
Dimensions (W x H x D) | 200 x 298 x 442 mm | 282 x 328 x 462 mm
Cooling capacity | Up to 20 °C below ambient
Warming capacity | Up to 20 °C below ambient

Thanks to their light weight, thermoelectric coolers are particularly easy to carry and transport. Their cooling capacity of up to 20 °C below the ambient temperature is sufficient for most purposes, including car journeys, camping or picnics.

WAECO’s range of thermoelectric coolers utilise wear and maintenance free technology and can be used for both cooling and heating. They are cost-efficient, reliable and are the perfect sized portable coolers.
**WAECO COOLPRO THERMOELECTRIC COOLERS**

**HIGH-TECH COOLERS WITH DC/AC AND SPECIAL ELECTRONICS**

Mobility, performance and convenience – these are the hallmarks of the WAECO CoolPro series. State-of-the-art thermoelectrics make for outstanding cooling results up to 25°C below the ambient temperature. Add to this all the useful features and functions: 12/24/240 volts DC/AC as standard, individual temperature regulation with LED display and memory function, plus more. At the touch of a button the coolers (+1 °C to +15 °C) can be turned into warmer boxes (+50 °C to +65 °C). WAECO CoolPro – the comfort class of thermoelectric refrigeration.

**PRODUCT BENEFITS OF THE COOLPRO SERIES**

- Highly effective insulation - Outstanding performance efficiency
- Dynamic interior ventilation - Significantly improved cooling performance
- Brushless motor fans - Long service life
- Intelligent power-save circuit - Electronics switch automatically to power-save mode once the desired interior temperature has been reached
- 12/24/240 volts as standard - With priority circuit for 240 volts
- Heat exchanger and high-performance Peltier element - Cooling performance up to 25°C below ambient temperature
- Magnetic switch - Switches the interior fan off when you open the cooler
- Universal fixing kit - (optional for TC-14FL and TC-21FL)

**PERFECT DOWN TO THE LAST DETAIL**

**CoolPro TC-14FL**
- Thermoelectric cooler/warmer with TC special electronics
- Approx. 14 litres
- 12/24 volts DC and 240 volts AC
- Power consumption (DC 12 V): Approx. 55 watts at 12 volts DC
- Average running time: 30% at +20 °C ambient temperature
- Temperature range: Cooling: +1 °C to +15 °C (up to 25 °C below ambient temperature); Heating: +50 °C to +65 °C
- System: Wear-free thermoelectrics (Peltier system), cold transmission to the interior by dynamically ventilated aluminium heat exchanger, heat dissipation to the outside by high-performance heat exchanger and brushless motor fan
- Material: Sturdy injection moulded parts
- Colour: Dark grey/pale grey
- Weight: Approx. 5 kg
- Dimensions (W x H x D): 303 x 328 x 450 mm
- Quality features: TC special electronics: 7-stage electronic thermostat with LED indicators, memory function, ON/OFF and cold/warm option activated with soft-touch operating panel, intelligent power-save circuit. Integrated mains supply unit with priority circuit, outstanding cooling performance, magnetic switch to deactivate the interior fan when the box is opened, detachable lid with magnetic closure, sturdy, fold-away handle. Integrated mains supply unit with priority circuit, outstanding cooling performance, magnetic switch to deactivate the interior fan when the box is opened, detachable lid with snap lock closure, handy carrying grips, vertical space for 2-litre bottles, adjustable grid divider.

**CoolPro TC-21FL**
- Thermoelectric cooler/warmer with TC special electronics
- Approx. 21 litres
- 12/24 volts DC and 240 volts AC
- Power consumption (DC 12 V): Approx. 80 watts at 24 volts DC
- Average running time: 32% at +20 °C ambient temperature
- Temperature range: Cooling: +1 °C to +15 °C (up to 25 °C below ambient temperature); Heating: +50 °C to +65 °C
- System: Wear-free thermoelectrics (Peltier system), cold transmission to the interior by dynamically ventilated aluminium heat exchanger, heat dissipation to the outside by high-performance heat exchanger and brushless motor fan
- Material: Sturdy injection moulded parts
- Colour: Dark grey/pale grey
- Weight: Approx. 6 kg
- Dimensions (W x H x D): 303 x 420 x 450 mm
- Quality features: TC special electronics: 7-stage electronic thermostat with LED indicators, memory function, ON/OFF and cold/warm option activated with soft-touch operating panel, intelligent power-save circuit. Integrated mains supply unit with priority circuit, outstanding cooling performance, magnetic switch to deactivate the interior fan when the box is opened, detachable lid with magnetic closure, sturdy, fold-away handle. Integrated mains supply unit with priority circuit, outstanding cooling performance, magnetic switch to deactivate the interior fan when the box is opened, detachable lid with snap lock closure, handy carrying grips, vertical space for 2-litre bottles, adjustable grid divider.

**CoolPro TC-35FL**
- Thermoelectric cooler/warmer with TC special electronics
- Approx. 35 litres
- 12/24 volts DC and 240 volts AC
- Power consumption (DC 12 V): Approx. 100 watts at 24 volts DC
- Average running time: 35% at +20 °C ambient temperature
- Temperature range: Cooling: +1 °C to +15 °C (up to 25 °C below ambient temperature); Heating: +50 °C to +65 °C
- System: Wear-free thermoelectrics (Peltier system), cold transmission to the interior by dynamically ventilated aluminium heat exchanger, heat dissipation to the outside by high-performance heat exchanger and brushless motor fan
- Material: Sturdy injection moulded parts
- Colour: Dark grey/pale grey
- Weight: Approx. 10 kg
- Dimensions (W x H x D): 376 x 460 x 550 mm
- Quality features: TC special electronics: 7-stage electronic thermostat with LED indicators, memory function, ON/OFF and cold/warm option activated with soft-touch operating panel, intelligent power-save circuit. Integrated mains supply unit with priority circuit, outstanding cooling performance, magnetic switch to deactivate the interior fan when the box is opened, detachable lid with magnetic closure, sturdy, fold-away handle. Integrated mains supply unit with priority circuit, outstanding cooling performance, magnetic switch to deactivate the interior fan when the box is opened, detachable lid with snap lock closure, handy carrying grips, vertical space for 2-litre bottles, adjustable grid divider.
3-WAY ABSORPTION COOLERS

COOLING WITH 12 VOLT, 240 VOLTS & LPG

Silent and truly mobile, absorption coolers give camping enthusiasts all the freedom they need. Gas operation in a remote field, convenient 240 volt hook-up at the campsite, power supply from the 12 volt socket in cars or motorhomes – anything is possible! Switch-over from one energy mode to another in a jiffy! Whether LPG, 12 or 240 volts, the refrigeration system adjusts to suit your needs – Cooler and fridge/freezer models available.

HOW ABSORPTION COOLING WORKS

A solution of ammonia and water are heated in the boiler causing the ammonia to be driven off as a vapour. The vapour is condensed to liquid and fed into the evaporator where it combines with hydrogen and evaporates, thereby digesting heat. The mixture of ammonia and hydrogen then passes through the absorber where the ammonia is absorbed back into the water. The recombined water and ammonia is then returned to the boiler so the process can continue.

WAECO CooFun CA-35
Entry level absorption cooler for 12 volts, 240 volts and LPG

DOMETIC RC1180
Absorption fridge and freezer for 12 volts, 240 volts and LPG

**WAECO MOBILE ENERGY SOLUTIONS**

**POWER SUPPLY TO VOLTAGE CONVERTERS**

Enjoy the comforts of home even when you are away with WAECO’s family of 240 volt adapters and inverters.

Ideal for running your 12 volt WAECO fridge on 240 volt mains, laptops and other low power products on 12 volt from your vehicle and batteries.

---

### WAECO CoolPower EPS-817

240 volt adapter

- 240 volts mains connection, 12 volt 6 amp
- Required for the connection of listed DC compressor driven fridge/freezers. Suitable also for all other 12 volt thermoelectric coolers or as a universal power unit via the integrated cigarette lighter socket. Ideal for use at home, in the hotel, at the campsite, in the weekend home, etc.

### WAECO CoolPower MPS-50

240 volt adapter

- For problem free connection to 110 to 240 volt mains systems. Suitable for all WAECO compressor models.

---

### WAECO PerfectPower MCI-150-12

12 volts to 240 volts inverter

**Quality features**
- Convenient fit in vehicle cup holder
- Mobile energy for 240 volt low-power consumers
- USB output as standard
- Light-weight, round and super-compact
- Thermal overload protection, electronic short circuit protection & automatic low voltage shutdown.

DOMETIC SANITATION

HOME LIKE COMFORT

Small, but a big performer!
Handy and space saving, the 970 series adds hygienic comfort to your recreational vehicle or when enjoying the outdoors.

Many sensible functions are contained in the smallest possible space to ensure you can enjoy home like comfort when travelling.

DOMETIC 970 Series
Space saving portable toilets with 360° pressurised flush.

Products:
- DOMETIC 972
- DOMETIC 976

Features:
- Ingenious disposal system: extra long, pivoting spout and vent openings for clean, splash-free discharge
- 8.7 litre flush water tank – sufficient for 27 flushes
- Useful accessories: spare tanks, fixing kit
- Safety through overfill protection and tank-level indicator
- Push button control for powerful flushing with less pumping
- Extra strong 360° pressure flush for effective cleaning
- Portable toilet in two sizes

DOMETIC SANITATION
THE UNIQUE DOMETIC CARE HYGIENE SYSTEM
FOR YOUR MOBILE TOILET

The Dometic Care product range is synonymous with cleanliness in every micro pore and the result of innovative research. Perfectly compatible products for the removal of stains and toilet odours – as effective as necessary, as gentle on the environment as possible and completely user friendly in the process.

DOMETIC PowerCare
Highly effective additive for the waste holding tank. Breaks down waste and prevents unpleasant odours.

- Packed in soluble film
- Just 1 tab per full tank
- For all portable toilets

Product Ref. No
DOMETIC POWER CARE TABS 9107200149

PORTABLE KITCHEN SOLUTIONS

WAECO PowerVac PV-100
The handy vacuum cleaner comes complete with integrated battery – no need for an external power supply. It is strong enough to get rid of ground-in dirt. Even liquids are no problem for the combined wet-and-dry cleaner. It doesn’t require much room for storage. Small and compact, the handy gadget slots in to the boot or vehicle interior, the garage or the storeroom.

Features & functions
- 
  - Can be recharged from 12 and 240 volts
- 
  - Easy to clean dust container and fabric filter
- 
  - Cleaning power: 400 mm water column
- 
  - Robust relay technology, switches off automatically when the boiling temperature has been reached or when there’s no water in the kettle, status indication

Motor
- 12 volts DC, 28,000 rpm

Battery
- 12 volts DC, 2.6 Ah

Operating time
- Approx. 18 min + 10%

Charging time
- 10 to 14 h (automatic cut-off)

Scope of delivery
- Roller, hose, attachments for upholstery, rugs and narrow gaps, carrying strap, mains adapter, 12 volt charging cable, operating instructions

Product
- PowerVac
- Ref. No. PV-100

WAECO PerfectKitchen MCK-750
If something hot is what you need, this handy kettle, especially designed for operation in vehicles, provides you with a pot of tea, a cup of coffee or a mug of soup in no time at all. If something hot is what you need; this handy kettle, especially designed for operation in vehicles, provides you with a pot of tea, a cup of coffee or a mug of soup in no time at all.

Features & functions
- 
  - Handy, battery-powered vacuum cleaner for mobile use in cars, motorhomes, caravans, boats and home
- 
  - Maximum mobility with rechargeable 12 volt battery

Product
- PerfectKitchen
- Ref. No. MCK-750-12/V

DOMETIC VACUUM SEALER 12/240 VOLT
The new lightweight, low profile Dometic Vacuum sealer keeps food fresh up to five times longer than refrigeration alone. It runs on both 12V DC and 240V AC power, ideal for home or on the road.

- 
  - 12/24 volt
- 
  - Keeps food fresh up to 5 times longer
- 
  - Locks in flavour, colour and nutrition
- 
  - Eliminates freezer burn & wasted food
- 
  - For outdoor and indoor use
- 
  - Maintains fridge & freezer space

Product
- Ref. No. VS-AC/DC

DOMETIC ORIGO 5100
This all rounder is not only an effective source of heat but also an excellent stove for cooking. Great for the caravan, boat or camping.

- 
  - Burning time approx. 6 to 8 hours
- 
  - Number of burners 1
- 
  - Burner capacity 1500 watts per canister
- 
  - Boiling time approx. 10 minutes for 1 litre of water
- 
  - Tank capacity approx. 100 g (incl. battery)

Product
- Ref. No. OR1500L

TRUMA LevelCheck
The practical LevelCheck uses LEDs for quick and reliable indication of measuring liquid gas. The measuring device is simply placed against the gas cylinder in a horizontal position.

- 
  - Dimensions Ø 135 x H 290 mm
- 
  - Weight approx. 100 g (incl. battery)
- 
  - Power supply 9 volt battery

Product
- Ref. No. 50500-02
CARAVAN PRODUCTS
EUROPE’S LEADING MANUFACTURER OF AWARD WINNING
MILENCO LEVEL INDICATOR GAUGE
Milenco produce a range of quality products specially designed for the caravanning market. Milenco mirrors have been designed to offer superior vision and a vibration free view. Milenco levels are available in different sizes and ideal for soft ground. The Milenco level indicator is designed for fast easy levelling and the new Milenco Ball weight gauge gives you a precise ball weight even after 1000 uses.

MILENCO AERIAL EXTRA WIDE MIRRORS
The mirror head design (registered design) utilises airflow around your car to stabilise and balance the mirror head at speed. This mirror has been extensively tested at speeds up to 250 km/h (155 m/ph), to ensure that you get the best vision possible. This design also offers superior performance in high winds and the effect of passing large commercial vehicles has been minimised.

MILENCO GRAND AERIAL EXTRA WIDE MIRRORS
The Grand aerial mirror offers all the benefits of the original Aerial mirror, plus the maximum view possible, combined with very high stability.

The head is the largest ever used on a caravan towing mirror and has been specifically designed to be extremely stable. The shape enables you to see far past your caravan and cars in all three lanes on the highway.

MILENCO LEVEL INDICATOR GAUGE
Level indicator for Quattro and Triple levels. Use this clever gauge for fast and easy levelling. Simply place on the caravan floor to instantly see which step to use on your Milenco Triple or Quattro level for instant levelling.

MILENCO BALL WEIGHT GAUGE
Milenco Precision calibrated ball weight gauge has been manufactured using unique materials so its calibration remains accurate even after 1000 uses. The scale goes up to 400 kg enabling you to have a reliable and accurate reading, helping to ensure you travel safely.

Ideal for calculating the ball weight on:
- Single and twin axle caravans
- Campers
- Off road camper vans/trailers
- Trailers
- Horse floats
- Boat trailers

MILENCO COMPACT WHEEL CLAMP
The Milenco Compact wheel clamp is a unique and innovative design with an integrated locking mechanism and winding handle. Simply turn the winding handle to clamp onto the wheel.

Fits wheels from 12” - 16” up to 225 tyre size in alloy or steel. Comes complete with adaptors to fit wheels with either small or large wheel nuts.

Fitted with superior quality lock and high security key system. A foam backing is on the wheel clamp to protect your alloy wheels.

Supplied with a carry case
2 x high security keys

MILENCO TRIPLE LEVEL
This is the tallest (160 mm) 3 step level ever made. The level incorporates lattice, high grip upper head surface. They pocket the wheel at every height eliminating the need for chocks. They also have a solid base to stop sinking on soft ground.

Capacity: 2000 kg per wheel.

MILENCO QUATRO LEVEL
We are very proud of the light weight innovative (patent pending) registered design. This gets over all of the problems using conventional levels on soft ground, but more importantly, it’s twice as high as conventional plastic levels, which are never quite high enough.

Capacity: 2000 kg per wheel.

MILENCO T1 MINI LEVEL
The Milenco T1 levels are lightweight with an intelligent design, featuring 50% base surface area and 50% top surface area. The Milenco levels are ideal to use on softer grounds or sand. Extra wide and heavy duty, the Milenco level incorporates a lattice and a high-grip upper tread surface, pocketing the wheel at every height.

Capacity: 1250 kg per wheel.

MILENCO T2 MIDI LEVEL
The Milenco T2 levels are lightweight with an intelligent design, featuring 50% base surface area and 50% top surface area. The Milenco levels are ideal to use on softer grounds or sand. Extra wide and heavy duty, the Milenco level incorporates a lattice and a high-grip upper tread surface, pocketing the wheel at every height.

Capacity: 1250 kg per wheel.
### WAECO Spares

**12 volt cable**
- Suits CFX-28/35/40/50/65/65DZ & CF-25/35/40/50/50DZ/60
  - # 80-T2-2000AI

**12 volt cable**
- Suits CF-18 only
  - # 80-T2-1500AG1

**12 volt cable**
- Suits CF-80/80DZ/110
  - # 80-T2-1500AS4

**12 volt cable**
- Suits CF-50/50DZ/60
  - # 80-T2-1500AG1

**240 volt cable**
- Suits CFX & CF range
  - # 38-AU-2000B4

**Hinge assembly**
- Suits CF-80/80DZ/110
  - # 028-HINGEASA

**Latch assembly**
- Suits CF-80/80DZ/110
  - # 028LOCKASA

**Latch assembly**
- Suits CF-80/80DZ/110
  - # 028NYLONASA

**Light assembly**
- For CF-35 & CF-40 only
  - # 80-01026LGT

**Light assembly**
- All CF models except for CF-35 & CF-40
  - # 81-01980LGT

**Charge cable**
- RAPS36 charge cable
  - # 80-T2-1500JL

**12 volt cable**
- For thermoelectric models
  - # 80-T1-2800AA

**240 volts cable**
- For thermoelectric models
  - # 38-AU-2000B1

**Latch bungee**
- WCI Icebox, pair
  - # WCI-2001

**Latch front**
- WCI Icebox, pair
  - # WCI-2002

**Bung**
- With gasket, WCI Icebox
  - # WCI-1007

**DOMETIC BOX AWNINGS**

NEW! DOMETIC PerfectWall & PerfectRoof Box awnings are compact and lightweight and come in various lengths to suit most RV, vehicle and camper applications. Engineered with extra strong arms and supports for optimal fabric tension and resistance against wind.

Available in manual and optional integrated 12 volt motor (with manual override) on some models.

### SUPERIOR QUALITY FABRIC

Designed with UV resistant 3 ply polyester reinforced vinyl fabric with waterproof welded rope seams. The Dometic Box awnings are rot proof and can be put away damp without fear of damaging the fabric. Available in horizon grey and blue fabric colours, with white or anthracite grey casings.

**Wall & roof mount manual or 12 volt retractable arms**

- 12 volt or manual operation with telescopic crank
- Solid retractable arms to provide optimal tension & resistance against wind
- Fabric is 13 oz. 3-ply polyester reinforced vinyl in horizon blue and grey
- Corrosion resistant powder coated profile in white or anthracite grey

**DOMETIC PerfectWall 1000**
- Robust wall mounted awning
  - Projection 2.5 m
