The Budget Preparation Process for the Federal Ministries / Divisions

This section sets out the process for the preparation of the Medium Term Budget for 2016-17 to 2018-19. All Federal Ministries / Divisions will prepare their budget based on Output Based Budgeting System also known as MTBF. The following are details of steps involved in the Medium Term budget preparation process as mentioned in the ‘Budget Calendar’ at (Appendix B).

The overall process in Federal Ministries will be supported by the Finance Division / MTBF team.

1. Issuance of ‘Budget Call Circular 2016-17’ to the Principal Accounting Officers (PAOs) of the Federal Ministries / Divisions

As a first step the Finance Division will issue “Budget Call Circular” to the PAOs of all the Ministries / Divisions. This is the budget call circular that contains the instructions and forms required to be completed under the leadership of the PAO.

2. Preparation of Budget Strategy Paper and its presentation in the Cabinet

The next step is for the Finance Division to prepare medium-term (3-years) Budget Strategy Paper. The Budget Strategy Paper will contain Medium-Term Macroeconomic and Medium-Term Fiscal Frameworks. In order to develop the Macro-Fiscal projections, the Finance Division interacts with various stakeholders (including Federal Board of Revenue, Planning Commission, Economic Affairs Division, Pakistan Bureau of Statistics, and State Bank of Pakistan). Based on these projections, indicative budget ceilings are formulated. The Budget Strategy Paper is approved by the Cabinet before ceilings are forwarded to the PAOs.

3. Issuance of Indicative Budget Ceilings for current and development budget to the PAO’s of Ministries / Divisions

Federal ministries will receive indicative budget ceilings for three years. The ceilings for current budget are prepared by Finance Division. The ceilings for development budget are prepared by the Planning Commission and issued by the Finance Division. Copy of recurrent budget indicative budget ceiling letter is also sent to the concerned FAs / DFAs. Copy of development budget indicative budget ceiling letter is also sent to the concerned FAs / DFAs and Sector Chiefs in the Planning Commission.

4. Preparation of Strategic Plan for the medium term

After receiving ceilings for current & development expenditure, office of the Principal Accounting Officer (PAO) will conduct in-house meeting to develop a Strategic Plan for the upcoming three years. Offices of the PAOs have established ‘Core Teams’ for this purpose. The Terms of Reference of the ‘Core Teams’ have already been forwarded to all PAOs. Broadly, the ‘Core Teams’ are responsible for planning, budgeting, and monitoring processes.

5. Filling of the Budget Forms

The ministries / divisions will go through the Budget Preparation Forms. Instructions and Procedures to fill in the Budget Forms of Section I and Section II are part of the relevant sections.

6. Submission of Section I and Section II forms by Ministries / Divisions for current budget to FAs/DFAs for Quality Assurance

In the presence of ceilings, the Financial Advisers will quality assure the Fund Centre forms (BO / NIS) and give their recommendations (if so) to the concerned Principal Accounting Officer.
7. Submission of Section I and Section II forms by Ministries / Divisions for development budget to Sector Chiefs in Planning Commission and copy to FAs/DFAs

8. Submission of Section I Forms (BO / NIS) for recurrent and development expenditure budget to Computer Section (Budget Wing – Finance Division)

   Section I Forms (BO/NIS, “Posts Proforma” and “Spending DDOs Budget Estimates”) will be forwarded to the Budget Computerization Section of Budget Wing – Finance Division by the date mentioned in the Budget Calendar Appendix B of this BCC.

9. Review and approval of budget estimates and additional bids (current + development) by the Priorities Committee

   Each Principal Accounting Officer (PAO) will be invited to make presentations on their budget proposals to the Priorities Committee (comprising Finance Division, Planning, Development and Reform Division, and Economic Affairs Division). It is important to note that these presentations will deal with both the current and development sides of the budget proposals. Priorities Committee would also consider and approve additional resource bids by the Ministry. Before consideration of additional bids in the Priorities Committee, these bids would first be reviewed by the FAs/DFAs in case of current budget and by Sector Chiefs in the Planning, Development and Reform Division, and FAs/DFAs in case of Development Budget.

   The Priorities Committee will discuss past performance, current year’s budgetary allocations, and ceilings for the budget year and forecast years. In addition, discussions will focus on ‘outputs’ (services) to be delivered and policy priorities.

   Information such as LM Form 1, and LM 2 alongside other relevant information will be discussed in the Priorities Committee meeting.

10. Completion of budget review and approval process – APCC meeting

    Self-explanatory.

11. Completion of budget review and approval process – NEC meeting

    Self-explanatory.

12. Finalisation and Submission of Final 'Medium Term Budget Estimates for Service Delivery' (Green Book) report (as per format given in Section II) by the Ministries/Division to Finance Division.

    “Green Book” is the summary presentation of LM forms and Fund Centre Form of Section II. Green Book should be approved by the relevant competent authority i.e. PAO. As part of the Green Book approval process, the PAOs would need to brief their relevant Minister before giving approval.

13. Completion of all Budget Documents (including ‘Green Book’), Schedules and Summaries for Cabinet etc.

    Self-explanatory.

14. Presentation of Budget (including ‘Green Book’) to the Cabinet and Parliament.

    Self-explanatory.

SECTION II

Budget Preparation Forms
and Instructions for Preparing
Medium-Term Budget
(2016-19)
General Guidelines

1. This section contains forms that are designed to prepare Medium-Term Output Based Budget (2016-19). The 'Output Based Budget' follows the ‘Logic of Intervention’ (Ref: page 22) method.

2. This section encloses Strategic Overview Form, and ‘LM Forms’, which are to be completed by the office of the Principal Accounting Officer (PAO) before the ‘Fund Centre Form’ is dispatched to and completed by the Fund Centres.

3. The Ministry Strategic Review Form and ‘LM Forms’ should be prepared in collaboration with the strategic management of the Ministry/Division. The strategic management includes Secretary, senior officials (from technical, operational, administrative and planning sections/wings etc.) and the heads of Attached Departments. The ‘Core Teams’ established in the offices of PAOs will be primarily responsible for filling ‘LM Forms’.

4. ‘Medium Term Budget Estimates for Service Delivery’ (Green Book) should be completed after Strategic Overview Form, ‘LM Forms and ‘Fund Centre Form’ are completed. The ‘Green Book’ should be approved by the concerned Principal Accounting Officer before it is forwarded to the Finance Division for compilation.

5. Budget will be prepared by Principal Accounting Officers – this means that all the budgetary amounts for which a PAO is responsible will shown in a single Green Book. Since the budget is presented by ‘Demands for Grants’ in the Parliament, the budget for PAOs may be shown in demands falling under a different Ministry / Division. The Green Book aims to consolidate all the budgets related to a PAO together with reconciliation with ‘Demands for Grants’.

6. For each of the output, there is a new requirement to present ‘key projects’ and their details. Key projects should be of strategic nature, and can be linked to specific outputs.

7. A personnel plan is being introduced. In this plan, the ‘Core Teams’ will provide details of the estimate number of posts to be filled over the medium-term. This will help the office of the PAOs to forecast employee recruitment / retirement in addition to funding requirements. This information will be presented on different levels of cadres. Additionally, number of female employees will be presented to cater for requirements of gender based budgeting initiative.

8. Actual expenditure and actual performance achieved will be provided for two previous years.

9. For each of the output, the respective ‘office responsible’ will be mentioned.

10. Amounts should be rounded off to the nearest thousand. For this purpose, provision of up to Rs.499 should be taken as zero and provision of Rs.500 and above as Rs.1,000.
Sequence of Filling Line Ministry Forms ‘LM Forms’:

Upon receipt of ‘LM Forms’ and the Ministerial Ceilings the Ministries/Divisions are expected to go through the following step by step process:

1. **Overview of the Organisational Structure**, brief rational of the output and future policy priorities of the output.  
   - Strategic Overview Form

2. **Identification of Ministry/Division/Entity Goal, Outcome(s) and Output(s) (Services to be delivered)**  
   - LM Form 1

3. **Fund Center Form to be filled by each Fund Centre**  
   - Fund Centre Form

4. Identification of Output Indicators / Targets through consolidation of information sent by the Fund Centres (Indicators / Targets should be in male / female where possible)  
   - LM Form 2

5. **Presentation of all the information of LM & Fund Centre Form in the required format.**  
   - ‘Green Book’

**Note:** The ‘Medium-Term Budget Estimates for Service Delivery’ (Green Book) may be signed by the Principal Accounting Officer (PAO) and may be forwarded to the MTBF Secretariat Budget Wing, Ministry of Finance by the date mentioned in the Budget Calendar.

Logic of Intervention

The Logic of Intervention is a management tool used to improve the design of a ministry or division’s work plan. Preparing the logical framework involves identifying strategic elements (inputs, outputs, outcomes, goals) and their linkage to each other. The logical framework also involves defining indicators (for measuring progress), and the assumptions or risks that may influence success and failure in achieving the goals of the ministry.

The basic idea of the log of intervention is the way high level objectives or GOALS are to be achieved through the use of resources (INPUTS) to produce OUTPUTS, which contribute to OUTCOMES and eventually to high-level GOALS:

<table>
<thead>
<tr>
<th>Inputs</th>
<th>The financial, human, and material resources required to undertake activities that contribute to the service delivery (Output).</th>
</tr>
</thead>
<tbody>
<tr>
<td>Outputs</td>
<td>The products or services delivered to general public or to other Ministry/Department etc. for example one of the services (output) of Ministry of Water and Power is “Enhancement of electricity generation, transmission and distribution services”</td>
</tr>
<tr>
<td>Outcome</td>
<td>The short-term and medium-term impact on the target population of a particular service (output) being delivered. For example the outcome of the service (output) provided by the Ministry of Water and Power “Reduction in load shedding by 2017 and gradual reduction in electricity prices from 2016”</td>
</tr>
<tr>
<td>Goal</td>
<td>The high-level objective to which the office of the Principal Accounting Officer is aspiring to embrace. Where relevant, organisational goals should be linked with one or more goals defined in the ‘Vision 2025’ document. For example goal for Water and Power Division will be “Double power generation by 2025 in order to provide uninterrupted and affordable electricity”</td>
</tr>
<tr>
<td>KPI</td>
<td>A Key Performance Indicator (KPI) is a tool or variable used to measure service delivery. Targets are set for the medium term for each KPI against each output (Service). For example the KPI for the output “Enhancement of electricity generation, transmission and distribution services” could be “Reduction in load shedding by 20% in the year 2016-17 (%age reduction of gap between power demand and power supply”).</td>

Instructions for Filling Form LM-1

Purpose of the Form:
This form is designed to help Line Ministries in linking outcomes to outputs, outputs to Fund Centres and allocating ‘Medium Term Budget Ceiling’ to its strategic priorities. This form can help identify new outputs to be introduced by Fund Centres during a particular year, or contribution pattern by a Fund Centre (e.g. a Fund Centre may contribute to an output for two years only).

Senior Management team (including attached Departments) of the ministry should review the LM form - 1 for 2016-19 together with the ‘Strategic Overview Form’ mentioned earlier. The ministry/division should amend and update LM Form-1 if needed.

The structure of goal, outputs and outcomes is as per the ‘Logic of Intervention’ methodology described earlier in this Section.

Specific Instructions:

Serial Number 1. Self Explanatory.
Serial Number 2. Self Explanatory.
Serial Number 3. Serial Numbers provide a basis for referencing. These should carefully be numbered e.g. Outcome A can be assigned Serial Number 1.
Serial Number 4. Write the name of the Outcome(s) as mentioned in ‘Organisational Structure and Outputs’. The outcome(s) should clearly be linked to output(s) defined in Serial Number 6. An outcome can have one or more than one output.
Serial Number 5. Serial Numbers provide a basis for referencing Each Output should be numbered separately but in reference to the outcome e.g. Output A contributing to Outcome A can be assigned Serial Number 1.1. An Output B contribution to Outcome A can be assigned Serial Number 1.2.
Serial Number 6. Write the name of Output(s). The output(s) should clearly be linked to outcomes(s) defined in Serial Number 5. Ideally, one output should only contribute to one outcome.
Serial Number 7. Mention the name of office responsible for this output.

Office responsible (organizational unit) can either be an 'Attached Department', or a Wing or a Section within the organization.

In some cases outputs defined in the Green Book cut across different offices. In such cases, it is important to redefine them. Linkage of outputs with organizational units / offices is important for establishing clarity of responsibility.

Serial Number 8. Write the Fund Centre code (PIFRA assigned code) of the Fund Centre that contributes to the output defined in Serial Number 4. E.g. Output A can be
contributed by two Fund Centres. The Fund Centre codes are the same as defined in the Pink Book.

Serial Number 9. Write the name of the Fund Centre(s) that contribute to the output defined in Serial Number 6.

Serial Number 10. Write whether the Fund Centre is a Current or Development Budget consuming entity. Use the letter ‘R’ for ‘Current’ and letter ‘D’ for ‘Development’ budget consuming entity.

Serial Number 11. Write the percentage contribution of the Fund Centre to a particular output. For example, if a Fund Centre is contributing 40% to Output A and 60% to Output B, then under Output A write the percentage contribution ‘40%’.

Serial Number 12. Write actual expenditure against each Fund Centre for the year 2013-14 & 2014-15. If a Fund Centre is contributing to more than one Output then write only the proportionate amount. For example, if the total expenditure of a Fund Centre is Rs. 100,000 and it is contributing 40% to Output A and 60% to Output B, amounts which would be written under each Output would be Rs. 400,000 and Rs. 600,000 respectively. Total expenditure of all the Fund Centres under a particular Output would be written against the Output in bold.

Serial Number 13. Write Original Budget for 2014-15 and 2015-16. Like ‘Serial Number 12’ write only the proportionate amount in case of multi contributing Fund Centre.

Serial Number 14. Write the Budget Forecast for the year 2017-18 and 2018-19 as allocated to the different Fund Centres.

Instructions for Filling Form LM-2

Purpose of the Form:
Based on the budget allocated, this form looks at medium term Indicators (Measures) and Targets for the Outputs defined in the Form LM - 1.

Specific Instructions:

Serial Number 1. Self Explanatory.
Serial Number 2. Self Explanatory.
Serial Number 3. Serial numbers provide a basis for referencing between Line Ministry forms. These should carefully be numbered. The serial number assigned to Outputs in the Form LM – 1 should be used here.
Serial Number 4. Write the name of output(s). This should be the same as defined in the Form LM – 1.
Serial Number 5. Write Indicators here. This is the unit of measurement of Output e.g. Hospital services can be measured through provision of hospital services to the number of patients.

**Note 1:** Ministries / Divisions /Entities should prepare standard list of indicators and send it to the Fund Centres along with the Fund Centre forms and the budget ceilings. Fund Centres will provide targets for the relevant indicators. If the Fund Centres cannot find the relevant indicators they can suggest the new ones and provide target as well. LM-2 will show the consolidated picture of the indicators and targets.

**Note 2:** Where possible, the Indicators/Measures and Targets should reflect gender. This can be done in two ways. Firstly, indicators relating to individuals can be disaggregated into male and female. For example, primary education being an output (service) of Ministry of Education can have two indicators/measures namely; Number of male students enrolled and Number of female students enrolled. These two can be assigned different targets. Secondly, indicators relating to gender-relevant issues can be included, such as number of deliveries attended by skilled personnel.

**Note 2:** Where possible, Ministries/Divisions should provide indicators and targets that reflect their policy / plan to tackle challenges posed by climate change. For example, number of PSDP projects having components related to climate change resilience, enhancement in water storage capacity to tackle floods, number of universities providing degree / master courses in climate change, %age reduction in Co2 emissions, etc.

Serial Number 6. Write the Targets achieved in 2013-14 and 2014-15 against the indicators mentioned in Serial Number 5.
Serial Number 7. Write the Original Target for 2015-16.
Serial Number 8. Write the Medium Term Target for the year 2015-16, 2016-17 and 2018-19.
